NOISE FOR JOHNSON DELEGATES FOR BRYAN

Springfield, Ill., April 22.—A probable noise in favor of Governor Johnson and a certain vote for Bryan instructions are looked for at tomorrow's Democratic state convention. The party leaders are a unit in declaring the delegation will be instructed for the Nebraskan.

Much opposition has developed to the adoption of a platform at the present convention, due to the working of the plank which the liquor interests are urging for adoption. One of these secures the church for interfering in political matters and demands that clergymen be advised to attend to matters spiritual and leave alone things temporal.

PERSIAN BRIGANDS DEFEATED BY RUSSIANS

St. Petersburg, April 21.—News was received here this afternoon to the effect that the Persian brigands who yesterday advanced to attack the Russian forces in Persian territory, were driven back with heavy losses and retired to the mountains. The Russian detachment from Belesivar

has again advanced a short distance into Persian territory, where it awaits reinforcements.

There is no sign as yet of the heretofore Persian expedition to aid the Russians. It seems that the Persian troops quartered at Tabriz are barely able to preserve order in that city, and they are said to be ill-disciplined. The governor of Tabriz is afraid to send them out against the mountaineers.

GOVERNOR PARDONS ASTORIA MURDERER

Salem, April 21.—The governor this afternoon granted conditional pardon to James C. Seeley, of Astoria, convicted on the charge of riot in connection with a saloon fight at St. Paul when Marshal Kretschmer was killed in 1906. He must absolutely refrain from the use of intoxicants.

Andrew J. Nelson, former sheriff of Lake county, died in San Francisco Sunday as a result of cancer, from which he had been suffering for months.

JUDGE BURNETT AGAINST CONTENTION OF ROSS DEFENSE

Salem, Or., April 22.—Judge Burnett today overruled the motion of the defense in the trial of J. Thoburn Ross, president of the defunct Titis Guarantee & Trust Company, charged with converting to his own use state school funds deposited in his bank, and admitted the testimony of State Treasurer Steel, who testified to depositing the moneys with the bank. The defense held that the officers of the bank were not individually responsible for the illegal acts of the corporation over which they have charge.

This ruling killed the hope of the defense to escape a jury trial.

FOUR WERE KILLED AND MANY HURT

Williamsport, Pa., April 22.—Four Italian laborers were killed, two fatally hurt and eight seriously injured by the wrecking of a runaway train on the Lacquin Lumber Company's log road near here. The accident was due to the failure of the reverse lever of the engine to work. While going at a terrific speed the train jumped the track.

NEW YORK STUDENTS SECURE THEIR DEMANDS

New York, April 22.—The strike of the New York University students, who were signed as "chorus girls" at a play to be given by a dramatic club of the university at Carnegie hall on Friday and Saturday, was declared off today. The students demanded \$25 tickets each, and the printing of their names on the program was granted.

Two well-dressed women got off the 7:55 train last night, carrying suit cases and a Portland bag, both intoxicated and so helpless that Chief of Police Ries, who was at the train, took charge of them and they were taken to the city jail, where they were kept over night, and this morning—sobered up—permitted to go, and they left on the noon train for Toledo. They gave the names of Rose Ellis, Hood River, and Sarah Burns, of Portland.—Albany Democrat.

PRESIDENT KEEPS UP FIGHT FOR TWO MORE NEW BATTLESHIPS

Washington, April 22.—It became known today that the president will veto the naval bill if passed providing for an increase in the navy, but without making any appropriation for the increase. He insists that his friends continue the fight for four battleships. He will sign the bill, however, if it is passed without any provision for naval increase.

On estimates supplied by the navy department Hale, chairman of the committee on naval affairs in the senate, will introduce an amendment to the naval appropriation bill appropriating about \$5,000,000 for the immediate commencement of work upon two battleships, the torpedo boats and other vessels provided for in the bill.

CORTELYOU ON NATIONAL TOPICS IN PUBLIC SPEECH

Syracuse, N. Y., April 22.—At the annual banquet of the Chamber of Commerce of the city Secretary Cortelyou was the principal speaker. He said in part:

"And let me say, too, that along the line of its fostering care over business interests, the government can at this moment do several things that will be of large benefit to the country. It can give us such legislation as will fortify us against financial disturbance and furnish us with a supply of currency adequate for the needs of our business community in all sections and at all seasons of the year. I believe this will be done. So that with a temporary device, if nothing further can be had at this time, and with provision for a competent commission to study and report on the question, we shall make progress toward a wise solution of this vastly important problem.

"It can give us, also, such legislation, through the simple measure now before congress, as will encourage the upbuilding of our merchant marine, so especially essential to our commercial interests in Central and South America and on the Pacific coast.

"It can amend the Sherman anti-trust act so as to make certain of its provisions a help rather than a hindrance to honest business.

"It can provide for an investigation of our tariff with a view to making its schedules more equitable for the people of all interests and all sections.

"We must not erect obstacles to the legitimate extension of our commerce and industry, to whose development the welfare of our employers and wage-earners is so closely related; we must not weaken the pioneer

FORMER PREMIER PASSES PEACEFULLY TO LONG REST

London, April 22.—Sir Henry Campbell-Bannerman, former British premier, died at 1:40 this morning at his official residence at 10 Downing street. The end was peaceful, and after a lingering illness of more

than two months did not come as a surprise.

He had been unconscious most of the time for the past three days.

TWO LIVES LOST WHEN PILE DRIVER OVER TURNED

Astoria, April 22.—Through some cause not ascertained, the pile driver used on the jetty at the mouth of the Columbia river was derailed as it was proceeding to the point of operations today. The machine toppled over into the water, carrying the crew of fourteen.

Two of the men were killed, Martin Carlson and Jacob Lehman, both of Hammond, Or., and six others injured and taken to the hospital at Fort Stevens. All will recover.

The water is shallow at the point of the accident and the machine will be recovered.

THAW WORKING TO SECURE RELEASE

Poughkeepsie, April 22.—A writ of habeas corpus was granted at White Plains today by Justice Morschauer on application of Harry Thaw.

The writ is returnable at Poughkeepsie May 9, at which District Attorney Jerome, of New York, will be given an opportunity to oppose the proceedings for Thaw's release.

spirit of our people, the spirit that opened up the wilderness; that welded together scattered colonies into a vigorous young republic; that threw great highways of communication across the continent; that built towns and cities and great states—the spirit of initiative and self-reliance and sacrifice that has made this mighty nation what it is today.

CAMPAIGN AGAINST KENTUCKY TERRORISTS

Frankfort, April 22.—Governor Wilson and Adjutant-General Johnson have formulated plans for a vigorous campaign against the night riders. Troops will be assembled at Cadiz to gather in all offenders for whom warrants have been issued.

TWO CONGRESSMEN INJURE DIN WRECK

Washington, April 22.—Representative Tawney, of Minnesota, was injured on the back, Representative John C. Haney, of Indiana, painfully injured, and a score of other passengers slightly injured in a rear-end collision on the Pennsylvania avenue line.

FESTIVITIES CONTINUE AT LOS ANGELES

Los Angeles, April 22.—A light rain fell at Los Angeles last night, giving a bright, freshening aspect to the city this morning, when the sun dawned upon the third day's festivities in honor of the Atlantic fleet. The city never appeared in better form. The sailors and officers are being entertained elaborately—in fact, there are so many functions in their honor that many of them do not return to the ships, but have quarters reserved at the hotels.

OFFICIAL FORECAST FOR NORTHWEST

Portland, Or., April 22.—Western Oregon and Western Washington. Shower tonight and Thursday; southerly winds.

Eastern Oregon, Eastern Washington and Idaho.—Severe thunderstorms tonight or Thursday.

FAMOUS WATER PALACE IN GRANADA, SPAIN. One of the beauty spots of beautiful Granada, in southern Spain, is the entrance to the famous Water Palace. Leading up to the portal is a paved walk bordered by beds of flowers and shrubbery. From the flower beds spring many tiny columns of water, their spray falling on the blossoms. The Water Palace is only one of the many treats which the tourist may see in Granada. Here also is that remarkable power of romance, the Alhambra, famed in history, song and story.
