EUGENE, OREGON, THURSDAY EVENING, MAY 28, 1908

NO. 222

CURRENCY BILL HAS BEEN AGREED UPON

Washington, May 27.—We may adjourn in two days or we may adjourn in two weeks, was the terse comment of Speaker Cannon today, after a conference with the president.

The account of circulation issuable upon commercial paper is limited to 40 per cent of the capital of the applicant bank. A redemption fund of 5 per cent under the present law is increased to 10 per cent for all emergency currency. The total amount of emergency currency is confined to \$500,000,000.

Washington, May 27.—After two hours of deliberation the Republican members of the conference committee between the houses of congress on the currency question reached an agreement, but the exact terms will not be made public until the proposed bill is submitted to the full conference, including the Democratic members. It is understood, however, that the bill will follow the general lines tentatively agreed upon yesterday.

The Democratic senators will hold a caucus at 10 o'clock tomorrow to decide on a course in reference to the currency bill.

BIG CROWDS AT TACOMA GREET ATLANTIC FLEET

Tacoma, May 27.—Two hundred thousand residents and visitors welcomed the Atlantic battleships as they maneuvered before the city and dropped anchor in Commencement bay this morning. The day was a holiday by mutual consent, and business was suspended almost the entire day. The bay was thronged with boats of all sizes and the shores lined with tens of thousands of people, and the high points about the city from which a view could be obtained were black with people.

The city is gaily decorated.

William Pitt, who had lived in Gardiner, Douglas county, over 30 years, but none of whose relatives can be found, died there a few days ago, aged about 104. He was a member of the Masons, who cared for him during the latter years, when he was infirm. He was married twice, but both wives are dead.

HOGS MAKE FIND ON GUNNESS FARM

LaPorte, May 27.—Several hogs wallowing in a pond on the edge of a lot on the Gunness farm brought up the bone of a human arm today. The mud will be searched for bodies.

DEADLY TORNADOES IN OKLAHOMA
Wichita, Kas., May 27.—Peter Rudy, wife and two children, were killed by a tornado near Alva, Okla., at midnight. Several were injured. Three were killed and one is missing at Ingersoll, Okla.

BURGLARS RAID TOWN OF OAKLAND WOUNDING OFFICER

Roseburg, May 27.—Late last night and early this morning burglars, apparently two in number, raided the postoffice, hotel, eight stores and two saloons in Oakland, eighteen miles north of here, and then engaged in a revolver duel with John Beckley, town marshal, and another man, Herman Stephens, finally escaping northward. As far as learned, the burglars got a little money, some jewelry and several revolvers and ammunition. The officers are searching for two men. One is described as tall and another short.

The raided establishments are in the same block, on both sides of the principal street. The burglars worked quickly, effecting entrances either through windows or by forcing doors. The noise of smashing window panes in one store awakened domestic help at the Oakland hotel, across the street, and word was soon sent to Officer Beckley, the town having no night policeman. Upon Beckley's arrival, the burglars fled to the railroad track and took refuge behind an unused pig pen. Accompanied by Stephens, Beckley pursued them and ordered the burglars to surrender, but they opened fire with revolvers instead. Beckley and Stephens responded with their own weapons and in the fusillade Beckley received a flesh wound in the right shoulder, and exhausting his ammunition he and Stephens withdrew, and the burglars, neither of whom are thought to have been wounded, then fled.

F. E. DUNN WILL MAKE EXTENSIVE IMPROVEMENTS

WILL REMODEL FRONT AND INTERIOR OF HIS ESTABLISHMENT—WILL HAVE ONE OF FINEST FRONTS ON COAST—WORK WILL BEGIN WITHIN A FEW DAYS

F. E. Dunn, the dry goods merchant, has had plans drawn for extensive improvements to his store. The entire front of the building will be torn out, and a modern front will replace it. The plans call for huge plate glass windows and at the corners the edges of the glass will be joined by steel clamps instead of by wooden casings. The staircase, which is now in the center of the front, will be moved to the north side of the building and in its place there will be a large vestibule 9x15 feet in dimensions with a tile floor and a marble base a foot high clear around it.

The entire interior of the store will necessarily be remodeled by the taking out of the stairway and moving it to one side, and there will be about twice the window space as at present, despite the large vestibule in front. This, however, will be walled with plate glass.

The plans, which were drawn by Architect W. T. Campbell, call for the handsomest and most up-to-date store front in the valley, and it is safe to say that nothing will excel it in the larger cities.

The work will be commenced within a few days, or just as soon as the contractor can get at it.

TRY TO SOLVE MYSTERY OF LATE GALLAGHER OUTRAGE

Oakland, May 27.—The authorities are at work diligently to discover the identity of the person or persons who last night wrecked the three new houses owned by James L. Gallagher, former supervisor of San Francisco, and principal witness for the graft prosecution, following partial destruction in a similar manner of his residence here on the evening of April 23, the day he concluded his testimony in the case when on trial in San Francisco.

One theory is that some one implicated in the exposures is responsible and another that a personal enemy of Gallagher may be the dynamite.

of the trolley graft cases, will work on this latest dynamite plot. He believes that some one in the pay of the defense committed the outrage for the purpose of intimidating Gallagher from testifying further in the case.

CHICAGO FIRE CAUSES DEATH AND DAMAGE

Chicago, May 27.—One man was fatally injured, two seriously hurt and many families in the neighborhood driven from their homes by a fire which destroyed the plant of the Standard Sash & Door Company today. Loss, \$100,000.

Victor Altman and Joseph Brown have been arrested on suspicion of setting the fire.

Rev. Arthur J. Folsom, of Forest Grove, superintendent of the Congregational Home Missionary Society of Oregon, was the guest of Rev. W. B. Pinkerton yesterday. Both gentlemen, in company with a number of ministers and delegates from Salem and points farther north, started for Ashland to attend the annual meeting of the East Willamette Association of Congregational churches and ministers, which will convene tomorrow and adjourn next Sunday evening.

D. J. Miller, of Florence, is in the city for a few days.

LAUNCH PARTY IS RESCUED IN STARVING CONDITION

Los Angeles, May 27.—The United Wireless Telegraph company has received a wireless message from their station at Avalon, Catalina Island, reporting that the converted cruiser U. S. S. Buffalo arrived at that place last night with E. E. Easton, a mining man of Los Angeles, his wife, two sons and another man, name not given. The party chartered a launch to go to the island of San Clemente and were struck by heavy squall and blown out to sea, where they drifted about for three days. A boatman known as "Tony the Greek" was lost during the trip.

The Buffalo picked up the launch far out at sea, and the passengers were suffering for want of food and were taken to Avalon by the cruiser.

Later Advice.
Los Angeles, May 27.—Later advice says the party was picked up in a cove off Silver Canon, Catalina, where they had anchored the previous night, but their anchor dragged and they were being carried out to sea when sighted by the Buffalo. The boatman was lost during the night.

The Buffalo is cruising about the island in an effort to pick up the missing boatman if alive, or to recover his body.

CROWNINSHIELD IS DEAD OF OPERATION

Philadelphia, May 27.—Admiral A. S. Crowninshield, U. S. N., died at a hospital here today. He went to the hospital a month ago for an operation on the nose, and did not fully recover from the shock of the operation. The immediate cause of death was the hardening of the tissues of the body.

SALEM SALOONS DECLINE TO OPEN FRONTS

Salem, Or., May 26.—Mayor Rodgers again has notified the saloons, through the chief of police, that he intends the strict regulation law shall be enforced. So far but one saloon has complied with the ordinance requiring open fronts and no partitions and much capital is being made from it by the anti-saloon element in the campaign for prohibition in Marion county.

The law has been in force for several weeks and the saloons have taken practically no steps to comply with it. The anti-saloon people are therefore urging that the saloons be voted out of the city and county entirely, because they have shown no disposition to comply with the strict regulation ordinance demanded by the people of Salem and passed nearly two months ago by the council.

Mayor Rodgers intimates that the law will be enforced and that prosecutions will be started at once against those who have not made alterations according to the specifications of the new ordinance.

FOREIGN MISSIONS OF PRESBYTERIANS

Kansas City, May 27.—Foreign missionary work was reported on and discussed by the general assembly of the Presbyterian church today. Great progress in the field of evangelism was indicated.

The following Lane county men are on the federal grand jury at Portland this week: Jesse Sowers, of Junction City; H. S. Furness, Eugene; Wm. Cornelius, Winton; Nathan Harwood, Eugene; W. O. Zeigler, formerly of Eugene, now residing in Portland, is also on the jury.

BOILER CONTRACTORS PLAGED UNDER ARREST

Boston, May 27.—Six leading officials of as many boilermaking plants and structural iron works were arrested this afternoon. This action follows the report of the Boston fire commission which revealed an al-

FISHING SCHUONER LOST WITH CREW

Yarmouth, N. S., May 27.—Word has been received that the steamer Boston, bound from Boston to Yarmouth, N. S., ran down and sank the Boston fishing schooner Fame yesterday. Seventeen of the Fame's crew were drowned and two saved.

METHODISTS COMPLETE LIST OF BISHOPS

Baltimore, Md., May 26.—The last four of the eight new bishops of the Methodist Episcopal church were elected today by the general conference. Rev. Wilson S. Lewis, president of the Morningside College, Sioux City, Ia., and Rev. Edward Hughes, president of the De Pauw University, Greencastle, Ind., were elected on the fifteenth ballot; Rev. Robert McIntyre, of Los Angeles, Cal., on the sixteenth ballot, and Rev. Frank M. Bristow, of Washington, D. C., on the eighteenth ballot. Thus ends a long contest, in which many changes of political faith were made and much ill-feeling engendered.
