**CHANCELLOR DAY EXCORIATES RICH WHO BUY TITLES**

New York, April 8.—Dr. James H. Day, chancellor of Syracuse University, addressed a meeting of the Harmon branch of the Young Men's Christian Association today. He spoke of a bright industrial future that will follow the present depression. Dr. Day said: "If you have not, you will have soon. This nation is too big to be ruined, too big to stop long. The business of the country is not going to stagnate or wither. It is going on."  
"Men get rich and then get fat and get dyspepsia and die. The Lord

DR. J. R. DAY, Chancellor of Syracuse university, who is the ardent foe of Mr. Roosevelt's policies.

takes care of that. Most of them are fools, but they die and leave their millions to sons and daughters instead of to Syracuse University."  
And most of the sons are fools, too. They spend the money for automobiles and yachts and great establishments and bye and bye you get it all back.  
"The daughters distribute wealth, too. They give some of it to those counts and no accounts. The papers are full of it. Most of it goes abroad, but it all comes back again. Many of the daughters will sell themselves and give a bonus. We have a market here in this country for rich girls—just as much a market as they have in Constantinople. This market goes all to the ragged and tattered royalty that nobody has any use for abroad.  
"It is a spectacle for men and angels and you cannot be personal about such things and you know what I mean; and you can put it down that most of those sales are not turning out very well, and that's a good thing."

**HARRIMAN ANSWERS IN MERGER SUIT**

Salt Lake, Utah, April 6.—Answers of the defendants in the merger suit of the government against E. H. Harriman et al were filed today with the clerk of the federal court.  
In his answer Harriman selected the Union Pacific railroad selected directors for various companies through the ownership of the majority of the stock, but that the companies are operated, managed entirely in their own names, and by their own agents and owners. He admitted the ownership of the steamship lines plying between San Francisco and Portland, but Harriman entered a general denial that competition ever existed between lines now in his network of roads. The answer also denies that his various railroads and steamship lines give him a monopoly of commerce and trade or power to dictate.

**FIRST NATIONAL BANK GETS TEUTSCH STOCK**

Pendleton, Or., April 6.—At public auction this morning the bankrupt mercantile stock of Lee Teutsch was sold to G. M. Rice, cashier of the First National Bank, at 56 cents on the dollar. Rice was the highest bidder. The stock invoiced at \$29,000, and the indebtedness amounts to \$4700. The First National Bank holds the largest claim.  
Thirty-six cents on the dollar was the opening bid. This was soon raised, a number of Eastern Oregon merchants bidding. The store will probably be reopened under the direction of Rice, acting for the bank, in the near future.

**EMMA GOLDMAN IS BARRED OUT**

St. Paul, April 7.—An express messenger on the Soo line reports that the United States immigration inspectors have detained Emma Goldman, the anarchist, at Noyes, on the international boundary line, as she was returning to the United States from Winnipeg. There is no confirmation of the report.

Winnipeg, April 7.—The Canadian government today instructed the police officials here to escort Emma Goldman to the boundary. If the United States government refuses to allow her to cross, she will be sent to Russia, although she claims to be a citizen of the United States.

**WALTER WELLMAN FINDS NORTHWEST OPTIMISTIC**

Butte, Mont., April 6.—Optimism prevails everywhere in the great Northwest and mountain region. Traveling through the Dakotas and Montana, as far as Idaho, and meeting men from all sections of this vast expanse of country, I have yet to hear the first word of discouragement as to the business outlook. It is true, the banking and currency panic, which started last fall in New York, and ran almost instantaneously through the length and breadth of the land, did leave a little mark in this region, but it was very small. It did not hurt much.  
Did Not Stop Paying Cash.  
The banks of this state, be it said to their everlasting credit, did not suspend cash payments, and thus virtually abdicate their functions, as banks did almost everywhere else. They met every demand, cashed every check and draft.  
Along the Atlantic seaboard and as far west as Cincinnati and Columbus including very markedly Pittsburgh the panic hurt to the quick. Hundreds of thousands of men have been thrown out of employment, and the recovery, while visible, is coming very slowly. As far west as Chicago the effects of the panic were less noticeable, and west from Chicago to the Pacific coast the harm done seems to diminish with increasing distance from New York. But the Pacific coast was hard hit.  
San Francisco Hard Hit.  
San Francisco in particular, weakened by the earthquake and conflagration and hampered by labor troubles, and by graft in the city government, is still said to be in a bad way. It is difficult to find the capital with which to finish the hundreds of buildings of castly character, through which the city is rising from the ruins.—Walter Wellman's special dispatch to Chicago Record-Herald.

Being induced to try Doan's Kidney Pills, I was agreeably surprised by the prompt relief found. **JUDGE GRAY OPENS CAMPAIGN FOR PRESIDENCY**

Washington, April 5.—Supporters of George Gray, of Delaware, for the Democratic nomination for President have completed arrangements for establishing headquarters in Washington, and tomorrow they will actively enter upon a campaign for the Delaware statesman. R. J. Bramish of Philadelphia, will be in charge of the bureau. He states that the movement is being made without the aid or encouragement of Judge Gray, who, it is added, has not said a word or done anything that could be construed as seeking the nomination.

JUDGE GEORGE GRAY, Delaware Democrat who is prominently mentioned for the presidential nomination.

The fund that is to finance the Washington headquarters has been subscribed, it is said, by a few Delawareans and Pennsylvanians.  
The work will be supplemented by that of a similar bureau in Judge Gray's home town—Wilmington. A league of Gray Clubs is also in progress of formation. The work of this organization, according to Mr. Bramish, will be done largely in New Jersey, Pennsylvania, New York and New England States and the South.

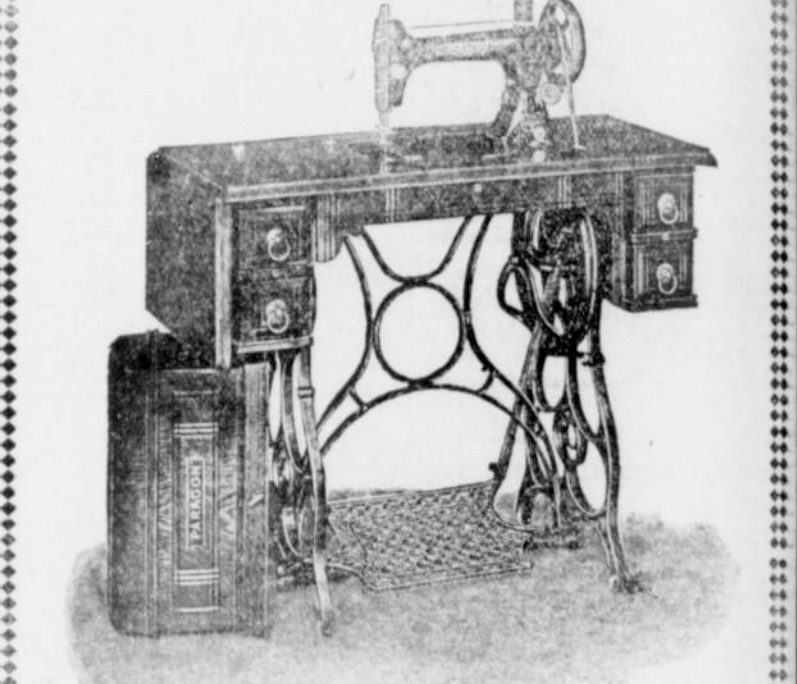

**OREGON BEATS WORLD AS PROSPEROUS COUNTRY**

Portland, April 6.—"Oregon is today in the best condition financially of any state in the union," said A. L. Mills, president of the First National bank. "The state is not in bondage to the East. The people are living easy on the proceeds of our big crop. Decreases in bank deposits throughout the state indicate that the people are drawing on this crop wealth to some extent.  
"There is every reason to believe that the coming crop will be even bigger than the last, when 63,000,000 bushels of wheat were harvested in the three states. Unless unexpected unfavorable climatic conditions arise it is thought that this year's crop will exceed this figure by ten, and perhaps even fifteen per cent. Prices are high and our wheat farmers will be millionaires.  
"Financial conditions get rockier the further east from Oregon you go. Things are not altogether happy in the Eastern money centres. Advances from there are not wholly reassuring, but it can be safely said that the conditions there are not working us any particular hurt in this state.  
"The banks here are loaning their regular people all the money they need in their business, but are not seeking new business that requires advances. The business of wholesalers is better today than it was at this period last year. Collections are good."

**SCROFULA AN INHERITANCE OF DISEASE AND SUFFERING**

No truth is more forcibly manifested in physical life than the old saying "like begets like," for just as the offspring of healthy ancestry are blessed with pure, rich blood, insuring health and strength, so the children of those tainted parents inherit a polluted circulation to burden their existence with disease and suffering. Swollen glands about the neck, brittle bones, weak eyes, pale, waxy complexions, running sores and ulcers and general poor health, are the usual ways in which Scrofula is manifested. In some cases the blood is so filled with the scrofulous germs and tubercular matter that from birth life is made miserable with suffering. Others who inherit the disease succeed in holding the trouble in check during young, vigorous life, but when the system has begun to weaken and lose its natural vitality and especially after a spell of sickness, the ravages of the disease will commence, and in a great many cases terminate in Consumption. S. S. S. is the very best treatment for Scrofula. It renovates the entire circulation and drives out the scrofulous and tubercular deposits. S. S. S. is the greatest of all blood purifiers, and it not only goes to the very bottom of the trouble and removes the cause and cures the disease, but it supplies the weak, anemic blood with the healthful properties it is in need of. S. S. S. is made entirely of healing, cleansing roots, herbs and barks, and is an absolutely safe remedy for young or old. Book on the blood and any medical advice about Scrofula given free of charge. THE SWIFT SPECIFIC CO., ATLANTA, GA.
