GRANGERS IN FAVOR OF STATEMENT NO. 1

Baker City, Or., Feb. 4.—Blue Mountain grange has passed resolutions declaring for Statement No. 1 and avowing intention to work against all candidates who refuse to sign it.

Resolved, by Blue Mountain grange, and we mutually pledge each other that we will not vote for any candidate for the legislature who will not publicly pledge himself to vote in the legislature for the people's choice for United States senator, first, last and all the time.

Resolved, That we mutually pledge each other to use all honorable means to defeat any and all candidates for the legislature who refuse to publicly pledge themselves to this proposition or in any manner equivocating by giving a meaningless pledge which can be construed differently from the broad and simple pledge of supporting the people's choice for United States senator, first, last and all the time.

Resolved, That we recommend to our brother patrons over the state that they unite with us in carrying this principle into the primary election law into practical effect, to the end that this cherished principle of electing United States senators by a direct vote of the people, which our order has advocated from its foundation, may to all intents and purposes be attained.

A sure cure, one you can depend upon. Hisekory Bark Cough Remedy. A sure cure and it's pure. Use it for all lung troubles, coughs, colds, hoarseness and sore throat.

CONTEST WILL CLOSE

Subscriptions to count in favor of contestants will be received at the office of The Guard up to 10 o'clock Saturday night, February 8th.

In order that the country candidates can work for subscriptions up to a late hour, the same as city candidates, the following provision is made: All mail subscriptions received by The Guard bearing postmark of Saturday, February 8, received at the Guard office by Monday, February 10th, at 11 a. m., will count in favor of candidates when votes are requested on such subscriptions.

This week is witnessing great results in The Guard's great prize contest. Greater activity has been shown during this week in securing votes and subscriptions than in any week during the whole contest.

This announcement will be of interest to friends and partisans of the candidates who are intending to advance subscriptions in their behalf.

advance subscription, whether new or old, for three months, six months, one, two, three, four, five or ten years, a voting certificate, good for votes, is issued, with the name of the candidate, the name of the subscriber and also the date issued, and by whom issued, on it.

Every one should strive to reach the very top, and after once displacing the leader, should work pretty hard to stay there, as maybe some one is actively engaged in securing her friends to work for her and is putting in all her extra time herself, with the idea that your throne will soon seat another monarch. So now is the time to hustle.

START QUICKSILVER SMELTER IN OREGON

Fires Lighted in Plant of 500 Ton Capacity at Black Butte—Entirely New Process, According to Mr. Dennis.

G. B. Dennis has returned from Black Butte, Ore., where the fires were started for the first time last week in the 500-ton daily capacity quicksilver smelter which he and his brother own at that place, says the Spokane Review.

Instead of the wood being laid at the bottom of the furnace and the smoke and flames rising through and above it, the fuel is placed at the top of the furnace and the flames are drawn down through it by currents of air induced by electric fans.

The new process was thoroughly tested on a twenty-ton furnace, but while the capacity of the smelter was sufficient to prove the scientific principle correct, the economy of it was not established, hence the larger smelter is something of an experiment.

W. L. and F. L. Tohey have commenced suit in the circuit court against A. G. Jennings and Nellie L. Jennings to recover the sum of \$781.19, with \$150 attorney's fees, on a promissory note.
