FATHER OF MAN WHO WAS KILLED PROBABLY FOUND

It is probable that the name of the young man who was killed by being run over by a freight train in the depot yards Saturday afternoon is Fred Johnson, and J. P. Johnson, who conducts a dairy farm near Omaha, is now on the way to Eugene with the expectation of identifying the body as that of his son.

Saturday evening, after the inquest over the remains had been held, Coroner Gordon sent a telegram to the Omaha Bee as follows:

"Fred W. Johnson killed here today. Father dairyman near Omaha. Left home five years ago."

The Bee printed the telegram in its Sunday morning edition, and yesterday afternoon the coroner received a telegram from J. P. Johnson, instructing him to wire a full description of the man who was killed. He did so last night and early this morning received a reply to hold the body and that he would start for Eugene on the first train.

A pocket coin in the young man's pocket bore the name Fred W. Johnson, and as the card mentioned in Saturday's issue also bore that name it was concluded that that was the name of the unfortunate. Saturday's Guard told of the fact that the man's companion had told that his father was a dairyman near Omaha and that he had left home five years ago.

Jury's Verdict
The verdict of the coroner's jury was as follows:

1. That the name of the deceased as believed by the jury from evidence given to have been Fred W. Johnson.

2. That the age of the deceased was about 20 years.

3. That deceased was a white male person, probably of American birth.

4. That he died on the 4th day of April, 1908, in Eugene, Lane county, Oregon, and the cause of death was accidental and due to his own acts. That he was the victim of an accident which occurred in the depot yards of the Southern Pacific Railroad Company in Eugene, Oregon.

That the deceased attempted to board a moving freight train and missing his hold was thrown in such a manner that his feet were severed by the wheels and his skull crushed by contact with some part of the car trucks. That death was due principally to the injury on the head and was almost instantaneous.

DEPUTY SHERIFFS ARREST MURDER SUSPECT

A young man who partially answers the description of Oille Hamilton, who is accused of the murder of a man named Wallende near Silver Lake last December, is in the county jail in Eugene, having been arrested Sunday afternoon by Deputy Sheriffs C. C. Hammond and Geo. P. Croner near Tom Blakeley's place, 32 miles from Eugene, up the Middle Fork of the Willamette.

Saturday morning Sheriff Fisk was advised by telephone that a man answering Hamilton's description had stopped at Hazel Dell Saturday night. Hamilton being reported as headed this way. Stage Driver-Stiers drove all Saturday night to reach the telephone so that he could inform the sheriff of the approach of the man. Deputies Hammond and Croner were sent up in a hack, and they met the man in the road about 10 miles from Hazel Dell. He quietly submitted to arrest and gave his name as Martin Peterson. He denied all knowledge of the murder and said he had been at Prineville, Bend and other towns in that part of the state. He was nearly exhausted from exposure, he having walked across the summit of the Cascade mountains in snow eight and ten feet deep and sleeping out in the air several nights. One night, he said, he was unable to find any wood with which to build a fire, and had to sit up during the entire night, not daring to fall asleep for fear of freezing to death. The man was given proper care after his arrival at the jail in Eugene, and he will probably suffer no serious effects from his long exposure. At one time, the fellow says, he became lost, the snow covering the road, and he wandered among the lava beds all of one day, not knowing which way he was going, until finally he stumbled upon a sign post which read "25 miles to Eugene." He again took the road and resumed his journey.

The man's mind appears to be affected, as he acts strangely, and Sheriff Fisk is inclined to think that he is not the one wanted, as he only partially fits the description sent of Hamilton. He will be held here till a more complete description of the suspected murderer is received from Lake county. This man has either committed some crime or is wholly or partially insane, the officers think, or he would not have been so foolhardy as to attempt to cross the mountains alone.

He is aged about 35 years, has blue eyes, light brown hair and is of medium stature. Deputies Hammond and Croner arrived in town with the man at 12:45 o'clock this morning.

Wallende, the man murdered near Silver Lake, disappeared last December. Only a few weeks ago his body was found under the ice in a creek. His head was crushed, indicating that he had been murdered. Soon after the finding of the body Hamilton disappeared and as he had been known to associate with Wallende he was at once suspected of killing him. A big reward is offered for his arrest.

KILLED GIRL AND ATTEMPTED SUICIDE

Pittsburg, April 6.—Samuel L. Gardner, a prominent resident of Church avenue, in McKees Rocks, a suburb, shot and killed Dorothy Bradley, 16 years old, and fired a bullet into his own head with probably fatal effect. Gardner was aged 50 and lost his position last month. It is believed that brooding over this brought on insanity.

It develops that Gardner, who has a wife and several grown children, had been infatuated with the Bradley girl for a long time. It is said that he was enraged last night when Miss Bradley went to church with a young man. Gardner left home this morning, purchased a revolver and went directly to the kitchen of the Bradley home, where Dorothy and her mother were engaged in household duties. Walking straight to the room, he pressed the revolver against her breast and fired one shot through her heart. The mother attempted to escape Gardner, but he ran to his own residence, next door, and shot himself.

GUARD'S CONTEST WINNERS LEAVE FOR LOS ANGELES

(From Monday's Daily Guard.)
Mrs. H. L. Gibbs, of this city, Miss Effie Withrow, of Springfield, Miss Hattie Cook, of Junction, and Miss Zelma Cruzan, of Dexter, who are the winners of the trip to Los Angeles given by The Guard as prizes in the recent subscription contest conducted by this paper, will leave tonight for the southern city. They are expected to arrive there Thursday and they will remain a week. All of them except Miss Cook will then return home. She expects to visit there while they will be quartered at the King Edward hotel while there.

GERMANS FAVOR THE UNIVERSITY APPROPRIATION

The German Relief Society of Eugene and Lane county, adopted the following resolutions unanimously at a regular meeting held by the society at Eugene on April 5th:

Whereas, The last Oregon legislature appropriated the sum of \$125,000 to be expended for the support and maintenance of the University of Oregon; and

Whereas, Said appropriation has been referred to a vote of the people and will be voted upon by the people of this state at the coming election in June; and

Whereas, We, German born citizens, believing in higher education and knowing fully the value of a thorough and efficient educational system, and believing that the University of Oregon will in the future, as it has been in the past, be a credit and source of pride to the whole state of Oregon; and

Whereas, The University of Oregon has taught many hundreds of students (fully two hundred alone in 1907 and 1908) the German language and German literature; and

Whereas, We consider the University of Oregon as one of the centers of German culture; now, therefore, be it

Resolved, That we hereby pledge our support to secure a liberal appropriation for the maintenance and support of the University of Oregon, and that we urge all German born and German speaking citizens of Lane county and of the whole state of Oregon to vote for the full amount of the University appropriation at the coming general election next June.

Death Was on His Heels

Jesse P. Morris, of Skippers, Va., had a close call in the spring of 1906. He says: "An attack of pneumonia left me so weak and with such a fearful cough that my friends declared consumption had me, and that death was on my heels. I was persuaded to try Dr. King's New Discovery. It helped me immediately, and after taking two and a half bottles I was a well man again. I found out that New Discovery is the best remedy for coughs and lung diseases in the world." Sold under guarantee at W. A. Kuykendall's drug store. 50c and \$1. Trial bottles free.

LIQUOR BILL IS AGREED UPON

Washington, April 6.—After extended hearings the senate committee on Judiciary today agreed upon a bill dealing with the shipment of liquor from one state or territory to another state or territory. The measure substantially provides that there shall be no "collect on delivery" packages of liquor shipped in course of interstate commerce, where fictitious names are used, and that the name of the consignor and consignee shall be stated plainly. This provision is designed to eliminate the practice of railroads and express agents acting as agents for liquor houses.

CHORUS GIRL AND CHILD LEAVE FOR NEW YORK

Mrs. Josie Wilson, the chorus girl in the "Coming Thro' the Rye" troupe, who gave birth to a child at the Eugene hospital two weeks ago, started today for her home in New York. The child was named Eugenia by its mother, who deeply appreciated the kindness shown her by the people of Eugene while she was in the hospital. She and the little girl were seen off on the train by a number of friends who had seen to it that she had money enough to take them back to New York, and that all of her expenses were paid at the hospital. Mrs. Wilson asked the press to express to the people of the city of Eugene her gratitude for their interest shown in her and for their kindness. She expects to join her husband, who is a vaudeville artist in New York.

PLANS FOR NEW POSTOFFICE ARRIVE

Postmaster J. L. Page has received from Washington, D. C., six sets of plans for the proposed government postoffice building in Eugene, and several contractors will figure on the structure. The bids will be received up to 3 o'clock p. m. on May 2.

A Guard reporter was privileged to examine the plans for the building this morning. It will be handsome in design, 48x50 feet in dimensions and one story high, although the height of the building will be 44 feet. There will be a full basement, where the boiler room, the fuel room and furnace for the heating plant will be located. On the main floor of the building there will be a large work room 30x34 feet in dimensions. This will be located in the rear part of the building. In the southwest corner of the building, facing on West Sixth street, will be the postmaster's room. This will be 16 feet and 9 inches square. The main entrance to the building will be on Willamette street and there will be an entrance from the southeast corner, leading from Sixth street. The steps of both entrances will be of granite with stone trimmings. In the front part of the building will be a large public lobby 12x62 feet in dimensions. The floor of the lobby will be of tile, and there will be a marble baseboard around the entire room with wainscoting. The money order and registry rooms will be in the northeast corner of the building. This division will be 16x28 feet in dimensions. In the rear of this will be two vaults, and back of the vaults will be the mailing vestibule, 19x16 feet. This is in the north-west corner of the building. There will be closets, toilets and other necessary rooms. Six windows will open out into the lobby, as follows: General delivery, one for paying and the other for receiving—one in the registry department, one carriage window and a stamp window.

The material of which the postoffice is to be built is pressed brick, with stone trimmings. Already one bid for the plans and it is probable that several others will figure on the building.

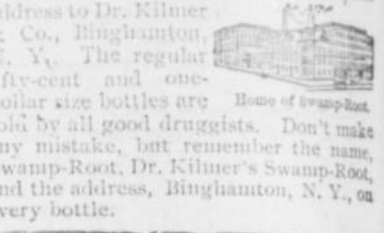

DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable. Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmner's Swamp-Root, the great kidney, liver and bladder remedy.

It is the greatest medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmner, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, uric acid, catarrh of the bladder and form of kidney trouble.

Dr. Kilmner's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work and in private practice, and has proved so successful in every case that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a booklet telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmner & Co., Binghamton, N. Y. The regular price is one dollar per bottle. Write for Swamp-Root.

Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmner's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

EMPLOYERS' LIABILITY BILL PASSES WITH ONE DISSENTING VOTE

Washington, April 6.—A truce between the Democrats and Republicans for a time was declared today and under a suspension of the rules the house took up for consideration and passage the Sterling employers' liability bill. The Democrats broke out into loud applause when the reading of the measure was concluded. The Democrats also applauded Henry, of Texas, when he said the bill was meritorious and constitutional, and that not a Democratic vote would be recorded against it.

The vote was: Yeas, 300; nays, 1. Littlefield casting the negative vote.

Hobson for Greater Navy
A feature of the day's proceedings was the address of Representative Hobson, on the naval appropriation bill.

Pointing out what he declared to be the precarious condition of the national defense of the United States, both in the Atlantic and Pacific oceans, Mr. Hobson made an earnest plea for two battleships of 25,000 tons displacement in addition to the two authorized by the naval appropriation bill. He said that a conservative estimate would indicate that for the minimum basis of security and safety in the Pacific ocean the United States should lay down at least four battleships a year for many years to come, "until Japan concedes to us what is inevitable—the American control of the sea around which our possessions are scattered." As a minimum for the Atlantic ocean the government should lay down six battleships a year, he said.

Heretofore, the weakness of America in the matter of national defenses had not been fatal to its growth and development, because the oceans constituted a great barrier between America and the armies of the world. "Now, however," said he, "the oceans have been bridged and the armies of the world have been brought to our doors, and along with the armies of the older nations of Europe have come the armies of the ancient nations of Asia." He said that where America formerly lived more or less in isolation, she is now exciting the jealousy of other great nations in threatening their supremacy in commerce, industry and finance.

In addition, he declared that recent events have thrown us into the political vortex of the world, and that the dangers of being unprepared are becoming greater and greater with each succeeding year.

In conclusion Mr. Hobson said: "It may be remarked that at this critical juncture, when the world is drifting toward war, that the failure on the part of America to build up the naval power adequate to keep peace in the Pacific ocean will be liable to entail a war not only between America and Japan, but ultimately a war between the white race and the yellow race, and engender a hatred and anger between the races that would prevent the carrying of the gospel of peace throughout Asia."

HUGHES READY TO QUIT FIGHT FOR PRESIDENCY

Albany, N. Y., April 4.—Apparently realizing that the recent primaries have put him out of the running, Governor Charles Evans Hughes tonight in a letter to Timothy L. Woodruff, chairman of the state Republican committee, made it absolutely plain that he will not be responsible for the actions of the four delegates-at-large of New York to the Chicago national convention.

CHARLES EVANS HUGHES.
New York's entry in the race for the presidency and the man who is supposed to be Secretary Taft's strongest competitor.

The governor had been asked to select these men, and it was supposed he would do so. Tonight, however, he pointed out that he desires the responsibility for the actions of the state delegates to the Chicago convention to rest with the state convention, which meets at New York city April 11, and so will not name them, passing their selection up to the convention.

Y. W. C. A. MEETINGS CAME TO CLOSE LAST SUNDAY

The Y. W. C. A. convention held its final and closing meeting last night in Villard hall, when Dr. Van Waters preached the convention sermon to about six hundred people. Resolutions were read thanking the people of Eugene and the press for their kind aid. The University, its students, President Campbell, and the two local Y. W. C. A.'s were also commended for their efforts and entertainment.

Some mention was also made of the work in the hop fields by Miss Gage, the executive secretary for the Northwest.

One tenth of the people of Oregon are in the hop fields in September. While the yards of the small growers are usually perfectly safe for women pickers, the larger yards frequently prove pitfalls for the unprotected. During the coming season, with the help of the hopgrowers, the Y. W. C. A. will attempt to put association workers in all the larger yards to fight the evils. Last autumn they opened their campaign along this line. Organization of this kind will probably also be established in the berry fields as soon as funds and finances permit.

SMITH HAS SUEED SENATOR FULTON FOR \$5000 DAMAGES

Salem, Or., April 4.—Papers were filed today in a slander suit in which J. S. Smith, ex-warden of the penitentiary, brings suit against Senator Fulton for \$5000 damages. The suit grows out of the campaign statement made by the senator in answer to Henry. The papers were served on Fulton tonight.

Senator Fulton refused to make any statement. He said that he would rather keep quiet until he had learned just what the suit meant.

Smith was mentioned in the controversy between Fulton and Henry as the man "who would not stay bought," according to Senator Fulton's alleged interview which was quoted by Henry in his speeches. Fulton said that Smith told a falsehood when he said that he did not take money to vote for former Senator Mitchell and then "throw the old man."
