

BOY AND GIRL CURED OF SORES

Which Broke out on Face and Body — Medical Treatment Did Them No Good — Mother Cured Both Her Little Ones and Now The

WHOLE FAMILY JOINS IN PRAISE OF CUTICURA

"My son's trouble was running sores which first appeared on his face and then broke out all over his body. I had tried a doctor after doctor for three months but none helped him. Then I was advised to try Cuticura. My doctor said that he could give me a recipe that would help him, but I demanded Cuticura Ointment and after using it for a while I was surprised to see an improvement. I treated the sores with Cuticura Ointment on soft bandages after washing with warm water and Cuticura Soap, and gave him the Cuticura Pills. In two weeks he was almost cured, and after the steady use of Cuticura Remedies for two or three months I can now say that I have one of the finest boys in town, and I tell all my neighbors that he owes his health to Cuticura. Later my little daughter was all covered with sores on her face and body. I didn't waste much time or money with doctors, as I had done when my boy was sick, but used the Cuticura Remedies on her, and now my little girl is entirely cured. I send you her photograph to show how she looks after we used Cuticura. I know of several other cases which Cuticura Remedies have effected, including that of our domestic, Miss S., whose face was covered with mosquito bites which she scratched until they became a mass of sores and which she cured in no time with Cuticura Ointment. Our whole family joins in sending their thanks and praise for all that Cuticura Remedies have done for us. Mrs. Rose Floss, 1206 W. Madison St., Chicago, Ill., Nov. 3 and Dec. 3, 1906, and Jan. 24, 1907."

Dr. F. G. Thayer returned to Portland today. He graduated from the University of Oregon in 1905, and is now a full-fledged doctor, having passed his examination before the state board.

DOG POISONER AT WORK AGAIN

From reports it seems likely that another period of dog poisoning has begun on South High street, for Casper Clarke, a high school student of this city, has lost his Spitz dog "Charcoal," and from all evidence in his possession it was done in his yard. A neighbor also had her pet poisoned, but it fortunately recovered, while another lost three cats.

Last summer in the same neighborhood between ten and fifteen dogs were poisoned by some malicious person, and the cases referred to indicate that either the same or some other miscreant is dealing death to dogs, and it is wise to watch your pets, if you have any, that they are not allowed any possible chance of obtaining poison.

PENDLETON REPORTS HUNDRED AND TEN

Pendleton, Or., Aug. 1.—Eastern Oregon is experiencing the hottest of weather. The thermometer has been to 110 here yesterday and today. At LaGrande it has been over 100. The nights are cool. There is no suffering save in the daytime. No damage is being done to crops. Many are going to the coast or mountain resorts.
