BABY TORTURED BY ITCHING RASH

Face and Feet Covered—Rest Broken and Would Cry Until Tired Out—"Cradle Cap" Added to Baby's Torture—Tries Cuticura Soap and Cuticura Ointment.

IMMEDIATE RELIEF AND SPEEDY CURE

"My baby was about nine months old when she had rash on her face and feet. Her feet seemed to irritate her most, especially nights. They would cause her to be broken of her rest, and sometimes she would cry until she was tired out. I had always used Cuticura Soap myself, and had heard of so many cures by the Cuticura Remedies that I thought I would give them a trial. The improvement was noticeable

in a few hours, and before I had used one box of the Cuticura Ointment her feet were well and have never troubled her since. I also used it to remove what is known as "cradle cap" from her head, and it worked like a charm as it cleansed and healed the scalp at the same time. Now I keep Cuticura Ointment on hand in case of any little rash or insect bites, as it takes out the inflammation at once. Perhaps this may be the means of helping other suffering babies. Mrs. Hattie Currier, Thomaston, Me. June 9, 1906."

SPRINGFIELD TIES EUGENE'S PERCENTAGE

LIVELY BASEBALL GAME YESTERDAY ENDS WITH SCORE OF 6 TO 2 IN FAVOR OF SPRINGFIELD—BEST TEAM WON—EUGENE WEAKENED

Standing of the Clubs.

	Won.	Lost.	P.C.
Eugene	4	3	.570
Springfield	4	3	.570
Coburg	2	4	.333

(From Monday's Guard.)

Springfield tied the Eugene Colts yesterday in the percentage column of the Lane county league by winning the game, 6 to 2. The game was exciting, though a few errors were piled up in the tabulated score. Until DeNeffe hurt himself trying to tag a runner in the fifth it looked like an extra-inning affair, but then the Springfield nine kept shooting them at the pitcher so hard that all he could do was to make errors. So far it was hard luck for the Colts, but for all that they should have tied the score, since they got man after man on the bases, but they seemed glued there and afraid to attempt a steal. Perhaps they were right, for King had his wing with him, but the spectators would have liked to have seen them try.

Springfield turned out in a body to see Manager Sid Smith's aggregation, picked up from the best in the valley amateurs at the expense of a great deal of effort and care, work out in their scarlet suits. There were as fair ladies in the grand stand as ever Old Kentucky had seen with cheers to encourage their team. No wonder the locals lost, for what one of the local favorites could have disappointed Springfield's fairest belles.

But after all it was probably a case of the best team winning. Eugene was weakened in the outfield by the absence of Hobbs and Moshberger, the pinch sticker, and Springfield certainly had all the stars they could get together.

Taliafero was not in a s good form as the Sunday before, but at the same time he was effective. DeNeffe had unusually hard luck in that he hurt his arm, and with the exception of that showed himself in better shape than ever before.

In the fatal fifth Campbell made first on Whittake's error and immediately stole second. On Paine's grounder to DeNeffe, after an exciting play between first and second, Campbell landed safely on third. Humphrey knocked an easy one to DeNeffe, who had hurt his arm a minute before, and fumbled the ball, Campbell scoring. On a throw to the plate in the next play Weed dropped the ball and Paine scored. King went out at first on a strikeout play. Taliafero hit to DeNeffe, who mussed the ball up again, Humphrey scoring. Kestley struck out. Smith arose, not satisfied with three runs, and knocked a two-bagger to left field, scoring Taliafero. McClellan went out at first, finishing the chapter.

In the seventh inning Eugene pushed one over the plate and in the eighth made another, their last run.

In their half of the ninth Springfield, with two men down, brought in two more runs by three successive hits, ending the game with the score 6 to 2.

Baseball at Coburg.

Coburg yesterday afternoon bested the Corvallis nine, winning by the score of 14 to 1. At no time was there any doubt as to the outcome. Russ Coleman knocked a home run, which was the feature of the game.

As Eugene failed to beat Coburg so bad it beging to look as though Coburg might run some show of winning next Sunday.

"REGULAR AS THE SUN"

is an expression as old as the race. No doubt the rising and setting of the sun is the most regular performance in the universe, unless it is the action of the liver and bowels when regulated by Dr. King's New Life Pills. Guaranteed by W. L. DeLano, druggist. 25c.

LUTHERAN'S OPENING MARKS COUNTY'S PROGRESS

(From Monday's Guard.)

The United Lutheran church held their opening exercises yesterday in the first church home of their denomination in this part of the country. The services were attended by about 175 members and friends from the county. Services will be held regularly in the near future.

The buying of the church and its opening is one of the events that mark the forward progress of the county. The Lutheran people are largely Danes, Norweigans and Swedes, the very best stock in the world. The best of these people will not go to settle in a country unless there is a church of their denomination somewhere near, and from now on it is safe to prophesy that many hundreds will come to Lane county.

It was these people who settled up Minnestoa and the Dakotas and brought those states forward so rapidly. At Junction a Danish high school is in course of construction, which is another thing of great advantage to the settlinge of the county by these thrifty people.

EUGENE OPERATOR BEATEN IN BOISE

Boise, Idaho, Aug. 17.—The only instance of violence here in connection with the telegraphers' strike, so far as reported, occurred when C. W. Barnard, an operator who refused to go out, was assaulted by Thomas E. Powell after he left the office. Powell and three other operators followed him, and Barnard sought to get into the police station. Powell overtook him at the entrance of the city hall and knocked him down.

Barnard was badly frightened by his experience and left in the afternoon for the West. His home is at Eugene, Or., where he has a bamily. Powell is a former operator, who i s now engaged at other work. No arrest was made, Barnard declining to make a complaint. Mayor Haines urged him to do so, saying it was his duty. The mayor added that any man would be protected here. His assurance was not sufficient to quiet the fears of the man assaulted, and he took his departure. This leaves Manager Hackett alone in the office.

DIED.

(From Monday's Guard.)

J. H. Rickman died Sunday afternoon at his home, five miles west of Eugene, of typhoid fever, after an illness of over two weeks. He is survived by a wife, five children, two brothers and a mother. He would have been forty-three years of age the 15th of next month. The funeral will be held at the home tomorrow afternoon at 1 o'clock, with interment in the Mulkey cemetery at 3 o'clock. Mr. Rickman and his family came to Eugene from California about three years ago, and in that time had won the regard of all his neighbors and acquaintances. He was born in Illinois.

LUMBER PRICE GOES DOWN IN PORTLAND

Because of the weakness of the California market, the drop in charter rates to Sa nFrancisco and the lower prices for logs, which have fallen off about $2 from the prices of four months ago, lumber in the Portland markets has fallen from $2 to $3 a thousand feet. Prices in the local market range about $13 or $14.

The price of lumber is always about $2more than the cost of the logs from which the lumber is cut. Labor enters very largely into the cost of the finished product, and Portland lumbermen say they do not anticipate any further decline in prices unless labor becomes cheaper. They say the two will remain relatively close together.—Oregonian.

I have used it constantly. I believe it to be the best medicine of its kind, and I wish all sufferers from these troubles to know the good Herbine has done me." Linn Drug Company.

Hop picking began in some of the yards today. The Sommerville yard turned away over 200 applicants, but as all the people intending to pick apply for the jobs first thing, little definite can be said concerning the supply of pickers later when all the yards start. Considerable worry is being felt in the counties north of here over the labor situation.

Figs can be successfully grown in Lane county, for Grant Hendrncks, who lives near Hendricks' Ferry, has a beautiful tree full of the fruit, if it can be called such. Al Walker brought one down Sunday on his return from up the McKenzie, where he has been securing rights-of-way for the electric road.

The launch Lena made a trip to the beach last Sunday, carrying a party composed principally of Acme people. The ladies of the party landed near the mouth of the river, while the men remained on the boat for a trip down closer to the bar. As they drew near the breakers a wave washed over the decks, and in some manner a rope became entangled in the propellor so that the engine would not run. The ebbing tide was fast carrying the boat out to sea, when after repeated efforts to turn the wheel the rope was finally broken and the engine started. Then they turned back and were soon safe on the beach.

A little son of Robert Smith, of Tsiltcoos lake, had his feet quite badly burned a few days ago. The folks had been burning some brush and the fire followed the roots for some distance underground. The boy started to walk across the place, but broke through the overhanging crust, letting his bare feet down into the fire.

A. P. Goss left Sunday for a business trip to Portland and Eastern Oregon, after spending several days in Florence looking after matters in connection with the banking enterprise here. He will return here in a short time and prepare to open the bank for business. He will also move his family to Florence.

Mr. and Mrs. C. D. Burkhardt, of Eugene, camped in town Sunday night after spending a week at the cape. They think the cape is a fine place for an outing, but find it rather hard to get there.

Papers were made out Wednesday for a real estate deal by which Warren Andrews sold his ranch on the river above Mapleton to Geo. B. Camp.

Mrs. I. B. Cushman and daughter Ula leave today for a couple of weeks in Eugene.

Mrs. W. W. McCornack, of Eugene, is visiting with relatives on the North Fork.

COBURG GLASS WORKS HAVE NOT STARTED

(From Monday's Guard.)

The Coburg Glass Works have not yet started, though everything is in readiness except a hood for one of the furnaces. The hood is being constructed in Eugene, but was ordered so late that it could not be finished in time to begin operations the first of August. It is hoped by the promoters that work can begin either tomorrow or Wednesday.

All of the workwen are now at Coburg ready to begin the making of all kinds of glass, except plate. The reason that the plant w as located at Coburg was because of the plentiful supply of fuel there from which the heat will be derived which melts the ingredients into a glass liquid.

San Francisco, Aug. 19.—(By phone from Associated Press.)—The state supreme court today decided, in the McKenna salary case, that the removal of Mayor Schmitz from office was a legal act.
