

PROMINENT HOSPITALS SAY

PE-RU-NA IS EFFICIENT

IN RELIEVING ALL CATARRHAL DISEASES.

SISTERS OF THE GOOD SHEPHERD, MONTREAL.

HOSPITALS ALL OVER THE CONTINENT FIND PE-RU-NA VALUABLE IN TREATING ALL CATARRHAL DISEASES

CATARRH of the respiratory organs is a common ailment in Canada for at least two-thirds of the year. This condition is no doubt caused by the long, severe winters experienced in this part of the continent. Therefore, when Peruna was discovered by Canadian people to be a reliable remedy for these catarrhal diseases, it at once became a popular medicine, not only among individuals and in families, but in the great hospitals, where it was used as a preventative and relief in hundreds of cases. These institutions do not hesitate to give their endorsement of the remedy which has been so helpful in the treatment of their poor and sick. Among these institutions is that of the Sisters of Good Shepherd, who gave the following endorsement: The Peruna Company, Columbus, Ohio, Having used Peruna for the past few months, for our sick and poor, we are happy to say that it has given us great satisfaction. The Sisters of the Good Shepherd, August 20, 1903. Montreal. After a continued use of the remedy, this institution has found no reason to change its good opinion of the remedy and expresses its satisfaction in the following terms:

Montreal, Nov. 7, 1903. We found Peruna a relief in several cases. We can say it is a good tonic and we are very thankful. Sisters of the Good Shepherd. When catarrh once fastens itself upon the system it becomes an obstinate disease to eradicate. A systemic remedy—one that reaches every internal organ of the body—is an absolute necessity. Peruna is just such a remedy. It searches out the cause of the disease, healing and strengthening the mucous membranes, and thus giving Nature an opportunity to perform her part of the restorative process. One of the many hospitals which have found Peruna of value in treating old and obstinate cases of catarrh is the Hospital St. John, who write, as follows: "We are happy to tell you that your Peruna has given us satisfaction. Three patients have tried it, one 62 years old, Renou Dupuis, afflicted with catarrh, is much relieved, more than he has been for a number of years. "A young girl, 15 years old, had an obstinate cough, which half a bottle of Peruna caused to disappear. "As to myself, two bottles have convinced me that Peruna is magnificent as a tonic. "Before the treatment I could not walk for a quarter of an hour without

experiencing much fatigue. Now I can walk a mile easily. "Through these three cases we desire to make known to the public the efficiency of your remedy." Hospital St. John, of St. Johns, Province of Quebec. A later letter received from the same institution reads as follows: "Three weeks ago I wrote to tell you how satisfactory we found Peruna. We recommend it highly for colds, coughs, catarrh and neuritis. "I have used it myself as a tonic with the best results, taken as directed, half a teaspoonful every half hour." Mrs. Etta Booker, Dundurn, Sask., N. W. T., Canada, writes: "I suffered with pevic catarrh until I wrote to Dr. Hartman, and after taking treatment as he advised, I can say I am now cured of this most trying affliction, for which I am truly thankful. I think Peruna the best medicine for catarrh. I never felt better in my life than I do at present." Peruna not only promptly relieves coughs and colds in their first stages, but is equally prompt and efficient for catarrhal diseases in the chronic stage. Of course, it is only reasonable to suppose that a great deal less medicine will be necessary to cure a slight attack of catarrh than would be required to relieve the ailment after it had been allowed to become chronic.

MANY BRICK BUSINESS BLOCKS WILL BE BUILT

IF ALL BUILDINGS NOW PROJECTED ARE ERRECTED EUGENE WILL EXPERIENCE A GREAT BOOM

WORK ON SEVERAL ALREADY BEGUN AND CONTRACTS FOR OTHERS LET—AMONG PROPOSED BUILDINGS IS A FOUR OR FIVE-STORY BLOCK FOR ODD FELLOWS

If all the business blocks that are projected for this season are built Eugene will experience the greatest building boom in its history and no city of its size on the coast can equal its record at the close of the season. However, it is not likely that more than half of the buildings now talked of will be erected this year, but they will come in time—perhaps next year. At any rate, there is going to be great activity in that line during the coming spring and summer, and the work has already opened up, promising to continue until late in the fall. Work on three brick buildings has begun—the Hullin and Patterson buildings on East Ninth street, and the Potts building on Olive street. At any rate, the work of building the Pinnac block adjoining the Potts building will begin within a few days, the contract having been let to W. O. Heckart. J. B. Coleman has also let the contract for building two additional stories to his brick building on Willamette street. Foremost among the projected buildings is the four or five-story block talked of by the Odd Fellows of this city, to be located on their lot at the corner of East Ninth and Oak streets. This proposed building has been mentioned by The Guard at several different times, but the lodge is not yet decided upon the matter. Plans for the structure have been drawn and the matter may be decided in a short time. When completed it will be Eugene's tallest structure and will be the means of greatly enhancing the value of property in that vicinity. Another building project is that of the First National Bank, which proposes to add a second story to the one-story building adjoining the bank building, and which it recently purchased with the view of enlarging the banking rooms. S. H. Friendly, whose store adjoins this building, says that in all probability he will also add a second story to his building at the same time the bank makes the improvement. Besides these F. L. Chambers will likely begin work on his two-story block on Willamette street soon, occasion for which was made last fall. It is said he is also thinking of adding a third story to his building occupied by his brother's hardware store. The Sanford four-story hotel building and the Cherry Brothers three-story block, both to occupy the frame buildings which were burned last August, have not been mentioned very frequently of late, but it is probable that they will be put up this year. The Hovey heirs are figuring on a handsome block of two or three stories at the corner of West Eighth and Olive streets, but no definite decision on the matter has been reached. L. O. Beckwith has announced that he may erect a one-story addition to his block at the corner of Seventh and Willamette streets, extending it back to the alley, but he is holding the matter in abeyance waiting to ascertain the probable cost. There are others who are talking of building, but as their plans have not matured, they request that no mention be made of them.

quarters, where he has been doing business since the first of the week. He has one of the neatest and most up-to-date resorts that we have seen for some time. Henry Hohl, from Eugene, who has been in the employ of Watkins & Miller of that place for the past twelve years, has accepted a position with the Springfield Provision Company, and commenced work Tuesday morning. The family of Squire Innis arrived Wednesday from Nevada, Mo., and will make this city their future home. Mr. Innis arrived from the East about five months ago, with his father, J. B. Innis, who had been visiting in Missouri. He came out West to look at the country, and deciding it was a good place to locate, sent for his family. He has a wife and four children. Walter Wilnot, of the firm of Hadley & Wilnot, purchased Mr. Hadley's interest in the confectionery and pool hall business yesterday. Mr. Hadley retires from the business on account of sickness. Mr. Wilnot will conduct the business in the same orderly way, and as he is very popular among the boys he will enjoy the same good patronage. The house is a very popular place of amusement, is orderly and well-conducted.—News.

HARBISBURG NOTES, LOCAL AND PERSONAL

Mrs. M. Foot, of Springfield, was here the latter part of last week, to attend the funeral of Mr. and Mrs. Fawcett's little child. They were a fine bunch of sheep. James Seavey, of Eugene, was here the first of the week interviewing out hop growers. There does not seem to be very much doing in the hop market at present. Charles Cunningham, of Eugene, was here Sunday visiting his mother and other relatives and friends. He is local manager of the Willamette Valley Company at Eugene. Died—At the home of his parents, Mrs. and Mrs. S. Fawcett, near this city, Thursday evening, February 6, 1908, Howard Fawcett, aged six months and two days, of membranous croup. He was a bright little child, and his death was a sad blow to his parents and their many friends in this section. The funeral occurred Saturday at Muddy, and the bereaved family have the sincere sympathy of a host of friends in this, their sad loss. Guy Haley, of Lyons, and Miss Millie Peters, of this city, were united in marriage at the home of Mrs. Lang, in this city, Sunday, February 9, 1908, Rev. W. N. Lyon officiating. The happy couple left on the noon train for Albany, and from there they went to their new home at Lyons, where Mr. Haley is employed in the logging woods. The bride was born and raised here and has a host of friends who wish them many long and happy years of wedded happiness. L. G. Lamsell left Monday evening for San Francisco, where he will put in a few days taking in the sights. He was accompanied by Irvin Williams, of Lake Creek, and the two went along with a shipment of sheep, several cars having been shipped by A. J. Pickard, of Eugene. The boys will not have very much to do with the sheep, however, only to feed them a couple of times, and it gives them a splendid chance to look at the country as they pass through.—Bulletin.

The tiger apparently licked, but it cost him his life, for the leopard had clawed the insides out of him and he died. In Portland last night John G. Wette, on employ in the city engineer's office, met his death because of his proclivity for practical joking. He pretended to be a highwayman and "held up" Policeman Hepper, the latter shooting him dead, when he gave the order to hold up his hands, pointing his clay pipe at him in the darkness. A sensational dispatch from Santa Monica, Cal., says that on an unrequented bluff which marks the northern limits of Santa Monica Bay, a party of seven Japanese with a small cannon in their possession have been for several days past engaged in experiments that have aroused the suspicions of settlers in that district, and the news of their operations here tonight has created some excitement, particularly as it is known that a portion of the American battleship fleet will remain several days in the waters enclosed by Point Dume, where the party of Japanese made its headquarters. F. H. Snodgrass, city marshal of Cottage Grove, has filed his petition for the nomination for sheriff on the Republican ticket. Mr. Snodgrass has made an excellent marshal, and his friends think he would do as well in the sheriff's office. Charles J. Barhite today filed in the probate court a petition for the adoption of Orvis Snook, aged seven years, and that his name be changed to Orvis Barhite. MOTHER DESERTS THREE MONTHS OLD BABE ITS GRANDFATHER TAKES IT TO JUVENILE COURT AND IT CAN BE HAD FOR ADOPTION

Mrs. Geo. H. Kelly, of the local juvenile court, has another child—a wee babe—on hand which can be had for adoption by some responsible person. The child, a girl three months old, was brought to her before breakfast this morning by its grandfather, W. J. Peysburn, who stated that its mother, Mrs. Charles Edwards, had deserted it and left it with its grandparents. They were unable to care for it and turned it over to Mrs. Kelly. Mr. Peysburn states that the baby's father deserted his wife some time before it was born, and that the mother left only a few days ago, saying she would have nothing more to do with the child. Mrs. Kelly stated to a reporter this morning that she thinks she can find a good home for the wail son, — she knows of one or two people who are desirous of adopting a child. Today a petition was filed in the juvenile court by Mr. Peysburn asking that body to take charge of the child.
