THE HUMAN STOMACH. Many and Grievous Abuses to Which It is Subjected.

Many and grievous are the abuses to which the average person subjects the stomach. The wonder is, not that so many, but so few stomachs smarting under provocation do not strike. When the long-abused stomach does turn, life is made miserable by the sick headaches, nervousness, distress after eating, sleeplessness, coated tongue, specks before the eyes, general debility and the many other symptoms of indigestion. Then the weakened muscles of the stomach need strengthening with Mingo. The use of this simple remedy for a few days strengthens the whole digestive system so that it can take care of all the food that is eaten, without pain or distress. Hull Drug Co. sells Mingo in 50 cent boxes under a guarantee to refund the money unless it does all that is claimed for it. If you want the best substitute for a hen get a Petaluma incubator. CHAMBERS HARDWARE CO. Mrs. W. L. DeLano, of this city, who, with her husband and children, is at Coronado, Cal., has been quite ill for some time past, but at last reports she was improving. They expect to go to Los Angeles soon if her condition continues to improve. See the Bann spray pump before buying. Pumps at all prices and prepared sulphur spray. CHAMBERS HARDWARE CO.

IT'S UNREASONABLE

IT IS UNREASONABLE for a young man to suppose that he can set himself up in a good paying business without some capital to invest in the enterprise. Perhaps this lack of ready funds has been the cause of your working for some one else instead of yourself for these many years. An account with this bank will afford you a convenient, safe and altogether ideal method of keeping your surplus funds where they will grow into a sum that in time will make possible your success in business. Others have succeeded in this way; you can also. The Eugene Loan & Savings Bank. Established 1892. Capital and surplus \$100,000. W. E. BROWN, President. F. W. OSBURN, Cashier. D. A. CITY COUNCIL TRANSACTS LARGE AMOUNT BUSINESS

HARRY GRAHAM APPOINTED NIGHT POLICEMAN IN PLACE OF W. G. WHITE—SALARIES OF POLICE OFFICERS RAISED TO \$85 PER MONTH—OTHER IMPORTANT MATTERS (From Tuesday's Guard.) The regular meeting of the city council was held last night at which a large amount of business was transacted. All members of the council were present except Gilbert. After the reading of the minutes of the previous meeting and the allowing of the usual large number of current bills, the finance committee reported favorably on the increase of the salary of the city treasurer from \$25 to \$50 per month, and it was carried. The matter of providing a room for the treasurer was referred to the finance committee and the mayor, the general understanding being that the room occupied by the fire department in the city hall will be used. A motion made by Councillman Garrett that the street commissioner examine the reservoirs twice a week was passed. W. T. Campbell asked for a permit for a building, partly of galvanized iron, in the rear of the building occupied by David Link, and the matter was referred to the fire and water committee. The petition for grading and graveling West Seventh street three blocks west of Blair street, was referred to the street committee. A petition for a sidewalk on South Ferry street was also referred. A petition for straightening the west line of South Charnelton street was also referred. A petition for abolishing the quarry on the west side of Skinner's butte, stating reasons therefor, was referred to the judiciary committee. The matter of vacating an alley and substituting another in lieu thereof by J. J. Rude in his plat was agreed to, if it could be satisfactorily arranged with other property owners. The resignation of W. G. White as night policeman was accepted and Harry Graham was appointed in his stead. His appointment was confirmed. The street committee reported 13,498 feet of lumber used last month. Calkins moved that there be no jumping from the sidewalks to the crossings of the side streets if it could be done, when Eleventh street is paved, and the motion carried. The street committee was instructed to take up the matter with the street railway on crossing the railroad tracks. The committee on fire and water reported as follows: The lights of Eugene were tested by Professor Dearborn, but the committee was not yet ready to report on the same. The bill for the test, \$6, was paid. As to certain resolutions presented by the fire department, this action was taken: The fire team was reported to be under the supervision of the chief, as to their services for fire purposes, but for all purposes such as sweeping streets, etc., it shall remain subject to the council and the street committee. The part of the resolution from the fire department asking for a small salary for the assistant chief was reported unfavorably. The increase of the salary for the chief was favorably commented upon, and was asked to be fixed by the council. The report was adopted. Upon motion of Councillman Henderson the chief's pay was raised to \$75 per year. An advance in the salaries of the chief of police and night watchmen was proposed and Councillman Harbaugh moved to increase the salaries to \$85 per month. The vote stood: Calkins, no; Garrett, no; Henderson, no; Fletcher, aye; McCrady, aye; Harbaugh, aye; Berger, aye. The motion carried. A petition for a crosswalk over Lincoln street on the south side of West Twelfth street, was referred to the street committee. The city attorney was instructed to publish in the papers what is to be required of candidates in the municipal election. The proposition of an appropriation for \$500 for the city park for the coming year was referred to the finance committee. The council unanimously agreed that the current ordinance should be rigidly enforced. The \$4800 received from the county was ordered applied to paying the indebtedness of the city for paving the street intersections of Willamette street.

ALLEGED HORSE THIEF TURNED LOOSE

Chief of Police Farrington this morning received a telephone message from the authorities at Colfax, Wash., directing him to release Harry Starkey, the young man arrested here a few days ago for horse stealing. The authorities there no doubt considered that it was not worth while to come after him and take him back.

TAFT MACHINE WINS IN COURT

Columbus, O., Feb. 11.—The supreme court has affirmed the decision of the lower court in the matter of the Cuyahoga county primaries, leaving the Taft county committee in charge. In giving a report of the Guard's voting contest, the pictures of three of the winners, Miss Margaret Woods, Miss Ula Cushman and Mrs. W. W. Branstetter, are omitted because of oversight in not securing photographs. The Guard has all along been very proud of the list of candidates who entered the contest and only regrets that not every one of them won a prize worthy of their efforts when the final count was made. Deputy Sheriff C. D. Arthur, of Lakeview, arrived here last night after being charged with stealing a horse at Silver Lake and bringing it to his home in the vicinity of Lowell. The horse has been sent for to the deputy sheriff to tell whether or not it is the one taken. Rev. D. E. Baker is still confined to his home with the effects of la grippe and bronchitis, but expects to be able to fill his regular appointment at Creswell Sunday, but not at Sagarinaw Sunday evening. A carload of brick arrived here yesterday from Roseburg for Louis C. Sherman to be used in building operations here. Brick is going to be scarce this summer, if present indications count for anything. Judge Harlan Peffly, head of the municipal court in Boring, died in that city Monday evening of pneumonia. Deceased was a brother-in-law of Geo. W. Smith, of this city, who was called to his bedside some time ago. Hugo Brown, a stage driver, was fined \$20 in the police court this morning for being drunk and disorderly. He was arrested by Chief of Police Farrington yesterday afternoon for driving his team through the streets at a breakneck pace. The fine was paid. A deed filed for record with the county clerk yesterday brings a memorable "land fraud" to mind. Deed is from S. A. D. Pater, who was recently pardoned from the county jail at Portland, where he was serving a sentence for fraud, to Wade T. Richardson. It transfers certain timber lands in townships 17, south of range 3 east, 18 2 east and 16 4 west. The consideration is given at \$3000.

TAFT WINS EASY VICTORY IN OHIO

Columbus, O., Feb. 11.—The net result of the Republican primaries held today was in favor of W. H. Taft. Four delegates-at-large, 22 district delegates to the National convention in Chicago, and a list of delegates to the state convention to be held March 3, which will be unanimously in his favor, were selected. No opposition worth mentioning developed during the day. The supreme court destroyed all chances of success by the Foraker element in Cuyahoga county by declaring the Taft county committee was the only valid organization of its kind in the county, and the selection of delegates went by default, no ticket being placed in the field against the Taft candidates. CITY NEWS

William Twitney, the Blue Front restaurant keeper, who was fined \$100 in the justice court several days ago for selling liquor, has finally raised the money and turned it over to the justice of the peace. The juvenile court today committed Gladys Brown, less than four years old, to the Boys' and Girls' Aid Society. The child's mother, Mrs. Magie Brown, made complaint that her husband had deserted her and that she was unable to support the child. The big "hog" engines are now pulling the local freight trains instead of the little old-fashioned engines as heretofore. This is for the reason that the trains have become so long that the little engines are unable to handle them with the necessary speed.
