NEW SCHOOL AT JUNCTION LOCATED

The school board has selected the site for the new schoolhouse. It was rather a difficult matter, as each available location had its objections. The site selected is a block in the Washburne tract on the corner south of the avenue and east of the north and south road. This is a good location and commands a view of the whole country. This block was voluntarily donated by Mr. Washburne, and in appreciation of his gift the school will be named in his honor the Washburne school.—Times.

SEATTLE WINS IN ATHLETIC CONTEST

Portland, April 25.—Representatives of the Seattle Amateur Athletic Club came out with flying colors in the three days' wrestling and boxing tournament for the championships of the Pacific coast which concluded here tonight. Of its entries only one, William Speck, in the 125-pound boxing class, failed to take first place. The bouts throughout were interesting, and though some of the contestants were unevenly matched, most of the antagonists who faced each other showed practically equal ability. This was notably especially in the 135-pound wrestling event tonight, which went to V. Venable of Seattle over P. A. Brownell of the Reliance Club, of San Francisco. Venable threw his opponent after eleven minutes and thirty-five seconds of the hardest amateur wrestling ever seen in this city. As it is his victory is not clear of question. After the men had been at it for about eight minutes Brownell managed to get Venable's shoulders so close to the mat that the spectators who were closest to the wrestlers were confident that Brownell had secured a fall. The total championships are as follows: Seattle, 7; Mulnomah, 3; Spokane, 1; Olympic, 1.

BANKER PLEADS GUILTY AND SENT TO PRISON

San Francisco, April 27.—J. Dalzell Brown, former president and general manager of the California Safe Deposit & Trust Company, today pleaded guilty to the charge of embezzlement and was sentenced to 18 months in the penitentiary at San Quentin.

The charge that Dalzell pleaded guilty to was embezzling sixty-five mortgage bonds of the Sacramento Gas and Electric Company. He was arrested several months ago for the alleged wrecking of the bank and pleaded not guilty when first arraigned before Judge Conlan. It is thought he will now turn state's evidence. It is said that Brown will go before the grand jury this afternoon and tell all he knows in connection with the bank's failure. The leniency of the sentence is due to the statement of Assistant District Attorney Cooke that Brown never profited through the crooked financial methods of the bank officials.

THOUGHT FROST DID LITTLE DAMAGE

Although the thermometer dropped to the freezing point and below in many parts of the valley Friday night diligent inquiry among the growers indicates that the damage to all classes of fruit, if any, will be very slight. Strawberries, cherries and other small fruits are farther advanced than prunes, plums, apples, pears, etc., and all growers commiserated with say they have made a close examination and fail to find

any discoloration. The sky was heavily overcast with clouds when the sun came up, however, and the salvation of the fruit crop is due to this fact. It will be two or three days yet before the exact conditions will be definitely known. To date there is a promise of a bumper crop of all varieties of fruits in this section.

CONSTRUCTION WORK ON P. E. & E.

A Welch, general manager of the Portland, Eugene & Eastern railway, came up from Portland this afternoon to look after the construction work here. He stated to a reporter that several carloads of rails for the Springfield line and the extension of the city lines to Hendricks' park are now over due and they ought to be here any day. The grade from the Southern Pacific track at the end of East Thirteenth street to the point where the big trestle begins at Judkins' Point, is almost finished and

as soon as the crossing track arrives it will be placed in position at the crossing with the S. P. track and construction work will go right ahead. At the same time the park extension will be built.
