

WE CANNOT SAY TOO MUCH FOR PE-RU-NA

These Women Say, in Substance, That Before They Took Pe-ru-na They Were Miserable. They Were Weak and Wretched. After Taking Pe-ru-na They Were Restored to Health and Usefulness. This is the Whole Story In a Nutshell. If Pe-ru-na Can Do Such Wonders For These Women It Can Do the Same For You.

The housewife is the one who is best able to judge of the relative merits of family medicines. It is she that knows the many uses of Pe-ru-na in the family. It is upon her testimonial that chiefly depends the popularity which Pe-ru-na enjoys.

Mrs. E. T. GADDIS

Mrs. E. T. Gaddis, Marion, N. C., writes: "Before I commenced to take Pe-ru-na I could not do any hard work without suffering great pain. I took Pe-ru-na and Manalin, and can say with pleasure they have done more for me than any other medicine I have ever taken. Now I am as well as ever, I do all my own work and never hurt me at all. I think Pe-ru-na is a great medicine for women."

From Grateful Women.

"I was troubled with suppressed and painful menstruation. I took Pe-ru-na according to your directions, and now I am well."—Mrs. James Eighmy, Grape, Mich.

"We have been using Pe-ru-na for some time. To speak from a standpoint of experience I can candidly say that Pe-ru-na is the remedy for female weakness. From a personal test and from the testimony of many others I shall not hesitate to recommend it, especially to all suffering women."—Mrs. M. F. Jones, Burning Springs, Ky.

"I suffered from catarrh for many years, but since taking Pe-ru-na I feel strong and well. As I used Pe-ru-na and Manalin while I was passing through the change of life, I am positively convinced your beneficial remedies have relieved me of all my ills."—Mrs. Mathilde Richter, Doniphan, Neb.

"I suffered with pelvic catarrh until I wrote to Dr. Hartman, and after taking treatment as he advised, I can say I am cured of this most trying affliction, for which I am truly thankful. I never felt better in my life than I do at present."—Mrs. Etta Booker, Dundurn, Sask., N. W. T., Can.

PE-RU-NA FOR PELVIC DISEASES.

Mrs. A. E. Stouffer

Mrs. A. E. Stouffer, Capoma, Kansas, writes: "Pe-ru-na has given me health and strength; it is the best medicine that was ever made for women. My friends say they never saw such a change in a woman. I talk to every one about Pe-ru-na. I cannot say too much for it."

A Remedy For Women

It is safe to say that we have thousands of letters written to Dr. Hartman from women who repeat the same sentiment to be found in Mrs. Stouffer's testimonial: "My friends say they never saw such a change in a woman." Over and over again this sentence is penned by grateful women who are more than willing that we should use their words to assist other suffering women in finding a cure. Pe-ru-na is a great medicine for women. It cleanses the inside of the body in much the same way that water cleanses the outside of the body.

NO IMMEDIATE CONSTRUCTION ON ELECTRIC LINE

The Oregon Electric railway, which undoubtedly has the best track ever laid in Oregon, will not stop at Salem, its present southern terminal. Its builders will push its construction south to Albany and Eugene, and for the entire distance a first-class railroad will be built, regardless of expense. This is not all that the eastern capitalists who have put fortunes into this electric project will do for this section of the state, for a complete system of feeders reaching to all parts of the fertile Willamette valley will be added to the system after the main trunk line is completed. Assurances are had from officials of the system that all this construction will soon be undertaken. It is believed these trolley lines will develop the Willamette valley as no other one thing can do. Construction of the extension from Salem to Eugene will not be commenced at once. When electric

SECOND LARGEST HIGH SCHOOL IN STATE

The Eugene high school is now the second largest high school in the state in point of attendance, the enrollment having reached 299 today. Salem, which has heretofore led Eugene, is now third with 280 pupils. The enrollment here is steadily climbing and will soon be away beyond the 300 mark.

Hard Times in Kansas.

The old days of grasshoppers and drought are almost forgotten in the prosperous Kansas of today although a citizen of Codell, Pearl Shamburg, has not yet forgotten a hard time he encountered. He says: "I was worn out and discouraged by coughing night and day, and could find no relief till I tried Dr. King's New Discovery. It took less than one bottle to completely cure me." The safest and most reliable cough and cold remedy and lung and throat healer ever discovered. Guaranteed by W. L. DeLano's drug store. 50c and \$1. Trial bottle free.

A new daily train between Portland and Pendleton will be put on by the O. R. & N. Co. The train will make its first trip next Sunday.

A Tangent man is using the first disc gang plow used in Linn county, with his traction engine, he pulled a LaCrosse plow, consisting of two gangs of four discs each, along much easier than a span of horses can haul a common plow, thus making eight furrows at a time. Twenty acres a day can be plowed easily, and the plow does excellent work.

The Cody Lumber company at Coquille, has just started a sawmill of 100,000 feet daily capacity. It is the only mill on the coast which will therefore, get most of the shipyard orders for spars and long timbers.

SOUTHERN PACIFIC ERECTING COAL BINS IN EUGENE

CARPENTERS BEGAN WORK THIS MORNING—WILL BE LOCATED ON SOUTH SIDE OF YARDS ON SHORT SIDE TRACK. INTERESTING DEVELOPMENTS MAY BE LOOKED FOR.

A crew of Southern Pacific carpenters arrived here this morning and began the work of erecting a coal bin on the company's ground just west of the old Smith & Hall warehouse. It will be on the short switch which will extend from the western limits or the yards when the re-arrangement of the track is made, and which will be the only sidetrack south of the main track.

The new coal bin will be 12x40 feet in dimension and 4 feet deep, with a capacity of 50 tons of coal. The erection of the bin here is a surprise, as there are very few of the locomotives on this line that are now using coal, all of the passenger engines and a majority of the freight engines using oil as fuel.

The building of the bin here may mean that Eugene will be made headquarters for a freight crew of two, although Junction City, only 12 miles away, is a division point and there is plenty of room there to house the engines.

There are rumors of some interesting developments in connection with the railroad improvements here in the near future, and this work may be the beginning of more extensive improvements than have heretofore been announced.

MURDER MYSTERY IN LOS ANGELES

Los Angeles, Oct. 5.—The police of this city are investigating what is believed to be a murder. At an early hour the body of a man was found in the rear of a house at Fourteenth and Main streets evidently taken there in a carriage. The face and head were badly bruised and the dead man had been bleeding at the nose and mouth.

Papers found in his clothes indicated that the victim was Thomas McCue; that he left Salt Lake September 19, and was previously a guest at the Trinidad hotel, Trinidad, Colo.

JAPANESE CANNOT RECOVER DAMAGES

San Francisco, Oct. 5.—Judge Sewall has decided that Eymoto, a Japanese restaurant keeper, whose place was damaged by a mob several months ago, cannot recover from the city and county damages for anything but the actual loss incurred. He sued for \$2,000 for his loss, good will and profits, in addition to compensation for breaking his windows, etc.

CLARENCE DARROW UNDERGOES OPERATION

Boise, Oct. 5.—Clarence Darrow of Chicago, the attorney, underwent a second operation for abscess of the left ear. The operation was successful.

BORN.

In Eugene, October 4, to Frank Hanson and wife, a bouncing boy.

In Eugene, October 3, 1907, to Lee Hoselton and wife, a son. This No. 1 for Lee.

At Thurston, October 2, 1907, to Milton Gossler and wife, a son.

HARRISBURG NEWS OF LOCAL INTEREST

J. C. Sablin was over Junction way the latter part of last week looking after some stock in that section. Miss Nellie Hay, who is now employed on the Roseburg Review, came home Thursday last for a visit with her parents, Mr. and Mrs. Jerry Hay, and numerous friends.

Mr. and Mrs. S. W. Long, of Eugene, accompanied by their daughter, Mrs. Frank Morrill, of Chicago, were here over Sunday, visiting with relatives and friends. Ed Wolloughby left Sunday for Springfield, where he has secured a position, and will likely move his family there later. His many friends hereabouts are wishing him success in large chunks.

Mr. and Mrs. A. A. Valentine left Wednesday evening of last week for Springfield, where they will likely reside in the future. Mr. Valentine having accepted a position with the Willamette Valley company at that place. Their many friends here, while they regret to have them move away from Harrisburg, are wishing them all kinds of success.—Harrisburg Bulletin.

Miss Alice Tober, formerly of Eugene, was married at The Dalles a few days ago to Robert Bassett, of Seattle.

REPORTED ARREST IN BROWN CASE BUT STORY LACKS CONFIRMATION EVIDENCE IS BEING SLOWLY GATHERED

Portland, Oct. 4.—The Evening Telegram is in receipt of a dispatch from Baker City to the effect that Sheriff Rand of Baker county last night made an arrest at LaGrande in connection with the murder of Harvey K. Brown. The dispatch lacks confirmation. A telephone message from LaGrande says that nothing is known there of any arrest of any connection with Brown's murder.

Gathering Evidence. Portland, Oct. 5.—A dispatch to the Evening Telegram from Baker City says that C. A. Elmer, private secretary to Governor Gooding of Idaho, has arrived at Baker City with the notes and data relative to Harvey K. Brown's connection with the prosecution of the Western Federation of Miners.

A woman of the half world comes forward with a statement that she overheard a conversation between two men early Monday night. One asked: "How about Jackson?" The other replied he would look out for the chief that he knew where he lived and would keep tab on him. The other replied: "You take care of Jackson and I will keep watch on Mayor Johns."

The men then walked away. The description given by the woman of the two men tallies with that of the foreign looking persons who accompanied two men into a department store Monday afternoon and bought a kimono.

Chief of Police Jackson says that on Monday night he and his wife were shadowed to church by a man and were "trailed" home after they left the church. Jackson did not attach much importance to the matter at the time.

Mayor Johns footsteps were dogged the same evening. Sheriff Hodgins has arrived from Boise. He says that three attempts have been made on the life of Angus Sutherland, former sheriff of Shoshone county, Idaho. He was once decoyed by a fake telegram to Philman, Washington, but his life was saved by a drunken man at the depot, who, under pressure, admitted that three men were lying in wait for Sutherland. The men fled when Sutherland and the town marshal went after them.

Twice men lay for him on his way home from down town at Wallace, but Sutherland took an unusual route home. These facts were learned from the wife of one of the conspirators who separated from her husband.

President AT HUNTING CAMP IN LOUISIANA

New Orleans, Oct. 5.—A telephone message to the Associated Press from Lake Providence says that President Roosevelt and party arrived there this morning. There was a large crowd at the station to welcome him and the president delivered a short speech.

Camp in Readiness. Lake Providence, La., Oct. 5.—President Roosevelt's hunting camp in East Carroll parish is in readiness for the president and party. Eleven tents are pitched within a stone's throw from the river. Five are for the occupation of the white men of the party, two for negroes, and the remaining tents are for kitchen and dining tent. A canvas has been spread for the horses. The location is a good one.

President Roosevelt has telegraphed a peremptory order to

LEWIS S. CHANLER.

Lieutenant governor of the state of New York, who is talked of as Democratic candidate for president in 1908.

United States Inspector of Hulls Williams, of this port, directing that the license of the steamer Fred Hartweg be suspended immediately. The Hartweg is a swift little Ohio river steamer and carried the Pittsburgh delegation down the Mississippi on the notable journey which ended at Memphis yesterday.

The Hartweg yesterday gave its sister steamers a chance to show their speed, and ran past the Mississippi upon which the president was guest of honor.

WIDOW OF OREGON SENATOR IS DEAD

Portland, Oct. 5.—Mrs. J. N. Dolph, wife of the late United States Senator Dolph of Oregon, died last night of pneumonia, after a short illness.

NEWS NOTES

A dispatch from Astoria says that the quartermaster's department of Fort Stevens has received orders from the department in Washington that plans have been approved for the construction of a barracks at Fort Stevens to accommodate 169 men.

Joseph B. Gill, who was lieutenant-governor of Illinois, when John P. Altgeld was governor, and for many years one of the leading democrats in southern Illinois, has announced his decision to go over to the republican party.

At Springfield, Ill., the supreme court handed down an opinion declaring the new primary election law unconstitutional.

A dispatch from Vienna says that Emperor Francis Joseph is confined to his apartments at Schenbrunn castle, suffering from bronchial catarrh.

CONVICT WOULD PUBLISH BOOK ON ARMY LIFE

Lieutenant Kirkman, notorious army crook, desires to tell the public all about the inside of army life—Kansas City publishers refuse to print his book.

Leavenworth, Kas., Oct. 5.—Capt. George W. Kirkman, late of the Twenty-fifth United States infantry, was discharged from the United States penitentiary here today. He immediately announced that he had written a book dealing with the inside of army life, and attempted to get it printed in a Kansas City publishing house without success.

The book deals with scandals in the army and army life and mentions several well known officers. Kirkman will go to Chicago to interest publishers there.

Kirkman is a member of one of the best known army families of the United States. In 1905, while stationed at Fort Nebraska, he caused the suicide in Omaha of an officer of his regiment because of remorse over his wife's relations with Kirkman. Kirkman was convicted of conduct unbecoming an officer and gentleman. In 1906 he was tried at Manila for offensive conduct toward the late Archbishop Chapelle, while enroute to the Philippines on a transport, found guilty and sentenced to dismissal from the army. He appealed on the ground a state of war did not exist in the Philippines, and the decision was reversed and Kirkman was restored to his rank.

JUNCTION CITY NEWS OF INTEREST

Emmet Mulholland and bride arrived here Wednesday evening from Portland and were welcomed at the train by a large number of Mr. Mulholland's former schoolmates and other friends. They expect to make their home at this place.

Married.—In Eugene, October 1st, 1907, at the residence of and by Rev. D. E. Olson, Mr. Jasper Ebbett Allen to Miss Florence Dorsey. The bride is a daughter of T. J. Dorsey and has a host of friends. The groom is a son of Maurice Allen and is an exceptionally fine young man. They will be at home at their farm three miles north of Franklin after October 7.

A crowd of twenty-six young people and a number from Riverview spent Saturday evening enjoying the hospitality of Mr. and Mrs. W. T. Simmons. Hon. I. N. Edwards and wife, Mr. and Mrs. Harper and Mrs. Skidmore were chaperones. A delightful evening was spent in music and a good time. The great treat of melons and fruit was a surprise and delight to all and enough was left to supply a regiment. Every one voted the hostess a royal entertainer and extended to her sincere thanks for the pleasant evening, the memory of which will linger long years from now when some are old and gray. Such gatherings as this are promoters of good fellowship and prosperity.

School opened Monday with the largest attendance in the history of the place. Every room is crowded to the limit and in some rooms the seating capacity is insufficient to supply the demand. The C. P. church has been secured and the board will furnish it with the necessary seats when another teacher will be employed. We have not been informed as to the exact amount of the increased enrollment but it is far beyond expectations. Notwithstanding the great supply of school books ordered by our dealers, the supply is not adequate and it is that way all over the state, as more books cannot be had just at present, although every effort is being made to secure them.—Times.

RETURN FROM THEIR EUROPEAN TRIP

Dr. and Mrs. F. W. Prentice arrived home Wednesday night from their trip to Europe. They left May 29 and took the steamer for Liverpool from Quebec, returning the same way and coming across the continent by the Canadian Pacific railway. They traveled all through England, Scotland, Ireland, Belgium and France and while each country had its distinctive beauty and attractions, they saw no country to equal Oregon and are very glad to get back home again.

Dr. Prentice visited all the leading hospitals in London, Edinburgh and Dublin and is now equipped with all the latest ideas in surgery and medicine in vogue in the old country. They had a very pleasant voyage across the Atlantic each way and both are in excellent health.

COWARDLY ASSAULT ON AN OLD MAN

Guard Special Service. Junction City, Oct. 1.—One of the most cowardly assaults ever committed in this end of the county occurred at the Nelson S. Jensen hop yard, just east of town, one day last week.

It seems that J. Alex. McFadden was continually making insulting remarks about different people, and it became so tiresome that C. C. Baber, and old gentleman 70 years of age, who knew there was no truth in some of the statements made, told McFadden he could
