EUGENE PROPERTY WILL GROW VALUABLE

Blair street addition property is sure to double in value within the next two years. Two electric railroads are coming up the valley from Portland and both of them must enter the city from the west, and the line that will tap the Suslaw country can not go out in any other direction. As sure as water runs down hill, Eugene must build down the valley—because the business is there.

There are both acreage tracts and large lots in this addition, only a mile from the business center and three blocks from the Geary public school.

Prices are very reasonable and you may make your own terms, a small payment down and monthly installments if you desire.

STOP AT THE RIVER BRIDGE!

Bring your work to Smitherman's wagon and carriage shop. Mr. Wilkinson, the well-known blacksmith, is with him, also a first-class painter and upholsterer from the East. All work guaranteed. New rigs made to order. a16

PORTLAND MARKET REPORT

Portland, Ore., March 19.—Of the total Oregon potato crop of 1907, estimated by a local jobber at 3000 cars, there now remains unsold in the state, in the hands of growers, between 1200 and 1500 cars. This is, of course, a random estimate, for it is impossible for anyone to more than roughly guess the amount of spuds that are still awaiting a market. The surplus stock is in large and small lots and scattered well over all the potato-growing districts of the state.

The prospect for a market for the product in the Spring that will show measure of profit for the growers is still a dubious one, yet the case, according to a local jobber, who is now sending from ten to a dozen cars south each week, is not altogether a hopeless one. California last year harvested an immense potato crop, but generally the quality of the south grown tubers is inferior to that of the Oregon product, and therein lies the hope, if there is any hope, for the Oregon surplus.

"I believe there will be some sort of a market for the marketable surplus of the Oregon crop," said the jobber referred to today. "This may enable the producers to do a little better than break even, but it can hardly be counted on to do more. There is a steady, though a very slow market in the South for Oregon spuds, and if this market can be fed in a careful way it can be maintained until a good part of the present Oregon stocks can be disposed of."

Onions Showing An Advance.
Because of the bad condition of the roads and the press of farm work there is a shortage of local onions in the market at this time and the price has advanced to \$3.25 for best quality. The market has fair supplies of No. 2 and No. 3 Oregon; likewise the same quality of Japanese but strictly fancy onions are scarce and for these the trade is anticipating little difficulty in obtaining the top figure.

Words come from California that the Cochellas of that state will be ready for shipment in carlots after the first of April but the trade has been disappointed over the receipt of outside stock several times this season so will not believe the report until the onions are actually on the way. A few small shipments of Cochella onions are reported by California markets but the total volume of onion arrivals there has been so small that the price of Oregon's is quoted 25c higher in San Francisco today.

Some Quoting Low Figure.
While Front street is not selling eggs below 16 cents a dozen, some are reporting sales as low as 15c. However, retailers who purchased at the lower price cannot be found. While the volume of storage operations is still small, the output is increasing and three firms were this morning putting away some of their accumulations. With-out storage operations the price may go a fraction lower, but the increased consumption due to low prices, and the input of some houses, will not likely allow much of a decline from these figures.

Excellent Tone is Butter.
Every city creamery reports a firm tone in the butter market since recent lowered values. Some of the makers have been unable to fill all their orders during the past 24 hours, indicating that buyers are not holding back for any possible decline in the future. One of the greatest aids to the strength in the local market is the good and steady feeling in California. One local handler today made an offer to take all the best creamery on today's San Francisco liner at 30c a pound—the same value as city creamery. Nothing could be more suggestive of the ruling strength than this disposition of the local trade to pay the same prices for out-of-state brands as for the city manufacture.

Brief Notes of The Trade.
Smelt and all other small fish are scarce because of the recent storm. Same reason applies to scarcity of clams and crabs.

On account of the heavier arrivals, California asparagus shows another drop today; steamer stuff is selling down to 16c a pound.

Receipts of pineapples from Hawaii are increasing but the market is firm at former prices. Fine quality. A car of California cabbage is reported in from Los Angeles this morning. "Pine shape. Market firmer at \$1.50 to \$1.60.

Market for dressed meats is holding rather firm with arrivals rather short again.

A few transactions in wheat are reported around 82c for club but the market generally remains quiet. Nothing doing in export flour. Local grade is somewhat dull with secret cutting continued.

A few sales of hops are reported during the past 24 hours around 3 and 4c a pound. Market range remains unchanged.

Market is full of salmon because of the inability of shippers to fill outside orders by reason of the freight blockade.

Portland Livestock Market.
Quotations ruling in the local livestock market today are:
Cattle—Best steers, \$4.25 @ \$4.50; medium \$3.50 @ \$4.00; cows, \$3.25 @ \$3.50; fair to medium cows, \$2.75 @ \$3.25; bulls \$2.00 @ \$2.75; calves \$2.75 @ \$4.50.
Sheep—Good \$5.50 @ \$6.00; lambs, \$5.75 @ \$6.50.
Hogs—Best \$5.25 @ \$5.50; light fat and feeders, \$5.00 @ \$5.25.

Portland Quotations.

Chickens—14 @ 15c.
Wheat—Valley 82c; Bluestem 84c.

NOTABLE MEDICAL DISCOVERY.

Of Special Value to Many Here in Eugene.

A notable medical discovery and one that appeals especially to many people in Eugene is the combination of stomach remedies in the Mi-o-na treatment. This preparation has worked wonders in cases of indigestion or weak stomach.

It acts specifically upon the walls of the stomach and bowels, strengthening and stimulating them so that they readily take care of the food that is eaten without distress or suffering.

So positive are the good effects following the use of Mi-o-na that the remedy is sold by Hull's Drug Store under an absolute guarantee to refund the money if it fails to cure. With an offer like this, no one can afford to suffer with indigestion or stomach troubles. A 50 cent box of Mi-o-na will do more good than half a dozen boxes of ordinary digestive tablets.

John Kistinger, of Fall Creek, was a pleasant caller at the Guard office a few days ago. He is 82 years old and is as active as the average man twenty years younger.

FOR YOUR SUNDAY DINNER.

Try the following delightful dessert: 1-2 cup English Walnut meats. 1-2 dozen figs, cut up fine. 1 1/2 package JELL-O, any flavor. Dissolve the JELL-O in a pint of boiling water. When cool and just commencing to thicken stir in figs and nuts. Serve with whipped cream. Delicious. The walnuts, figs and JELL-O can be bought at any good grocery. This makes enough dessert for a large family and is very economical.

LOWELL ITEMS

(Special Correspondence.)
Lowell, March 18.—Regular spring weather prevails. The buds begin to swell and grass and grain are growing.

The late rains have swollen the river and stopped logging for a few days.

The telephone line from Lowell to Hazel Dell, being constructed by the government, will be pushed to completion after the first of April.

Mac Crow, of Rush Island, is contemplating doing some logging soon. Joe Hills made a trip last week to Jasper to see his mother, who is indisposed and quite feeble.

Gardening seems to be the order of the day, but some have onions large enough to use that were planted in January.

Mrs. Stiers is laid up with rheumatism.

The mumps are a thing of the past and no new cases are reported around Lowell.

Stock has gone through the winter in good shape and there is feed left over.

Mr. Vincent, the Eugene butcher, passed through Lowell en route to Hazel Dell to buy beef cattle.

The Middle Fork district school started two weeks ago with good enrollment for a county school. The schoolhouse is crowded to the utmost.

The Rush Island schoolhouse is also in a flourishing condition. Fourteen new single seats will soon be placed in condition by the directors.
