(Continued on Page Five.)

Democrats, W. J. Mariner and W. F. Jackson.

The statement forces also defeated opposition Republican nominees for the senate in Josephine, electing H. D. Norton, and in Crook, Klamath and Lake may have defeated G. H. Marryman by electing George G. Springer, Democrat.

The members of the two houses will be as follows:

Senators.

Statement One—Holdovers, T. B. Kay, of Marion (conditionally); M. A. Miller, of Linn (Dem.); I. H. Bingham, of Lane; L. L. Mulit, of Jackson (Dem.); F. H. Caldwell, of Yamhill (Dem.); J. E. RESULTS ON VARIOUS MEASURES SUBMITTED

The following initiative and referendum measures undoubtedly have received a majority: Changing time of general election from June to November, board of county prisoners, proportional representation, recall, creating the county of Hood and increasing the powers of the Port of Portland. The latter measure received an enormous affirmative vote.

Returns indicate the defeat of the following: Increasing compensation of the legislators, compulsory pass bill, equal suffrage.

Portland, June 2.—With the exception of United States senator the entire Republican state ticket has been elected. The senatorial returns show some changes from last night's figures, but the indications are that Chamberlain (Dem.) will be the people's choice over Cake (Rep.) with a majority of about 1000 votes. Incomplete returns from ten counties outside of Multnomah give Chamberlain a majority of about 500.

According to returns now in there will be 25 Statement No. 1 representatives and 18 senators in the next legislature, ten of the senators being holdovers.

Statement No. 1 candidates are pledged to support in the legislature the people's choice for United States senator. There are 90 members, making 46 votes necessary for a choice.

Prohibition carried in many counties which were already "dry," and in which the questions were re-submitted. The prohibitionists gained a number of counties which had been partially "wet."

Equal suffrage has lost again.

In Portland Judge O'Day is beaten for re-election, as is District Attorney John Manning (Dem.) by Police Judge Comeron (Rep.).

Sheriff Stevens defeats ex-Sheriff Tom Word by 5000 majority.

Portland, June 2.—Prohibition has made a surprising showing over the state, winning in almost every instance, particularly in the lesser populated counties. In Clackamas, where the closest fight of the series is being enacted, the drys led most of the morning, while just before noon the wets gained a lead of about 50 votes with 30 precincts of the vote to hear from. Reports from the following counties show that they have carried as a whole for prohibition. Polk, Malheur, Josephine, Douglas, Columbia, Wheeler, Yamhill, Tillamook, Columbia, Lane, Linn, Morrow, Union and Crook, with probably Lincoln and probably Clackamas. Marion county remains wet by a substantial majority.

Portland, June 2.—It is conceded that Chamberlain will carry Multnomah by 500, with substantial majority in the state. He is known to be elected.

Representative First Congressional district, Willis C. Hawley, Rep.; representative Second congressional district, W. R. Ellis, Rep.

Justice of the supreme court, Robt. S. Bean, Rep.

Oregon Dairy and Food Cimmissioner—J. W. Bailey, Rep.

Railroad Commissioner, First congressional district—Thos. K. Campbell, Rep.; Railroad Commissioner Second congressional district—Clyde B. Aitchison, Rep.

With the exception of the United States senator the entire Republican state ticket has been elected. Returns from 26 out of the 33 counties of Oregon outside of Portland give Chamberlain a lead of 479.

There are 33 Statement No. 1 representatives and 19 senators in the next legislature, according to the returns in, ten of the senators being holdovers. This gives a substantial majority.

Prohibition carried in many counties which were already dry, and in which the question was re-submitted. The prohibitionists gained in a number of counties which had been partially wet but in places like Portland, Salem, The Dalles and other important centres where the question was submitted, the local option people were defeated, in Lincoln coin county, formerly dry, the wets captured several of the larger communities.

The appropriation for the State University has carried, and so has the appropriation for the armories. Equal suffrage has lost again, but the re-call is running well, also the amendment to the constitution to increase the number of supreme judges. The current needs and to limit the amount of money spent by candidates in election has also probably carried.

RESIDENCE AT CRESWELL BURNED THIS MORNING

The residence of Ed Moore at Creswell was burned to the ground this morning between 8 and 9 o'clock. The interior of the building was being repainted. The painters put a bucket of paint on the stove to warm and it became so hot that it boiled over, the oil in the paint igniting from the flamee in the stove. None of the contents of the building except an organ, a couch, a few chairs and some minor articles were saved. There is no fire fighting apparatus at Creswell so the citizens formed a bucket brigade, but they could do nothing to save the building. The house was built last fall at a cost of about $2500. It was two stories high and contained nine rooms.

LOOKS LIKE A JOKE TO EASTERN PEOPLE

Since Eastern people have commenced to flock to this country in large numbers the county treasurer has had his hands full of trouble. Of course most of these people who are coming buy homes or invest in lands, and naturally have to pay taxes. Nearly all of them come from states where the taxes are paid to the county treasurer direct and this is the office they flock to as a matter of habit. It's a curious bland smile that spreads over the honest faces of these people from the East when they are politely informed that they will have to go to the sheriff to settle that difference. They don't see the joke. He is the fellow above all county officers that they seek to avoid and when they fully understand after considerable insistence on the part of the treasurer that the sheriff first handles the tax money they reluctantly leave for the new innovation.

As there are more Eastern people coming to this country now than ever before, this article may serve as a gentle reminder of what to expect when tax time comes around.

AMOS WILKINS' BARN AT COBURG BURNED

A telephone message from Coburg soon after noon today brought the information that Amos Wilkins' barn, on his farm just below the town, was destroyed by fire this forenoon and little if any of its contents were saved. The barn was practically new and contained considerable hay and some machinery. The barn was worth $700 or $800, and the contents were valued at perhaps several hundred dolars.

There are no particulars as to the origin of the fire.

TERRIFIC WINDSTORM SWEEPS OVER KANSAS

Topeka, Kan., May 28.—A terrific wind storm of almost the proportions of a tornado swept over the southern part of Lowell county last night, killing one man and injured 22 persons, seven of them probably fatally.

The dead:

GEORGE HAHN.

As far as known the list of injured is complete:

Mrs. George Hahn, fatally.

Frank Crites and wife, the latter probably fatally.

John Bowman and family.

Charles Durant and family.

William Appleby and family.

A family named McFarland, the husband and wife both fatally.

A boy named Mosher, who lived with the Appleby family, had an arm broken and received internal injuries.

Scatters Houses Over Prairie

The storm traveled from the southwest and was 150 yards wide. It took everything in the path and scattered a number of houses, barns and small buildings over the prairie. The property damage will amount to thousands of dollars and the damage to growing crops is large.
