

FAITHFUL HOUSEWIVES OF THE UNITED STATES

Send Grateful Tributes to Dr. Hartman For Benefits Received From Pe-ru-na.

MRS. D. C. NOLAN.

No More Throat Trouble.

Mrs. D. C. Nolan, Gem, Kas., writes: "I have no more throat trouble, thanks to Peruna. It is the only medicine I care to have. I always feel safe when I have it in the house."

"I have used Peruna for nine years and I ought to know about it. Peruna has helped me a great many times, and I shall praise it to every one of my friends."

"Ever since Peruna was introduced to the public thirty years ago, the housewife has been an ever faithful friend to Peruna. She is that has seen the practical benefits of the use of Peruna in the family."

"When the baby has snuffles or cold she gives a few doses of Peruna, instead of filling the system with the doctor's drugs."

"When the school children have coughs or colds she again resorts to Peruna."

"When any member of the family is afflicted with catarrh, either in its acute form or chronic, Peruna is resorted to. In a large number of minor ailments she finds Peruna a never-failing remedy."

"All this has won the confidence of the housewife in Peruna, which cannot be easily shaken by the statements of people who know nothing of Peruna, having never had any personal experience in its use."

Pe-ru-na Tablets.

Some people prefer to take tablets, rather than to take medicine in a fluid form. Such people can obtain Peruna tablets, which represent the medicinal ingredients of Peruna. Each tablet is equivalent to one average dose of Peruna.

Dyspepsia and Constipation.

Mrs. John M. Stabler, Millersburg, Ind., writes: "I have been cured of a very bad case of catarrh of the stomach and constipation, and a complication of ailments that I have had for several years."

"I doctored with three doctors who did me not much good, so I quit doctoring. I bought a bottle of Peruna and commenced taking it. I found I was getting some better, but thought I was not doing as well as I might. So I wrote to Dr. Hartman to see what he thought about me. He gave me special directions and medical advice."

"To our astonishment I improved and am today a well woman and weigh as much as I ever did in my life."

"My old friends in Ohio, where we moved from about fifteen months ago, say when they see me, 'How well you look. I did not expect to see you ever look so well again.' I tell them I would not look so well if I had not been cured by Peruna."

"Peruna saved my life. I recommend Peruna wherever I am, and when any of our folks are sick I give them Peruna with success."

"I thank Dr. Hartman, and may he live many years more to go on with the good work. Tongue cannot express the gratitude that my husband, children and I owe to Dr. Hartman for the kindness he has shown toward me during my sickness."

"I want the public to know what Peruna and Dr. Hartman have done for me."

"An astonishing number of families use Peruna continuously for the various petty ailments to which the family is liable."

"I am 69 years old, and am now doing all my housework. I am in the best of health, and cannot thank Dr. Hartman enough for his advice and medicine."

MRS. J. M. STABLER.

JUNCTION HAD GLAN-UP DAY

Clean-up day, Tuesday afternoon, May 12, proved a success, the whole length and breadth of the town.

The majority of our citizens entered into the spirit of the occasion, and the town never presented a neater or cleaner appearance than right now.

The back yards and alleys are free from tin cans, boxes, barrels and other trash. The streets are thoroughly cleaned, sidewalks repaired, as well as possible, and many other evidences of endeavor on the part of our citizens. Clean-up day should be made an annual event, and as the initial effort has been successful the next effort should be more so.

Time.

HOW TO MAKE A "MERRY WIDOW."

The following is an officially authorizing recipe for making a "merry widow" hat.

Buy one extra large disc harrow blade, lay blade upon rail of Twentieth Century Limited in such manner as to give the brim a saucy tilt upwards when the wheels pass over it. Take to the foundry and rivet over the hole in the disc one deep metal frying pan with handle detached.

MAYFLOWER PROPERTY TO BE DEVELOPED

With this week another important mining property in Bohemia takes on development on a large scale, says the Cottage Grove Western Oregon.

Sunday R. A. Vaughn and R. E. Grantham, mechanical engineer, of Portland, and J. A. Pastham, of Astoria, and T. L. Hound, of Kelso, Washington, arrived in this city and left Monday morning over the Oregon & Southwestern, for the well-known Mayflower camp on Steamboat.

W. P. Ely, the manager of the Mayflower, was expected to join the party here and was enroute from his home at Kelso, when he was advised of the death of a relative and hurried back to Portland.

The party took seven miners from this place, and it is understood that active development work will commence soon.

It is not known as yet what kind of a reduction plant will be installed, but it is said that this will be determined in the near future.

The Mayflower property consists of several claims, of which many favorable comments have been made.

As soon as Mr. Ely arrives more definite information of the plans of the company will be forthcoming.

Palace of Sweets

Eugene, Ore. Just ordering Ice Cream from the Palace of Sweets for our picnic. None other will do me.

Special Price on Ice Cream, Candy and Nuts For Picnics, Socials, Private and Public Entertainments get our prices.

ADVERSE REPORT ON G. & C. LAND GRANT BILL

Washington, D. C., May 13.—The House public lands committee today reported an adverse report on the Oregon and California land grant. Mondell's resolution, which proposed to direct the Attorney-General to permit present holders of lands to continue in their use and occupancy during the pendency of this bill, was adversely reported. This puts an end to this matter so far as congress is concerned until it becomes necessary to determine what disposition shall be made of lands recovered by the government. In this connection attention is called to the fact that under the law no more forest reserves can be created in Oregon except by act of congress. All members of the Oregon delegation are opposed to placing any railroad lands in the forest reserve, and if the next delegation holds the same views, it is a safe prediction that lands recovered by the government will be disposed of only to actual settlers, either under the existing law or under some special act to be framed later.

NEWS NOTES FROM COTTAGE GROVE

The Bank of Cottage Grove held its annual stockholders' meeting last Wednesday evening, and the following officers were elected for the ensuing year: President, W. H. Abrams; vice president, R. Lurch; cashier, Geo. M. Hall; assistant cashier, Harry Short. Board of directors: W. H. Abrams, R. Lurch, W. A. Hartung, Geo. M. Hall, Geo. Atkinson, F. D. Wheeler, this city, and Phil Beckley, Oakland.

It is announced upon good authority that the Sunrise Mining Company property, located just above Bonita, to the right of Champion creek, is coming up to all expectations. A rich strike is reported, but at this writing no authentic report of the magnitude could be ascertained. The company owns some splendid claims admirably located, and the assay returns from many openings in times past have been very flattering.

Thomas Medley, who for more than a year has held the position of sales clerk in Hale's big mercantile establishment in San Francisco, has returned to Cottage Grove to remain indefinitely. Mrs. Medley preceded her husband and has been a guest of friends here for some weeks, and it was anticipated that Tom would soon tire of keeping bachelor hall and put in an appearance here.

Teachers Selected. The following is a list of teachers thus far selected by the school board for the ensuing year for this city: Principal, Professor J. D. Baughman; high school—Misses Mundy, Currie, Moore, Hazelton and Riley; primary—Misses Perkins and Palmer.

Two of the intermediate grade teachers have not at this time been decided upon.

Rev. C. H. Wallace, who, joggling along the life road, has been seriously ill for the past few weeks, is so far recovered that he was able to be up town last Wednesday, cheerful and smiling. He says to tell those good friends that were saving flowers for his grave to just keep them in water for a while yet. He is quite sure he will not need them for some time. His many friends of many years hope he is right.

Mrs. W. H. Blair has received plans and specifications for a handsome hotel building which she contemplates building on the Blair property, corner of Fourth street and Tennessee avenue. It will be a 42-room, three-story structure, of most modern plan. There will be six public and six private baths, hot and cold water in every room. The cost is estimated at \$10,000.—Western Oregon and Leader.

SPRINGFIELD NEWS

NOTES OF THE WEEK

Died.—In this city, May 13, 1908, the infant son of Mr. and Mrs. J. H. Reynolds. Interment in I. O. O. F. cemetery.

The baseball game at Springfield last Sunday between the Springfield high school and Goshen teams resulted in victory for the visiting team by the score of 6 to 5.

Mrs. L. M. Beebe and sons Earl and Frank took their departure last evening for Forest Grove, where they will spend a month with Mr. Beebe's parents on the farm.

A. J. Perkins bought the furniture and fixtures of the Springfield Provision Company this week. We understand that it is not Mr. Perkins' intention to open the market, but will dispose of his belongings to some one who will open a second meat market in Springfield.

Mrs. R. A. Jayne is now at Lodi, California, in response to a message announcing the sudden death of her mother, Mrs. Julia Watkins, who has been visiting her daughter. Her home was in the East, but she had been in California during the winter in hope that a change of climate might prove beneficial to her health.—News.

GOLD ROADS TO ISSUE MORE BONDS.

New York, May 14.—The Tribune tomorrow will say:

An important further step was reported today in the working out of the plans for financing the roads of the Gould system. The Denver & Rio Grande Railway Company, it is learned from trustworthy sources, is

about to create a mortgage securing an issue of \$150,000,000 bonds, authorization for which will be asked from the stockholders at a special meeting to be held within a few weeks.

The bonds are expected to be 5 per cent and will run 50 years. Of the proposed \$150,000,000, for extending the outstanding bonded obligations of the company, the remaining \$60,000,000 being available for future use in the development of the property and for other purposes.

BONDS VOTED BY SAN FRANCISCO

San Francisco, May 13.—Citizens generally are enthusiastic over the results of the bond election. The vote was 19 to 1 for the bonds. The first step to be taken by the supervisors will be to estimate the cost of the improvements made possible by the sale of the bonds, and the amount of money to be expended. Possibly by the middle of August work will begin on the projects which are to make San Francisco a larger and more beautiful city than ever.

For an auxiliary fire system and lands necessary for it, bonds amounting to \$5,200,000 were approved.

For a city sewer system, \$4,000,000.

For school buildings and lands for ample sites, \$5,000,000.

For public hospitals and necessary lands, \$2,000,000.

For a new city hall and county jail, \$1,000,000.

For a suitable garbage system and crematory, \$1,000,000.

SALEM SALOONS WILL COMPLY WITH THE LAW

Salem, Or., May 14.—Chief of Police Gibson last night made a trip of inspection of the saloons of the city to see whether they were complying with the new ordinance. The chief found that they were all complying with the exception of one State street saloon, which had curtains up in front of his place. The chief ordered him to remove them, and they came down. Today the chief will ask the license committee of the council to accompany him on a trip to all the saloons to see that they are complying with the law prohibiting back rooms. Some of the saloonkeepers insist that the new law permits them to keep back rooms if they keep the doors locked. The matter will undoubtedly be settled tomorrow. The police will enforce the law strictly.

J. DALZELL BROWN GOES TO PRISON

San Francisco, May 13.—Under the wrecking of the California State Deposit & Trust Company, was taken to San Quentin today to serve his sentence of 18 months for embezzling \$25,000 worth of bonds of the Sacramento Gas & Electric Company deposited with the trust company.

As the prisoner was taken from the county jail he seemed completely resigned to his fate, and showed little emotion.

Up to the last minute Brown had hopes of being able to escape confinement in the penitentiary, pleading that he be allowed to serve his sentence in the county jail, but this request was denied him on the ground that it would lead to the breaking down of prison discipline. He will, therefore, have to undergo the humiliation of being measured, shaved and cropped and clothed in convict's garb.

STANFORD STUDENTS DEFINITELY EXPELLED

Stanford University, Cal., May 14.—P. Bruning, editor-in-chief of the Quad, and M. J. Heimick, Josh editor of the university publication, have been definitely expelled from Stanford University for bitterly criticizing President Jordan and Professor Clark, chairman of the student's affairs committee, in the annual year book.

The ire of Chairman Clark and his colleagues was particularly aroused by the Josh section of the Quad, which was devoted entirely to the student's affairs committee and President Jordan.

BEARS NUMEROUS IN NEWPORT COUNTRY.

Newport, Oregon, May 14.—Bears have become so numerous in the vicinity of Newport, Or., that the ranchers of that community have organized to exterminate them. During the last week a number of fine cows were killed within a few hundred feet of the farm house belonging to William Guilleaume, six miles from Newport. Other ranchers are suffering in the same way.

LOWELL ITEMS

(Special Correspondence.) Lowell, May 13.—The rush in the logging camps continues at Rush Island, and will until the drive starts in June. The late rains have been a good thing for the loggers, as well as to growing vegetation, and farmers and loggers are all rejoicing together.

Rev. D. E. Baker, of Eugene, and Mr. Kelly, of Mabel, are holding a protracted meeting at the Rush Island schoolhouse. There have been several conversions up to the present time and interest is increasing. Quite a number have attended from Lowell. There will be baptizing in the river Sunday, the 17th, at 1 o'clock. Several will be baptized by immersion.

Mr. and Mrs. Wilhelm, of Hazel Dell, made a trip to Eugene last week to see the medical fraternity in the interest of Mrs. Wilhelm's health, as she has been indisposed for some time.

Miss Faye Howard, teacher of the Middle Fork school, was compelled to give up teaching on account of sickness and has gone home. The directors have employed Miss Grace Saylor to finish the term.

Bert Kelley will begin the erection of a new residence and barn soon. Part of the material is already on the ground.

COTTAGE GROVE WANTS TO FORM NEW COUNTY

The Cottage Grove leader of this week advocates the creating of a new county out of the southern portion of Lane and the northern portion of Douglas. The leader in an editorial says:

"With the extensive improvements and developments in the Bohemia district, which is situated in both Lane and Douglas counties, the establishment of great saw milling and lumber plants in southern Lane and northern Douglas, makes a crying demand for a change in the county boundary line so as to include the immense natural resources and growing industries of this section in one and the same county, in order to overcome the many difficulties arising in securing titles, making correct filings and entries, as well as public road and other improvements."

Both Roseburg and Eugene, the present county seats of these respective counties, which embrace an area greater than that of several of the New England states, are situated so far from the section of both counties as to render it inconvenient and expensive for even people to visit these three counties for the transacting of local and county business. The time is therefore at hand when a good sized site should be carved from both of these counties and a new county formed. The people of the Lane and coast section favor such a scheme, the Bohemia miners are enthusiastic for it, the Pass creek timber and mill men are boosting for it—in fact, there is not a citizen in southern Lane or northern Douglas but can see the great necessity for such a movement, owing to the peculiar topography and grouping of resources and industries embraced within this proposed new county, which would still leave Lane and Douglas counties with large territory, rich in resources, and their county seat towns centrally located.

The leader thinks the time opportune for a concerted movement toward the formation of a new county from southern Lane and northern Douglas, on the part of the Cottage Grove Commercial Club, and the people of this favored section of these two counties. Let us get busy and bring this matter to a vote of the people at the election two years hence.

DAN KELLY DOES BETTER WORK NOW

New York, May 13.—Dan Kelly, the world's champion sprinter, is back to form. Word reached this city from Philadelphia yesterday that Kelly was in practice in the 100 in 10 seconds, and made a leap of 24 feet in the broad jump.

For the short time that Kelly has been under the care of Trainer Mike Murphy he has made wonderful strides toward the goal in both the 100 and the broad jump, and the veteran trainer is not a bit backward in saying that when the proper time comes the Oregon boy will uphold his reputation as the world's champion.

As a matter of fact Kelly has been by no means showing his heralded form in either the sprints or broad jump, but if there is anything in the boy, Murphy will bring it out.

The news that Kelly is rounding into shape has been received with delight by his followers in this city. There have been not a few who thought the boy was not all he was touted to be.

INFURATED PIG HOLDS CAPTIVE AUTO ENTHUSIAST

Imprisoned by an infuriated pig, with but the frail protection from his maddened prey of a light runabout, which was unmanageable because of another pig clogging the gears, was the thrilling experience of a prominent Medford motor-car enthusiast, who was enjoying a spin on the Ashland road Sunday with his new car. Only by the timely arrival of some of his friends in other cars, to whom he had previously given the dust, was he saved from a personal encounter with the terrible beast.

The pig was running in mad circles about the car, infuriated by the squeals of its mate, who was being crushed to death by the machinery, owing to the inadvertence of the driver of the machine. Together with his wife, the owner of the car was held captive in momentary danger of personal injury. When his friends appeared on the scene, by force of superior numbers, they were able to rescue him and release the runabout from the pig which blocked it.

The rescued man's gratitude knew no bounds, and after profuse thanks he continued on his way, a "sadder, but a wiser man."—Medford Tribune.

BIG GOLD STRIKE NEAR GRANTS PASS

Grants Pass, May 13.—Three second hand claims of Grants Pass, Robert and Benjamin Harrison and C. C. Jones, have taken out over \$30,000 worth of gold from a claim in the Williams creek district within the last 20 days. On Easter Sunday they took out about \$7000 worth of the metal, and last Thursday the day's cleanup amounted to 60 1-4 pounds of pure gold.

It is thought to be the richest strike that has ever been made in Oregon. For the last week the men have been averaging \$500 a day with their pans. Robert Harrison says that they have struck a shaft and that \$100,000 worth of the metal is in sight.

MADAME DEAN'S FRENCH PILLS

A SAFE, CERTAIN RELIEF FOR SUPPRESSED MENSTRUATION. NEVER KNOWN TO FAIL. Safe! Sure! Speedy! Satisfaction Guaranteed or Money Refunded. Sent prepaid for \$1.00 per box. Will send them on trial, to be paid for when you receive Samples Free. Insist on getting the genuine, accept no substitute. If your druggist does not have them send your orders to the

PRONOUNCED HIS CASE INCURABLE

Whole Body Raw with Eczema—Life was Intolerable—Was Even Incased in Plaster—Discharged from Hospitals as Hopeless.

SUFFERED 14 YEARS CURED BY CUTICURA

"From the age of three months until fifteen years old, my son Owen's life was made intolerable by eczema in its worst form. He was all right until he was about two years old, but the rash began to spread over his head and shoulders, and he caused his hair great discomfort. I took him to a doctor and tried half a dozen other treatments, all with the same result: no improvement at all. The disease gradually spread until nearly every part of his body was quite raw. We had to strap him down in bed, for he used to tear himself dreadfully in his sleep. The agony he went through is quite beyond words. No one thought we would ruin him. The regimental doctor, a very clever man, pronounced the case hopeless, at least, he said this only hope was that he might, if he lived long enough, outgrow it to some extent. We had him in hospitals four times and he was pronounced cured on the worst cases, if not the worst, ever admitted. From each he was discharged as incurable; in fact he got worse under the successive treatments. At one hospital they incased him in plaster and this seemed to aggravate the eczema terribly. He looked so badly that no one liked to go near him and his life was a burden to him. We kept trying remedy after remedy, but we had got almost past hoping for a cure. Six months ago we purchased a set of Cuticura Soap, Ointment, and Resolvent Pills and persevered with them. The result was truly marvelous and today he is perfectly cured. His skin not having a blemish on it anywhere. Mrs. Lily Hedge, 51 Vaughan Road, Colliharbour Lane, Cambleswell Green, Eng., Jan. 12, 1907."
