

TESTIMONY IN REBUTTAL AT BRADLEY TRIAL

Washington, Nov. 27.—Archibald Livingston, former stenographer of Senator Brown, continued his testimony in rebuttal at the Bradley trial today. He declared that on December 1, one week before the tragedy, Mrs. Bradley called him on the telephone and said:

"So Mr. Brown got away, did he?" Livingston declared that on his telling Mrs. Brown he did not think Brown would marry her she said: "Well, he'll have to or I'll blow his head off."

P. P. Christensen, a Salt Lake attorney, knew Mrs. Bradley intimately. He described the scene at the depot in the summer of 1905 when Mrs. Bradley insisted on going away with Brown and fairly hung on to him. Brown, he said, repeatedly repelled her.

Sorenson Christensen, of Salt Lake, testified that on the occasion of a trip

to Pocatello with Brown, Mrs. Bradley appeared suddenly and Brown chastised her for following him there. On the same occasion Mrs. Brown appeared and engaged in a personal struggle with Mrs. Bradley, clutching her by the throat and exclaiming: "Let me kill her."

On the same occasion, witness stated, Brown declared in the presence of Mrs. Bradley, Max Brown and himself that he was not the father of Max Brown, and Mrs. Brown upbraided him as "a low, vile creature for denying his own child and admitting the fatherhood of bastards."

After a number of witnesses had testified at the afternoon session as to Mrs. Bradley's rationality, court adjourned until Friday morning.

Chicago Wheat Market Chicago, Nov. 27.—Close, December, 93 5-8; May, \$1.03 1-4 to 3-8.

COURT TO SAY WHETHER JONAH SWALLOWED WHALE

Boston, Nov. 27.—The courts of Massachusetts may be called upon to pass upon the truth of the Jonah-whale story. The Christian Bible college has brought suit against Rev. Gustavus A. Hoffman, to enforce the payment of an endorsed note. Hoffman declined to pay the note and alleged that when he signed it he believed the college to be orthodox. He cites the story of Jonah and the whale, which he says the college refuses to accept, and says he will ask the courts to pass upon the matter.

BARON OF BATTERSEA HAS PASSED OVER

London, Nov. 27.—The death is announced of Cyril Flower, first baron of Battersea. He was lord of the treasury during the Gladstone administration.

JOE CANNON ORDERS PRIMARY BILL KILLED

Springfield, Nov. 27.—The Oglesby direct primary bill, which would have changed the method of choosing Illinois' delegates to the national political conventions, was killed at midnight in the lower house of the state legislature. The bill was ordered killed by friends of Speaker Cannon, as being possibly inimical to his candidacy for the Republican nomination for president.

IOWA BANKERS PROVIDE THE MONEY

Des Moines, Nov. 27.—Local banks have come to the aid of the mine owners, providing them with cash with which to pay miners, thus avoiding a strike of three thousand miners. All differences have been adjusted and the miners have returned to work.

VETERAN WALKER BREAKS HIS RECORD

EDWARD PAYSON WESTON. Pedestrian of sixty-nine who started Oct. 29 to walk from Portland, Me., to Chicago, repeating a feat he performed forty years ago.

Chicago, Nov. 27.—Edward P. Weston ended his tramp of 1234 miles

from Portland, Maine, at the federal building here at 12:15 today. He left Portland on October 29 at 5 p. m., thus making his traveling time, exclusive of Sundays, twenty-four days, nineteen hours and fifteen minutes. He did not walk Sundays. He broke his record of forty years ago by one day, three hours and twenty-five minutes.

IDENTITY OF WOMAN MAY BE ESTABLISHED

Oakland, Nov. 27.—Evidence tending to show that the woman who passed as the wife of M. A. Wilkins, and of whose murder he is accused, was Mrs. Kerner Linderman Carmon, formerly of Kansas City, was obtained today.

MORMON MISSIONARIES REGARDED AS OBNOXIOUS

Leipzig, Nov. 27.—The police today expelled from Saxony four Mormon missionaries as "obnoxious foreigners."

An Oregonian dispatch from Washington asserts that the land fraud cases in Oregon will be resumed at once, whether Heney is able to conduct them or not. Ex-District Attorney John Hall is hurrying up matters by demanding an immediate trial.

PANAMA CANAL COMMISSION FILES REPORT

REPORT TELLS OF PROGRESS OF WORK — SANITARY CONDITIONS — MUNICIPAL IMPROVEMENTS — LABOR SUPPLY — GOVERNMENT OF CANAL ZONE

Washington, Nov. 27.—The Isthmian canal commission report was released for publication last night. It shows that excavation has been going on at a very satisfactory rate.

That the preparation was efficiently done and the organization effective is best attested by the results accomplished and the relatively small falling off of the output during the wet months; thus the amount of material removed from the Culebra cut was 4,047,071 cubic yards, place measurements, from January 1 to June 30, out of a total of 5,570,432 cubic yards for the fiscal year.

Locks and Dams This department of construction embraces the Gatun locks and dam, the locks and dam at Pedro Miguel, the locks and dam at Boca, meteorology and river hydraulics.

The locks are in pairs, each as now proposed, with usable lengths of 1000 feet and widths of 100 feet. The adopted project contemplates a flight of three locks at Gatun, a flight of two locks at La Boca, and one lift at Pedro Miguel.

Prior and subsequent to the adoption by congress of the 85-foot level canal in June, 1906, borings were made to determine the character of the foundations at the various lock sites. The classifications of the data so obtained was recorded in such a way as to cause considerable adverse comment, questioning the suitability of the material for the purpose. To actually develop the character of the foundations on which the locks are to rest five test pits each 6 feet by 8 feet were sunk to the depth of the lock walls at Gatun, two at Pedro Miguel, and one at the spillway at Gatun dam. The outcropping of trap rock at La Boca, which borings showed extends to proper depths, rendered such examinations of the foundations for these locks unnecessary. On the completion of the test pits a board of consulting engineers, consisting of Alfred Noble, Frederick P. Stearns and John R. Freeman, made a personal examination of the material, and under date of May 2, 1907, reported as follows:

"We beg to record that we found all of the locks of the dimensions now proposed will rest upon rock of such character that should furnish a safe and stable foundation."

Not by Contract. The conclusion that the work can be done better, cheaper and more quickly by the government has been reached only after free and full discussion by the various members of the commission and the higher officials connected with the construction work, and after careful consideration of all sides of the proposition.

Construction of Railroad The completion of the canal will necessitate the abandonment of the present main line of the Panama railroad, and preliminary surveys for the location of a new line on the east side of the canal were commenced the latter part of July and completed in November. The location of the line was practically determined in March, and involves the excavation of 1,600,000 cubic yards of material and the placing of 12,000,000 yards in embankments.

Boundaries The centre line of the canal being practically determined, surveys were made to fix the zone boundary lines, which, under the treaty, are five miles on either side of the centre line of the canal. Associated with the commission in this work was an engineer representing the interests of the republic of Panama.

EDITH ROOT MARRIES SON OF GENERAL GRANT

Washington, Nov. 27.—Miss Edith Root was married today to Ulysses Simpson Grant, third grandson of the leader of the Union forces in the civil war.

Miss Root has never been enamored of the superficial society diversions which so often characterize the careers of young women here who belong to the higher official circles. With her mother Miss Root has been a close student of international politics, and is accounted to be one of the best informed in the cabinet circles on questions pertaining to the activities of her distinguished father, Secretary Root, of the state department.

Secretary Root, following the lead of the late James G. Blaine, several years ago began to cultivate the friendship of the countries to the south, which were torn with dissensions and which indulged in a revolution almost every year. The practically defunct International Bureau of American Republics was selected by him to perform largely the work of cementing the bonds between this and those countries, and a former Oregon newspaper man, John Barrett, was selected to take the directorship of that bureau. Mr. Barrett, then minister to Colombia at a salary of \$10,000 a year, accepted the position, and the salary of the new position was raised to \$10,000 for him.

Studied Country. However, instead of leaving the bureau referred to alone to work out the problem, the secretary went into the subject germane thereto with great vigor, and his daughter, Miss Edith, conceived the idea of studying the literature, history and sociology of the southern countries, and in company with Mrs. Root mastered these subjects thoroughly.

Not merely as an accomplishment, was this work done, but the knowledge thus obtained was made a part of the furnishing of the secretary when he journeyed to South America and Central America last year, and

PETTIBONE CASE CALLED FOR TRIAL AT BOISE TODAY

Boise, Nov. 27.—The trial of Geo. A. Pettibone for alleged complicity in the murder of former Governor Steunenberg, began in the superior court today, Judge Fremont Wood presiding. Attorneys Hawley and Darrow were present, and C. C. Ca-

GEORGE A. PETTIBONE. Former member of the executive committee of the Western Federation of Miners, who is accused of plotting the murder of ex-Governor Steunenberg of Idaho.

avanaugh, a law partner of Senator Borah, was entered as associate counsel for the state.

After the jury box was filled, Mr. Hawley briefly stated the state's case and immediately plunged into his examination of witnesses. After several had been excused, William H. Gifford was passed by the state for cause.

MISS EDITH ROOT.

the result was that the name of Root is now held in those countries as the

KLEINSCHMIT'S FATHER COMES TO HELP SON

Berkeley, Nov. 27.—Word was received today that A. Kleinschmidt, father of the young man under arrest for the murder of Student Bellows, is on his way here from Montana to assist his son. If there are any new developments in the case, they are being carefully concealed by the district attorney.

Young Kleinschmidt's friends and relatives still assert his innocence, and declare that an investigation will show he had nothing to do with Bellows' death.

Oakland is said to be the greatest turkey shipping town in the United States. It has shipped over 10,000 dressed turkeys this season.
