

THE WHOLE YEAR ROUND.

Women Everywhere Use Pe-ru-na.

MRS. JOHN UNDERWOOD

Suffered With Stomach.
Mrs. John Underwood, 520 W. Walnut St., Columbus, Ohio, writes: "Having had catarrh and stomach trouble and having suffered very much, I, after being doctored a long while, as a last resort took Peruna. The result was wonderful. I would highly recommend it as a good remedy. I still use Peruna and would not be without it. I always have it in the house."

Catarrh and Stomach Trouble.

Mrs. T. Froch, R. R. No. 1, Hickory Point, Tenn., writes:

"I am happy to tell you that I am cured of catarrh. I have followed your good and kind advice faithfully. I bless the day when I wrote you of my condition, and I will always praise Peruna. I think it is one of the grandest medicines on earth."

"Having been afflicted with catarrh and stomach trouble for seven years and after having tried four different doctors who only relieved me for a little while. I gave up all hope of being cured. I only weighed 130 pounds, and was so weak I could hardly get around the room."

"I was induced to try Peruna, and to my great surprise I am now entirely well. My weight is now 188 pounds, my health never was better in my life. I shall always praise Dr. Hartman and his remedies."

Thousands of families have learned the use of Peruna and its value in the treatment of catarrhal ailments.

Tired, Worn-Out Mothers.

Mrs. Lydia H. Jesselyn, 501 Westminster St., Providence, R. I., is Treasurer of the Editors League of Rhode Island, chartered in Providence. She writes:

"My experience with Peruna has been most gratifying. Last winter I contracted a severe cold, and for several days I coughed until my voice failed me. When other remedies did me no good, I decided to try Peruna, and within four days the cold was broken up, and the cough abated."

"Within another week an increase in my usual strength and vitality told me that Peruna was doing all that it promised, and more. I also consider it very superior for tired, worn-out mothers, and have advised several to try it, and have seen most gratifying results from its use. I give it highest praise."

Bowel Trouble.

Mrs. Maggie Durbin, 1322 North St., Little Rock, Ark., writes:

"I was troubled for five years with a chronic disease. I tried everything I heard of, but nothing did me any good. Some doctors said my trouble was catarrh of the bowels, and some said consumption of the bowels."

"One doctor said he could cure me. I took his medicine two months. But it did me no good. A friend of mine advised me to try Peruna and I did so. After I had taken two bottles I found it was helping me, so I continued its use, and it has cured me sound and well."

"I can recommend Peruna to any one, and if any one wants to know what Peruna did for me if they will write to me I will answer promptly."

Peruna is a household remedy of great merit, and is useful in many climatic ailments, such as coughs, colds, sore throat, bronchitis and catarrhal diseases generally.

MRS. LENA R. MOUDY

MISS BESSIE B. FARRELL

Biliousness, Indigestion.

Mrs. Lena R. Moudy, 556 Caywood St., Portland, Oregon, Sec'y Royal Tribe of Joseph, writes:

"For the past six years biliousness and pains in my back and limbs made life miserable to me. My skin was sallow and dry, and indigestion was added to my troubles. I was weak, faint feeling during the day so that I was not fitted to attend to my regular duties. This caused me serious annoyance and trouble, and I naturally tried many remedies, hoping to get relief."

"Peruna came as a friend in need. It toned up the system, relieved the blood of the poisons and induced a healthy action of the stomach, a fine appetite and restful sleep."

"Within three months I was a changed person, and for nearly a year now I have enjoyed splendid health."

A Grateful Patient.
Mrs. Eliza J. Gause, R. F. D. 3, Bedford, Ind., writes: "I have been cured by using Peruna and Manalin. I thank you for your advice."

Bilious Headache.

Mrs. Emily Kellogg, 5609 S. Lawrence St., South Tacoma, Wash., member of Ladies of the Maccabees, writes:

"Three months ago I had an attack of biliousness which threatened to undermine my health and strength. Luckily for me, I tried Peruna at the suggestion of my friends before it was too late."

"I found in a few days time that I did not have the usual sick headache, neither did food nauseate me any longer. In two weeks' time Peruna had completely rid my system of the poison and bile, and I was in a much better condition. My skin assumed its normal color, I had a splendid appetite, and I was in every way improved in health. I used Peruna for a month longer, and it wrought a wondrous change in my entire system. I consider it a most wonderful medicine."

Nervous Dyspepsia.

Mrs. J. C. Jamison, 61 Marchant St., Watsonville, Cal., writes:

"I was troubled with cramps in the stomach for six years. I tried many kinds of medicine, also was treated by three doctors. They said that I had nervous dyspepsia. I was put on a liquid diet for three months. I improved under the treatment, but as soon as I stopped taking the medicine, I got bad again. I took the medicine for two years, then I got sick again and gave up all hopes of getting cured."

"I saw a testimonial of a man whose case was similar to mine being cured by Peruna, so I thought I would give it a trial. I procured a bottle at once and commenced taking it. I have taken nineteen bottles and am entirely cured. Have gained in strength and flesh and feel like a different person."

"I believe Peruna is all that is claimed for it."

MRS. JOSEPH VITTUR

Catarrh of Head.

Mrs. Joseph Vittur, 5709 Erie St., Austin Sta., Chicago, Ill., writes:

"Your medicine, Peruna, was of great benefit to me. I suffered with catarrh of the nose and head for many years. Three bottles of Peruna cured me, after I had considered it impossible to ever be cured again."

"I now always keep Peruna in the house, and recommend it to every one suffering from catarrh. As soon as one of my children commences to cough I give them Peruna, and their cough is soon gone."

"This medicine is surely a great boon to suffering humanity."

Per-ru-na the Family Doctor.

Mrs. M. E. Seymour, R. F. D. 2, Bowman, Ga., writes:

"I am ready to speak a few words in favor of Peruna and Manalin. I have tried them for nearly every ill of life for myself and family, and find them to be all the doctor claims them to be. Peruna cured me of internal trouble when my doctor could not."

"My advice to all suffering women is, consult Dr. Hartman. What he has done for me he will do for you."

Per-ru-na in Tablet Form.

For two years Dr. Hartman and his assistants have incessantly labored to create Peruna in tablet form, and their strenuous labors have just been crowned with success. People who object to liquid medicines can now secure Peruna tablets, which represent the medicinal ingredients of Peruna. Each tablet is equivalent to one average dose of Peruna.

PE-RU-NA IS A HOUSEHOLD NECESSITY IN OVER ONE MILLION HOMES.

DEATH SENTENCE MAY BE OUTCOME OF STOESSSEL TRIAL

St. Petersburg, Feb. 5.—The sessions of the Stoessel court-martial are nearing their end. Generals Stoessel, Fock and Reiss are being tried for the surrender of Port Arthur fortress to the Japanese.

In his summing up yesterday General Gursky, the judge advocate, demanded that the court impose the death sentence upon Stoessel, Fock and Reiss; upon Stoessel as the responsible agent for the shameful surrender of the fortress and the cowardly ending of its glorious defense, and upon Fock and Reiss as the men who inspired and abetted him.

Removed Death Sentence.
London, Feb. 5.—A London news agency reports that General Stoessel has been sentenced to death for surrendering Port Arthur. It is impossible to get official confirmation of this statement from St. Petersburg at this time.

PLEASANT SURPRISE FOR REV. C. A. WOOLEY

(From Friday's Daily.)
Yesterday was a busy day for Fairmount. Surveyors were out running lines for the setting of the shade trees and scores of men were out had business at the railroad crossing surveying for the crossing of the electric line, but the crowning event of the day was in the evening. This was a surprise party for Rev. C. A. Wooley. Several ladies, headed by the arch-conspirator, Mrs. J. D. McDonald, arranged the surprise for him. It was to be an expression of appreciation of his past services and pleasure at the prospect of his continued service. Early in the evening the neighbors and friends assembled at the home of Simon Klor Dahl, next door, and marched in a body and surprised the reverend gentleman. They filled the house to overflowing. After an hour of pleasant converse, Mr. Wooley was ordered to the kitchen by Mrs. Wooley to build a fire that the guests might have some coffee. In the meantime an elegant couch had been brought into the front room, the four or five men repaired to the kitchen and seized Mr. Wooley, forcibly carried him into the parlor and laid him on the couch. He was told to recline there and see how good it was to rest upon. Then one of the number reminded him that a laboring man's rest was sweet, that he had been a hard-working man for years and had labored incessantly for the good of his community. Sometimes, perhaps, this labor had seemed unappreciated, if so his friends now wish to atone. The laboring man should have complete and sufficient rest. No other place is so appropriate as his own home upon an easy couch surrounded by loving friends. Life itself is but a day's work, and as he now approaches the end of that day's work it was appropriate that his friends should seek to enable him to rest with ease and comfort.

CITIZEN SOLDIERS

The National Guard Association of the United States has been trying for ten years to bring the National Guard up to the level of the regular force, and progress has been made in some of the states, though far from all that is desirable. In case of war the National Guard would be the first body of soldiers called out. At present it consists of 197,578 trained officers and men. The 65,000 regulars added give a total force for immediate service of 172,963 disciplined troops. What could be done in the way of volunteers reaches into millions, but this resource would not be at once available for the field.
Recently the state of Nevada called on the National government for a body of regulars to enforce the law of the state. Nevada does not support a single company of militia, nor

ICE KING GRIPS EASTERN STATES AND MIDDLE WEST

COLD WAVE OF UNUSUAL SEVERITY PREVAILS—THIRTY-FOUR BELOW ZERO IN NEW ENGLAND—DEATHS IN NEW YORK—POOR PEOPLE SUFFERING

New York, Feb. 5.—Large districts of the East and Middle West are suffering from a cold wave of unusual severity. Reports from many localities are to the effect that the extreme cold is coupled with a fall of snow of sufficient depth to interfere with transportation facilities, while several fatalities have occurred. A sleet storm in the Middle West has added to the general discomfort.

There has been considerable suffering in this city, and two women, Mrs. Margaret Meek Bertie and Mrs. Margaret Kelly were found dead in their home under conditions that indicate they were frozen to death. All of the charitable institutions are overcrowded and many homeless men, to keep from freezing have been forced to huddle around fires in the open streets. The whole state is in an icy grip, the mercury falling to a record of 45 below in the vicinity of Ballston.

Fatalities in Snow Slides.
Other fatalities are reported from Colorado, where numerous snow slides have occurred in the mining districts. Three fatalities in two different slides are reported from Telluride, while there have been numerous narrow escapes from these avalanches. One of the worst of these slides is reported from Crested Butte, Col., in which four men were carried down a mountain, two of whom were killed.

Weather conditions throughout New England are the worst of the present winter. The cold snap is general in that section, although no fatalities have as yet been recorded. Northfield, Vt., reports the coldest weather in New England, with the mercury registering 34 degrees below zero.

NEWS NOTES

A couple of mild cases of small-pox near Harrisburg have resulted in the vaccination of all the school children in the city.
Jack (Twin) Sullivan and Jim Flynn are to have it out in Los Angeles. February 11 is the date set for the bout.
At a meeting of the Roseburg city council February 15 the question of paved streets for Roseburg will be definitely decided. The matter was brought up before the financial stringency came on, but was by that untoward event delayed. The members of the council are unanimous for paved streets. The work, if undertaken, will in all probability be done by local people, as all the necessary material is at hand. Roseburg has had the most substantial building period in its history two or three years of any town of its size in Southern Oregon.
