IT WILL HELP YOU PE-RU-NA FOR CATARRH IN ALL PARTS OF THE SYSTEM RELIEVES COLDS, COUGHS, GRIP, AND ALL CATARRHAL DISEASES.

Ask any fair-minded doctor and he will tell you that golden seal, cubebs and oil of copaiba (contained in Pe-Ru-Na) are valuable remedies in the treatment of catarrhal diseases. And every honest doctor will concede that *collinsonia canadensis*, *corydalis formosa* and *cedron seed* (contained in Pe-Ru-Na) are tonic remedies of high value. With this opinion all the leading medical text books agree.

GREAT FRUIT MEETING IN EUGENE SATURDAY

HORTICULTURISTS CROWD THE COURT ROOM TO LISTEN TO ADDRESSES

MOST SUCCESSFUL MEETING OF ITS KIND EVER HELD IN EUGENE—PROMINENT SPEAKERS ON THE PROGRAM—ANOTHER SESSION TONIGHT

(From Saturday's Guard).
The mass meeting held at the court house this afternoon under the auspices of the Lane County Horticultural Society and the Eugene Commercial Club, was largely attended and was the most successful meeting of its kind ever held in Eugene.
The meeting had been extensively advertised, programs having been published in every paper in the county as well as many outside the county, and as a result men from all parts of the state were in attendance.
Several of the principal speakers arrived here on the afternoon train today and were met at the depot by a delegation from the horticultural society and the club and the Eugene Military band was there to welcome them with stirring music. The speakers were certainly given a royal welcome.
When the time came for opening the meeting the big circuit court room in the court house was crowd-

ette Valley from a Horticultural Standpoint."
After this address a number of questions that had been prepared were asked and the answers given by the speakers present.
E. L. Stewart, a prominent fruit grower of Spokane, was at the meeting and was asked to make a few remarks. He owns a large orchard in the Yakima valley and is one of the leading horticulturists of Oregon's sister state.

TWO EUGENE GROCERY STORES CHANGE HANDS

H. B. DAVIDSON AND ALLEN & SON SELL TO MEN RECENTLY FROM THE EAST

H. B. Davidson has sold his grocery store at the corner of West Eighth and Charnelton streets to W. C. Gibson, who resides at 588 East Thirteenth street, and who with his family moved here several months ago from Kansas. He will take charge of the store some time next week.
Mr. Gibson was formerly in the same business in the East, and no doubt will make a success in Eugene. Mr. Davidson is not yet determined what business he will engage in, but will remain in Eugene.

Alton & Son Sell.
G. H. Irish has purchased the grocery store of B. A. Allen & Son at the corner of East Ninth and Oak streets and has taken charge of the business. Mr. Irish is a recent arrival here from Madison, S. D., having come here some time ago for the benefit of the health of his wife and daughter. The climate proved very beneficial to them and they concluded to stay and engage in business. Mr. Allen and son, Barlow, will probably engage in farming.

FARM HAND SUICIDES BY HANGING HIMSELF

HENRY WESTPHEAL, YOUNG DANE, FOUND DANGLING AT END OF ROPE IN BARN LOFT

WAS EMPLOYED BY PALMER AYERS ON RANCH NORTH OF EUGENE—RASH ACT OCCURRED THIS AFTERNOON—OFFICE IS INVESTIGATING

(From Saturday's Guard).
Henry Westpheal, a young farm hand employed by Palmer Ayers on his place three or four miles north of Eugene, committed suicide shortly after noon today by hanging himself with a rope swung from the rafters in the loft of Ayers barn.
The young man, whose age is 19 and who has been employed by Mr. Ayers for the past six weeks, had been digging potatoes during the forenoon and came to the barn with the team he was working with at noon. He put up the team, but did not go to the house for his noon-day meal. The family thought little of this for the reason that for the past week he had been eating very little, but when he did not appear at 1 o'clock to go to work again a search was made for him. His hat was found in the barn and a little later his lifeless body was found dangling

This is the first little girl to visit the home and there is naturally great rejoicing.
Our local sportsmen are meeting with great success in shooting ducks and geese on the Long Tom and other waters west of here. Our hunter informed us that he believed he saw thousands of them in one flock. Water is still a little too numerous for hunting, as the birds have many places to light.
Mrs. J. H. Miller received a letter announcing the death of her mother at Neosho Falls, Kansas, which occurred December 24th, 1907. Mrs. Saferite had been in poor health for several months and Mr. and Mrs. Miller returned East to visit her and when they left she was seemingly improving in health. She was aged 69 years and 6 months.
Who says that farming does not pay? We want to cite one instance. Clarence Koon's gross receipts from his farm of 300 acres netted him just 16 per cent, lessing the value of his land at \$75 per acre. Do you know of any other business that will equal this? While the past season has not been considered an extra good year his receipts exceeded last year's by \$1000.

LUMBER INDUSTRY AWAITS DECISION

FUTURE OF THE BUSINESS IS UP TO INTERSTATE COMMERCE COMMISSION

"More depends on the decision of the decision of the interstate commerce commission than on the financial condition of the country, in regard to the future of the logging industry of the Northwest," said E. E. McClaren, a well-known logger, this morning. "The commission will, on March 4, decide the question of the freight rates on lumber East, and if this decision should be favorable to the sawmill men of the Northwest, work in the logging camps will be resumed immediately. If it is averse then I cannot say when the logging camps will begin to operate again to any extent."
"At present only a few men are employed in the camps of Oregon and Washington, and these are kept with a view to increase the force should the interstate commerce commission come to the rescue of the logging industry. There are thousands of men idle in every logging camp and lumber mill region, and these are watching for the decision at Washington city as eagerly as the owners of the timber lands and mills. It is true that thousands of men throw out of work by the raise in freight rates East have gone south, but there are also thousands who have families depending on them, and these men cannot pick up their belongings and flit away like the single men can. A decision favorable to the timber interests of the state cannot reach the ears of these men too soon, as the funds they had accumulated are being frittered away."—Portland Telegram.

LIVERY AND STAGE FIRMS CONSOLIDATE

Barnard & West, the liverymen, and Bangs & McNitt, who conduct the stage stable in connection, have formed a partnership and have incorporated under the name of the Bangs Livery and Stage Co., with a capital stock of \$25,000. The articles of incorporation have been filed with the secretary of state. The officers are: Eli Bangs, president; John West, vice-president; C. P. Barnard, secretary and treasurer. The board of directors consist of the officers and Earl McNitt. The company owns the upper McKenzie stages and one of the largest livery stables in the state.

FOURTEEN PER CENT INCREASE IN STAMP SALES

Stamp sales at the Eugene postoffice for the year 1907 exceeded those of the previous year by \$2463.64, which is an increase of a fraction less than 14 per cent. This indicates a splendid growth of the city during the past year, a showing that all Eugeneans should point to with pride. The total sales for the year were \$20,719.97, while in 1906 they were \$18,256.33. These figures are for the stamp sales alone, the other business not being counted in. The sales in December were the largest for any month in the history of the office, which is due to the big Christmas business. The sales for each month during the two years just past are herewith given for comparison:

	1906	1907
January	\$1729.31	\$1840.35
February	1591.41	1661.56
March	1532.77	1599.41
April	1432.27	1934.63
May	1361.73	1470.13
June	1288.39	1404.47
July	1384.16	1551.14
August	1203.07	1262.13
September	1271.99	1626.33
October	1744.42	1928.61
November	1610.25	1847.80
December	2028.56	2493.39

PREPARING FOR ATTACK BY JAPAN

Despite the assurances of an earnest desire for peace between the United States and Japan, which were the Secretary of War Taft by high officials during his recent journey through the land of the Mikado, the government proceeds with its preparations for defense in case of war, particularly with reference to the Philippines and the Pacific coast. Adjutant-generals of the National Guards of Oregon, Washington and California have been invited by the war department to confer with the officials at Washington, D. C., on the subject of coast defense. General W. E. Fisher leaves Portland for the national capital tomorrow at the same time General J. B. Louck will board a train at San Francisco for the same point, while General Otis Hamilton will start for Washington from Seattle next Saturday.
The request for a conference was transmitted through General Oliver, the acting secretary of war. Two questions of vast importance to the country will be discussed—training volunteer coast artillery reserves to man the fortifications of Oregon, Washington and California and perfecting the infantry regiments of the three states in coast defense operations. The matter of joint maneuvers this year for the National Guards of these states will also be taken up.—Telegram.

MULTNOMAH OUTPLAYED ST. LOUIS ELEVEN

Portland, Jan. 1.—The Multnomah Athletic eleven outplayed St. Louis University at football today, winning by the score of 11 to 6. Multnomah had the game almost entirely its own way, the ball being in Missouri's territory nearly the whole time.
In the first half Multnomah by straight football drove the ball across the visitors' line for a touchdown, but failed to kick goal. In the second half St. Louis, by use of the forward pass and a fake end run, succeeded in making a touchdown and kicking a goal. Multnomah finally was stopped by the visitors with the ball 18 inches from the goal line. After vainly attempting to force the ball across the goal line Multnomah tried to kick a goal and failed.
Within five minutes Multnomah was again within scoring distance and was again held. For the second time they succeeded in paying the goal line and kicking a goal. An exchange of punts left the ball close to the St. Louis goal, and in trying to kick out of danger the ball bounced back

across the visitors' line, and one of their players fell on it just in time to head off another touchdown.

MORAN AND ATTELL FIGHT RESULTS IN A DRAW

Colma, Cal., Jan. 1.—Owen Moran, featherweight champion of England, made a draw fight with Abe Attell, champion of America who, it was thought, was invincible at his weight. Moran was strong and aggressive, quick as a flash, and kept on top of his man all the time. Attell had plenty of chance to use his boasted cleverness in keeping away from rushes. Attell seemed to lack force in his punches, and found it extremely difficult to land a blow on a vital spot. Moran's eyes were blackened and his nose bled, but ripping blows to the stomach and swings to the jaw were missing. Moran's game was to lead with either right or left and then close in. In clinches he fought viciously, but did not do Attell much harm.

The grandmothers of the old Dutch Dunkard families in Western Pennsylvania have made and used "Hickory Bark Cough Remedy" and raised their families on it for a hundred years. Now you can buy it of your dealers. Ask for it and use it, because it's pure; because it will stop your cough; because it is the best cough remedy made today. Try it. For sale by Hull's Red Cross Drug Store and all dealers everywhere.

L. B. Edwards, the young man arrested in Linn county a week ago charged with contributing to the delinquency of Blanche Shepard, a minor, was examined before Judge Bryson, of the Eugene justice court, this afternoon and discharged from custody after paying the costs, which amounted to \$25. Edwards, it appears, is an uneducated fellow and seems to be in love with the Shepard girl, who has been on probation for some time past, being in the custody of officers. It appears that he wrote her to go to his Linn county home and he would pay the expenses, not intending anything criminal by it.

SURVEYOR GENERAL ASKED TO RESIGN FROM OFFICE

Washington, Jan. 4.—The president has requested the resignation of Ernest G. Eagleston, surveyor-general of Idaho. This announcement was made at the White House today by Senator Heyburn, who said general dissatisfaction with Eagleston's administration of his office, and complaint made by the interior department is the cause. Heyburn indicated there would be a general cleaning out of the employes of the office out of the employes of the office of surveyor-general at Boise. His successor has not yet been selected.

SOLDIERS OF SOUTH WANT NO PENSIONS

Nashville, Jan. 4.—At a meeting last night the Frank Chatham Bivouac, United Confederate Veterans, adopted resolutions requesting the Southern representatives in congress to do everything in their power to defeat the proposed pensioning of Confederate soldiers by the government. Many Southern States maintain pension funds for the Confederate soldiers.

EARL YARMOUTH WILL OPPOSE SUIT

London, Jan. 4.—The Earl of Yarmouth will defend the suit begun against him by his wife for nullification of their marriage. Inanity previous to marriage, non-consummation of the marriage relation, or an existing marriage, are the only grounds in English law by which the marriage may be annulled.

BANK OF ENGLAND LOWERS DISCOUNT RATE

London, Jan. 2.—The Bank of England today lowered the rate of discount from 7 to 6 per cent.
New York, Jan. 2.—The announcement that the Bank of England had reduced the minimum discount rate to 6 per cent gives great satisfaction in banking circles in this city.
At the conclusion of his opening address Dr. Paine introduced H. M. Williamson, secretary of the state board of horticulture, who spoke on "The Advantages of Organization Among Fruit Growers." ed with fruit growers and farmers, as well as citizens of the city and county who are not engaged in fruit raising but who take an interest in it for the reason that it is one of the leading industries of the county.
On the printed programs, which were prepared by Manager Hartog, of the Commercial Club, are the following hints for Lane county:
With the famous Royal Anne cherries netting \$500 an acre, no wonder the grower sniffs when he hears the call, "Cherries are ripe."
Lane county's peaches (either kind) cannot be beaten.
Lane county's apples and pears—there is a "pair"—of propositions for you.
Lane county is four times the size of the state of Rhode Island.
Lane county has \$4,900,000,000 feet of standing timber. How's that for high?
Lane county's asparagus commanded a premium over all others.
Lane county, Western Oregon, is the country of mild winters and perfect summers.
Lane county berries are peaches, says the man who knows.
Prosperous Lane county, the original home of the "smile that won't come off."
Lane county's county seat, beautiful Eugene, the coming city south of Portland.

Dr. Paine Presides.

Shortly after 3 o'clock the large assembly was called to order by Dr. D. A. Paine, after the band had discoursed several selections in front of the court house and in the court room. Every seat was occupied and standing room was at a premium.
After the opening of the meeting John H. Hartog, manager of the Commercial Club, upon nomination by C. S. Williams, was elected secretary.

Dr. Paine made a splendid opening address of welcome in his usual happy manner, in which he pointed out the fact that Lane county is four times the size of Rhode Island, and that it is the best county in the best state of the Union. He enumerated the many horticultural and agricultural products that can be raised here to perfection and told how Lane county could produce as fine apples as grow at Hood River, in the Rogue river valley or anywhere else in the world if only the proper methods were employed.
At the conclusion of his opening address Dr. Paine introduced H. M. Williamson, secretary of the state board of horticulture, who spoke on "The Advantages of Organization Among Fruit Growers." He was followed by Professor Claude L. Lewis, professor of general horticulture and pomology at the O. A. C., who addressed the audience on "The William-

FULTON CALLS ON HENRY TO MAKE GOOD

Astoria, Jan. 3.—Tired of the insinuations which Francis J. Henry has been quoted as making regarding his official act, United States Senator Fulton today addressed an open letter to Mr. Henry, calling upon him either to deny his responsibility for the insinuations or to make a public statement of the alleged facts on which the accusations are based, so that the people may judge as to their truth or falsity.

B. VENTURINI SENT TO ASYLUM

B. Venturini, an Italian residing at Divide, on the southern boundary of the county, was brought down from that place last evening and turned over to Sheriff Flisk, being charged with insanity. He was examined before Judge Chrisman this morning and committed to the insane asylum at Salem. Drs. T. W. Harris and W. L. Cheshire were the examining physicians. Venturini is aged 45 years and has an aged mother, wife and several children. He was formerly engaged as track walker for the Southern Pacific Company and had held the job for 18 years. Lately he has been acting very queerly and has threatened to take the lives of his wife and children. He has several times called on the neighbors to take his family away, declaring that they were not his.

NEW MASONIC OFFICERS AT COTTAGE GROVE

Cottage Grove Masons and members of the Order of Eastern Star met and held a joint reception and banquet at the hall Friday evening, the occasion being the installation of the newly elected officers of both orders for the ensuing year.

Young Westpheal was a Dane and came to this country from Denmark only about ten months ago. He could speak very little of the English language and for that reason had scarcely anything to say to his employer or the family while he was working there. He had been acting strangely for the past week and during that time talked less than ever before. During the week he had been going to bed every evening immediately after supper and ate very little. He never spoke of his relatives or of anything that might give a clue to the cause of his rash act. It is presumed that he became homesick and it proved upon his mind so much that he became partially deranged.
The young man is said to have an uncle in Eugene by the name of Odell.

NO MEAN PEOPLE ON RURAL MAIL ROUTES

County carrier says best people in the world are on his route.

J. H. Maxwell, mail carrier on rural route No. 2 out of Eugene, having read The Guard's item in regard to mean people on the routes of the city carriers, hastens to inform us that there are no such people on his country routes. On the contrary, he says, the people along his route are among the best in the world, and he has failed to see any of his patrons in a "grouch" since he went on the route several years ago. To substantiate his statement, he informed us that since Christmas day there has hardly been a day past but that he finds in some of the mail boxes along his route substantial remembrances, one man giving him a nice chicken, another an order for a sack of oats, another an order on a Eugene store for a dollar's worth of groceries and others gifts of greater or less value. Mr. Maxwell thinks all the mean people have either died or moved to town, for he is unable to find any on his route.
