FAIR SOCIETY FILES ARTICLES OF INCORPORATION

(From Friday's Daily Guard.) The Lane County Agricultural Society, which has been in course of organization for the past several weeks for the purpose of conducting a county fair, filed articles of incorporation with the county clerk this forenoon. The incorporators are Alton Hampton, Henry Hollenbeck and David Linn. The objects of the society, as set forth in the articles, are as follows: To promote the agricultural, horticultural and industrial development of Lane county and the state of Oregon; to encourage immigration by collecting and distributing reliable information in regard to Oregon and Lane county; to acquire by purchase or otherwise such real estate and personal property as may be necessary to carry out the purposes of the corporation, to buy and sell real and personal property, to hold and conduct fairs for the exhibition of the resources and products of Lane county and the state of Oregon. The principal place of business is in Eugene and the capital stock is \$49,800, divided into shares of the par value of \$300.

The proposed fair grounds, as all know, will be located in the Huddleston addition in the southwestern part of the city. A large number of town lots adjoining the fair grounds were platted and the stockholders in the fair association have bought these lots at \$300 as stock in the association. All of the lots have been sold and the carrying out of the society's plans for a fair will proceed. It is expected that the work of building a track and the necessary buildings will begin just as soon as the weather settles.

A good deal of excitement was caused in the north part of town Saturday over the disappearance of Paul, the five-year-old son of S. S. Neel. He disappeared about noon and by 4 o'clock the whole town was aroused. It was feared that he had fallen into the lake and was drowned. Preparations were made to drag the water when the little fellow was discovered under the house asleep. He had been asleep for hours, and as he was last seen in the neighborhood of the lake, it gave rise to anxiety on the part of his parents.—Times.

ROSEBURG VOTES FOR PAVED STREETS

Total vote—For paving bonds, 482; against bonds, 66.

In fulfillment of expectations, Roseburg's street paving bond election, being held today, is carrying by an overwhelming majority. While the vote being cast is comparatively light, it is almost unanimous in favor of the bonds. What little opposition has developed is chiefly of the gum-shoe variety, and amounts to practically nothing.

Citizens who have worked so hard for the bond issue are jubilant today and their smiling countenances are to be seen everywhere on the streets. Hundreds of silk badges, bearing the words "I vote for paved streets," are being worn by as many citizens of both sexes, showing unmistakably toward which side of the question the preponderance of public sentiment leans.—Yesterday's Roseburg Review.

A SURGICAL OPERATION

If there is any one thing that a woman dreads more than another it is a surgical operation. We can state without fear of a contradiction that there are hundreds, yes, thousands, of operations performed upon women in our hospitals which are entirely unnecessary and many have been avoided by **LYDIA E. PINKHAM'S VEGETABLE COMPOUND**. For proof of this statement read the following letters.

Mrs. Barbara Base, of Kingman, Kansas, writes to Mrs. Pinkham: "For eight years I suffered from the most severe form of female troubles and was told that an operation was my only hope of recovery. I wrote Mrs. Pinkham for advice, and took Lydia E. Pinkham's Vegetable Compound, and it has saved my life and made me a well woman."

Mrs. Arthur R. House, of Church Road, Moorestown, N. J., writes: "I feel it is my duty to let people know what Lydia E. Pinkham's Vegetable Compound has done for me. I suffered from female troubles, and last March my physician decided that an operation was necessary. My husband objected, and urged me to try Lydia E. Pinkham's Vegetable Compound, and to-day I am well and strong."

FACTS FOR SICK WOMEN. For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, and backache.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

Story of the Drowning. Miss Yarnell and Miss Vesta Davis started out in the middle of the afternoon for a canoe ride up the mill race. They went to the head of the race at Juddins' Point. In attempting to turn around to come back the swift current caught the canoe and upset it. Miss Davis, being able to swim, reached the shore quite easily. She had hold of Miss Yarnell by the foot for awhile, but was unable to keep her hold and the latter sank to the bottom. Miss Davis called for help, and two University students who were walking along the railroad at the time came to her aid. She told them what had happened and taking of a mile down the race, they gave the alarm and ran back to the scene of the drowning to try and find Miss Yarnell's body. Within a few minutes a large crowd of men and boys were there. Grappling hooks were sent out from Griffin's hardware store and Chief of Police Farrington and many others went out to assist in the search. The bottom of the race was dragged continually and finally, after 10 o'clock, a hook caught on the girl's sleeve and the body was brought to the surface. It was found that her watch had stopped at 4:22 o'clock.

The unfortunate girl was born on her father's farm in the Mohawk valley and was raised there. She was aged 19 years on the 30th day of last September. She was formerly a student at the Eugene business college, and at the time of her death was attending the musical department of the University of Oregon. She leaves besides her father, J. E. Yarnell, several brothers. She was a beautiful girl and had many friends among the young people of the high school, business college and University who are deeply pained on account of her untimely death. She was a member of the Christian church of this city.

TRAIN OF 98 CARS HAS SMALL WRECK. Halsey, Or., April 2.—The Southern Pacific northbound freight met with an accident yesterday morning, due, the trainmen say, to the air-brakes refusing to work on two empty cars, one of which was smashed to kindling and the other broken in two. There were 98 cars in the train and the demolished cars were about the middle. When the accident occurred they were trying to switch part of the train. Two northbound express and passenger trains and an extra freight were delayed about two hours on account of the trouble.
