## NO WESTERN UNION MESSAGES ARE RECEIVED

WESTERN UNION HERE IS COMPLETELY OUT OF BUSINESS. —POSTAL IS SENDING SOME MESSAGES — RAILROAD OPERATORS INTERFERE WITH WESTERN UNION WIRES.

No Western Union business is being received in Eugene, for while the operators on that line here have not yet been called out, it is practically as bad, since the railroad telegraphers will not allow any Western Union business to go over the lines, opening their keys every time any attempt is made. The Postal office here is taking messages, though nearly every operator in Portland has gone out. Local business has not yet been seriously delayed. From present reports three operators were all that stayed at their posts in Portland when they struck there. Day Operator Hall on the Western Union here, is a member of the Commercial Telegraphers' union and Night Operator Miggs is a member of the Railroad Telegraphers' union, which has given orders to extend all the sympathy and moral support to the Commercial men possible.

The Postal telegraph operator is not a member of any union, and that company has not any connection with any other, so that the line cannot be interfered with. It is quite probable that some business for the people of Eugene will be sent through over that line whatever happens.

However, it is the telephone company that the burden falls on, and they are obliged to do most of the business that the telegraph companies would otherwise get.

An operator at Cottage Grove this morning tried to send a message north, but when told that the railroad telegraphers—the union to which he belonged—had bound themselves to give the Commercial operators all their material and moral support, he shut down without a quail. He could not have sent any message, however, had he so desired, for the reason that the railroad operators would have opened their keys, thereby breaking the connection.

Only railway business is going over the Western Union wires. The Western Union have a contract with the railroads by which both use the same wires, and in case of strike of either the railway line or commercial men, the line is at the mercy of the men that do not strike, who are nearly always in sympathy with those that go out.

It is not likely that members of unions in small offices like Eugene will be called out, for they are of little importance on the checker-board at present, and have no grievances.

Eastern messages have been subject to delay for several days.

## TALLIAFERRO PITCHES TWO GAMES AND WINS BOTH

(From Monday's Guard.)

The baseball games at Springfield yesterday were features, the first as a good, fast game, the second as a merry comedy of hitting on Springfield's part and errors on the part of Drain. Talliaferro, however, was the bright particular light throughout both, for despite the reputation of Drain as heavy hitters, they could only get four hits in two games off of the big fellow, and besides that, he struck out fourteen men in the first game and seven in the second. Such a performance was worth seeing of itself.

The first game was a brisk affair, beginning at 2 p. m. sharp. Murphy, for the Drain Athletics, was a puzzle for four innings, until the Blues got one man across the plate. In that inning Drain also sent a man over the rubber, and the game was becoming more sizzling every minute.

The visitors from Douglas county could not get any more runs, however, and Springfield could not score until the ninth, when two hits and a mistake on somebody's part ended the first game by the score of 3 to 1 in favor of Springfield.

Mathews, the Roseburg slabster, essayed to pitch for Drain in the second game. The team from the south started off by getting one tally, but no more could they beg of the wily Talliaferro until the last inning, when they were allowed two.

For two innings the Roseburg pitcher, who in the previous game he held down third, kept the team of the "Sawmill City" from doing anything bad, but the third chapter was his Waterloo, for with two hits and a bunch of errors the Lane county boys made four runs.

The final score showed that fifteen tallies had been made by Springfield, fourteen his being made off Mathews, his team also making eight errors.

## SOME HOP GROWERS THINK BAD OUTLOOK

Some of the hop growers in the county are discouraged at the outlook, partly because of the recent cloudy weather, which seems to be dispelling, and partly because of the price outlook. John Middleton, last week at Harrisburg, sold a car of last year's hops for 5 cents a pound. However, he claims that the hops only cost him 6 1/2 cents, which is low.

Another gentleman in that same vicinity, who made considerable money during the year of high prices, asked 32 cents for his hops, but could only get an offer of 31 cents.

The next morning hops went down and as the days passed went still lower. The owner became piqued at his lost chance, and vowed he would sell his hops for nothing less than 32 cents. Ever since then he has had his hops stored, which he is quite able to do on account of his wealth.

## SUPERINTENDENT OF WESTERN UNION NOTIFIES ALL STRIKERS OF DISCHARGE AND WILL RECEIVE NO DEPUTATIONS

NEW YORK, AUG. 12.—AT 1 O'CLOCK THIS AFTERNOON MANY OPERATORS IN THE MAIN OFFICE OF THE WESTERN UNION HERE WENT OUT. THIS ACTION WAS A SURPRISE, AS THERE WAS NO SIGN A FEW MINUTES BEFORE THAT ANYTHING SO RADICAL WAS INTENDED. THERE WAS NO DISORDER, AND IT IS STATED BY THE OFFICERS OF THE COMPANY THAT OVER HALF OF THE DAY FORCE REFUSED TO GO OUT. IT IS STATED THAT BY FIVE O'CLOCK THEY WILL HAVE A FULL FORCE AT WORK AGAIN.

### RAILWAY TELEGRAPHERS INVOLVED

LOS ANGELES, AUG. 12.—THE FIRST INDICATION THAT MEMBERS OF THE NATIONAL ORDER OF RAILWAY TELEGRAPHERS ARE TO BECOME ACTIVELY INTERESTED IN THE TELEGRAPHERS' STRIKE WAS SEEN HERE TODAY WHEN A RAILROAD OPERATOR REFUSED TO HANDLE WESTERN UNION BUSINESS.

Chicago, Aug. 12.—The Western Union and Postal Telegraph companies claimed today that they are in better condition than at any time since the commencement of the strike of operators. The Western Union claimed that more than 200 operators are at work and it is able to take care of business in Fair shape. The Postal claimed 100 men were at work, with little delay in handling messages.

Officers of the telegraphers' union assert that the companies have only one-third of the number of men at work they claim, many of whom are telegraph students not capable of doing good work.

### NEITHER SIDE WISHES ARBITRATION

Superintendent Cook, of the Western Union, declared today that three would be no arbitration, and that a deputation of strikers would not be received, nor will he hold any communication with the strikers, except in a circular letter which he will issue today. This will be brief and will read:

"Having left the employ of the company you will apply at once for your pay."

President Gompers, of the American Federation of Labor, arrived in this city today to aid the strikers in an advisory capacity. The union of

### OPERATORS STRIKE WITHOUT AUTHORITY

New York, Aug. 12.—Four hundred and thirty women quit work in the main office at the Postal, and only a few employees remained at the keys. The men also walked out cheering. General Superintendent Brooks, of the Western Union, said the strike was not authorized by the union; that no one knows who blew the whistle, and that the man selected to blow the whistle did not do so. Treasurer McNerny, of the union, said the strike was not authorized, but the union could not control the men.

The Western Union operators on the Produce Exchange went out, leaving a few non-union men at work. The Western Union operators in the hotels went out today.

phone message from Savannah says that the Western Union and Postal operators are out.

Chatanooga.—Operators of the Western Union are out.

Salt Lake.—The Postal operators are out. Fifteen men are involved.

Columbus.—The Postal operators have struck.

Augusta.—The Western Union operators have walked out.

Los Angeles.—The Postal operators joined the strikers today.

Baltimore.—The Postal operators are out.

Cleveland.—The operators of both companies are out.

Philadelphia.—The operators of both companies are out. Only a few men remained at the keys.

Omaha.—It is stated this afternoon that the signal corps men from Fort Omaha have been offered a bonus to work the Western Union wires. The report is not denied or confirmed by the Western Union.

## LONGEST WOODEN BRIDGE SPAN IN WORLD

The work on the railroad bridge near Coburg across the McKenzie is progressing rather slowly. Two piers are being put in and it will be months yet before they are done. The piers will rest on solid rock, fifty or sixty feet down, and iron casings will be put in, which are filled with cement.

The pier at the south end of the bridge will be a double cylinder, and the one at the north end will be what is known as a square pier. When the old bridge is torn down what is claimed to be the longest wooden span in the world will pass out of existence.

Forty or fifty men are working on the structure, and the steel bridge will not be put up in any probability before next spring.

## BLACK HAND WILL BE SUPPRESSED

Pittsburg, Aug. 11.—The whole mill district of Western Pennsylvania has been roused to action by the outrages charged to the murderous Black Hand society. The streets of Newcastle and Hillsville are being patrolled by Troop D of the State Constabulary. More than 40 suspects, including four known leaders, are in jail at Newcastle. The State Constabulary was ordered out by Governor Edwin Stone on petition of citizens, who are afraid to leave their homes, fearing attack.

Evidence is being secured by Pinkerton detectives employed by the United States Steel Company. The detectives are working among the Italians and as fast as evidence is secured suspects are rounded up by the state troops. The police of Allegheny City today made the most important capture during the crusade against the Black Hand, in which the officials of New York, Philadelphia, Rochester and other cities are co-operating.

## ENDORSED BY THE COUNTY

"The most popular remedy in Otsego county, and the best friend of my family," writes Wm. M. Deitz, editor and publisher of the Otsego Journal, Gilbertsville, New York, "is Dr. King's New Discovery. It has proved to be an infallible cure for coughs and colds, making short work of the worst of them. I believe it to be the most valuable prescription known for lung and throat diseases." Guaranteed to never disappoint the taker by DeLano's drug store. Price 50c and \$1. Trial bottle free.

Miss Merta Lee Stuart returned on Sunday from an extended trip in the East. She went by a northern route and returned by the way of California.

## TWO LARGE REAL ESTATE DEALS MADE

A sixty-foot piece of land, one hundred and sixty feet deep, with an L on Eighth street, between Charnelton and Olive, was sold today by Stephen Smedley to Emily Howey. The terms of the sale are private, but it is understood that a very good price was given. The Hollenbeck Real Estate Company and Coffman, Smith & Rodman, two leading real estate firms of the city, negotiated the sale.

## FARM CLOSE TO CITY LIMITS SOLD

The Bushnell-Crane Company today sold the Scarborough ranch two and one-half miles south of town, to H. D. Stevens, of Park Rapids, Minnesota, for \$5500. The land abuts the city, there being 100 acres in the piece. The tract is largely farm land, but is also a good investment as suburban property.

## GATES MAY LIVE IN OLD ENGLAND

New York, Aug. 10.—John W. Gates, it is learned by the Sun's Saratoga correspondent, has gone to England to settle there, like Richard Croker, live the life of a country squire and keep up a big racing establishment. This, it is stated, is the true meaning of the auction of C. E. Darnell's stable, to take place on August 16. During this time it was announced that they were going to England and it is said he will get together a stable of English-bred horses, which he will race for Mr. Gates. Mr. Gates, the story also says, will retain his citizenship in the United States. His son will probably represent him here, but he himself will seldom favor this country with a visit.

## CHILDREN IN PAIN

Never cry as do children suffering from hunger. Such is the cause of all babies who cry and are treated for sickness when they really are suffering from hunger. This is caused by their food not being assimilated, but devoured by worms. A few doses of White's Cream Vermifuge will cause them to cease crying and begin to thrive at once. Give it a trial. Linn Drug Company.

The Oregonian says that the Democratic slate has been fixed up as follows: United States senator, Governor Geo. E. Chamberlain; governor, Dr. Harry Lane; district attorney of Multnomah county, John Manning; sheriff of Multnomah county, Tom Word.

## NO IMPORTANT ACTION AGAINST E. H. HARRIMAN

Washington, Aug. 12.—Inquiry at the department of Justice elicited the authoritative statement that there will be no proceedings to compel E. H. Harriman to answer certain questions he refused to answer when before the Interstate commerce commission last winter in New York; also that there will be no other proceedings against him, and that no proceedings against the Union Pacific have either been determined upon or are now under consideration.

## HENEY MAY QUIT LAND FRAUD CASES

Whether Francis J. Heney ever comes to Oregon to resume prosecution of the land fraud cases is up to the attorney-general of the United States, says the Portland Telegram. And the same is true as to whether William C. Bristol will retain the office of United States attorney for Oregon. Recent developments are such that it can be written down as a fact that Mr. Heney and Mr. Bristol will not continue indefinitely to sit on the lid. If the administration at Washington expects a luke-warm policy to continue in vogue as to the Oregon land fraud situation it is a safe prediction that Mr. Bristol will quit the place and tell the department of justice to look elsewhere for a man to take his place and nothing is more certain than that Mr. Heney will lay down his title as special assistant to the United States attorney-general.
