

AWFUL ITCHING BURNING SPOTS

Formed on Legs and Exuded a Watery Matter—Then Spread to Arms—Kept Ankles Bandaged Over a Year Until Skin Was Made Smooth and

TORMENT WAS STOPPED IN 3 DAYS BY CUTICURA

"In December 1905 I had a blood-red spot about as large as a nickel come on my left shin about three inches above my ankle and in about two weeks the same kind of a spot came on the right shin. I did not know but it was poison from some black stockings but my wife said it could not be for she had washed them thoroughly twice. The spots spread until they were some two inches across. Then my shins and under my ankles commenced to break out in a fine rash which extended about half way to my knees. The burning and itching were something terrible and later the rash began to exude a watery matter. Finally it went to my elbows and above and below them. I doctored with two doctors but it did no good. I kept my ankles bandaged for over a year. One day a friend of mine said he believed the Cuticura Remedies would help me. I sent for them and in three days after using the Cuticura Remedies there was a complete change. The skin cleared up smooth and the itching stopped. I am still using the Cuticura Remedies for once a week or so, some little spots will break out in a fine rash and commence to itch. But washing with Cuticura Soap and putting on Cuticura Ointment drives it all away. I am seventy-one years old to-day. Geo. N. Westcott, Postmaster, Ceylon, N. Y., Apr. 29, 1907."

LOUIS GLASS JURY UNABLE TO TO AGREE

San Francisco, July 29.—After 16 ballots, in which there was small variation from the original standing of the body—seven for conviction and five for acquittal, the jury in the Louis Glass bribery case was discharged yesterday afternoon by Judge Lawlor.

The men who stood out for acquittal were: Michael Samuels, a photographer; George Kohn, a commission broker; Jacob Werthmeier, a wholesale cigar dealer; Charles P. Fonda, a wholesale manufacturers' agent, and Hugo Shussler, a retired grocer. There was no disagreement as to the payment of a bribe, but it was contended by the men who voted for acquittal that the crime had not been positively fastened upon Glass.

The retrial of the case has been set for August 5.

THEODORE HALSEY'S CASE CONTINUED TILL WEDNESDAY

San Francisco, July 29.—Judge Dunne has continued the case of Theodore Halsey, indicted for bribery in connection with the telephone franchises, until next Wednesday in order to draw an entirely new panel. In Judge Lawlor's court Louis Glass' bail was again fixed at \$10,000 and the case set for retrial on Monday, August 5.

BRYAN APPROVES HAYWOOD VERDICT

Chicago, July 29.—In a special to the Tribune from Peoria, Ill., William J. Bryan is quoted on the verdict at Boise as follows:

"I am glad to learn of the verdict and that it was not guilty. I watched the trial and did not see how any one could be found guilty on Orchard's testimony. Every crime he charged was one he suggested, and it was shown he was in communication with the mineowners and attempting to induce the defendants to engage in crime.

"The manner in which the prisoners were taken from Colorado was hardly in keeping with a fair prosecution."

A Wonderful Happening.

Port Byron, New York, has witnessed one of the most remarkable cases of healing ever recorded. Amos F. King, of that place, says: "Bucklen's Arnica Salve cured a sore on my leg with which I have suffered over 80 years. I am now eighty-five." Guaranteed to cure all sores by W. L. DeLano, druggist, 25c.

MASTER OF STANDARD OIL SERIOUSLY ILL

New York, July 25.—Friends of Harry H. Rogers, the Standard Oil Company's active head, were concerned and surprised today to learn for the first time that he was seriously ill. Mr. Rogers was suddenly stricken at his desk today and had to be assisted from the office. Since then he has been under the care of physicians at his country home in Fairhaven.

It was reported tonight that Mr. Rogers was out of danger, and was improving fast, but his physicians have enjoined relaxation from business.

Due to Heat Stroke. His illness was due, it is said, to a heat stroke, but his health has been poor for some time past and it was in defiance of physicians' warnings that he has been carrying practically alone the entire burden of the Standard Oil executive work.

The seizure, coming so soon after Mr. Rogers' return from a trip to Europe this summer for the sake of his health, makes the illness appear serious to his friends. So serious was his condition after the stroke that it was found necessary to administer oxygen to him. His heart action was alarmingly weak and his trip to Fairhaven was a period of anxiety to his attendants.

NAVAL STATION ON-THIS COAST

Washington, July 30.—It is probable that another naval station will be created upon the Pacific coast as a result of the forthcoming visit to the coast of Admiral Capps, chief constructor of the navy, and Admiral Cowles, Admiral Holiday, chief of the bureau of yards and docks, will follow these two officials to San Francisco on a similar errand.

UNSIGHTLY RELIC OF ANTI-BELLUM DAYS IN SOUTH

(Special Correspondence.)

Memphis, Tenn., July 17, 1907.—Grim, unsightly, painless, seamed and crooked throughout its masonry, there stands today an old brick building on Adams street, about which clusters more of history and of change than can be compressed into song or story. It is situated just on the east of the alley, midway between Main and Second streets and is used as a shelter for the city prisoners who are worked on the rock pile.

I was told to take the trouble to step to the westward side of this old building where it faces the alley, and to glance up along its second

GLADE OF ST. LOUIS.

Clever pitcher of the Browns, who struck out fifteen men in one game.

Upon doing this I discerned this inscription: "Negro Mart and Livery Stable." Time had obliterated a portion of the sign. The last letter of the word "Mart" and the last letter of the word "Stables" are gone. The others are dimmed with age and would pass unnoticed had not my attention been called to the same.

Time was, nearly half a century ago, when this was a famous negro market. It was presided over in its time by no less a personage than General Forrest himself. Thousands of negroes were bought and sold within this market, and hundreds of thousands of dollars passed there from buyer to seller. One old negro whom I was told knew its history, was questioned by me and he said in answer to my questions, "I've seen more'n a bushel of money piled up heah on the upstairs flob—gold money, sah, in de ole days. Tell you what, sah, looked mighty good money, sah. Yes, sah, I 'members Gin' Forrest, sah, an he was de beat-estest man I evah seen, sah. He gone, sah. Dey done what he tole 'em, sah, and he only done tole 'em onct, sah."

SAMUEL T. THURSTON DIES IN ARIZONA

S. W. Taylor, of this city, today received a telegram from his daughter, Mrs. Samuel T. Thurston, at Alhambra, Arizona, stating that her husband had died. The deceased, who was a member of the University of Oregon football team a number of years ago, was aged 29 years. He was married to Miss Blanche Taylor in Eugene in April, 1903, and one child, a son, was born to them. Besides his wife and child the deceased leaves his parents, who reside at Suver, Polk county, and a number of brothers and sisters, one brother, "Gyp" Thurston, being well known here. He was also a star football player on the O. A. C. team. It is not known at this time where the body will be buried, but it is probable that it will be brought north and the funeral will be held at the family home in Polk county.

FORMER COUNTRY POSTMASTER IS ARRESTED

Last Friday Deputy United States Marshal Griffith, from Portland, went to Heeceta and arrested Ira Bray, formerly postmaster at Minnie, on a charge of falsifying returns as to the amount of stamps canceled at that office during his term as postmaster.

Saturday afternoon Mr. Bray was taken before United States Commissioner D. E. Severy, who committed him for trial in the United States district court.

We learn that the government sent a claim to Mr. Bray some time since for about \$200, but this not being forthcoming he was indicted by the United States grand jury. Mr. Bray held the position of postmaster at Minnie for seven or eight years, or until the office was discontinued last summer.—Florence West.

O. A. C. HUSTLING FOOTBALL PLAYERS

Corvallis, Or., July 26.—Ben Greenhaw, student manager of athletics of O. A. C., is arranging a football schedule for the coming season. The first game will be played at Eugene November 9, with the University of Oregon. Another will be played in Los Angeles on Thanksgiving day with the champions of California.

Dates have not been set as yet for other games, though Manager Greenhaw has had correspondence with the various Northwest teams. He thinks most of the games this year will be played away from home, as the other teams seem loath to come to Corvallis to meet the college boys.

Coach Norcross will again handle the men, and it is expected to arrive in Corvallis about September 17. He will be accompanied by two able football men whom he has played with on the University of Michigan team, who will assist him in coaching and training the O. A. C.

With one exception the entire team of last year is expected back. They will probably arrive before college opens and begin light practice. Besides these, four of the team of two years ago will enter O. A. C. and some of them will secure places on this year's team.

Manager Greenhaw says he has also received letters from several football men of note from other states, who contemplate attending college here. Competition for places on the first team bids fair to be spirited on account of travel to play on foreign fields.

LANE COUNTY SHEEP HAVE LITTLE SCAB

Lane county sheep are in very good condition as far as scab is concerned, since most of them have been dipped. The sheep owner are also but very little opposed to dipping now, and in fact, after the results were shown, soon ceased presenting serious opposition.

J. Roper, of Corvallis, has been working in this county dipping the sheep, but returned today to the agricultural college town for a vacation.

He plays ball with a McMinnville team and they would like to play the Colts.

STAMP MILL WILL BE TAKEN TO SANTIAM MINES

Gus Currie, a former Albany young man, and Howard Mack, of Portland, were in the city this morning on their way home from a trip to the Santiam mines, where Mr. Currie and Robert J. Monroe own a mine. Mr. Currie reports some splendid ore from it, and so confident are the owners of the property that they propose to install a Little Giant mill and see what can be secured.

The Santiam mines have been sadly neglected during the past few years, since the Lawler days there, when \$200,000 were said to have been spent in development work, but Mr. Currie is confident there is just as good ore there as anywhere along the coast and proposes to get some of the product, which new methods of mining ought to secure.—Albany Democrat.

THE GARDEN SPOT OF OREGON

(Oregon State Journal.) Last Sunday we, in company of some friends, drove over to the McKenzie river and spent the day at the bridge this side of Coburg. It is a most delightful place—the high mountains on the north side of the river, and the clear, sparkling water reflecting the rays of the sun on to the bank. The land between Eugene and the McKenzie is covered with hops, wheat, oats, corn, potatoes and orchards. The wheat is very fine, just ready for harvest. This place is the garden spot of the world, and the scenery is magnificent. It is the best part of Oregon, and some day will be as thickly populated as China, Japan or Java, which contain more than 100 people to every one now in the Willamette valley, a much better place than any of them.

BIG TERMINALS AT ASTORIA FOR HILL RAILROAD

Astoria, Or., July 24.—Louis W. Hill, who has succeeded his father, James J. Hill, as president of the Great Northern Railroad Company, General Manager Nutt, of the western division of the Northern Pacific, another of the Hill properties, with a number of other railroad men, passed through the city today and went to Fort Stevens, where they visited the jetty and examined conditions at the mouth of the river. While they arrived in a private car attached to the regular train, a special train was taken from here and the party will probably go to Seaside this evening to spend the night.

Mr. Hill is a self possessed young man who invites confidence, and he

met the newspapermen and citizens with an affable, open-handed manner that caused them to warm up to him at once.

Manager Whyte, of the Chamber of Commerce, who was already acquainted with Mr. Nutt, met the party, and with Mr. Hill and Mr. Nutt went over the details of the Astoria terminal proposition.

Mr. Hill and Mr. Nutt are both deeply interested in Astoria, and the terminals here and the public may expect that something of importance will come of this proposition in the near future. In Mr. Hill's private car were the maps of the entire river front from Tongue Point to Fort Stevens. Mr. Hill said it was necessary to have large terminals here and that if the ground in front of old Astoria is too hilly and too much filling is necessary, the terminals will have to be built a little further down the river, between Warrenton and Fort Stevens, where the ground is quite level.

The head camp managers of the Woodmen, in executive session, announced that \$169,000, representing the surplus fund of the equalization fund of the order, has been invested, with one exception, in the bonds of the Northwest. Nearly half of this amount was invested in 5 per cent funding bonds of the City of Bellingham, the purchase amounting to \$80,000. Twenty-three thousand dollars was invested in 5 per cent bonds of Washington School District No. 122, of Spokane county, and \$14,000 in Eagle River bonds. With the exception of \$17,000 invested in Kansas Improvement bonds, paying 5 1/2 per cent, the entire investment was made in Washington and Oregon. The total amount of the equalization approximates \$1,500,000.

BETTMAN LOT SOLD TO THREE EUGENE MEN

T. H. Garrett, J. G. Wells and M. D. Mitchell have purchased the lot just north of the Midgley building, formerly occupied by the Bijou vaudeville theatre, from G. Bettman, of Portland, formerly of Eugene. The purchase price is not given out, but it is said to be \$10,000. This lot fronts 50 feet on Willamette street, is next to the alley and extends back 150 feet. An old tumble-down residence, an eyesore to the business street, now occupies the lot, and this will probably be torn down soon. It is a splendid location for a business building, and while the new owners have not signified an intention to erect a building, it is reasonable to presume that it is their intention to do so in the near future. The lot is across the alley from the proposed Sanford hotel building, which was mentioned by the Guard last night.
