YOUNG MAN'S LEFT ARM IS SAWED OFF

Harry Hanson, aged 17 years, was the victim of a serious accident at the Southern Pacific Company's sawmill No. 3 at Marcola yesterday afternoon between 4 and 5 o'clock. He was working about a saw while it was not in motion, and it suddenly started up without any warning being given, with the result that the boy's left arm was sawed off near the shoulder and the scapula sawed in two. He was at once started for Eugene, the company surgeon there binding up the wound as well as possible, however, before he left. He arrived in town between 8 and 9 o'clock last night and was taken to the Eugene hospital, where Dr. Paine, assisted by Dr. Kuykendall, dressed the wound. He is getting along very well today, although he is still very weak from the shock.

COTTAGE GROVE GROWING STEADILY

Postal Receipts for Month of May 20 Per Cent Greater Than Same Period in 1906.

It is generally conceded that the pulse of the business of a town is reflected by the business of the post-office, and if this be accepted as correct, Cottage Grove is in a very healthy and enviable position. On inquiry we learn that the receipts of the sale of postage stamps for the month of May, 1907, exceeded by 20 per cent the same period in 1906. Our city, while not experiencing an inflated boom, is building up quietly and surely. The improvements being made are numerous and permanent, both in beautifying our homes and the public streets, and if the same good work in this line is kept up during the summer we will have a city that will attract the attention of capitalists all over the state.

The new postoffice quarters will be finished by July 1, the new equipment for which is now on the way from the Pacific Postoffice Equipment Company of Indianapolis, Ind., the cost of which is \$1600. It is of the most modern style throughout, and will include all the conveniences for a third-class postoffice.

It will have 500 keyless automatic boxes, but no call boxes will be installed. At the present time the office is equipped with 400 lock and call boxes, but the demand is greater than the supply, several parties being compelled to patronize the general delivery, but at the per cent increase of the past year another year may demand a further increase of boxes. This shows a healthy growth of the city, the future of which only depends upon the energy and all-pull-together will of the people.

Portland Market Report.
Portland, Or., June 6.—The local butter market is weaker today, reflecting conditions in the East, on the Sound and in San Francisco, and while prices are the same here as yesterday, the prospect that appeared yesterday of another advance soon has disappeared. There is little likelihood that prices will be raised above the present level for some time.

One creamery man said yesterday: "The condition that existed in the butter market a week ago is reversed today. Then there was an insistent demand for local products in Seattle and other Sound cities. Now the market is largely withdrawn, and the reason therefor is that within the past few days at least four and perhaps six carloads of Eastern butter have been unloaded in the Sound metropolis. The heavy importations have relieved the shortage in the north, and there is consequently less demand for Oregon butter."

Another said: "The Chicago, San Francisco and Seattle butter markets are weaker today, and as these markets, to some extent govern conditions here, the local market is less strong than for some time past. We look for no immediate advance in prices."

Two of the local creameries are maintaining the price of 25 cents for first-grade products. The others are selling at 24 cents. Country cream-

ery butter is quoted at 22 1/2 to 25 cents.

Looks Like Dollar Butter.

A prominent creamery man who is averse to having his name mentioned at this time says that he believes that butter will sell at \$1 a roll in the wholesale market during the coming winter. "I have never seen the market so strong as now, and 50c a pound looks quite likely for the coming winter. Of course there's no telling what may happen between times. If the Eastern butter market shows a sudden slump this month it will mean that a large part of the local storage will come from there. It is always quite dangerous to store butter at a present range of values, but unless conditions change materially the storers will come out all right."

New Potatoes Pressing Old Stock.
New potatoes are now coming so fast into the California markets that prices for old are suffering badly with the lesser demand. In this market new California stock is coming rapidly, and although the price has been little shaded as yet, the prospects are for sharp declines soon. Old stock in this market has hardly been affected as yet by the arrivals of new stock, but shippers are not doing any California business because of the lower values there.

Strawberry Market Lower.
Strawberries went as low as \$1.40 a crate for 2 1/2 this morning under pressure of more liberal arrivals. These extreme low values, however, did not rule for good stock, values on the latter running between \$2.50 and \$3. Most of them made between the two figures.

Some cantaloupes arriving from Coachella were in very poor shape today and were vainly offered to the trade as low as \$1 a crate. Brawleys arrived in better shape and sold quite readily between \$2 and \$2.25. Shipments from Brawley and the Imperial valley are increasing and car lots will soon be coming in this direction.

Brief Notes of the Trade.
California loganberries are in very poor shape and low prices are ruling in consequence.
Union Meat Company announces a decline of 1-4 cent in regular hams of all average and the same cut on lard.

Egg market is steadier. Fancy candied eggs selling at 18c and sometimes a fraction more. Uncandied dull at 17c.

There was no business reported in the hop market during the past 24 hours. No offers coming from the East or West.

Poultry market is just holding its own at yesterday's values.

Garden peas are showing a wide range in value. Some are as low as 2c and others as high as 6c.

Livestock Market.
There is no change to report in the condition of the local livestock market today. Receipts were light, confined merely of one shipment of 160 lambs, other consignments of stock having been delayed in reaching the city. Quotations today are:

BEAUTY AND FORM FOR SCHOOL TEACHERS

New Haven, Conn., June 4.—Public school teachers of this city are waging a campaign for an increase in salaries, and in a statement just issued by their executive committee is a paragraph charging the preference in advancing women teachers has been based on "moderate measurements and beauty."

"This system," says the statement, "puts the teacher upon the rack of nerve-destriving anxiety, with constant consciousness that her tenure of office is dependent upon masculine whim. Her chances of promotion depend upon her endowment of suavity, her beauty and her moderate measurements."

"Such a system is far behind the spirit of every age and was the attempt of the middle ages behind the modern glory of our religious liberty."

POSTMASTERS WILL GET BIGGER SALARIES
Several Oregon Officials Receive Increase on Showing of Receipts for Year.

Beginning July 1 several Oregon postmasters will have an increase in salary. Ashland comes up to \$2200, Corvallis to \$2100, Dallas to \$1700, Hood River to \$2200, Jacksonville to \$1400, Klamath Falls to \$1800, La Grange to \$2400, Lebanon to \$1400, McMinnville to \$2100, Marshfield to \$2000, Medford to \$2000, Newberg to \$1600, North Bend to \$1400, Oregon City to \$2200, Portland to \$5000, Prineville to \$1600, Roseburg to \$2200, St. Johns to \$1500, Tillamook to \$1500. The only towns going back were Huntington, from \$1200 to \$1100, Wasco from \$1400 to \$1100, and Weston from \$1000 to fourth class.

The salary here is \$2300, which will go up another notch in a year or two, as there is a continuing healthy increase here. The business of the office is a pretty good index of the town's business.

MAY SEND FIVE MEN TO JAMESTOWN

The University of Oregon track team has five candidates for the team which will probably go to the Jamestown exposition, and these men will make any one else go to beat them out of their positions. They are, first, McKinney, the big shot putter, discus thrower and hammer man, and Zacharias, the crack hammer man, who is second only to McKinney in the discus and the shot put, and Hug, who threw so close to Zacharias in the hammer, and usually beats him in the shot. The next one of which there is any doubt is Moore, the crack hurdler and sprinter, and if a team of any completeness is taken, he must be included. Kelly, of course, is fifth, and around him as a nucleus the team will be built.

Whether all of these men go will depend upon the number taken, for if a complete team is sent they can hardly be left out. The most doubt seems to hang about Moores and Hug.

SEVERE QUAKE FRIGHTENS 'FRISCO

San Francisco, June 4.—At 12:26 this morning San Francisco and the cities about the bay were shaken by a severe earthquake. The shock was the most severe since the disastrous tremor of April, 1906. The shock was not violent enough to sever electrical connections and although the entire fire department was placed in readiness to fight any fires that might follow, there was no blaze of any consequence.

As far as can be learned at this hour the damage was limited to the breaking of dishes on the shelves and the destruction of a few tottering walls in the burned district.

In the residence district a number of people ran into the streets in their night clothes. Along Golden Gate avenue a genuine panic prevailed. Several hundred women rushed to the street in their night clothes. Three women were treated for nervous shock, but no one suffered injury, so far as reported.

OREGON NEWS NOTES

The record sale of Rogue River valley orchard property was made last week, when the beautiful E. J. DeHart orchard near Medford was purchased by C. E. Marshall, of Renes, Ind., for \$33,000. It comprises only 76 acres.

The wool sales at Heppner yesterday were a success as to prices, and both buyer and seller seem to be satisfied. About 20 buyers were present, the total sales being 563,000 pounds. The highest price paid was 20 cents, and the lowest 17 1/2 cents.

Oregon prunegrowers and packers have an important interest in the movement originating in California to compel the railroads to put into force a new schedule of freight rates for prunes in boxes or in bags. The controversy has been taken before the interstate commerce commission and whatever conclusion may be reached will affect Oregon as well as California. The movement originated with coast growers and Eastern packers. It is opposed by coast packers.
