

HOUSE WORK

Thousands of American women in our homes are daily sacrificing their lives to duty.

In order to keep the home neat and pretty, the children well dressed and tidy, women overdo. A female weakness or displacement is often brought on and they suffer in silence, knowing well that they ought to have help to overcome the pains and aches which daily make life a burden.

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

comes as a boon and a blessing, as it did to Mrs. F. Ellsworth, of Mayville, N. Y., and to Mrs. W. P. Boyd, of Beaver Falls, Pa., who say: "I was not able to do my own work, owing to the female trouble from which I suffered. Lydia E. Pinkham's Vegetable Compound helped me wonderfully, and I am so well that I can do as big a day's work as I ever did. I wish every sick woman would try it."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness, or nervous prostration. Why don't you try it?

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

IMPORTANT CHANGES IN STATE MILITIA

Returning from Washington yesterday, General W. E. Finzer, of the Oregon National Guard, announces many important changes which will affect the state militia, says the Portland Telegram. At the national capital he attended the conference of Pacific coast adjutant-generals with war department officials, which adjourned recently.

Among the important changes reported by General Finzer is the receipt of new rifles by the Oregon militia. Springfield rifles will be used this spring, and 100 out of a consignment of 1500 procured by General Finzer are expected to arrive in a few days for the use of marksmen who will compete in the national tournament this year. The old Krag rifles will be returned to the government.

Under authority granted him by the conference within 60 days General Finzer will begin to recruit three full companies of 85 men each, who will be detailed to serve as guardsmen of the fortifications at the mouth of the Columbia river. Washington and California will recruit seven or eight companies for the same purpose. Under an act now before congress the national guard is no longer considered as a state organization, and the armed body may be detailed on any service.

This year's encampment will be held at American Lake, near Tacoma, Wash., for nine days next August. This was decided definitely in the conference of adjutant-generals from Oregon, Washington, Idaho and Montana. It is probable the regular army and troops from Colorado and Utah will also participate.

General Finzer conferred with the navy department to establish a rifle range in Portland for man-of-war-men, but no decision was reached, no site having as yet been obtained.

MADE HIS BOY DIG FOR GOLD

GALETON, WHO MADE APPLICATION TO HAVE SON TURNED OVER TO JUVENILE COURT, IS A SPIRITUALIST.

In speaking of the application of S. G. Galeton, of Florence, to have his small son turned over to the juvenile court, the Florence West of last week says:

Saul G. Galeton came here early last fall from Colorado, we believe, and went to work with his father at the sawmill here. When the mill shut down they were out of work, and as the story goes here, the father, who is a spiritualist, set the boy digging at a certain place for gold, which he believed had been buried there by some one. The boy's faith was evidently weak, and after a time he refused to dig and ran away. Hence the above.

HEAVY FIRE LOSSES IN TWO EASTERN CITIES

Chicago, Jan. 27.—One fireman supposed to have been killed, and more than a score injured, and property valued at \$500,000 was destroyed by a fire which devastated the Mayer building, a seven story brick, and the hotel Florence at 163-167 Adams street, early today.

The fire started in the basement of the Mayer building, and when the firemen arrived they found the entire building in flames. A strong north-east wind was blowing which carried the flames to the adjacent hotel, and in a few minutes that structure was a roaring furnace. The walls of both structures collapsed an hour later,

carrying with them an entire company of firemen, but all except one, James Gallagher, was rescued. The guests of the hotel rushed into the street in great haste, and were taken care of by the police and citizens. A number of printing establishments in the Mayer building were employing night shifts. These, too, hurried into the streets and ate safe. The gale from the north was bitterly cold and greatly hampered the work of the firemen.

PORTLAND, MAINE, HAS ANOTHER BLAZE

Portland, Maine, Jan. 27.—A fire which several times threatened to wipe out the business district of the city was kept confined in the block in which it started after a ten-hour fight by Portland's firemen, aided by men and apparatus from several outside cities. The fire started in the wholesale dry goods house of Millikin, Cousins & Company, and spread to adjoining establishments. Loss, \$900,000.

GLADYS VANDERBILT MARRIED TO AUSTRIAN

New York, Jan. 27.—The wedding of Miss Gladys Moore Vanderbilt, daughter of Mrs. Cornelius Vanderbilt, to Count Laszlo Szechenyi, member of the Hungarian nobility, lieutenant of the Hussars and hereditary member of the Austro-Hungarian parliament, took place at the Fifth avenue home of the bride's mother soon after noon today in the presence of 350 guests. Miss Vanderbilt was accompanied to the altar by her elder brother, Cornelius, and the count's best man was Count Anton Sigray. The ceremony was performed by Monsignor M. G. Lavelle, rector of St. Patrick's cathedral, assisted by Rev. John Verne. The wedding chorus from Gault's cantata, "Ruth," was sung by thirty boys attired in the vestments of the St. Patrick's choir.

JUNCTION CITY LIKELY TO VOTE FOR A CANNERY

Junction City, Ore., Jan. 25.—For many years the farmers and fruit-growers of this vicinity have desired a cannery so they could turn into cash berries, peaches and cherries. E. E. Buster, who organized the cannery company at Monroe, is here, and will meet the fruit and truck growers in an effort to get subscribed the \$10,000 necessary to start a first-class cannery here this summer. There are few places in Oregon where a large amount of fruit, berries and garden truck is raised. The climate at this place and the soil seem especially adapted for peaches and cherries and the smaller fruits. From the large acreage of fruits, berries and walnuts being set out, it bids fair to become one of the richest districts in the valley.

A CURE FOR MISERY

"I have found a cure for the misery malaria produces," says R. M. James, of Louellen, S. C. "It's called Electric Bitters and comes in 50 cent bottles. This great tonic medicine and blood purifier gives quick relief in all stomach, liver and kidney complaints, and the misery of lame back. Sold under guarantee at W. A. Kuykendall's drug store.

MELDRUM CONFESSES TO FORGING BROWNELL'S NAME

Portland, Jan. 27.—This may possibly be the last day of the prosecution in the Hall-Mays conspiracy case, and it was made interesting by the presence of Henry Meldrum, who was caught in the dragnet of the former land fraud cases while United States surveyor general, and who was brought down from McNeil's Island, where he is serving a sentence, to testify that he forged the name of George C. Brownell to field notes which resulted in the indictment of Brownell. The latter testified a few days ago that Hall had held forged notes over his head to force Brownell to retire as a candidate for United States attorney for Oregon and to release Senators Fulton and Mitchell from their pledge to him and to recommend Hall for reappointment.

SUIT BROUGHT AGAINST GREAT RAILROAD KING

Washington, D. C., Jan. 25.—In an official statement, after referring to investigations, the Interstate Commerce Commission says:

"From the evidence so adduced and independent investigation, the department has arrived at the conclusion that the stockholders of the Union Pacific and its subsidiary company in the corporation mentioned in its direct violation of the Sherman act.

"The department regards the suit as of the first importance as it is sought by means thereof to break up the substantial monopoly of the transportation business of the country between the Missouri river on the east and the entire Pacific coast, south of Portland, on the west. Aside from the railway companies above mentioned, the other defendant in the suit is the Farmers' Loan & Trust company of New York, which is the depository of all the stock of the San Pedro road under a contract by which it is required to give proxies to such persons as may be named by Mr. Harriman and Mr. Clark for a period of years.

There are also individual defendants who are alleged to have conceived and carried out the conspiracy complained of, to-wit: E. H. Harriman, Jacob H. Schiff, Otto H. Kahn, James Stillman, Henry C. Frick, Henry S. Frick, Henry H. Rogers, and William A. Clark."

FRUIT MEN'S EXCURSION TO HOOD RIVER

The directors of the newly organized Lane County Fruit and Vegetable Growers' Association met at the Eugene Commercial Club Saturday afternoon. About \$4000 of the \$5000 stock has been taken up, and today the rest was offered to growers not in the organization. There are now about 50 stockholders, and it probable that all the larger growers will join the organization.

A car of spray has been ordered for the stockholders, upon which they save from \$2 to \$4 a barrel. The members agree to turn over their entire crop to the association, which will charge only the expenses involved in handling it.

The Commercial Club proposed an excursion of fruit men to Hood River, where they might study the methods employed by the fruit raisers there, and the matter will be taken up at the meeting of the association. There is little doubt that a good excursion will be made up, as the directors strongly favor it and a number from the Commercial Club wish to go.

During the last few months she was compelled to sleep in the open air, being unable to pay for a night's lodging.

The immediate cause of death is said to be asthma, complicated by heart disease. Her passionate fondness for dogs continued up to the last and she was surrounded by many of them, often depriving herself of necessities to feed them. She had recently been an object of charity.
