BRYAN TALKS ABOUT RECENT MONEY PANIC

Nashville, Tenn., Jan. 22.—William J. Bryan rounded out a very busy day in Nashville with an address before a monster audience at the Ryman Auditorium last night.

Mr. Bryan in his speech took occasion to say that the idea that prosperity was the result of the Republican ascendancy and administration had been rudely exploded in the last few months.

Mr. Bryan scored imperialism, the cost of it, and the wrong. His criticism of legislation against the trusts and the prosecutions that have been undertaken met with hearty applause.

The main idea of his speech was that the Democrats everywhere are united, while the Republicans are divided, so that the railroad regulators, the tariff reformers, the advocates of

BROWNSON GIVES HIS VERSION OF NAVAL SQUABLE

Washington, Jan. 23.—The speaker laid before the house of representatives today the response of Secretary of the Navy Metcalf to the resolution introduced by Representative Gill, calling for the correspondence relative to the designation of staff officers to naval commands.

WILLARD H. BROWNSON. Rear admiral who resigned as chief of the bureau of navigation after a disagreement with the president.

Joseph ship commands, and including orders issued to the navy department by Secretary Bonaparte, with copious indorsements by bureau officers, all bearing upon this question.

An interesting paper among the latter is an endorsement by Admiral Converse, then chief of the navigation bureau, delivered on June 14, 1894, upon a proposition which originated with the joint board of medical officers of the army and navy to place the hospital ships in command of naval surgeons.

The surgeon-general states that neutrality of the hospital ships demands that line officers and fighting crews should not be put aboard.

He contends that a merchant master and merchant sailors are as efficient in pilotage and navigation as line officers and a fighting crew.

REBATERS PLEAD GUILTY ESCAPING JAIL SENTENCE

Kansas City, Jan. 25.—Geo. L. Thomas, a freight broker of New York, and L. B. Taggart, his clerk, pleaded guilty in the United States court today to giving rebates to shippers.

Thomas was fined \$7000 and Taggart \$4000, jail sentence being omitted.

Thomas and Taggart were found guilty of rebating on June 22, 1906, and Thomas was sentenced to three months in jail and a fine of \$6000, but the decision was reversed on a technicality.

When the case was called today the defense attorneys asked for a discharge.

Judge McPherson expressed the belief that the Thomas agency was a catapaw for the railway companies, and that in view of the fact that rebating practices had been brought to an end by the rigorous action of the government there was no occasion for an order of imprisonment.

The court further said he believed that the firms who had accepted rebates were as guilty as the defendants and the railroads (previously convicted) and he could not understand why they had never been indicted.

"The railroads," declared Judge McPherson, "are hounded to death with rebate seekers. They are not entirely to blame for all the rebating that has been done."

COUNCIL PASSES LIQUOR SHIPMENT RESOLUTIONS

(From Friday's Guard.) At the meeting of the city council yesterday afternoon in addition to the passing of ordinances assessing the cost of moving Willamette street between Eleventh and Thirteenth and of certain sewers, as mentioned in yesterday's Guard, it passed the following resolution:

Resolved, That it is the judgment of the common council of the city of Eugene that the bill now before congress, commonly known as the Tillamook bill, which permits the prohibition of the shipment of intoxicating liquors into prohibition territory, is demanded by good public policy and should be enacted into law; and be it further

Resolved, That our senators and representatives be and they hereby respectfully asked to use their best endeavors to secure the passage of this act as speedily as may be.

That this resolution be properly authenticated by the mayor and city recorder and a copy hereof forwarded to each of our senators and representatives.

The resolution went through by a vote of 6 to 1. Councilman Fisher being the dissenting member and Councilman Harbaugh being absent. Mr. Fisher gave as his reason for voting against the resolution that he thought congress knew its business without any suggestions from the Eugene council.

Special Appropriation. The resolution on the postoffice appropriation was as follows: Resolved by the Common Council of the city of Eugene:

"Whereas, the city of Eugene has at the petition of property owners having property thereon, improved by paving and curbing its main street and has assessed the cost thereof exclusive of street intersections to the property abutting thereon; and

Whereas, the United States owns a quarter block of land fronting said improved street and the just proportion of the cost of such improvement chargeable to said quarter is \$..... and

Therefore, the Hon. W. C. Hawley senator from this district, and are hereby respectfully asked to use their best endeavors to cause an appropriation to be made to meet this assessment.

Postoffice Appropriation. The mayor and city attorney were instructed to draft appropriate resolutions asking congress to increase the appropriation for the government building in Eugene from \$50,000 to \$100,000.
