Portland Market Report.

Portland, Or., June 13.—There is as yet no material change in the local coffee market as the result of conditions in the East, and in Brazil, but the indications are that prices will be well maintained. Some grades of coffee may be advanced slightly in the near future.

The Eastern coffee market is materially stronger, and interest in the valorization scheme of the Brazilian government, by which it is proposed to maintain the price of this staple product of the Southern republic, increases as the season advances.

The latest development in the situation is the successful flotation by Brazil of another big loan in Europe for the buying of coffee. This loan is said to be for \$10,000,000, and was negotiated in London. The money is to be applied solely to the purchase of coffee against the anticipated short crops next year. The success of this loan has had the nat-

The local baseball team was beaten last Sunday in a match game with a team of country boys from Pleasant Hill. The farmers had too many curves for their city antagonists. At the end of the game the score was 6 to 1 against the home team. A return game at Pleasant Hill is scheduled for next Sunday.

Cottage Grove is being treated quite well this week in the matter of cars. For the six days ending Tuesday evening 69 cars had been received for loading at this station. While the mills have not resumed sawing the stock of lumber on the docks is shrinking. The S. P. Co. will be benefitted as well as the mill men, for while there are but few cars, there were few dollars as well for the company's treasury.

C. W. Wallace and N. E. Compton, two of Cottage Grove's enterprising young business men, have bought the general merchandise store of H. Venske and will take possession about the 24th of this month. The new firm needs no introduction to our people.

The Willamette Valley Company yesterday, June 5, commenced the day service at the power house. Hereafter the dark days will be more tolerable.—Leader and Western Oregon.

Eighth Grade Examinations.
The eighth grade final examination for the public schools will be held June 13, 14, 1907.

Teachers who have pupils ready for the examination should notify me of the number of questions wanted and the name of the person appointed to conduct the examination at least 15 days before the date for which the questions are wanted.

W. B. DILLARD,
County Superintendent.

Outdoor grown tomatoes are coming very rapidly to market. These have been coming to market for about a week, and with the larger supply the price is lower.

Cantaloupes are a fraction lower, with the supply slightly larger. Two cars are now expected from Brawley. Reports from Coachella state that the growers' combine there is about to disband, and that a large Eastern house will have full charge of the situation there.

High Price for Shipping Berries.
For berries with quality something above the ordinary as high as \$2 a crate is now being received. This is for fancy select Wilsons. Sales of other varieties as low as \$1.50 for good stock.

The situation at Hood River is shown by the following special dispatch:

Hood River, June 11.—Cool weather and rain which fell here last night for the first time in many weeks is holding back the strawberry crop, the season for which is thought to be about half over. Prices for berries have taken an upward tendency, those yesterday and today bringing in the neighborhood of \$2.75. So far 30 cars have been shipped out this season with the expectation that as many more will be moved before it is over. This does not include the large number of crates shipped by express, which has reached about 8000. The total number of cars shipped last year was 28, so that although the crop is not as large as expected it is a better one than that of 1906. Growers now look for it to reach 60,000 crates, against 75,000 or 80,000 crates, which was predicted early in the season.

Local Livestock Market.
The local cattle market is slightly weaker today, and declines in prices on some grades are announced. Sheep remain steady at current prices. Hogs are firm. Receipts at the

APPOINTS G. F.
SKIPWORTH

W. S. McFadden, the newly appointed prosecuting attorney for this district, was in the city today and while here made his appointment of deputy district attorney for Lane county, G. F. Skipworth, of this city, secured the plum, and he will at once enter upon his new duties. The Democratic county central committee had recommended L. R. Edmondson, also of this city, but Mr. McFadden acted upon his own judgment, regardless of the recommendation. Mr. Skipworth is well qualified for the position and will doubtless give entire satisfaction. He is one of Eugene's most promising young attorneys and has built up a good practice.

Bradley-Dunlap.
A very pretty home wedding occurred at the home of the bride's parents Mr. and Mrs. Frank Dunlap, on West Sixth street, Wednesday evening, when Rev. O. C. Wright joined in wedlock Thomas C. Bradley and Miss Inez May Dunlap. Fred Stiekles and Miss Esther Devereaux acted as bridegroom and bridesmaid respectively. About twenty-five intimate friends and relatives were present. A course dinner was served and the spacious house was beautifully decorated. The bride and groom are among Eugene's most popular and prominent young people.
