CRITICISE CRUISE

AROUND THE WORLD

Washington, April 21.—The reported purpose of the president to send the fleet of battleships now on the Pacific coast around the world, was the basis of a discussion in the senate today when the naval appropriation bill was taken up for consideration.

Mr. Bacon, of Georgia, asked what would be the cost of this cruise around the world. Mr. Hale, chairman of the committee on naval affairs, replied that it would be difficult to state the cost, but he was satisfied that the wear and tear on the fleet would be very great. The cost, he said, would not be known for a year. He referred to the cruise as a "spectacular performance."

Mr. Bacon agreed that it was a spectacular performance, "but," he added, "it may be a very dangerous performance." Mr. Hale disclaimed any purpose to charge that no good would come of the trip around the world. He referred to it as spectacular performance in the sense "that it was most remarkable and wonderful."

At a meeting of the Republican steering committee of the senate today the legislative committee was discussed, but no decision was reached to add any important measures to those destined for enactment at the present session of congress. In regard to currency legislation, it was stated that if the house passed a bill providing for a commission to investigate financial matters the senate would immediately upon receipt of this measure vote to add the Aldrich currency bill, with a view of putting the whole subject into conference.

The Robert Hays will contest was heard before County Judge Chrisman today. Charles A. Hardy, the executor, appeared for the estate, J. M. Pipes for Amanda Hays and A. C. Woodcock for Robert Brady.

ALDRICH BILL GETS ITS DEATH BLOW

Washington, April 17.—The house committee on banking and currency today voted unanimously to table the Aldrich financial bill. It was also decided to give a hearing tomorrow to Representative Vreeland, of New York, who recently introduced a financial bill which is looked upon as a substitute for the Aldrich measure.

NEW TARGET RANGE AT COTTAGE GROVE

Company E has recently moved its target range equipment from the Nelson place two miles east of town to the farm of Mrs. Sarah E. Cochran, one mile north of this city, having secured a three years lease on an ideal range on the latter place. The pits and targets are located at the base of a steep bluff or hill, which forms a safe and solid background for the targets and bullets from the rifles. The old range was located on the east side of Row river, and during the winter months could not be reached by members of the company, and the location was therefore too far from town and too inconvenient. The new range is easy of access and only fifteen minutes' walk from the armory.—Cottage Grove Leader.

CHILD RESCUE CAMPAIGN

A pretty feature of the child rescue campaign conducted by the Declinator is the response it has evoked from the happy children of loving parents. Scarcely a day passes without one letter in childish handwriting arriving at the editorial office. One little girl of seven writes: "Dear Sir:—I saw the babies and I think I will take four. Please send their clothes with them, and are they ever naughty, and if they are, how shall I punish them? Please send them soon and what are their last names? I will try to make a good home for them. I am seven years old."

Enclosed were the four clipped pictures. Another letter was a mass of pencil scratches. An accompanying note from the mother explained that it was her three-and-a-half-year-old daughter's method of hoping that the babies would have a "fadder and mudder by Sunday."

BOURNE STILL HARPS ON THIRD TERM STRING

Washington, D. C., April 21.—Is Senator Bourne and his "second elective term" a joke, or is there something in the man and the idea? Is he talking just to hear his own conversation, or is he gifted with second sight?

Is he merely a self-advertiser, or is he the apostle of a political gospel that the Republican party will have to accept before the ideas of June?

These are questions that half the politicians in the capital are asking of the other 50 per cent. What is the answer? For the most part those who talk about the senator from Oregon are prone to laugh good naturedly at his insistence that Roosevelt is bound to be nominated again in spite of himself and to remark that "it is just another hobby" that the senator is riding. If he were not worth two or three million dollars, Bourne would probably be called a "crank."

Despite the magnificent imported cigars that he forces upon his hearers in reckless profusion, the political gossip about town are inclined to make for shelter whenever they see the Oregonian coming. They know that of he once gets hold of their coat lapels he will talk them deaf, dumb and blind and paralyzed on Roosevelt. How anyone on earth can consider the possibility of a Republican candidate other than the president himself, Bourne cannot understand.

K. OF P. LODGE BUYS LOT FOR HOME

A deed conveying a lot on West Eighth street near Charleton from Dr. D. A. Paine and wife to Helms Lodge No. 33, Knights of Pythias, of this city, was filed for record in the county clerk's office today. The lot is 33 1-3 by 160 feet in dimensions, and lies just east of the two-story frame building occupied by Gibson's grocery store on the corner. The price paid for the lot is not given out, but the consideration in the deed being given at \$10. The lodge at some future time will build a brick block on the lot, to be used for a meeting place and for business purposes. This is a good location, as West Eighth street is rapidly building out that way and is destined to be one of the principal business thoroughfares of the city in the not far future.

SERIOUS FIRE OCCURS AT ASTORIA

The box factory and the sash and door factory of the Seaside Lumber company were destroyed by fire this afternoon and the mill seriously damaged but to what extent cannot be told at this hour. For a time all of the mill buildings were on fire and seemed doomed and at the height of the fire the entire city of Seaside was threatened but at last accounts the fire was under control and no further danger is feared, although a strong wind is blowing toward the city. Before the fire had reached its height Mayor Henneson of Seaside telephoned Mayor Wise for assistance and he immediately directed Chief Foster to send down as much hose as he could spare.—Astoria Budget.

MURPHY RULES DEMOCRATS WITH IRON HAND

New York, April 16.—Amid scenes of turbulence and great confusion, the state Democratic convention adjourned today. After a bitter contest the convention unseated Senator Patrick H. McCarren and his delegates from Albany county, elected four delegates from the various congressional districts, selected presidential electors, and elected a new state committee.

The resolution choosing the committee as a whole, instead of by districts, was rushed through and almost caused a riot, the delegates crying "robbery," "thieves" and otherwise expressing their displeasure because they were not permitted to elect the committee in the usual fashion.

There were hurrahs for the people, who had left the hall after the unseating of the McCarren delegates, and with great difficulty they restored a semblance of order. The chair rufed with an iron hand, and after announcing the motion carried himself put a motion to adjourn and it was declared carried.

It seems probable that the whole matter will be fought out on the floor of the national convention at Denver.

ANOTHER WAR CLOUD IN THE FAR EAST

St. Petersburg, April 20.—That the Russian detachment in Persia is in a serious position is fully confirmed tonight by the dispatches which have been received by the foreign office from the Russian commander at Yellavetpol, in Transcaucasia, ninety miles from Tiflis. Grand Duke Nicholas Nicholavitch departed quickly from here today, traveling incognito for Crimea. The trip was ostensibly for personal reasons, and it is said, will be of short duration. The Duke's departure, however, on the eve of the Imperial family reunion for the Easter services and of the royal marriage of the Grand Duchess Marie Pavlovna to Prince Wilhelm of Sweden, is considered as an indication of a more important object. Despite diplomatic denials, Russia continues to forward reinforcements and munitions of war to the Caucasus. The European military attaches, especially the German, are evincing great interest in the general situation and have made a number of inquiries, but the general staff reiterates that the measures are purely precautionary.

SENATOR WARNER THINKS COLORED SOLDIERS WRONG

Washington, April 21.—In a painstaking analysis of the Brownsville affair Senator Warner, of Missouri, expressed the opinion that soldiers, whose identity had not been shown,

SENATOR WILLIAM WARNER.

made a midnight assault on the sleeping, helpless citizens of Brownsville, and said:

"It is incredible to me that any man, white or black, should have the hardihood to charge that the president, in issuing an order discharging those soldiers, was influenced against them because of their color."

Warner paid a tribute to the colored soldiers for their services in the critical moments of the wars of the nation.

At the coming June election the people of several precincts will vote on the matter of prohibiting the running of stock at large in the respective precincts. In order to bring this matter before the people it is necessary to file a petition with the county clerk. So far Zumwalt and Wilamette have acted upon the matter.

GUARD'S PARTY RETURNS FROM LOS ANGELES

(From Tuesday's Daily Guard.) Mrs. H. L. Gibbs, Miss Effie Withrow and Miss Zelma Cruzan, members of the party which The Guard sent on a trip to Los Angeles as a reward for their work in the subscription contest conducted by this paper during the winter, returned to Eugene last night after having been gone just two weeks. Miss Hattie Cook, the 600th member of the party, remained in Southern California, where she will visit friends for some time.

The ladies who returned last night were well pleased with their trip and enjoyed themselves very much while gone. Besides all the places of interest in Los Angeles, they visited the Catalina Islands, San Diego, Coronado Beach, San Pedro and many other places, saw the battleship fleet, and in fact took in everything that was worth seeing. They say the King Edward hotel, where they stopped during their sojourn in Los Angeles, is "simply swell," the accommodations being the best in the city. They intended staying in San Francisco on their way home, but the city was so dirty, they say, that they remained only a day and came on home.

LEVINGER FARM SOLD FOR TWENTY THOUSAND

W. M. BEALS, OF PORTERVILLE, CAL., IS THE PURCHASER—SITUATED ABOVE SPRINGFIELD

Last Saturday E. J. Frasier, the real estate dealer, closed a sale of M. Levinger's beautiful farm three miles east of Springfield to W. M. Beals, of Porterville, Cal., for \$20,000. This is one of the best farms in Lane county and Mr. Beals is fortunate in securing it. He will return at once with his family and take charge of his new home.

WONDERFUL KLONDIKE GOLD DISCOVERY

Seattle, Wash., April 21.—T. O. Oliver, who has returned from four years' prospecting on the Mackenzie piece and Leland rivers during which time he crossed the barren lands to the first cache of the Franklin expedition, brings news of gold discoveries which he says surpass the early finds in the Klondike. He will head a party that will leave Seattle early next month on the return to these discoveries. Further than to state that his discoveries were on Great Slave lake, Mr. Oliver declined to go into details of the locations of the new fields. He confirms the recent reports received of the big gold strike at Herschel Island and predicts a big rush into the Mackenzie river country this year.

Banking By Mail

Is simply the application to the use of individual depositors of the system in vogue among banks. It is perfectly safe. In the enormous daily exchange between banks of different cities, amounting to millions of dollars, there is never a dollar lost. This method of banking is convenient, private and time-saving. It is of especial advantage to persons living in the country or smaller towns who want the satisfaction of dealing with an absolutely safe bank, or to persons in the city, not so situated that they can conveniently visit the bank in person. When you send your first deposit, you will receive notice of credit and check-book. Your money is perfectly safe when deposited in this old bank with its large capital and surplus.
