

WORKINGMEN EVERYWHERE USE PE-RU-NA.

The Average Household Finds Pe-ru-na Not Only a Friend in Time of Need, But a Saving of Doctor Bills.

Pe-ru-na is to Be Found in Thousands of Homes of the Working Men.

Mr. Victor Patneade, 328 Madison street, Topeka, Kas., a well-known carpenter and member of Knights and Ladies of Security, writes:

"Twelve years ago I had a severe attack of la grippe and I never recovered my health and strength, but grew weaker every year, until I was unable to work.

"Two years ago I began using Peruna and it built up my strength so that in a couple of months I was able to go to work again."

A workingman's home is usually one with a large family. Children of all ages and both sexes are being reared. They are subject to slight ailments, winter and summer. A doctor is sent for every time a petty sickness occurs. The expense will keep the family poor.

In such a household Peruna becomes a real blessing. It promptly meets the most common ailments due to the cold of winter or the heat of summer. A stitch in time saves nine. A dose or two of Peruna prevents serious and extended illness many a time.

The workingmen everywhere have come to realize that Peruna is the workingman's friend and saves him not only sickness, but a great many dollars every year.

Rev. J. G. Dukes, Pastor of the Unitarian Church of Pinetown N. C., writes:

"My wife has been in a very bad state of health for several years, and nothing seemed to do her any good until she began to use Peruna. Since then the color has returned to her face, and she is gaining in flesh every day, and I believe she is a well woman to-day. We always keep a bottle in the house, and Mrs. Dukes thinks it has done her more good than anything she has ever taken."

"My little boy, ten years old, was pale and had but little life. He began to use Peruna the day his mother began. To-day his face is rosy, and he is out in the yard running and jumping with the rest of the children."

THIRD OFFICER HAWSE WAS USER OF OPIUM

Eureka, July 27.—"I have injected morphine into Third Officer Hawse of the Columbia, and was solicited for more by him twice afterward, but I refused."

This was the statement of Dr. S. B. Foster, United States marine hospital surgeon, in answer to the inquiry relative to the stories circulated about Hawse by the passengers of the steamer Elder, who said the man was a morphine fiend.

Hawse told Foster he had taken the drug before with comforting effect.

Hawse is the man who made charges against Captain Hanson which made it appear that the master of the San Pedro was responsible for a greater loss of life than would otherwise would have taken place.

MAYBELLE WATSON DEFENDS THIRD OFFICER

Portland, July 27.—In an interview in the Evening Telegram today Miss Maybelle Watson, one of the heroines of the Columbia disaster, spoke very highly of Third Officer Hawse, commending his action. According to Miss Watson the officer did not refuse to give his coat to a woman, as asserted. He offered it to Miss Watson, who wore it for a while. She says he did abuse a man in the bottom of the boat who did not move fast enough to suit Hawse, who said he would throw him overboard if it were not for the law. The man was a cripple, as Miss Watson afterward learned.

INVESTIGATION OF COLUMBIA HORROR

San Francisco, July 26.—Investigation of the Columbia wreck was resumed this afternoon, additional witnesses of members of the crews of the Columbia and San Pedro having been called to give testimony, and it is expected the inquiry will be closed tonight. The testimony recorded so far does little toward establishing who is responsible for the wreck, beyond showing that the Columbia is to blame for running the vessel at full

FOURTH REGIMENT, O. N. G., HAS BEEN FORMED

ORGANIZATION TOOK PLACE AT ROSEBURG SATURDAY NIGHT AND MAJOR GEO. O. YORAN ELECTED COLONEL

Seven Old Companies and One to Be Organized to Form New Regiment. Williams Will Probably Be Appointed Lieutenant Colonel and Hammond and Hamlin Majors

The Fourth regiment of the Oregon National Guard was formed Saturday evening at the Roseburg encampment, and Major Geo. O. Yoran of the First Separate Battalion was elected colonel.

The appointive officers were not chosen, but commissions will probably soon be issued for a lieutenant colonel, two majors of the battalion, a regimental adjutant, a regimental commissary, a regimental quartermaster and two battalion adjutants. Captain J. M. Williams, of Company C, Eugene, is said to be the most likely candidate for lieutenant colonel, and Captain C. C. Hammond, of Company A, Eugene, and Captain F. B. Hamlin, of Company D, of Roseburg, for majors. Lieutenant F. L. Chambers, quartermaster-commissary, of Eugene, will also probably have his pick of the three regimental positions in his line. The other positions will probably be promotions, which in turn will leave openings for a number of non-commissioned officers to be commissioned.

The companies at Roseburg were B, of Ashland, D, of Roseburg, E, of Cottage Grove, F, of McMinville, and G, of Albany. Other companies in the new companies will be A and C of Eugene, and a new one to be formed.

Company K, 3rd, Wins Shoot.

Company K, of Portland, won the team rifle shoot with a score of 486 out of a possible 600, and will hold the state trophy, which was in possession of Company D, of Roseburg. By the conditions of the shoot, in order to gain ownership of the cup a company must win it three times in succession. Ben Shields, of Roseburg, won the individual medal for the best score in the team shoot. He also won last year.

Saturday the individual contests were begun. Teams are there from every company in the state with the exception of one or two. Shields is reported to have made a "possible" score of 50 in 50 Saturday in the rapid fire contest. The various individual matches will probably be finished today, and in that case the Eugene teams will return tomorrow.

SHIPPING ON SIUSLAW IS VERY LIVELY

Numerous Vessels Arriving at and Departing from Florence—Wrecked Alpha Abandoned.

The schooner Mayflower came in last Thursday evening from San Francisco. The steamer Roscoe went to Gardiner Tuesday and towed up the Washcoire, returning here Wednesday evening.

The schooner Oakland crossed over the bar last Sunday and left for San Francisco with a cargo of lumber.

The Washcoire arrived here Wednesday evening with both her engines disabled. The vessel brought up a cargo of cement from San Francisco for the Southern Pacific and stopped in at the Umpqua to deliver it. She takes out another cargo of lumber from the Acme mills.

The attempt to get the schooner Alpha off the beach has been abandoned. The vessel will be stripped of all her rigging. The Alpha went ashore last winter near the mouth of Five Mile creek and a crew of men has since been at work most of the time trying to get her out through the breakers into deep water.

The schooner Albion arrived here Monday from San Francisco after a cargo of lumber. She sailed in across the bar and up the stream to Florence and dropped anchor in front of the town. The little vessel presented a fine appearance as she came up the river at a good rate with her sails all set to catch the breeze.—Florence West.

BORN.

At Florence, Oregon, Tuesday evening, July 23, 1907, to O. L. Hansen and wife, a daughter.

Long Live the King.

is the popular cry throughout European countries; while in America the cry of the present day is "Long live Dr. King's New Discovery, King of throat and lung remedies, of which Mrs. Julia Ryder Faine, of Turco, Mass., says: "It never fails quickly cures a cough or cold." Mrs. Faine's opinion is shared by a majority of the inhabitants of this country. New Discovery cures weak lungs and sore throats after all other remedies have failed; and for coughs and colds it is the only sure cure. Guaranteed by W. L. DeLann, druggist. 50c and \$1.00. Trial bottle free.

Albert Halderon, of Trempealeau, Wis., is in the city.

SPOONER MAY BE EMPLOYED BY LUMBERMEN

Seattle, Wash., July 27.—John C. Spooner, who resigned as senator from Wisconsin at the last session of congress, may be employed by Washington lumbermen to fight the proposed increase in lumber and shingle rates from this coast. Prominent millmen declared today that if necessary they would engage both Spooner and Joseph H. Choate, ex-ambassador to England, to aid them in their fight before the interstate commerce commission and the federal courts. Two of the most prominent practitioners before the interstate commerce commission, one from Texas and the other from Washington, are pretty apt to be engaged. The \$100,000 fund pledged at the Tacoma meeting is merely a nucleus of the lumbermen's fighting fund. The shingle mills bureau sent out notices of a meeting, the Washington Logging & Brokerage Company is to be called together, and then in turn the Southwestern Lumbermen's Association, the Gray's Harbor and Columbia river loggers, Oregon, Idaho and California Millmen's Association are to be asked to assess themselves on the same basis as the members of the Pacific Coast Association.

FLORENCE WILL HAVE PHOTOGRAPHER

The little city of Florence will soon have a photographer to catch the features of their friends and retain them for the sake of memory. J. L. Barbour, a university graduate, and scientific and practical photographer, left this morning for Florence to establish himself for a time there. He takes with him a complete outfit for his work and will serve the people of the community with pictures of themselves in all sizes and sittings.

"Joseph," as he is familiarly known here, has many friends in Eugene who have seen plenty of evidence of his ability. Two years ago he made and sold the largest number of picture postcards of the Oregon-Corvallis football game ever sold on the campus. He also lately did some work for the Portland Telegram.

VALLEY TROLLEY LINE IN OPERATION BY OCT. 15

Guy W. Talbot, manager of the General Electric Company, which is building an electric line up the valley from Portland, was in the city this morning on C. & E. business. He reported that cars will positively be running to Salem by October 15 of this year. As to extension southward he would not say, but it is said to be the plan of the company eventually to run the line as far south as Roseburg.—Albany Democrat.

PLEASANT HILL BRIEFS.

Pleasant Hill, July 26.—Arthur Stetson is again at Pleasant Hill. Will Bradford was in the city of Pleasant Hill Thursday, July 25.

Fred Furrer, who has been seriously ill, is getting along nicely.

Bernice Warbington peddles beef regularly.

There was an ice cream social at the grove of the W. O. hall, Saturday, July 20. Everybody seemed to enjoy themselves.

Chance Milkley is running a baler this year.

L. C. Sherwood and family are spending their vacation at the springs—that is, all of the family but their son Charles, who is batching. Everybody is busy harvesting.

Mrs. Bradford took a business trip to Eugene Thursday, July 25.

George Edwards, of Fern Hill, Washington, is working for E. C. Stetzer during harvest.

Miss Ruth Higgins is at home again.

Aunt Mary Miller is on the sick list this week. Old Maid.

PERSONALS FROM FLORENCE AND COAST VICINITY

George Melvin Miller came in from Eugene the first of the week. He reports everything looking favorable for the construction of the Eugene-Siuslaw railroad.

Mrs. Idaho F. Campbell and children of Eugene, were in town Tuesday, en route to the cape on a camping expedition. They will make their headquarters at "Capeland."

Paul Bond, who has been attending the state university at Eugene, returned to Florence last Monday for a visit with his parents.

Mrs. McDonald, of Eugene, and a sister from California came in on the steamer from Yaquina Saturday evening to be at the bedside of their sister, Mrs. L. R. Johnson.

C. H. Young and daughter, of Eugene, were in town last Monday. Mr. Young, who is forest ranger for this portion of the Umpqua reserve, has his headquarters at Mapleton, but informs us that he intends to move to Florence before long.

Captain Beerman, of Eugene, was a passenger to Florence on Tuesday's boat.—Florence West.

RALPH E. PHILBRICK NAMED AS POSTMASTER AT HOQUIAM

Oyster Bay, July 29.—President Roosevelt today appointed Ralph E. Philbrick postmaster at Hoquiam, Wash.

CASTORIA

The Kind You Have Always Bought
Bears the Signature of *Dr. J. C. Watson*

JAMES SANFORD WILL ERECT BRICK BLOCK

TWO-STORY HOTEL BUILDING MAY STAND WHERE OREGON HOTEL IS BY THIS TIME NEXT YEAR

Construction Work is Expected to Begin Next March—Building Will Be Eighty by Ninety Feet in Dimensions—Will Be Great Improvement to That Section

James Sanford, the well-known pioneer, unless his health breaks down, expects to build next year on his property on Willamette street, between Sixth and Seventh streets where the Oregon Hotel is, a large two-story brick building. The property is very valuable, and the new structure will be a great improvement in that block. Construction will probably begin about March, and the work will be pushed as rapidly as possible.

It is not definitely settled in Mr. Sanford's mind just what the character of the building will be, but it is likely that part of the first floor and the upper story will be continued as a hotel, and that the remainder of the store rooms will be occupied by business people.

The building will have an eighty foot front and will extend back ninety feet. Mr. Sanford owns to the alley, 160 feet. The land is at the present time occupied by several old one-story buildings used as a hotel, barber shop and cigar store.

REUNION OF ABBOTT BROTHERS AND SISTERS

Pioneers Who Crossed Plains in 1852 and Whose Parents Died Enroute. Will All Meet at Eugene for First Time Since That Year.

S. Y. Abbott, of this city, and a pioneer of 1852, will meet tonight at the local his brothers, W. S. Abbott, of Humboldt county, Cal., whom he has not seen for 35 years, and John G. Abbott, of Walla Walla, whom he has not seen for ten years, and will hold with his sisters, Mrs. M. Canady, of Madison, this county, and Mrs. M. A. Holland, of Crow, a family reunion during the week. One of his sisters saw W. S. Abbott for the last time in 1863.

All of the five children are pioneers, crossing the plains from Missouri in 1852. On the way their parents both died and the children arrived at Portland penniless. Since that day they have never been under the same roof together, though for a time they saw each other frequently. They were scattered to the four winds and through three states.

S. Y. Abbott, the brother who lives in this city, was only seven years old at the time the children became separated. In 1872 he moved here from California, and now, after 35 years, the family of five children will be reunited. A reunion will be held either here in town or at the home of one of the sisters. The two visiting brothers will probably remain a month or longer visiting their kinfolk from whom they have been absent for such a long time.

CAPTAINS FORCED TO MAKE TIME

San Francisco, July 29.—The responsibility of the companies which, by irregular schedules, compel the masters of ships to go at a speed that their own companies later than is usual, was the feature of the Columbia wreck testimony, taken before Captain Bermingham today. Second Officer Agerupp's testimony established more clearly than had been done before the fact that the captains are compelled to run their ships at full speed along a dangerous coast in foggy weather in a course navigated by many vessels.

"Is it the usual practice on the coast to go at full speed?" asked Captain Bermingham.

"The captain always slowed up when he heard a steamer ahead," was the answer.

Only Slow Up in Bad Weather.

A question as to whether it was necessary to go at full speed in order to make the schedule elicited the statement that there was a certain time allowed for the trip of the coast steamships and it was necessary to arrive at a certain hour to get in on time and avoid delay.

"Does the steamer ever slow up unless there is a steamer ahead?"

"I can't recollect that we ever did. It might be once in a great while, perhaps, especially in very bad weather," said Mr. Agerupp.
