The Thomas has two minor children, Alta, aged 12, and Margaret, aged 5. She asks for their care and custody. J26

REGULAR CARS ON ELECTRIC ROAD

The first through electric car carrying passengers from Portland to Salem arrived this morning at 11 o'clock, after a smooth three-hour run. Conductor Smith, upon arriving, said: "The only disadvantage of the run is that our schedule at present will not allow us to make any where near the time that the big coaches are capable of making. As the track becomes more solid, and the schedule is adjusted, the three-hour time will probably be reduced materially."—Salem Journal. J26

NAMES OF COMPETING CANDIDATES.

Table of competing candidates for District No. 1, 2, 3, and 4. Includes Miss Marguerite Woods, 195 W. 8th (67,682), Miss Grace Wood, 281 W. 8th St. (58,906), etc.

Subscribers of the Daily and Weekly Guard who have a favorite candidate in the contest should favor them with a subscription now when the votes are most needed—votes will be credited by remitting subscription price to the office.

With the end of the Guard popular ladies' voting contest only fifteen days off, many of the contestants who are anxious to have their names announced as winners are resorting to everything possible to secure equal subscriptions and votes to place their names at the head of their respective districts when the final count of votes is made Saturday, February 8, at 10 p. m.

The spirit which moves the indomitable and determined worker in the contest is infectious and it now looks as though all are affected by it. All candidates are doing remarkably well and a great many surprises can be looked for between now and the finish.

The upright piano, five free trips to Los Angeles and return, and the scholarships will be awarded to the contestants and chaperone who finish with the largest amount of votes to their credit in each district. They are within the reach of every candidate in the race, providing they get in and hustle for subscriptions from now on, until February 8th, and on February 10th, when the names of the winners are announced and your name appears as one of the lucky ones you will not be sorry that you spent a few weeks of good, hard, active work.

This Kimball piano has been purchased by The Guard from the Eilers Piano House, Portland, and is exhibited at the Eugene salesrooms of the Eilers Piano House. The Kimball, which will go as the capital prize in the contest, retails in Lane county for \$350. In the catalogue it is described as follows: "Seven and one-third octaves, ivory keys. Three strings and araffe. Elaborate case with hand-carved panels, top and bottom mouldings. Full extension music desk, rolling fall board and new style carved trusses. Continuous hinges on top and fall board. Three pedals. Four feet nine inches high, five feet six and one-half inches wide, two feet three and one-half inches deep.

Los Angeles Vacation Trips. These five prizes will be awarded to the chaperone who secures the largest number of votes and the four contestants who finish with the largest number of votes in each district after the grand capital prize has been awarded.

The winners of these trip prizes are surely to be congratulated for, as a resort Los Angeles completely satisfies the wants of every one. One finds endless variety for pleasure and diversion. Its shops are filled with as fine a selection of imported and domestic goods as is found in the largest Eastern cities. Its private and public schools rank with the best. Its musical advantages are a credit to the city. The city and suburban railway system is considered the most extensive and complete in latest improvements and conveniences of any in the United States. An auditorium, with a seating capacity of 5000 persons, is considered the finest example of reinforced concrete fire-proof construction in the world. Regular seasons of the best in opera and drama.

One Day Trips. Just around and about Los Angeles the Mt. Lowe, Rubio Canyon, Echo Mt. Pasadena, Ostrich Farm en route, Pigeon farm of 60,000 pigeons. San Gabriel Mission, founded in 1771. The Santa Anita Canyon, most picturesque.

Los Angeles has the best hotel accommodations in the country. Family hotels and lodging houses in all quarters of the city and can take care of 60,000 people. Among the finest and foremost is the "King Edward Hotel," where the winners of the Guard voting contest will make their headquarters. It is accessible to every point of interest, all commercial centres and all places of amusement. King Edward Hotel stands in the heart of the city boldly flaunting the sunlight and air, offering its guests a royal welcome and attention which at once dismisses all sense of "alone-ness." Down-to-date in every detail in its construction, furnishings to its cuisine. Absolutely fire proof protection. Six stories in height, affording hospitality to 350 guests. Most efficient service adds to the comfort and convenience of the guests to the smallest detail.

Scholarship Prizes

Some of the most active vote getters in the contest are anxious to win one of the tuition prizes to be awarded to the candidates who in each district finish with the second highest number of votes after the piano and trip prizes have been awarded. Scholarships at a representative business college are always being sought after. The Eugene Business College, where the winners will receive a business education, ranks with the foremost in the state of Oregon, and the winners with ambition and inclination will be fortunate to win these prizes. The college is well housed and equipped with every necessary modern appliance. Instruction is equal to any to be had in the Pacific Northwest.

ANNUAL REPORT OF DR. CHRISTIE, STOCK INSPECTOR

LOSSIS EXISTS TO CONSIDERABLE EXTENT AMONG DOMESTIC ANIMALS—RECOMMENDS PUBLIC ABATOIR AS REMEDY

DR. J. CHRISTIE SAYS TUBERCULOSIS EXISTS TO CONSIDERABLE EXTENT AMONG DOMESTIC ANIMALS—RECOMMENDS PUBLIC ABATOIR AS REMEDY. Dr. J. Christie, county stock inspector, has filed with the county court his annual report, as follows: Eugene, Or., Dec. 31, 1907. To the Honorable County Court of Lane County, Oregon: Gentlemen—I have the honor herewith to submit my report as stock inspector of Lane county for the year 1907: During the year 1907 I have issued certificates for the shipment to California or Washington the following animals: 45 horses, 3812 cattle, 2,888 sheep and 2200 hogs. During the year I have had killed three head of cattle for lumby jaw and have examined after death five dead cows. Each of these examinations showed that the animal died of tuberculosis, or was seriously afflicted at the time of its death with that disease. I have likewise examined 7 hogs that died of disease and found them afflicted with tuberculosis. My investigation in reference to the latter leads me to believe that they contracted the disease by eating the carcass of a cow that died of the same disease.

BEWARE OF PHYSICS

Only Aggravates Stomach Trouble and Never Cures. The trouble with most people who have stomach trouble is that they do not like to take the time to get cured—they overeat and then take physics, which simply upsets the stomach and never cures.

While relief follows one or two doses of Mi-o-na stomach tablets, chronic and long-standing cases need at least two or three weeks' treatment before the sick headache, dizzy spells, bloating, heartburn, constipation, nervousness and other symptoms that directly result from indigestion are banished never to return. Mi-o-na is entirely different from the ordinary stomach remedies. It is taken before meals, stimulating the secretion of digestive juices and strengthening the stomach so that it can do its proper work.

With every 20-cent box of Mi-o-na and Hull's drug store gives a guarantee to refund the money unless the remedy cures.

S. O. LeMarsters, an employee of the S. P. Co. at one of the sawmills at Marcola, who has been in the Eugene hospital, suffering from pneumonia, was taken to Portland today to receive treatment in a hospital there.

ANOTHER PUBLIC SCHOOL BUILDING IS IN PROSPECT

At a meeting of the board of education last night the matter of providing more school room was the topic of discussion. After considering various matters in that connection the building committee was authorized by the board to investigate the advisability of erecting a new school building for the grammar grades. The matter of the size of the building and the location was not discussed, that being left for the committee to consider at a later date. The school district owns a lot in Fairmont, which was purchased several years ago for the purpose of locating a building thereon, and it is reasonable to presume that the proposed new structure will be erected there, but as there is considerable opposition to that project for the reason that other parts of the city need it more, some other location may be selected.

Addition to High School

A local architect reported to the board last night that an addition can easily be made to the high school building which would add four recitation rooms and give much more room in the assembly hall. His idea is to take out the west wall of the building and extend it about thirty feet, making two rooms additional in the basement and two rooms on the first floor, and increasing the capacity of the assembly hall, which is always crowded. The proposition seems to meet with favor with a number of members of the board and will be considered.

Room at Christian Church

The board decided last night to hire a room in the basement of the Christian church for school purposes, and move the primary grade which now occupies a room in the basement of the high school there. The room in the high school will be used by the high school classes, as it is badly needed. The room in the Christian church will be fitted up as soon as possible.
