

# PE-RU-NA AS A TONIC AND BLOOD PURIFIER.

Mrs. Paul Casavant Writes From 219 Monroe Street, Topeka, Kansas, Concerning Peruna. Read Her Letter Below:

Mrs. Emily Kellogg, 5649 S. Lawrence St., South Tacoma, Wash., Gives Her Experience With Peruna. Read Her Letter Below:

## In Spring and Early Summer a Tonic is Needed.

The source of good blood is fresh air and well-digested food. If anything interferes with digestion the blood becomes impure. A catarrhal condition of the stomach prevents perfect digestion. Such a condition allows the food to ferment and decompose in various ways, instead of digesting. The blood is thus contaminated with various materials that do not belong in the blood. This gives rise to spring fever, eruptions on the skin, general lassitude and constipation. Peruna corrects all these difficulties by striking at the source of them. By eradicating the catarrhal condition of the stomach Peruna at once restores digestion, the blood is thereby purified, and the whole machinery of the body is put in working order. Peruna has probably made a more remarkable record in cases of catarrh of the stomach than any other medicine. These cases are very frequent, and we have a host of testimonials in which Peruna has received lavish praise for prompt and permanent relief in cases of catarrh of the stomach.

MRS. PAUL CASAVANT.

Mrs. Paul Casavant, 219 Monroe street, Topeka, Kansas, writes: "I have found Peruna very effective in restoring my health and strength after I had been worn out and run down for a long time. I began to use it about six months ago when I was unable to leave my bed. My nervous system was shattered and I was daily losing flesh and strength. This condition was completely altered after a few bottles of Peruna had been used and I kept on using it until I was finally restored to perfect health and had gained about fifteen pounds. "I feel so grateful for what your medicine has done for me that I am pleased to give it my hearty endorsement and shall always be glad to speak a good word for it."

### Tones up the System.

Mrs. William McRoberts, Waverly, Minn., writes: "I am perfectly well of the catarrh. I took Peruna and Manalin. I recommend your medicine to every one and cannot praise it enough. It is a fine medicine to take any season of the year. Taken in the spring it tones up the system and acts as a gentle stimulant."

### A Good Tonic.

Mr. Joe Leonard, Flat 3, 232 Allen St., Buffalo, N. Y., writes:

"I have good reason to endorse Peruna as I have found it a good tonic, stimulating the system and sustaining it under great pressure, imparting unusual endurance and enabling me to work much longer and harder than the system could possibly do were it not for the great powers with which it endowed me. It gives one nerves of iron."

Mr. Caleb H. Bortell, Police Officer, 212 North Poca street, Baltimore, Md., writes: "For several years I was troubled with catarrh of the head, throat and stomach. Many times I would vomit before and after eating. "I took seven bottles of your Peruna, and I am glad to say that it has cured me. "I feel more like living and working, and am not bothered at all with my old troubles. "I take great pleasure in recommending Peruna to all sufferers with catarrh, and I thank you for what you have done for me, for none but those who have suffered as I have can appreciate a great cure as I have found Peruna to be."

### Splendid for La Grippe.

Mr. Frank H. Fielder, 213 S. Jeanette Ave., Montgomery, Ala., formerly principal of Haynesville High School, writes: "I can truthfully say that Peruna is a splendid remedy for la grippe, and a good tonic for building up the system."

### Pain in Chest.

Mrs. A. W. Gustin, 6230 Lake Ave., St. Joseph, Mo., writes: "When I began taking Peruna I had quite a severe pain and ache in the left of my chest. I suffered a great deal with it. "I wrote to Dr. Hartman and asked him what I should do. He advised my

Mr. William Hoge, President Commercial Travelers Association, 280 Broadway, New York, N. Y., writes: "I endorse Peruna as the most effectual remedy for catarrh I have been able to find in my travels in this country or Europe. I can truly say that I have spent thousands of dollars in this country alone trying to find a cure, and it was not until I was induced to give Peruna a trial that I obtained anything like permanent relief. As a tonic it is simply great. It ought to be in the grip of every commercial traveler on the road. It cured my wife as well as myself. We have not had the slightest symptom of catarrh for a long time. "In a later letter Mr. Hoge says: "I have used Peruna for many years, never without a bottle in my grip. I am the youngest feeling and youngest looking man of my age in New York, which I think is entirely due to Peruna."

### Hay Fever and Catarrh.

Miss Mayme E. Smith, 444 East Mount St., Columbus, Ohio, writes: "I have used Peruna for catarrh and hay fever. The results being remarkable, I can highly recommend it to all who are suffering with the above diseases. I am happy to be able to say it has helped me wonderfully."

### Eyes Red and Watery.

Mr. William S. Hearn, 1033 Segal St., Camden, N. J., writes: "For about two years I was troubled with my eyes being red and watery, and my general health was very poor. "Finally a friend advised me to try Peruna. I had tried almost everything else, so I purchased a bottle of Peruna and commenced to take it at once, and before I had finished the first bottle I found I was improving. "I wrote you for special advice concerning my eyes, which I received. I continued to take the Peruna until I had used six bottles. "Now my eyes are absolutely well, and I feel like a new man in every way. "I honestly advise any one similarly afflicted to try Peruna."

Peruna Tablets. Some people prefer to take tablets, rather than to take medicine in a fluid form. Such people can obtain Peruna tablets, which represent the medicinal ingredients of Peruna. Each tablet is equivalent to one average dose of Peruna.

## LOGGING OPERATIONS ON UPPER RIVER

### CAMPS RUNNING STEADILY ON WILLAMETTE—NEWS OF LOWELL AND VICINITY

(Special Correspondence.) Lowell, April 30.—We are having warm days and cool nights. Since the refreshing showers of last week vegetation of all kinds is making good growth and the prospects for a good crop are encouraging. The logging camps of Rush Island are making up for lost time by increasing their forces, as Joe Mills expects to start a drive of four million feet or more by the second week in June.

The forest rangers are preparing to make things hum this coming summer by erecting cottages and telegraph lines from Lowell to the Cascade reserve by way of the military road up the Middle Fork, and there is another thing they should do—improve this road bed, which is in a bad shape and only a few settlers along the line to fix it. The road tax holes fixed up and there is never a time the road is in good shape.

Victor Sharp, who has been under the care of the doctor for some time, is recovering slowly. Floyd Kelsay made a trip to relatives on the Mohawk last week. A man representing himself as a S. P. railroad man passed Lowell en route to Salt creek to post notices for a water right filed some time ago.

Professor Richardson will exhibit a moving picture show at Lowell Saturday evening, May 2.

County School Superintendent W. E. Dillard is visiting the Rush Island and Middle Fork districts.

Thomas Blakeley has started a logging camp and will continue putting in logs until the drive starts in June. Joe Blakeley is also logging some.

Corn planting is being carried on among the farmers, the ground being in fine condition.

The political pot begins to simmer and voters are beginning to talk about their favorite candidates.

### HARRISBURG NOTES LOCAL AND PERSONAL.

Mr. and Mrs. W. L. Wright paid friends and relatives at Coburg a visit Sunday last.

Mrs. I. M. Wood, of Coburg, visited with numerous friends and relatives in this section Sunday last.

J. W. Senary of Eugene, was here Monday last taking in a small lot of hops which he purchased.

Mr. and Mrs. Hugo Hallin, of Coburg, spent Sunday at the home of Mr. and Mrs. J. M. Hochdanner. James Douglas returned Sunday last from Springfield and Eugene.

## LILLEY'S CHARGES FALL TO GROUND

### WASHINGTON, D. C., April 30.—The investigation into legislative methods employed by the Electric Boat company, directed by the house of representatives, is ended so far as open sessions of the special committee are concerned.

The closing hours were dramatic. Frederick Brown Whitney, lawyer, admitted he was the author of the anonymous letters of February 13 and February 15 to a representative of the Detroit Free Press, and State Senator Edinborough of Michigan, which have figured so prominently in the investigation.

The admission of Whitney was made in the form of an affidavit which was read by his counsel, for Senator Thurston of Nebraska, Thurston stated Whitney is ill at a hospital, and it will be impossible for him to appear before the committee. In the affidavit Whitney stated that from 1901 to 1904 he was clerk to the committee of naval affairs; that shortly afterward he became vice-president of the Lake Torpedo Boat company, which position he held until May, 1905; that he is now vice-president of the Lake Submarine company, an independent organization.

The reasons for writing the anonymous letters given by Whitney are: "That of his own initiative he undertook what appeared to him to be not an improper means to have brought to the attention of congress the methods which he had believed had been pursued by the Electric Boat company in their endeavor to secure, through congressional action, what might be termed exclusive legislation, which would shut out competition and prevent the Lake Torpedo company from competing in the United States for submarine torpedo boat construction."

### WAR ON BETWEEN FULTON AND BOURNE

Portland, Or., April 30.—Open war in Oregon between the factions in the Republican party, headed by Senator Bourne and Senator Fulton, is predicted in the Portland Journal tonight as a result of the meeting of the Republican state central committee Wednesday.

The Fulton men, declares the Journal, will not allow Bourne to head the delegation to the Chicago convention. This is an honor due to Fulton, say the latter's friends, as he is a Taft man.

Likewise Fulton men predict that Bourne will be defeated at the polls in 1912 and that Fulton will succeed him in the senate. Chamberlain, it is hinted, will receive the quiet support of Fulton men in the coming campaign for the senatorship.

Jacob W. Bray was today appointed administrator of the estate of Mrs. Emma E. Bray, who died at her home in Eugene April 2, 1908. The estimated value of the estate is \$2000. D. L. Cartmell, Henry Moore and T. H. Garrett were appointed appraisers.

## IMPERIAL HOTEL SOLD THIS WEEK

### THIS WEEK GEORGE THOMPSON SOLD THE IMPERIAL HOTEL PROPERTY AT COTTAGE GROVE TO MESSRS. PEARCE AND BLACK, OF VANCOUVER. THESE GENTLEMEN REPRESENT THE NORTHWESTERN REALTY COMPANY OF VANCOUVER, WASH., AND WERE HERE THIS WEEK LOOKING OVER THE SITUATION. THEY ARE WIDE-AWAKE, PROGRESSIVE MEN, DEALING IN REAL ESTATE IN MANY SECTIONS OF THE WESTERN COUNTRY. THEY GAVE OUT NO INFORMATION AS TO THEIR FUTURE PLANS, BUT IN THAT THEY EXPRESSED VERY FAVORABLE COMMENT ON THIS SECTION OF THE STATE, AND EXPECT TO RETURN HERE AGAIN IN THE NEAR FUTURE, IT WOULD NOT BE SURPRISING WERE THEY TO BECOME LARGELY IDENTIFIED WITH COTTAGE GROVE AND ITS MANY INTERESTS.—WESTERN OREGON.

The conductor found him in his car so tightly bound that he could not move. Messenger Boshon is 53 years of age and has worked for the railroad about twenty years.

Except that both robbers were white, the express messenger is unable to say how much was taken, except to say it was not half of \$80,000, the sum reported stolen last night.

The train is one of the most important on the road, and carries much currency and other express matter from New York and intermediate stations to the West. There is a dense wood near Walker's station where the robbers pulled the bell and left the train, and into this woods they disappeared.

### "MERRY WIDOW" HATS ARE NOT POPULAR

San Francisco, April 30.—Traffic to the "Merry Widow" hat—so far as the board of public works, other city officials and the street car company are concerned.

This style of headgear has been doomed to exile, sure enough. The theatres have already made their complaints, and now the street car and railroad companies and the city officials are having their innings.

San Francisco, April 30.—Traffic to the "Merry Widow" hat—so far as the board of public works, other city officials and the street car company are concerned. This style of headgear has been doomed to exile, sure enough. The theatres have already made their complaints, and now the street car and railroad companies and the city officials are having their innings.

## BUY INTEREST IN HULL'S DRUG STORE

### J. M. WELLS, OF THIS CITY, AND SAM HARTSOCK, OF CORVALLIS, HAVE PURCHASED AN INTEREST IN O. J. HULL'S DRUG STORE IN THIS CITY, AND THE THREE GENTLEMEN WILL INCORPORATE UNDER THE NAME OF THE RED CROSS DRUG COMPANY.

Mr. Wells was formerly in the shoe business here, recently selling out to Stanleys, and Mr. Hartsock is a pharmacist of several years' experience. He will not arrive here till some time next week.

## ERECTING BUILDING FOR BROOM FACTORY

F. O. Taylor, who recently arrived in Eugene with his family from Guthrie Centre, Okla., with the intention of starting a broom factory here, has decided to enter that business and is erecting a small building just north of the Luckey planing mill on South Willamette street in which to house his plant.

The establishment will be small at first, and the output rather limited, but as the business grows, as Mr. Taylor expects it to, more machinery will be added and the factory gradually enlarged. There ought to be a good demand for Eugene-made brooms if they are equal in quality and as cheap as those imported, and Mr. Taylor says he can make just as good a broom and sell it just as cheaply as the outside manufacturers.

## LEAVENGOOD, LAND LOCATOR, UNDER SUSPICION

Roseburg, April 30.—Postal inspectors Riches and Clement, of Portland, Or., are in Roseburg engaged in looking into the methods of C. I. Leavengood, an attorney of this city, who has been locating people on Oregon & California railroad land. The inspectors have examined the records,

## BOURNE MAY NOT GO AS DELEGATE

It is confidently predicted today by the anti-Bourne Republicans that Jonathan Bourne has lost out and will not be one of the Oregon delegates to the Republican national convention at Chicago. These same people assert, also, that neither will Charles W. Fulton be one of the delegates. The anti-Bourne people have they contend, completely upset the frame-up which Bourne had arranged in various counties of Oregon and in Multnomah particularly.

The anti-Bourne men now say that they have enough votes to control the state convention, and, this being the case, they will not make Bourne a national delegate, and, by way of punishing him still further, they will instruct the delegation for Taft. Bourne's sole hope now is in the country, and in his ability to disorganize the anti-Bourne movement, and Bourne has always been at his best as a disorganizer of the opposition.—Portland Telegram.

## SETTLER'S HOME IS BLOWN TO ATOMS

Wardner, Idaho, April 30.—With their home blown to atoms by the explosion of a large quantity of dynamite, themselves cut in many places and badly stunned by the shock, and their hired man blown many feet from the house by the powder and badly injured, E. A. Carlson and wife have reached Kingston, eight miles below Wardner, after a hard journey down the river.

They relate a harrowing story of their nearness to death at the hands of would-be assassins. The Carlsons reside on a ranch up the North Fork river and had just completed a large new house on their ranch. Last evening, just after retiring, a terrific explosion of dynamite took place, completely demolishing the house and furniture, and throwing the inmates many feet through the air, injuring and stunning them. The hired man was found 50 feet from the house in a dazed condition. All the animals in the barn north of the house were killed or injured and the barn torn down.

## BORN

To the wife of W. B. Cooper, at Cottage Grove, Tuesday, April 28, 1908, a 12-pound girl. In Eugene, April 30, 1908, to Frank Gilman and wife, a daughter.

## RATTLESNAKE KILLING

### ON LONG TOM

#### EIGHTY RATTLESNAKES DESTROYED IN ONE DAY ON J. J. WINN'S FARM

There was a snake-killing party on J. J. Winn's hill farm across the Long Tom Sunday that was a "rattling" success. While there are no poisonous snakes in the valley, rattlers abound in great numbers in the hill country northwest of here. A party consisting of M. L. Barnett, J. J. Winn, Andrew Lewis, Raymond Evans, Kuebel brothers, John Dyer and the Smith brothers went out on the date mentioned and succeeded in killing eighty rattlers and one hoop snake. One rattlesnake that was killed measured three and one-half feet, the largest that has been seen in that section for years.

The members and friends of the Dane church tendered Miss Marie Scheldt a surprise on Tuesday evening. Miss Scheldt is organist at the Dane church and the members presented her with \$10 in gold. The evening was spent very enjoyably. Miss Scheldt will leave shortly on an extended visit with friends in different parts of Washington, hence her friends took advantage of this opportunity to acknowledge their appreciation of her services in church work.

C. H. Boone, M. D. Lingo, H. B. Dunlap and a number of others have purchased a new separator which is expected to arrive before long. They do not expect to do custom threshing, but may perhaps help out their neighbors after their own crops are cared for. The purchasers of this outfit will be independent hereafter and will thresh their grain as soon as it is ready.

The wiring force of the Ralston Electric Company, of Albany, arrived here Monday evening and commenced work the following morning. They are experts and those desiring their premises wired should have it done now, whether they desire to "connect" at this time or later on. There is sufficient work here to keep the force going for two weeks.

J. W. Kirk visited Portland Saturday, where he purchased a new barber outfit. He has opened a shop in the hotel corner in the rear of the confectionery. Mr. Kirk is an old hand with the razor and will no doubt receive his share of the public patronage.—Times.

## COTTAGE GROVE NEWS OF INTEREST

Belshazzar, produced under the able management of Martin E. Robinson, running Thursday and Friday nights last week at the armory, under the auspices of the Methodist church, was a decided success from an artistic, financial and instructive viewpoint. The cast contained seventy-five people of this city, many of whom proved to be most talented. The costumes were beautiful, the music inspiring, the acting in many respects equal to any that has been presented at Cottage Grove people. Professor Robinson is certainly an able instructor.

Mr. Ray Ostrander, who has been in South Dakota and Minnesota for the past ten months, visiting relatives, returned home last week. Mrs. Ostrander, when she left this state, was not quite sure she would ever become reconciled to Oregon again. However, after nearly a year's absence, coming in contact with all kinds of weather characteristic of those states, she finds herself now well satisfied with Oregon and glad to get back to the land of ideal proportions. Mr. and Mrs. Ostrander are this week moving to their 80-acre ranch five miles west of town. Mr. Ostrander will still hold his position in the harbor shop.

The many friends of Rev. C. H. Wallace, the pioneer preacher of Lane county, and you might say of this section of Oregon, will regret to learn that he is quite ill at his home in this city. Rev. Wallace's health has been slightly impaired for some time, dating back to an injury. Notwithstanding he has been on the street up to early last week, when he was confined to his home. His present trouble seems to be bad circulation, which no doubt can be overcome. Latest reports are to the effect that he is improving.

## SETTLER'S HOME IS BLOWN TO ATOMS

Wardner, Idaho, April 30.—With their home blown to atoms by the explosion of a large quantity of dynamite, themselves cut in many places and badly stunned by the shock, and their hired man blown many feet from the house by the powder and badly injured, E. A. Carlson and wife have reached Kingston, eight miles below Wardner, after a hard journey down the river.

They relate a harrowing story of their nearness to death at the hands of would-be assassins.
