

DOCTOR'S ORDER WAS: 'CUTICURA'

For a Bad Case of Eczema on Child—Suffered for Three Months—Disease Reached a Fearful State—Pain and Itching were Terrible.

CURED AFTER OTHER PRESCRIPTIONS FAILED

"When I was small I was troubled with eczema for about three months. It was all over my face and covered nearly all of my body. It reached such a state that I was just a large scab all over, and the pain and itching were terrible. I consulted with an able physician for some time and was then advised by him to use the Cuticura Remedies which I did and I was entirely cured. I have not been bothered with it since. I used Cuticura Soap and Cuticura Ointment. I know exactly how much was needed to complete the cure. I can safely say that Cuticura did a lot for me. Miss Anna Wilson, North Branch, Mich., Oct. 29, 1907."

ITCHING CURED With Cuticura Remedies in Three Days After Six Months of Suffering.

"I suffered fully six months. The trouble began on my arms in little red pimples and it was not long before it was all over my body, limbs, face, and hands. It was so bad that I could not rest night or day and during the day I did not get a good night's sleep. I consulted for three or four months and spent at least twenty dollars trying to find a cure but none could be found. Then I saw the Cuticura Remedies advertised, and the next day I purchased some for seventy-five cents at the drugist's. I used them and I was relieved of the itching in three days, and I have never had a sign of any skin disease since. The Cuticura Remedies are the only remedies to use for skin diseases, they have cured me and they will cure others in the same way. J. W. Bloom, H. R. Telegrapher, Holloway, Mich., Nov. 20 and Dec. 29, 1906."

Cuticura Remedies are guaranteed absolutely pure under the United States Food and Drug Act. Internal Treatment for Eczema of Infants, Children, and Adults consists of Cuticura Soap and Cuticura Ointment. Cuticura Ointment is used to soothe the skin and Cuticura Soap is used to purify the blood. Cuticura Remedies are sold by all druggists. Boston, Mass. Cuticura Remedies, Boston, Mass.

ITALIAN POLICE CANNOT PROTECT J. P. MORGAN

Rome, April 5.—Further bloodshed between the police and the workmen seems inevitable. Shops are closed and business is at a standstill. Troops have been rushed into the city and military rule will probably be declared in event of serious trouble.

J. Pierpont Morgan, who is visiting here, has been warned by the police that they cannot guarantee him protection if he ventures into the street. The financier is staying close to his hotel and the greatest secrecy is maintained by the man-

agement as to the location of the apartments. It is feared that the anarchistic element, which is swaying the crowds, might choose to kill the multi-millionaire. The situation was made doubly tense yesterday by the parade of the workmen, called in honor of their fellows, who were shot down in Thursday's disturbances. Three workmen are dead, four are dying and eight are seriously hurt. Thirty-one police and soldiers were seriously injured but none fatally. Thousands of men were in line. Under pressure of popular demand, the authorities gave permission for the parade, the labor leaders pledging that there would be no disorder. When the line formed, however, the police were overwhelmed by its numbers.

HERBERT H. ASQUITH, BRITISH CHANCELLOR.

London, April 6.—H. H. Asquith, chancellor of the exchequer, who has been summoned by King Edward to Biarritz, crossed by the night boat from Dover to Calais tonight on his way to that place to see the king, whose absence at a time when it is foreseen Sir Henry Campbell-Bannerman's illness must lead almost inevitably to a cabinet crisis, provokes criticism of the British king. There has been a rumor that the king would return to London on Saturday next, but this is very doubtful. In his letter of resignation to the king Sir Henry advised his majesty to summon Mr. Asquith. The latter, in point of fact, has no rival for the leadership of his party and for the government. His accession to the premiership will undoubtedly lead sooner or later to sweeping changes in the constitution of the ministry, but in the unprecedented circumstances of the British premier resigning during an important session of parliament, it is quite possible that the new premier will content himself with the absolutely necessary changes.

SPREADING PAVING DOPE ONCE MORE

Once more the Warren Construction company is laying its bituminous paving on Eugene's streets, and inside of two weeks, provided the weather remains good, East Eighth street, from Wilamette to High, will be covered with a splendid hard-surface pavement, the same as on Wilamette street and the same which will cover portions of Ninth, Seventh and Eleventh streets before the summer is over. A large force of men began the work of spreading the dope this morning. The work attracted a large crowd of people all day, for even to those who saw it all last summer, it is interesting and seems to never get old.

moon, forms the most amazing document that has ever figured in a divorce trial in New York city.

For the first time the name of Dustin Farnum, the actor, is brought forward as a co-respondent. In addition, Mr. Gould declares that his wife was grossly intoxicated at many places on many occasions; that she consumed daily enough mixed drinks to put several strong men out of business; that at theatres, restaurants and hotels she repeatedly behaved in a scandalous manner while under the influence of cocktails, highballs and champagne; that she once broke up a fashionable card party by biting her hostess in the arm and that she shocked a wedding party at St. Thomas' church by announcing that she saw "many old cats" present. In addition to the clause involving Farnum, the answer filed by the millionaire's counsel embodied all the older allegations which he has previously made about her misconduct with Colonel W. F. Cody (Buffalo
