## NEWS NOTES FROM BUSTLING SPRINGFIELD

L. M. Beebe has been elected manager of the baseball team for the season and Fred Yockey captain. Several games are scheduled for the season. A good line-up with the exception of one of two places has been secured and a good article of ball is promised the fans during the next few months. It is hoped that within another week the team will be thoroughly organized, and the boys will be ready for daily practice. They will go to Coburg to meet the Giants next Sunday, and the following Sunday, June 14, a game will probably be played with Lebanon on the local grounds, as they are making a tour of this territory and have asked for a game.

Jim Stewart returned to Springfield Tuesday from a visit to Klamath Falls. He reports Mr. and Mrs. L. Jacobs, who were formerly in business in Springfield, as doing well there and says that they have let the contract for a fine two-story brick which will be 60x-00 feet in dimensions. We are informed that Mr. and Mrs. Stewart will soon go to Klamath to permanently locate. Jim thinks that there is a great future for that country.

Dr. VanValzah brought a sample of his alfalfa to town this morning which is about thirty inches tall and which he says will go fro mtwo to two and one-half tons to the acre. He says the crop will again be ready to cut in July, and if irrigated will furnish a third crop in August. The raising of alfalfa seems no longer an experiment in Lane county.

A large express wagon load of cut flowers were sent to Portland last Wednesday afternoon by the pupils of the Springfield school, which will be displayed at the floral fiesta, which will be held in Portland from June 1 to 6. A request has been sent out to many of the schools over the state to contribute flowers for the big rose show, among them being the Springfield schools, which of course responded very liberally.

Dr. R. A. Jayne is taking a needed rest this week at Hood River, going there to look after his land interests in that section and also take care of his large crop of strawberries that are now being harvested.

The Springfield Booth-Kelly mill is running a full crew of nine men now and times begin to look good again. Everything seems to be on the move, with no idle men. Everybody has employment.

A [illegible] game between the locals and the Giants from Coburg was played at Springfield last Sunday, the score being 6 to 1 in favor of the home team.

Fred Weston, formerly of Wendling, has started a short order house in the old First Bank building. He is an old hand at the business and should do well.—News.

## L. R. ALDERMAN RETAINED AS HEAD OF SCHOOLS

At a meeting of the Eugene school board last evening City Superintendent of Schools L. R. Alderman and all of the old teachers in the high schools except Miss Dilley, were reelected for another year. Superintendent Alderman's salary was increased from $1400 to $1600 a year and Principal Hug, of the high school, will hereafter r[illegible] $1200, instead of $1000. The following teachers were re-elected.

Miss Emma Chase, Miss Susan Dinsmore, Miss Maud Stinson, Miss Nellie Williams, Miss Cora Wold, Miss Clara Wold, Miss Ella Doble and Paul Bond.

Mrs. Blanche Thurston was elected to fill Miss Dilley's place and Benjamin Huntington, a graduate of the University of Oregon this year, was chosen as an additional teacher in the high school. Miss Margaret Tiffany was chosen as a teacher in the grammar schools to take the place of Mrs. Thurston.

L. R. ALDERMAN

The committee appointed at a previous meeting to investigate the matter of securing more ground for the Geary school as a play ground, reported that the land adjoining the school is held too high.

The annual election of a director will be held on Monday, June 15. The board appointed F. M. Wilkins, B. D. Paine and Frank Reisner as officials of the election. F. W. Osburn is the retiring member of the board. Clerk Reisner asks those who wish to run for the office to hand in their names by Friday, June 12, so he may have the names printed on the ballots.

### DYNAMITE CAN FOUND IN OPERA HOUSE

Glendale, Or., June 3.—A most dastardly attempt at wholesale murder was revealed here today when H. G. Sonnemann, merchant and owner of the opera house, found an infernal machine at his new auditorium.

The infernal machine was placed in the vestibule of the opera house on the night of March 7, when the home talent play, "The Blue and the Gray," was in progress. The play had been well advertised, and the whole town turned out to see it, standing room being at a premium.

When the play was over, Mr. Sonneman, upon opening the door for the crowd to file out, noticed a gunny sack containing a can about the size of a five-gallon oil can, and supposing that it was a can of oil that some one had forgotten, he placed it to one side.

The next morning the can was still there and he put it away until somebody should claim it. Nobody from that day to this has claimed it, and his suspicions being aroused, he opened the can today and found it to contain not oil, but 24 sticks of Hercules dynamite, which had failed to explode on account of a defective splicing of the fuse, six feet from the cap.

About forty feet of the fuse had burned and the interior of the can and part of the contents had been thoroughly blackened. If the charge had been exploded as intended there is little hope that anybody in the little opera house would have escaped death or serious injury.

No clue to the perpetrators of the vicious attempt has so far been discovered, but a subscription list is being passed throughout the district and everybody is subscribing freely to offer a liberal reward for his capture and conviction.

## JUNCTION CITY BEGINS WORK ON SCHOOL BUILDING

Work has already commenced on he new school house and it will be pushed rapidly to completion. The original foundation plans provided for a three-foot basement, but a number of our heavy taxpayers thought it should be at least seven feet, and Mr. Washburne and Mr. Millett each offered to donate $50 toward the extra expense. The matter was taken up by the Commercial Club and a resolution was adopted requesting that the proposed change be [illegible]. The directors, therefore, feeling that such action would be ratified, have instructed the contractors to make the proposed change. This will give ample room for heating fixtures and also capacity for storing wood.

C. W. Washburne has let the contract to H. V. Johnson for the construction of a building 74x100 feet on Front street on the block north of the hotel block. This building will be used for a skating rink and will have a maple floor. A bowling alley will be built on one side of the building and an office will be partitioned off in front. It will be sheeted with surfaced lumber with a square front. It is the intention to have the building ready by the Fourth of July and this will add another attraction for that day. We have not learned who will have charge of this sporting emporium.—Times.

## HOP CROP WILL BE SMALLER THIS SEASON

From the present outlook, according to local hopmen, the hop crop in this county will be but 75 per cent of what it was last season. The falling off is not due to the weather conditions, but rather to the fact that some of the yards are not in good cultivation. The late season makes but little difference to hops, for in a week or ten days the vines can climb to the top of the poles. So far prospects are very favorable, though the season is yet too early to tell much definitely.

ITCHING ECZEMA FIFTY-FIVE YEARS

Suffered Torments from Birth — Boils Formed as Big as Walnuts — In Frightful Condition and Could Hardly Work — Tried All Kinds of Remedies to No Avail — At Last

WHOLLY CURED IN 8 MONTHS BY CUTICURA

"I had an itching, tormenting eczema ever since I came into the world, and I am now a man fifty-five years old. I tried all kinds of medicines I heard of, but found no relief. I was truly in a frightful condition. At last my blood was so bad that I broke out all over with red and white boils, which kept growing until they were as big as walnuts, causing great pain and misery. I thought they would take the skin off my whole body, but I kept from scratching as well as I could. I was so run down that I could hardly do my work. Mr. Nelson R. Burnett recommended the use of Cuticura Remedies, telling me he was confident they would benefit and, in time, cure me. I used the Cuticura Soap, Ointment, Resolvent, and Pills for about eight months, and I can truthfully say I am cured. I cordially recommend Cuticura Remedies to all who are afflicted the same as I was, believing that, if they will use them according to directions, they will find them all they are represented to be. Any one doubting the truth of the above can write to Mr. Burnett, who will cheerfully vouch for my statements.
"Hale Bordwell, R. F. D. 3, Cedar Corners, Tipton, Ia., Aug. 17, 1907."

"I cheerfully endorse the above testimonial. It is the truth. I know Mr. Bordwell and know the condition he was in. He never tires of praising the Cuticura Remedies.
"Nelson R. Burnett, Tipton, Ia."
