RUMOR THAT KING ALFONSO WAS MURDERED

KING ALFONSO XIII. OF SPAIN.

grown out of the bomb explosion at Barcelona yesterday, which was the work of anarchists. Several were killed and injured. King Alfonso is at Seville.

WILLIAM BROWNLEE PASSES BEYOND BELIEVED AND PUBLIC-SPIRITED CITIZEN DIED LAST NIGHT AFTER A SHORT ILLNESS

(From Tuesday's Guard.) William Brownlee, a well-known and beloved citizen of this city, died at his home in Fairmount last night at 11 o'clock after a short illness of a gripple, complicated with asthma and bronchitis. He had been up and around the house during the afternoon and had eaten dinner with the family, but in the night he was taken suddenly ill and passed away peacefully.

OPPOSED TO INITIATIVE (Pacific Outlook, Rep.)

As the time of the balloting draws near it becomes more evident that the houses, the powers of darkness and the Oregonian are alligned in opposition to both the initiative and the referendum and to Statement No. 1. Only the Democratic party stands for the latter, with any degree of unanimity. The Republicans are divided upon the issue, with the biggest half either wavering betwixt or between or outspokenly opposed. The Oregonian devotes whole columns to the task of demagoguing (?) that these political vagaries are not only a menace to the Republican party's remains, but to the peace and welfare of the state. And no one will dispute that there is a streak of truth and logic in its position on the initiative proposition. This form of legislation is mighty expensive. It will cost the state not less than \$20,000 to run the initiative and referendum measures upon the ballots. It is true that it opens the way for legislative freaks, hobbies and graft schemes. But let us rest assured that no measure that the people may be brought carelessly or ignorantly to vote upon, or that is a measure of such a nature as to vitiate some of the laws that have been passed by Oregon Assemblies during the past 30 years. Not even a school boy needs to be told that there is less chance of jobbery in an initiative measure which passes before the entire body of voters than there is in a legislature which 25 per cent of the members make their own judgment and the interests of the state subservient to personal or factional ends. And let nothing separate the voter from this truth: that the welfare of the masses can never suffer in any great extent by the extension of the prerogatives of government to the people; in other words, by the natural development and broadening of democratic principles.

FRANCIS HENRY RECEIVES FAT FEE

Washington, Feb. 17.—Francis J. Henry's fee for prosecuting the land fraud cases in Oregon amounts to practically \$50,000, all but \$5000 of which has been paid. The balance was provided for in the deficiency appropriation bill which recently passed congress.

S.S.S. BLOOD POISON A SAFE HOME TREATMENT

In S. S. S. nature has provided a certain, safe, home cure for Contagious Blood Poison. It is a medicine made entirely of roots and herbs of recognized blood-purifying value, and is the one medicine which is able to get down to the root of the trouble and remove every particle of the virus, and at the same time benefit and build up the system and general health. No harmful effects ever follow its use, as is so often the case when strong mineral medicines are used. As soon as the system gets under the influence of S. S. S. the disease begins to improve, and when the remedy has thoroughly purified the blood and driven out every trace of the poison, no signs of the trouble are ever seen again. The general manifestations of Contagious Blood Poison such as falling hair, copper-colored spots, ulcerated mouth and throat, sores and ulcers, etc., are merely symptoms of the poisoned condition of the blood, and in most cases respond quickly to local treatment, while S. S. S. is doing the necessary work of cleansing the blood. Our "Home Treatment" book is of great assistance along this line. It is a complete guide for treating the trouble, containing instructions for the local different stages of the disease, and also valuable suggestions about the local treatment, that will be most helpful in effecting a cure. We will be glad to send a copy of this book, free of charge, to any who desire it, and if special medical advice is wanted our physicians will take pleasure in supplying it without cost to the patient. If you are suffering with Contagious Blood Poison you can cure yourself in the privacy of your own home by the use of S. S. S., an absolutely safe remedy.

Over-large receipts of veal that has to be rated as coarse and ill-fitted tend to weaken the market for the better grades, and the best quotations on the latter today were 8 1-2 to 9 cents. The bulk of the stuff received goes at 7 to 8 cents. Dealers look for lower prices as the season advances. The pork market is well maintained, receipts being only moderate and prices the same as for several days past.
