### ARGUMENTS FOR AND AGAINST PROHIBITION

There are usually two sides to any question of public interest. There has been a great advance in prohibition sentiment in Oregon during the past two years and many earnest workers in the cause have never missed an opportunity to advocate it in the press, the pulpit and on the platform. But there are others who are equally earnest, who see their views in a different light, and who are not infrequently as frequent as those of the other side. For this reason we reprint here an article from William H. Tebbe published in last Sunday's Oregonian, because it is about the best article we have recently read on that side of the question. It is published in the Oregonian.

"Prohibition, what does it mean? It is generally understood, it means to prohibit the manufacture and sale of all spirituous and malt liquors as a beverage—not the drinking thereof, as that is a personal privilege, prohibition or no prohibition. "I wish to make a plain statement. The United States Constitution plainly sets forth that it fosters and protects all manufactures. You may be all honesty and sincerity vote for prohibition but to stop the production of liquor, the Constitution will have to be amended by striking the word 'all' and put in an exception.

"Does prohibition prohibit? I am bold enough to say emphatically, no. I need not refer to the state of Maine, but take my own native state, dear old Iowa. Prior to 1884 we had local option. The river counties of course, were wet and wide open, the districts taxing rich on the drier and those of the dry. Then came the struggle of all, personal liberty or a state prohibiting amendment. The Prohibits carried by a majority. The Republican party upheld the amendment, the Democrats voting for it as an experiment. What was the result? Under local option we had in my little home town, where the members were not numbered or our members were not numbered, where they would at all divide service Sunday morning at the afternoon most of them went to the club, enjoying social and neighborly intercourse with music, dancing and drinking, wine, beer, soda and lemonade, dancing, cards and other games. Now comes the state prohibition amendment making it a misdemeanor for a common carrier to haul or handle spirituous or malt liquor. This of course put an end to the German Social Club.

"What followed? The river counties went against all summary laws, they set up in the interior where religion, law and I must confess, rank and file prevailed. They say our children are safe. The old toppers will go on the water wagon, yes.

### SICK HEADACHE

Positively cured by these Little Pills. They also relieve Distress from Dyspepsia, Indigestion and Too Hearty Eating. A perfect remedy for Headaches, Neuralgia, Dizziness, Nausea, Vomiting, Bile in the Mouth, Colic, Stomach Troubles, Pain in the Side, TORPID LIVER. They clean the Bowels. SMALL PILL. SMALL DOSE. SMALL PRICE. Beware of cheap imitations. The name is on the wrapper. **Small Pills. Small Dose. Small Price.** Genuine Must Bear Fac-Simile Signature. **Small Pills. Small Dose. Small Price.** REFUSE SUBSTITUTES.

### UNITED STATES WILL WITHDRAW IN YEAR MORE

Washington, Jan. 13.—In transmitting the report of Governor Magoon, of Cuba, to President Roosevelt, Secretary Taft commits the United States to the promise to withdraw its troops in a year more.

CHARLES E. MAGOON. Selected as provisional governor of Cuba during the second occupation by United States troops.

draw completely from Cuba in the spring of 1909. Governor Magoon's report shows that conditions are encouraging in Cuba.

\*\*\*\*\* GERMAN REDUCES RATE OF DISCOUNT \*\*\*\*\* Berlin, Jan. 13.—The Imperial Bank of Germany has reduced the rate of discount from 7 to 6 per cent. \*\*\*\*\*

Brownsville, Or., Jan. 8.—Two liquor dealers in Portland for the past two years, or since the prohibition law was passed, have been sending out letters and circulars describing their liquors. Residents from all over the state have received letters thanking them for their patronage and for recent orders when, in reality, no orders were sent them. Some who have received these orders are temperance workers and the liquor houses will get all that's coming to them if the letters are not stopped. Recipients of these letters have sent back others with temperance tracts and sermons enclosed.

I would like to ask through the columns of the Journal if this objectionable feature of the liquor houses could not be stopped? Could not this be brought up before the postal authorities? It is similar to blackmailing and is defaming of character in a way. What prohibitionists want a friend to see him receive a letter from "Mike Jacobs & Co., or some other big liquor house? I mention this concern as it is one of the objectionable companies of these objectionable letters, and would like to hear from others who have. Will some one throw some light on the subject as to whether it can be brought up before the postal authorities? "Was unto the man who giveth his neighbor drink?"—Fred Harrison in Portland Journal.

### RAILROAD MAN OPPOSED TO PROHIBITION

Laramie, Wyo., Jan. 11.—"The Union Pacific has purchased for the year 178 miles of 90-pound rails for additional second track," said A. L. Mohler, vice president and general manager of the Union Pacific, at the opening session of the Wyoming Wool Growers' Association here in the course of an address on the promised improvement of facilities for his road. But Mr. Mohler deprecated the wave of prohibition as a possible means of reducing traffic, the recent reform legislation and the determination in various quarters to enforce the new tax systems upon railroads—all these are elements that might deter the progress of railroad development in the next year. He admitted that millions would be employed in the work of extending railroads, but asked where the money was to be obtained under such conditions. "Prohibition Means More Taxes." "With the prohibition wave, gradually spreading, and with the probable tariff reduction it would seem ultimately that the government will desire to tax interstate business," Mr. Mohler said. "The amount of money expended on second track alone and taxes in the states of Wyoming and Nebraska far exceeds the gross earnings derived from these two states and allows nothing whatever for the maintenance of the old lines, nor interest nor dividends. "It is quite within bounds to say that during the next five years this country should spend many millions in the enlargement of its railway facilities. How this money can be restrained with the restriction applying to transportation lines is a difficult question to answer."

### RELIEVES IN FIVE MINUTES. Help Comes Quickly When Hyomel Is Used for Catarrh.

The quick relief that comes from the Hyomel treatment for catarrh is most remarkable. Put a few drops of liquid Hyomel in the little pocket inhaler that comes with every outfit, and before you have used the treatment for five minutes you will notice relief from your catarrhal troubles. It gives a tonic healing effect to the air you breathe, kills all catarrhal germs, stops the poisonous secretions and soothes the irritated mucous membrane. Hyomel will destroy all disease germs in the nose, throat and lungs and make a quick and permanent cure of catarrh. So strong is our belief in the power of Hyomel to cure all catarrhal troubles that with every \$1.00 outfit the Hull Drug Co. give a guarantee to refund the money unless the remedy gives satisfaction.

### WHY PROHIBITION GAINS (Oregonian Editorial.)

Twenty-five thousand converts to the temperance cause in a single day is a record that has never been approached by the most powerful temperance organization in existence. But this is the number of able-bodied American citizens working for one employer who on New Year's day pledged themselves to abstain from the use of intoxicating liquors. This

### INCREASED WIDTH FOR PANAMA CANAL

Washington, Jan. 13.—Secretary Taft has written a letter to the president recommending an increase in the width of the locks of the Panama canal from 100 to 110 feet. The change will cost \$3,000,000 additional, but it meets the naval view as to the likelihood of larger battleships in the future.

### BUSINESS CHANGES OCCUR AT CRESWELL

(Special Correspondence.) Creswell, Jan. 11.—Quite a number of changes since our last letter. Armitage & Davis now own the store formerly run by R. H. Parsons. The hardware is now run by Meisner & Ogram. Creswell now boasts a skating rink. R. H. Parsons has just finished a nice office for Dr. Colcord, who has concluded to locate here. N. A. W. Howe has been very poorly for a few days. He is getting quite old and feeble. McKay & Clark have dissolved partnership in the real estate business. McKay has taken his sons in partnership with him. J. L. Clark & Co. will also run an office. Rev. J. L. Stratford and daughter, Miss Bertha, of Drain, were visiting a few days in town. William Barnett returned this week from a two weeks' visit in Tacoma, Wash. W. W. Scott is helping C. L. Weber invoice this week. Mabel Thompson is clerking for Armitage & Davis. Schmitt Bros. are still making improvements in their fine livery barn. We have failed to get much enthusiasm in the young ladies' contest for premiums awarded by The Guard. Girls, look out; you will miss a glorious chance. Creswell is going to have electric lights. John Tunnell will furnish the power from his mill two miles from town. So you see Creswell is coming to the front. R. E. McDaniels, S. C. Dodson and William Parsons have been in Southern Oregon for three weeks prospecting.

### HARRY THAW JURY HAS BEEN COMPLETED

New York, Jan. 11.—The jury for prohibition was on the Northwestern railroad, and neither emotion, sentiment or religion had anything to do with dealing such a body blow to the demon rum. It was simply a business proposition worked out to a logical conclusion on strictly economical lines. So far from being reformers or altruists, it is not improbable that the men actually responsible for the innovation still indulge in the wine that sparkles and the high ball that invigorates. With them the requirement of temperate habits among their employees was not prompted by any nobler motive than that which assured them that, with all of their men sober all of the time, the liability of costly disasters would be greatly reduced. The movement was not confined to the operating department of the great road, but also included the shopmen as well—the very natural assumption being that the men who came to work after a night of battling with booze were not in a condition to deliver a full day's work for the day's pay which it was, of course, necessary to give him. The conditions which have forced temperance on so many Southern communities are exactly the same as those which have reformed this army of railroad men.

### A SIMPLE QUESTION Eugene People Are Requested to Honestly Answer This.

Is not the word of a representative citizen of Eugene more convincing than the doubtful utterance of people living everywhere else in the Union? Read this: Charles Beadle, of 333 West 8th street, Eugene, Or., says: "I am fully as ready to recommend Doan's Kidney Pills today as I was in 1906 just after using the remedy. As I said in my testimony then, I had suffered from kidney complaint nearly always since the war. I never knew when to expect an attack. A cold would bring it on or any over exertion. On several occasions I was helpless. The last severe attack I had was about six months ago, when something like lumbago set in and brought on heavy bearing down pain, as if there was a weight over each kidney. I was bent over and could not straighten up to save me. There was such a weakness in the action of the kidneys that I could not control the secretions and it caused me much annoyance. Having used several remedies with little if any benefit, I finally began taking Doan's Kidney Pills. The action of the kidneys and bladder was soon corrected and then the pains and aches disappeared. I was benefited in every way and what I told in my former testimony about the relief I obtained is true in every respect. Three years have now elapsed since I testified in favor of Doan's Kidney Pills and I have been continually free from kidney complaint. I consider them a wonderful remedy and I have recommended Doan's Kidney Pills again and again." For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

### FRANCE TO MAINTAIN ORDER ON COAST

Paris, Jan. 13.—The statement is published from an inspired source to the effect that the French government has decided to confine its action in Morocco to assuring the security of the Algerian frontier and the maintenance of order at the ports, in accordance with the Algeiras act.

### STIFF PENALTY IMPOSED ON CHAS. MAYHEW

(From Thursday's Guard.) The jury in the case of the city vs. Chas. Mayhew, charged with maintaining a nuisance at his place by the sale of liquor, returned a sealed verdict last evening, and at 9 o'clock this morning Police Judge Dorris opened it and found that the defendant had been found guilty. He postponed sentence until 2 o'clock this afternoon, and at that hour called the court to order and imposed a fine of \$200 and a jail sentence of 60 days. This was a surprise to all concerned, even to City Attorney Allen, who conducted the prosecution, as none expected such a heavy sentence. The case will in all probability be taken to the circuit court on a writ of review. J. M. Pipes is the attorney for the defendant.

### UNION STATION ANNEX DESTROYED BY FIRE

Kansas City, Jan. 13.—The Union Station Annex, adjoining the Union railway station, was destroyed by fire early today. The Union station, one of Kansas City's landmarks, was saved after a hard fight by the firemen. The burned building contained the offices of the express companies, postoffice branch, eating rooms and Y. M. C. A. Loss, \$250,000. Crossed electric wires in the mailing room of the branch postoffice caused the conflagration.

### JOHN HALL'S CASE CALLED FOR TRIAL

Portland, Jan. 13.—The case of John Hall, ex-United States District Attorney, Winlock W. Steiwer and others, charged with illegally fencing government land in connection with what is known as the Butte Creek Land, Livestock & Lumber Company, came up today, but an adjournment was had until this afternoon.

### FRANCE TO MAINTAIN ORDER ON COAST

Paris, Jan. 13.—The statement is published from an inspired source to the effect that the French government has decided to confine its action in Morocco to assuring the security of the Algerian frontier and the maintenance of order at the ports, in accordance with the Algeiras act.

### FLORENCE ITEMS

Union revival meetings are being held in the Presbyterian church this week by Revs. Bond and Lovell. The schoolers Albion and Mayflower crossed out over the bar Friday morning and set sail for San Francisco. Miss Gertie Flisk, of Acme, who has been ill at the home of her uncle near Hale, is now improving. It was reported a few days ago that she was paralyzed, but the trouble is now said to be muscular rheumatism. The people of Mapleton road district have ordered a levy of five mills to improve the road in that vicinity. It is proposed to change a portion of the road some three miles above the town of Mapleton to avoid some low places, and to run the road back on the hillside. At the meeting of the town board of trustees on Monday evening Wm. Brynd tendered his resignation as marshal and it was accepted. A month ago the council cut off the salary of \$18 a month heretofore paid the marshal, and Mr. Brynd declined to serve in that capacity for the honors of the office.—The West.

### A CURE FOR MISERY

"I have found a cure for the infernal malaria producer," says R. M. James, of Louellen, S. C. "It's called Electric Bitters and comes in 50 cent bottles. It breaks up a case of chills or a bilious attack in no time and it puts yellow jaundice clear out of commission." This great tonic medicine and blood purifier gives quick relief in all stomach, liver and kidney complaints, and the misery of lame back. Sold under guarantee at W. A. Kuykendall's drug store. Judge Harris, of the circuit court, today dismissed the case of the state vs. Mrs. Alice Cruzan, which had been appealed by her from the justice court. She was fined \$200 by Justice of the Peace Bryson at the trial in which two detectives employed by the prosecution were the principal witnesses. The dismissal was on the motion of the prosecution and for the following reasons: That the defendant had pleaded guilty to a similar charge in the justice court, and was fined therefor, and that the evidence in behalf of the state is not strong and it is doubtful if a conviction could be secured. A sure cure, one you can depend upon, Hickory Bark Cough Remedy. A sure cure and it's pure. Use it for all lung troubles, coughs, colds, hoarseness and sore throat. For sale by Hall's Red Cross Drug Store and first-class dealers everywhere. Nearly all of the local clearing house certificates issued by the Eugene banks during the panic have been burned and it is now impossible to find any of them in circulation.

### NATURE AND A WOMAN'S WORK

LYDIA E. PINKHAM

Nature and a woman's work combined have produced the grandest remedy for woman's ills that the world has ever known.

In the good old-fashioned days of our grandmothers they relied upon the roots and herbs of the field to cure disease and mitigate suffering. The Indians on our Western Plains to-day can produce roots and herbs for every ailment, and cure diseases that baffle the most skilled physicians who have spent years in the study of drugs.

From the roots and herbs of the field Lydia E. Pinkham more than thirty years ago gave to the women of the world a remedy for their peculiar ills, more potent and efficacious than any combination of drugs. Lydia E. Pinkham's Vegetable Compound is now recognized as the standard remedy for woman's ills.

Mrs. Bertha Muff, of 515 N.C. St., Louisiana, Mo., writes: "Complete restoration to health means so much to me that for the sake of other suffering women I am willing to make my troubles public. "For twelve years I had been suffering with the worst forms of female ills. During that time I had eleven different physicians without help. No tongue could tell what I suffered, and at times I could hardly walk. About two years ago I wrote Mrs. Pinkham for advice. I followed it, and can truly say that Lydia E. Pinkham's Vegetable Compound and Mrs. Pinkham's advice restored health and strength. It is worth mountains of gold to suffering women."

What Lydia E. Pinkham's Vegetable Compound did for Mrs. Muff, it will do for other suffering women.

### Dr. T. Felix Gouraud's ORIENTAL TOILET POWDER

A pure, antiseptic Toilet Powder for infants and adults. Exquisitely perfumed, renders an excellent complexion and keeps the skin clear, soft and velvety. Relieves skin irritation and should be used freely after bathing and shaving, giving a delightful and refreshing effect. At dealers or by mail, 25 cents Box. Prepared by FERD. T. HOPKINS, N. Y. CITY, Proprietor of GOURAUD'S ORIENTAL CREAM FOR SALE AND RECOMMENDED BY STANLEY'S, 612 Willamette St. - Eugene

### STONE'S HEAVE DROPS

Greatest known remedy for heaves Highland, Cr., Oct. 31, 1902— This is to certify that I gave my mare one bottle of "Stone's Heave Drops" and cured her of heaves. This was the last winter and she has not been affected since—G. Wallace, I. R. S. C. STONE, Salem, Or. For sale by all druggists. \$1.00
