BLUES WALL'UP COBURG GIANTS IN BASEBALL COMEDY

(From Monday's Guard.)
In a nine-act comedy the Springfield Blues defeated the Coburg Giants yesterday afternoon at Springfield by the score of 15 to 1. The interest in the game was very great, for a week ago Coburg was ahead at the fifth inning, 3 to 0, when the game broke up in a row, and many fans were willing to back the Giants yesterday. Both teams had strong lineups, the strongest they have had this year, but baseball luck made the game a farce.
Springfield started the bell ringing in the first, when she pushed two runs over the plate. In the fourth another crept in. The bombardment began in the sixth when Keene, Coburg's twirler, seemed to let down. In that inning two runs were netted and in the seventh three more. Chick, who has practiced with the Eugene Colts, then relieved Keene, and with two or three hits off of him and a big bunch of errors seven runs crossed the rubber in the eighth and last inning for the Blues.

Coburg in the second inning got their lone tally by a couple of hits, one a successful bunt, and two men who were hit by Tallafero.
Tallafero showed splendid form, as did most of his team mates. Coburg had some changes in her lineup, which seemed to brought over her a great hoodoo. The score:

SIUSLAW BAR BETTER THAN FOR LONG TIME

O. W. Hurd, the Florence capitalist, arrived in Eugene last night from Astoria and Portland, where he has been on business. He will leave for home on the stage tomorrow morning. He informed a reporter this morning that the sawmills on the Siuslaw are all running steadily, that is, they were when he left there ten days ago, and everybody seemed to be prosperous and happy. He says the bar at the mouth of the river is in better condition now than it has been for years and the vessels have no trouble in getting in and out of the harbor. There is a great deal of lumber shipping now, a schooner either coming in or going out nearly every day.

A STEADY DRAIN

Sick Kidneys Weaken the Whole Body—Make You Ill, Languid and Depressed
Sick kidneys weaken the body through the continual drainage of the life-giving albumen from the blood into the urine, and the substitution of poisonous uric acid that goes broadcast through the system, sowing the seeds of disease. Loss of albumen causes weakness, languor, depression. Uric poisoning causes rheumatic pain, nervousness, nausea, cricks in the back and gravel and kidney stones. The proper treatment is a kidney treatment, and the best remedy is Doan's Kidney Pills. Great Eugene cures prove it.
Mrs. M. J. Drew, of 295 West 5th street, Eugene, Or., says: "I suffered from severe pains that seemed to run from the kidneys through the loins and down into the limbs. There was also a noticeable disorder in the action of the kidneys, and the presence of uric acid caused rheumatic twinges. Being induced to try Doan's Kidney Pills I was agreeably surprised at the prompt relief found. They helped me a great deal in just a few days and the improvement continued as long as I kept on with them. I cannot help but give Doan's Kidney Pills a strong recommendation."
For sale by all dealers. Price, 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.
Remember the name—Doan's—and take no other.

Abraham Lincoln was a man who, against all odds, attained the highest honor a man could get in the United States. Bal-lard's Horehound Syrup has attained a place, never equalled by any other remedy. It is a sure cure for coughs, colds, bronchitis, influenza and all pulmonary diseases. Every mother should keep supplied with this wonderful cough medicine.

PAVING PETITION IS GRANTED BY COUNTY COURT

At a special meeting of the county commissioners' court this morning an order was made granting the petition of a number of taxpayers, including many country people, for the paving of that portion of East Eighth street which borders on the county grounds. The petition was denied in regard to that portion of Oak street which borders on the county's property. The portion of Eighth street which is affected by this order extends from the west line of the west park to the east line of the east park, not including the intersection of Eighth and Oak streets, which the city will pay for.
An ordinance will at once be prepared by the city attorney ordering the paving of Eighth street from Pearl to Olive street, and possibly on to Charnelton, and the work will be done this fall, together with that on Seventh and Ninth streets, which was ordered at the last council meeting.

SARAH G. BARCLAY SENT TO ASYLUM

On complaint of her husband, Isaac Barclay, Mrs. Sarah Barclay, aged 80 years, was committed to the asylum today by County Judge Christman. The patient was suffering from senile dementia, or loss of memory. For three years she has been inclined to wander from the house and do other things that showed her irresponsibility. Her home was in Eugene, while her husband lives at Pleasant Hill. She was an American, having been born in New York state.

OREGON NEWS IN BREVITY FORM

Mrs. Mildred A. Bonham, widow of the late B. F. Bonham, and eldest child of John Baker, of this city, died at the home of her father, on the Garden road, east of Salem, at 7 o'clock this morning. She was born August 6, 1849, in Illinois, and came to Oregon with her parents in 1847, being among the earliest pioneers of the state.—Salem Journal.
"This side for the address only" does not count on postal cards any more, according to orders issued by the postoffice department. The new order says in effect that matter may be written on both sides of the card so long as room is left for an intelligible superscription. The order will hardly be popular with postal officials, but it will be regular after this, if any one can tell all he has to say on one side of the card.

TOWN OF STELLA SWEEP BY FIRE

Stella, Wash., July 27.—With the exception of an unoccupied storehouse, Lawson's dock, and a wood-yard, the business district of this city was wiped out by fire today, which started at 11:30 this morning in a barber shop. The total loss, including the reported burning of \$1500 in currency, is about \$50,000. The amount of insurance carried will not exceed \$25,000.
That the residence district was saved from the flames was due largely to the steamer Dixon, which arrived shortly after the fire started, and directed an effective stream of water on the blaze until the fire was under control.

VENERABLE SENATOR DIES SUDDENLY

Asheville, N. C., July 27.—United States Senator Pettus, of Alabama, died at Hot Springs tonight.
Death resulted from a stroke of apoplexy, with which he was seized yesterday at breakfast. He celebrated his eighty-sixth birthday last week at which time his unusual vigor excited comment.

ALASKA VOLCANOES ARE REPORTED ACTIVE

Valdez, Alaska, July 27.—Mounts Blackburn and Logan have become active volcanoes, according to reports of natives and prospectors, who are fleeing from the vicinity. There have been strange rumblings for several days, and smoke and steam are now issuing from the peaks.

LARGEST FIGHTING MACHINE HAS BEEN LAUNCHED

Portsmouth, Eng., July 27.—The battleship Bellefleur, bigger than the Dreadnaught, and the largest and most powerful ship in the world, was launched today. Princess Henry, of Battenburg, christened the ship, which is 18,500 tons against the Dreadnaught's 17,900.

EUGENE FIRM MAKING FISH HATCHERY BASKETS

Aya & Heltzman, the plumbers, on Eighth street, have made about 250 more baskets for the salmon hatcheries of the state. Part of them will go up the McKenzie to the hatchery there and others to the different stations. Master Fish Warden Van Dusen has nearly all the baskets made here because they are of a little better shape and quality.

The Smile

that won't come off, appears on baby's face after one bottle of White's Cream Vermifuge, the great worm medicine. Why not keep that smile on baby's face? If you keep this medicine on hand, you will never see anything else but smiles on his face. Mrs. S.—, Blackwell, Okla., writes: "My baby was peevish and fretful. Would not eat and I feared he would die. I used a bottle of White's Cream Vermifuge and he has not had a sick day since." Linn Drug Co.

MANAGER O'BRIEN MAKES ABSOLUTE ASSURANCES

Guard Special Service.
Portland, July 29.—The Eugene merchants' committee held a splendid conference with Manager O'Brien today. At its conclusion he stated positively that a new depot would be built in Eugene this year. He said work would be commenced as soon as the chief engineer had completed his plans, and the depot would be a credit to the city, the finest on the line of the railroad. He said the warehouses would all be moved to the north side of the track, and the new freight house would be three times as large as the present one. The grounds would also be parked.
The committee is now conferring with the passenger department at Manager O'Brien's request to arrange satisfactory train service on branches. The Wendling train schedule will probably be changed to leave Wendling in the morning.
The committee was highly pleased with Mr. O'Brien's assurances on all matters presented, and the utmost harmony and good feeling prevailed.
Addresses were made by Messrs. Moran, Shelley, Rodman, Fisher, Matlock, Barker and Campbell. The entire committee is enthusiastic over its reception and the assurances received from the company.

PAINTER SMITH BREAKS BONES IN BOTH ARMS

Fell From Scaffold At Goldsmith's New Cigar Store This Afternoon.
(From Monday's Guard.)
Geo. W. Smith, the well-known painting contractor, while working on the ceiling of the new Goldsmith cigar store at 4 o'clock this afternoon fell from his scantling and broke the bones in both his arms or wrists. He apparently slipped from his board, about a foot wide, falling fifteen feet. After the accident he calmly got up and walked to a doctor's office. Both wrists immediately swelled badly and were twisted and torn out of shape. The unfortunate man will be laid up for several weeks.

MARRIED

At Florence, July 24, 1907, Milton A. Nicolle, of Eugene, and Miss Clara A. Emmons, of Florence, Rev. L. R. Bond officiating. They have arrived in Eugene, where they will reside. The wedding was quite a society event and was attended by a large number of relatives and friends of the contracting parties.
At Florence, July 24, 1907, at the home of the bride's parents, Mr. and Mrs. W. Wells, Benjamin F. Flak, of Elmira, and Miss Lydia Wells, Rev. M. W. Phelps officiating. They will make their home at Mapleton.

Ernest O. Palmer and Miss Eva Weinhart were married yesterday

at the home of the bride's parents in Fairmount by Rev. O. C. Wright before twenty-five or thirty of their friends. The groom is the son of H. D. Palmer, a well-known resident here. Both were students at the university. Mr. Palmer held a position near Marcola last year. The couple will make their home at Marcola for the present.

The Charming Woman

is not necessarily one of perfect form and features. Many a plain woman who could never serve as an artist's model, possesses those rare qualities that all the world admires: neatness, clear eyes, clean smooth skin and that sprightliness of step and action that accompany good health. A physically weak woman is never attractive, not even to herself. Electric Bitters restore weak women, give strong nerves, bright eyes, smooth, velvety skin, beautiful complexion. Guaranteed at W. L. WM. D. HAYWOOD IS NOT GUILTY SAYS JURY AT BOISE

(Associated Press Bulletin.)
Boise, Ida., July 28.—The jury in the Haywood murder trial at 8 o'clock a. m. returned a verdict of not guilty.
mited Charles H. Moyer to bail in the sum of \$25,000 this afternoon, given tonight. It is announced that the bond will be reached in the case of G. A. Pettibone, and no application has there-fore been made in his case. Pettibone's trial has been set for October Denver Thursday. Moyer may leave Wednesday if there is no hitch in bail proceedings.

GOVERNOR GOODING WILL NOT GIVE UP

Boise, July 29.—The probability of a verdict of acquittal in the case of the secretary-treasurer and acknowledged leader of the Western Federation of Miners had been freely predicted Saturday when Judge Wood read his charge, which was regarded as strongly favoring the defense in its interpretation of the laws of conspiracy, circumstantial evidence and the corroboration of an accomplice who confesses.
It was also freely predicted that in the event of Haywood's acquittal the state would abandon its prosecution of his associates, Charles H. Moyer, the president of the Federation, and George A. Pettibone, of Denver. Statements from counsel and from Governor Gooding dispel this view of the situation. Governor Gooding said:
"The verdict is a great surprise to me, and I believe to all citizens of Idaho who have heard or read the evidence in the case."
"I have done my duty. I have no regret as to my action, and my conscience is clear. As long as God gives me strength I shall continue my efforts for government by law and for organized society."
"The state will continue a vigorous prosecution of Moyer and Pettibone and Adams, and of Simpkins when apprehended. There will be neither hesitation nor retreat."

EMMA GOLDMAN AND OTHERS ARE REJOICING

Oyster Bay, July 29.—Without comment President Roosevelt made public the following telegram today: "New York, July 28.—President Roosevelt:—Undesirable citizens riotous. Rejoice. Emma Goldman, Alexander Berkman, Hippolyte Raven."
LONDON COMMENT ON THE HAYWOOD VERDICT
London, July 29.—Commenting on the Haywood verdict the Chronicle says the state of society revealed is more terrible than any since the civil war, and such a condition gives America's boasted civilization a very dubious look.
The News says it reveals the insecurity of authority in America, and profound skepticism concerning the identity of law and justice.
Both papers refer to the president's "undesirable citizens" statement. The News calls it one of his frequent public indiscretions and the Chronicle predicts that it will cost him dear.

COLUMBIA DEATH ROLL NOW FULLY MADE UP

San Francisco, July 25.—A recast of the returns from the work of rescue shows that of the 245 persons on the steamer Columbia, 152 were saved, while five bodies have been recovered and 88 are reported lost. Of the entire number lost 39 were men, 49 women, and five children. Of the 191 passengers 114 were saved, and of these 67 were taken north on the steamer Elder to Astoria and Portland, eight have arrived here and the remainder are at Eureka, or on their way to this city.
Of the 93 men 79 were saved, and of the 91 women 42 were saved. Two of seven children survive and of the 54 members of the crew 38 are alive.
The City of Topeka arrived today with seventeen survivors of the ill-fated Columbia wreck, all of whom have heretofore been accounted for.

Allege Carelessness.

Some of the survivors allege carelessness on the part of somebody as the cause of the accident. They allege that the San Pedro was sighted more than five minutes before the fatal collision. But prior to the time when the San Pedro rammed the Columbia there had been but few signals blown as is customary when the weather is thick. And when the whistles that spoke danger were finally sounded there was confusion, hesitancy and an awful mistake.
The San Pedro loomed up out of the thin fog. She whistled, but the answer, according to those who heard and suffered by the blunder, was not right. The response was not as it should have been to make things clear and prevent the awful consequences.
Mrs. Eastman's Story.
Walking on the deck where she could see the movements of both vessels, Mrs. Charles A. Eastman, of Portland, watched the San Pedro as it bore down upon the Columbia. She stood on the deck until the collision had occurred, then rushed to her sister's stateroom and dragged her bodily from her berth. The contract was signed before the two boats struck, "she said this morning. "It must have been longer than that, but there was plenty of time to avoid the collision if a mistake had not been made."
"I cannot tell why it was; it happened, that's all. The San Pedro whistled three times while approaching our boat, but the Columbia only answered twice. Then the San Pedro whistled again, but another mistake was made in the answer, and a few seconds afterward there was a crash as the two boats came together."
Columbia Swerved Quickly.
"All this time the Columbia led to her course, until the very last minute, when she swerved quickly in response to her rudder and stuck her bow out directly in front of the rushing vessel."
"Prior to the time when I first saw the lights of the San Pedro there had been but few blasts blown from the fog horn and these were infrequent. But the night was not heavy. How could it be, when I saw the boat that rammed us coming head on a couple of miles away?"
The sentiment of the entire boat is in accord with the opinion represented. Some one blundered, not once but several times, and the penalty was nearly five score of human lives and injury to half as many more.
On Deck at Time.
"I was walking on the deck for more than an hour before the disaster," said Mrs. J. M. Thompson, who is on her way to visit her daughter, Mrs. Marion Sanford, at Arleta.
"I was restless, had been seasick, and could not sleep. I looked out over the water several times and wondered why with the darkness and fog the fog horn was not blown, as it always has been on other steamers I've been on. I went to my stateroom, and soon after arriving there heard a boat in the distance whistle. The answer from the Columbia was slow in coming and somehow it did not seem to be right."
"Then there was another series of blasts from the other boat and again I noticed that something was amiss with the answer. A few moments afterward there was a lurch, a grinding of timbers, and I knew that we had collided with another vessel."

L. N. RONEY AWARDED LOWELL BRIDGE CONTRACT

The county commissioners' court met in special session this morning for the purpose of opening the bids for the construction of the county bridge across the Willamette river at Lowell. There was only one bid, that of L. N. Roney, and the contract was let to him, the bond being signed this afternoon. Mr. Roney's bid was \$6295. He will at once begin the work on the structure, and will have it finished before the fall rains set in. The bridge will be a covered wooden structure of the Howe truss design, and located about half a mile above the old ferry which has been the only means of crossing the river at that point for many years.

PETTIBONE REFUSED BAIL BY JUDGE WOOD

Boise, July 30.—Formal application was made in the district court to have Pettibone admitted to bail, but it was promptly denied by Judge Wood. The bond for Moyer will be perfected tomorrow.
A marriage license was issued by the county clerk this forenoon to Clarence Henderson, aged 31 years, a housemover by occupation, and Miss Edith A. Rossman, aged 25 and a clerk, both of Eugene.
