MARRIED

At St. Mary's Catholic church on Tuesday morning, May 5, 1908, at 8 o'clock, Henry Nurro and Miss Mary Heitzman, both of this city, Rev. Father O'Farrell officiating. After the ceremony, which was beautiful and impressive, friends and neighbors to the number of about fifty drove to the home of the bride's father, Lawrence Heitzman, six miles northwest of Eugene, where the day was spent. The happy couple will reside on a farm four miles west of Eugene which the groom recently purchased from Colonel Mercer.

SENIATOR FULTON WORKING FOR CAKE

Portland, Or., May 5.—To help Taft and Cake, Senator C. W. Fulton has sent his private secretary, C. W. Halderman, of Astoria, to open headquarters. These were opened this morning at Rooms 694 and 695 at the Imperial hotel. Taft and Fulton are personal friends and the senator wants to do all he can to assist the secretary of war in lining up a Chicago delegation.

Fulton's headquarters will also do whatever possible to promote the interests of Cake. This is a combination which is favorable to Fulton's friends, and when the headquarters opened this morning a number of ardent Fulton people called to learn in what way they could be of assistance.

It is not intended by Fulton to dictate the politics of the state in opening headquarters for Taft, says his secretary, but rather to help his friend Taft, and to do what he can for Cake. Fulton himself will probably be back in time for the June election, in which he will vote and speak for Cake.

The Fulton-Taft-Cake headquarters are on the same floor as the Mulkey-Taft headquarters, and while each is working in the interest of Taft, they are not co-operating.

OLSEN IS SENT TO STATE PRISON

Oregon City, May 5.—Otto F. Olsen this morning entered a plea of guilty to the charge of forging the name of Rudolph Koerner to a promissory note in favor of H. C. Stevens for \$250, and was given an indeterminate sentence by Judge McBride. Under the statute upon which the indictment was based the penalty is not less than two years in the state penitentiary nor more than 20 years, and it is usual for the governor to pardon a criminal serving an indeterminate sentence at the expiration of the minimum time. In case Olsen proves a model prisoner he will probably be released in two years.

Olsen's attorney, George C. Brown, presented a lengthy statement from Dr. House, a Portland alienist, in which it was stated that Olsen's mind was such that he could not distinguish between right and wrong. In passing sentence Judge McBride reviewed the case briefly, expressing sympathy for Olsen's family. Olsen will be taken to Salem this afternoon.

HETTY GREEN JOINS NE YORK ARISTOCRACY

New York, May 5.—No more of the simple life for Hetty Green, the richest woman in the world. From a \$19 a month flat, she has moved into a \$30 a day apartment in the New Plaza hotel, recently completed at a cost of \$12,000,000, and henceforth she will be surrounded by all the luxuries that are enjoyed in New York's magnificent hostelerie. Rumor has it that she is ambitious to enter the "400" and shine with the elite.

It is further reported that Mrs. Green has bought her first silk dress and that she is contemplating the purchase of an automobile. Instead of continuing her custom of eating meals that cost a few cents a day, she will now pay big prices for dishes with fancy names, as guests of the New Plaza are wont to do.

\$5 REWARD

I had stolen from the barn Saturday night or Sunday morning my saddle. It has my name across the back of the pommel—A. P. McKinzie. Will give \$5 reward for any definite information regarding the same.

A. P. McKinzie, tf At Hampton Bros, Eugene.

Last week witnessed the most successful sale of horses ever held in Portland. Breeders and buyers from Washington, Oregon, Montana, Idaho, California and British Columbia were there, with a liberal sprinkling of eastern owners. The average was \$340 each for every horse sold during one day of the sale.

GERMAN COACH STALLION

The German coach horse which I purchased from Duncan Scott will make the stand during the season at Bangs' barn.

PORTLAND MARKET REPORT.

Portland, Or., May 7.—A trace has been declared in the war between the two great sugar refiners of the coast, and the Honolulu Plantations company, otherwise known as the Independents. Today an advance of 10 cents a hundred on Imperial, Empire and the unmarked brand was announced. Whether the regulars in the sugar refinery industry have absorbed the independent and ended the sugar war for all time has not yet been publicly made known. For the present at least they have quit fighting.

More Oregon Strawberries.

Oregon strawberries came in more freely today, from Kiddle and other parts of the state, and the best of the home-grown fruit sold at 35c a pound. The bulk of the supply of course still comes from California, and receipts from there today were fairly large. The demand was good and the fruit sold readily at \$1.75 to \$2 a crate.

Other fruits were unchanged. Oranges and lemons were firm, with the price tendency upward in both lines. Cherries moved at 75c to \$1.25 a box.

Supplies of vegetables generally were liberal and the market at about the same price as yesterday.

Cheese Production is Heavier.

According to latest advice from Tillamook and other Oregon cheese centers, the production of cheese in this state will be somewhat heavier than a year ago. Already the make is greatly increased and in consequence local arrivals are heavier.

Butter May Decline Again.

The city creamery trade today reports butter working off in a satisfactory manner at the lower price made a few days ago, and there is also more activity in the Front-street market. Nevertheless, the belief is more or less general that a further decline in butter prices may be expected this month. Production is now heavy in all the dairying districts of the state, and some dealers maintained through the flush season.

Country Dressed Meats.

Front street reported slightly heavier receipts of veal yesterday and today than were anticipated, and the market as a consequence was somewhat weaker, though no change in prices were announced.

Pork held its own at last week's prices and the demand today was sufficient to take up all offerings.

There was little or nothing doing in the market for country dressed mutton and lambs. Offerings were meager and there was little demand for stock.

Spring Chick Demand is Heavy

There is a very heavy demand for spring chickens at this time and broilers and fryers are finding a very high call at prices that range from \$5.50 to \$6.00 a dozen. While one or two dealers are selling, these birds by the pound, most of them are still doing business by the dozen. This means that practically 30c a pound is obtained. When sold by the actual weight a lesser figure results.

Ordinary chickens are in fair receipt with demand along the street good today at prices quoted by the Journal. Turkeys are scarcely arising at all and would find a good demand at high figures. Receipts of spring ducks are nominal with movings at high figures.

Dressed meat receipts are quite good, especially as regards veal.

Storage Operations in Eggs

Storage egg operators are again at work and the input during the past 18 hours has been quite liberal. Receipts of eggs are showing a decrease and for this reason the salable supplies are short in many places. Most of the eggs are today moving at 17 1/2 @ 18c and this is the price today quoted by Front-street merchants and the Journal.

An effort is being made by one or two of the members of the board of trade to boost the commission on eggs up to 1 1/2 per cent. A petition with that purpose in view is being circulated among the commission men.

Cheese Production is Heavier.

According to latest advice from Tillamook and other Oregon cheese centers, the production of cheese in this state will be somewhat heavier than a year ago. Already the make is greatly increased and in consequence local arrivals are heavier.

This applies principally to "Twins" as "Young Americans" are still in small supply and are quoted at a slight premium.

Brief Notes of The Trade.

Oranges are getting very scarce along the street.

A shipment of bananas was reported in this morning.

Receipts of hot-house cucumbers are quite liberal from local places and the market is easier.

Hot-house lettuce is showing fine quality and late arrivals have been more eagerly picked up at \$1 @ \$1.50 a box.

String beans from Brawley, California, are arriving by express daily. With the quality receivers experience no difficulty in selling at 15c a pound.

Portland Livestock Market.

Receipts of livestock at the local yards yesterday were considerably larger than for some time past, consisting of 150 cattle, 600 sheep, 70 hogs and 230 lambs, all the stock coming from Eastern and Southern Oregon.

No changes in quotations were made, and the market was considerably steady in all lines excepting sheep, where the tone was weak and the tendency downward. To chances are, however, that sheep prices will be maintained for some days to come. The demand for cattle and hogs continues strong.

For the lambs that came in there was a fair demand at current quotations.

Quotations ruling in the livestock market today are:
