Thomas Edison was one of the first to arrive at the house and prevented Mrs. Randolph from killing herself. She attempted to jump from a window, but after a hard struggle Edison succeeded in pulling her back to safety.

HUNDREDS OF VISITORS IN THE CITY TODAY

(From Monday's Guard.)

Today is Eugene's big boost day. Visitors from Roseburg, Cottage Grove, Junction City and Springfield are here and all have been made to feel at home by the members of the Commercial Club and the citizens in general. The day has been ideal, the sun shining brightly and the air cool and bracing. The visitors, one and all, have expressed themselves as well-pleased with their entertainment here and those who have never before visited Eugene are delighted with the queen city of the Willamette—those who have been here before have always been from the first time they viewed the city's beauteous surroundings and many attractions.

The citizens in general have done themselves proud in welcoming the visitors and each has vied with the other in trying to make the excursionists feel at home, all of which goes a long way toward cementing the ties of friendship between Eugene and the cities represented here today by those who have made the trip to accept of the city's hospitality.

This day will long be remembered as one of the greatest boost days ever held by any city in Oregon, and not only will Eugene benefit by the publicity derived therefrom, but the other cities from which the crowds have come will be counted among the state's most progressive communities.

Roseburg Special Arrives.

The first delegation, that from Springfield, came over on the Eugene-Springfield local at 11:10 o'clock, and ten minutes afterward the special train carrying 175 Roseburg boosters pulled in. The Roseburg people came for the purpose of inspecting Eugene's street paving, and among the crowd were ten of the city councilmen, Mayor Hoover and other city officials. The pavement had been swept clean and portions of it washed off with the fire hose, and when the visitors from the south arrived it was in excellent condition and showed off to splendid advantage to the exponents of municipal improvement from the south.

The Eugene Military Band, Mayor Matlock, other city officials, members of the Commercial Club and citizens in general were at the depot to welcome the excursionists. The locomotive was decorated with flags and bunting, and on the side of the tender was this banner: "Roseburg paved street special." As the crowds emerged from the cars, the Eugene Commercial Club members greeted them with the welcoming yells and the Roseburg crowd responded with the following:

"Roseburg, Eugene, watch us grow;
We will vote for the U. of O."

"Be a booster, have some snap;
Roseburg's surely on the map;
With paved streets and fine location
Can't be beat in all creation."

"Roseburg, Roseburg, can't be beat—
We are bound to have paved streets;
Make our city nice and clean—
Like our sister town, Eugene."

Eugene replied with the following:

"Lane county, Lane, Eugene,
Have you ever seen anything to beat Eugene?
No, never—except Roseburg:"

On one side of the banners displayed by the crowd was this inscription: "Roseburg, 1908, 5000 population," and on the other side, "Roseburg, 1910, 10,000 population." On the ribbons worn by the excursionists was printed: "Roseburg for paved streets."

Cottage Grove Arrives.

The Cottage Grove contingent, nearly 70 strong, arrived on the 11:45 o'clock Roseburg local and formed in line on the depot platform. The Roseburg boosters were kept at the depot until the arrival of the regular train and the delegates from both cities formed a line and marched down town together. Cottage Grove banners contained the following: "Cottage Grove, 1910, 9999. Head of the valley," and "Cottage Grove, $125,000, U. of O., at Eugene."

The yells given by the crowd were as follows:

"Eugene, Eugene, our county seat,
Our queen city is hard to beat.
Cottage Grove will boost and holler
And vote for U. of O.'s $125,000."

"Cottage Grove, Cottage Grove,
That's the place to buy
Everything but booze
And for that she's strictly dry."

Well, well, well."
This beats Cottage Grove all to ——
Well, well, wel."

Hella ballu ballo,
Hella ballu ballo,
Way up, way up.
Cottage Grove!"

Imposing Line of March.

Headed by the band, President L. L. Whitson and Manager Hartog, of the Commercial Club and other prominent citizens, the visitors were marched down the middle of Willamette street to the Commercial Club, where they gathered in front of the building and posed for a photograph. All the way down the street the column was greeted with applause and cheers from the people on the sidewalks, and numerous cameras were kept busy snapping the crowds. After the photo of the visitors had been taken all were invited to the Commercial Club parlors, where Mayor J. D. Matlock delivered a short address of welcome. It being lunch time the crowd was then dismissed until 3 o'clock this afternoon.

Notes of the Day.

Two huge "Welcome" banners were hung across Willamette street before the excursionists arrived this morning, one in front of the Commercial club and the other at the alley between the Hotel Smeeds and Kays' furniture store. The latter was put up by a number of merchants in that vicinity and the other by the club.

Mayor J. D. Matlock invited Mayor Hoover, of Roseburg, the Roseburg councilmen and the Eugene councilmen to lunch soon after the arrival of the excursionists.

The city's handsome fire team and the chemical engine were brought out by Fireman Croner. They excited the admiration of the visitors.

Hunter & Willoughby, the electrical supply dealers, whose store is across the street from The Guard office, this afternoon strung a wire with 100 incandescent lights along the west side of the half block south from Seventh street and the lights will shine tonight.

Many who had never before visited Eugene ascended Skinner's Butte and were charmed with the view afforded from the top.

The members of the Roseburg city council who came to look at our pavement are Mayor Hoover, S. S. Josephson, D. P. Fisher, L. Kolhagen, A. A. Bellows, W. W. Cardwell, J. W. Wright, C. B. Patrick, Jos. Micelli, Robert Robertson, and G. Worthington.

SPECIAL ELECTION WILL BE HELD ON APRIL 18

A special meeting of the city council was held this forenoon at which time an ordinance calling a special election for the submission to the voters of the city the proposed charter amendments for the issuance of water bonds and for the restriction of burials and cemetery additions within the city limits, was passed.

It was first proposed to vote on these questions at the regular city election April 6, but it was found that not enough time for the proper procedure would be had and it was decided to call a special election on April 18.

The ordinance passed this morning reads as follows:

An ordinance calling a special election in the City of Eugene for the submission to the voters of the city certain proposed charter amendments filed with the city recorder January 4th, 1908.

The City of Eugene does ordain as follows:

Section 1. Initiative petitions having been filed with the city recorder January 4th, 1908, the one proposing the amendment of sections 108 and 112 of the city charter, and the other proposing the addition to said charter of a new section in reference to cemeteries and burials within the city limits, and it appearing that said amendments so proposed can not be legally submitted to the voters of the city at the regular April, 1908, city election, a special election is hereby called to be held in said city on the 18th day of April, 1908, for the submission of said proposed amendments to the voters of said city. That said election be held at the usual polling places in each ward, viz:

First ward—At the city hose house on East Eleventh street.

Second ward—At the hook and ladder room in the city hall.

Third ward—At Heller's blacksmith shop, 41 West Seventh street.

Fourth ward—At Wilkins building, 68 West Eighth street.

That the judges and clerks of election to be appointed for the regular April election act as judges and clerks for the special election hereby called.

Section 2. That two certain resolutions of the common council passed January 13, 1908, looking to the submission of said amendments at the annual city election to be held April 6th, 1908, be and the same are in so far as they direct the submission of said amendments at said annual election, hereby repealed, rescinded and annulled.

Mr. Allen Explains.

In reference to the re-submission of the water amendments at a special election rather than at the general April election, City Attorney Allen today made the following statement:

"I am satisfied that I misapprehended a requirement of the law relative to the time which must elapse after amendments are filed before they can be voted upon. The new election makes a delay of two weeks. It will make some additional expense. That additional expense I will bear, as it was entirely due to my misapprehension that the amendments were not so brought before the council that they could be voted upon at the regular city election. To summarize the situation: These water amendments were submitted to the people last October, carefully and in exact accordance with provisions of law prescribed by the legislature for so doing. In a Portland case, on their charter amendments, Judge Cleland held that the legislature had erred in prescribing the procedure it did, and that such amendments must originate in a petition signed by the voters. Though believing our first submission legal, it seems more expeditious to submit the amendments again in the method the judge declares to be the proper one rather than submit to the delay that would be required to test in court the legality of the former proceeding."

MARTIN'S MEETING COMES TO CLOSE

(From Monday's Guard.)

Yesterday, with 205 additions, closed the greatest meeting in the history of the Christian church in Eugene. Dr. S. M. Martin proved to be a loyal and competent evangelist. His converts will doubtless prove lasting, as his converts in the past always have done, while the rest of the members have been built up in the knowledge and power of the Word of God.

In the Bible School yesterday, there were 515 present. This department of the work is meeting with much favor and benefit and will quite surely continue to increase in numbers and interest as it has done ever since the revival began.

The church was crowded to its utmost last night, while the evangelist ably delivered that splendid sermon on "Christian Bicycling."

The grand total of accessions to the church during the meeting is 208. Splendid encouragement for a noble future prevail.

Everybody is cordially invited to attend all Sunday and mid-week services at the Christian church.

J. S. McCallum is the efficient minister.

Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's **Swamp-Root**, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

DR. BROUGHER WILL HOLD MEETINGS IN EUGENE

Rev. J. W. Brougher, the noted pastor of the White temple church of Portland, will arrive in Eugene February 24 to hold metings in the Baptist church meeting house for the Presbyterian and Baptist churches. Dr. Brougher has just closed four years' work in Portland during which time 900 members have been added to the church, and he has preached to the largest audiences on the Pacific coast during these years. Dr. Brougher is a young man of 38 years, but today ranks with the greatest platform orators in the United States.

President Roosevelt, after hearing him, pronounced him a great preacher. He is not a professional evangelist, but a pastor who succeeds in reaching the multitudes, and week after week members are uniting with his church. Preparatory services will be held at the Baptist church beginning Sunday night, February 16, while Dr. Brougher will come February 24th.

These services will be union in character and are purposed to help Eugene. A man who can command an audience week after week for four years that numbers 2000 or more will doubtless be a blessing to the numbers who will hear him in Eugene in similar work.
