

# FATAL EXPLOSION ON THE CRUISER TENNESSEE

San Pedro, Cal., June 6.—One more death was added to the list of those who lost their lives in yesterday's explosion on the cruiser Tennessee, making a total of five. The last one was E. J. Burns, a coal passer, of New York city, who succumbed early today to the injuries received. Early today six of the seriously hurt were brought off the Tennessee and sent to Los Angeles by a special electric car. Those recovered were: Walter S. Burns, coal passer, New York; R. W. Watson, fireman, second class, East St. Louis, Ill.; A. Hayes, water tender, Brooklyn, N. Y.; H. Fitzpatrick, fireman, first class, Norfolk, Va.; F. S. Maxfield, fireman, second class, Toughness, Pa. Maxfield is not expected to survive. Several others probably died from inhaling steam and gas. The bodies of E. J. Burns, New York; E. C. Boggs, Woodland, Ala.; G. W. Meek, Skidmore, Kas.; George Wood, Scranton, Pa.; A. Reinhold, Germany, were brought ashore this afternoon and interred with honors in the Harbor View cemetery, overlooking the bay.

San Pedro, Cal., June 5.—While the Tennessee States armored cruiser Tennessee was steaming nineteen knots an hour on speed trial off Point Huenequa, Cal., at 11:08 this morning, a steam pipe burst in the starboard engine room under a 235-pound pressure, killing four men and injuring four others—all of the men

in the compartment at the time. Two of the injured will die. The explosion, the cause of which is unknown, occurred only a few minutes after Admiral Uriel Sebree, Captain J. B. Howard and Chief Engineer Robertson had left the engine-room on a tour of inspection. Four of the men were killed instantly and two more are expected to die at any moment.

There were fourteen men in the fire room when the plug, which is four inches in diameter and enclosed with water inside the boiler, blew out, driving a torrent of scalding steam, coal dust, cinders and hot ashes out through the ash-pit, and showering the half-naked men. A blast from the steam ventilator told them on deck of the accident. Lieutenant-Commander Robertson, the navigator, instantly sounded a general alarm and dropped 20 lines of hose ready for instant use in case of fire. Within the doomed fire room, No. 3, amidships, on the starboard side, which is one of the inclosed fire compartments, the seamen were fighting for life.

Reinhold and Meek were struck dead at their posts. Boggs and Wood crawled or were dragged into the adjoining fire room, No. 11, and died almost immediately.

The surviving seamen, all of whom received some injuries, acted with the greatest heroism, aiding their unfortunate mates.

# CHAMBERLAIN HAS ENOUGH FOR ELECTION

Portland, June 6.—Thirty-two of the Oregon legislators have announced that they will vote for Governor Chamberlain, the Democratic nominee, and the people's choice for United States senator. Adding to these pledged Republicans the further strength of seven Democratic senators declaring that he will vote for Chamberlain has a total following on joint ballot of 47 votes, or one more than the 46 required for an election. The other five supposedly State No. 1 Republicans—Senators A. A. Bailey, of Clackamas and Multnomah and W. T. Schofield, of Clatsop, and Representatives-elect Fred J. Brady and L. D. Mahone, of Multnomah, and Allen Eaton, of Lane—declined to commit themselves.

In the senate every one of the seven State No. 1 Republican senators-elect has made statements declaring that he will vote for Chamberlain. These senators are: H. R. Albee, Dan. Kellaher, C. W. Nottingham and Ben Selling, of Multnomah; Albert Abraham, of Douglas; N. J. Sinnott, of the Dalles, and W. N. Barrett, of Washington-Yamhill-Tillamook-Lincoln. To these should be added Senators I. H. Bingham, of Lane; T. B. Kay, of Marion, and A. J. Johnson, of Benton, hold-overs, who were elected two years ago as State No. 1 members of the senate. Of the other 12 hold-overs five are unpledged and anti-statewide, five are Democrats and two refused to declare their position. The unpledged Republican hold-overs are: J. N. Smith, of Marion; F. J. Miller, of Linn; Harrison, S. C. Beach, of Multnomah; W. G. Cole, of Umatilla, and J. N. Hart, of Baker. The Democratic hold-overs are: M. A. Miller, of Linn; L. L. Mault, of Jackson; F. H. Caldwell, of Yamhill; J. E. Hedges, of Clackamas, and C. J. Smith, of Umatilla. Senators A. A. Bailey and W. T. Schofield, State No. 1 hold-overs, will not commit themselves on the senatorial question. The two newly-elected Democratic senators are H. D. Norton, of Josephine, and Turner Oliver, of Union-Wallowa.

**Republicans in House.**  
In the house 22 of the 25 Republican State No. 1 representatives have said they will abide by the statement and vote for Chamberlain for senator. They are: O. L. Hatfield, of Marion; George Jones, of Douglas; B. F. Jones, of Polk-Linn; J. U. Campbell, Walter A. Dimick and Linn E. Jones, of Clackamas; James D. Abbott, B. C. Altman, J. C. Bryant, K. C. Couch, W. J. Clemens, L. M. Davis, E. J. Jaeger, Chas. J. McDonald and A. W. Orton, of Multnomah; C. A. Barrett, of Umatilla; S. P. Richardson, of Union; J. E. Rusk, of Union-Wallowa; W. J. Mariner, of Gilliam-Sherman-Wheeler, and H. C. Dadds, of Wasco. Representatives-elect Fred J. Brady and L. D. Mahone, of Multnomah, and Allen Eaton, the latter being re-elected as a State No. 1 man from Lane, refused positively to define their position and are classified as non-committal. The Oregonian was unable to locate A. V. Orton, of Multnomah, and N. J. Sinnott, of Wasco, but both of these men announced in yesterday's Telegram their intention to abide by the Statement No. 1 pledge, and as a result have been listed as Chamberlain supporters.

**BATTLE BETWEEN ROBBERS AND A POSSE OF CITIZENS**  
Pittsburg, June 6.—While attempting to arrest four men early this morning near the Elizabeth county line, Detective Englart shot and killed one of the men and was himself wounded twice. The men are alleged to be implicated in the robbery of the Monongahela Consolidated Coal & Coke Company's store on Thursday morning. The other three men are barricaded in a vacant house and are holding a posse at bay with rifles and revolvers. An automobile with six county detectives has gone to the scene. A desperate battle is expected.

# MANY TRAINS ARE LOST IN MONTANA

Butte, June 6.—With crop losses estimated from two-thirds to total destruction in several rich valleys of the state, with damage to railroads lines estimated at more than \$1,000,000, and while systems cannot scarcely be put on a normal basis under two weeks, with from eight to ten passenger trains stalled in Montana

with little hope of rescue, Montana today is experiencing the worst flood in the history of the Northwest. It is impossible to get trains out of Butte over any route. Great Northern trains are tied up near Basin. Northern Pacific officials frankly confess that they do not know where their express trains are nor can the whereabouts of the Oregon Short Line train be learned this morning.

# ASHLAND WENT FOR APPROPRIATION SEVEN TO ONE

An Ashland graduate of the University, in writing to The Guard on business matters, writes as follows concerning the way in which Ashland and Southern Oregon stood by the University by voting for the appropriation: "I want to take occasion to call your attention for just a moment to a little thing which showed up quite nicely on the University of Oregon ballot Monday. Down here in Southern Oregon we have our own school, of which we are quite proud, and being close to the state line we are almost as near and we hear fully as much about the two big universities of our California neighbors. Nevertheless, there was no more popular measure during the election in our long ago, and we are as much interested as ever that the present student body and the coming ones should have a good representation from Southern Oregon."

# University of Oregon News

Nothing will be definitely decided as to just the exact manner of expenditures of the University appropriation, which carried at the election last Monday, until the board of regents' regular meeting on June 23, which will probably be full of important decisions and plans. The regents have an option on the present football field, known as Kincaid field, for \$1,000.

From previous statements made by the board, which were practically the same as President Campbell's recommendations to the legislature, it seems quite likely that the whole plot of land bordering on the football field, belonging to H. R. Kincaid, will be purchased if it can be secured at a reasonable price.

Last winter it was announced by Mr. Kincaid that he intended to open up the land as an addition to the city if the University did not buy it. It is very valuable.

Another thing that will be provided for is furnishings for the girls' cottage, which will accommodate nearly twenty women.

**Sends Only Four.**  
The University of Oregon will have but little chance to win the big P. N. A. athletic meet in field and track events next Saturday, for of Oregon's championship team only four will go, according to statements made at the University. The probable winner of the meet will be the famous Olympic Club, of San Francisco, which enters a team of stars. The most famous athletes on the Pacific coast will take part in the meet.

The athletic committee of the University has decided not to permit the whole track team to participate on account of the proximity of examinations, which begin on the following Wednesday. Manager Bean will enter only four men, Captain Kuykendall, Huston, Moon and Zacharias, the stars of this year's team. Captain Kuykendall will enter the broad jump, the 120 hurdles and the pole vault. Huston will enter the 100, the 220 and the 220-yard hurdles.

Moon is slated for the 100 and 220 sprints. Zacharias will enter for the hammer throw.

Vancouver and Seattle will come through with entries for full teams for the meet. Two hundred and twenty-four entries are in, nearly a hundred more than were ever made for a track meet in this section before. The committee has been successful in getting every athlete desired, bringing them from California, Idaho, Montana, Washington and British Columbia. Reed, the Portland boy who ran the dashes for Stanford, is at home and will be on the Multnomah Club team.

**Examinations.**  
Final examinations begin on next Wednesday, lasting for a week and a half, when commencement comes. Last night the recital of Katherine Ward Pope, the vocal teacher, was given. Her pupils showed great ability, some of them who have not appeared in public before being surprises. Her recital was a forecast of how good commencement will be this year.

**At Seattle.**  
Oregon's representatives at Seattle last Saturday won three out of four possible victories, one in track, one in oratory and one out of a possible two in tennis. The track team beat Idaho and Washington by the score of 64 points to 35 for Idaho and 23 for Washington. The track was in bad shape and no records were broken.

Jesse Bond, in the oratorical contest, won from Herman Allen, of the University of Washington, by one point, and William K. Gwin, of the University of Idaho. His oration was entitled "The Evolution of Character," and though slightly behind in composition, his masterly delivery won him first place.

Professor Norman Coleman, of Whitman College, and Professor B. Baldwin, of Oregon Agricultural College. The judges on delivery were Judge C. H. Hanford, of the United States circuit court; F. G. Dorcy and Dr. J. H. Powers, of Seattle.

C. Mac Snow won the singles in the tennis tournament handily. The team in the doubles won second place and did not win out only because of lack of practice. This was the first time the University has entered a tournament, and the showing is remarkably good.

**Davis Comes Home.**  
Carl Davis has returned to his home in this city to recover from an illness contracted in Montana. Davis went to Montana with a specialist to study a peculiar fever which was devastating a section of the country, and contracted it himself.

He was formerly a student at the University.  
**Eutaxian Officers.**  
The literary society of the women at the University—the Eutaxians—have elected the following officers: President, Jennie Lilly; vice-president, Greta Bristow; secretary, Helena Hughes; assistant secretary, Loreta Showers; treasurer, Marion Stone; censor, Caroline Dunstan; sergeant-at-arms, Effie McCullum; next editor, Blanche Ferdine.

**BALLOT VICTORY CELEBRATION HELD**  
A parade, songs, yells, bonfires and fireworks, a great bonfire and speeches filled Eugene and the University with joy last night in celebration of the victory of the University of Oregon appropriation bill over the referendum. The girls of the college also took an active part in the celebration by forming a long line from Villard and parading to the grandstand, holding high over their heads Japanese lanterns.

The most beautiful part of the evening's entertainment was on Kincaid field from the time the long string of students fired the Roman candles until before the body of men closed in to listen to the speech-making. From a line 200 yards long three hundred of the candles flared into the heavens. Immediately afterward pinheaven burst from the same line, showering sparks like 200 newly broken electric circuits in the bleachers the band played "America," the girls in the grand stand keeping time to the music by waving their glowing lanterns. As the bonfire burst a hundred feet into the air the whole sawdust field seemed more wondrous to the onlookers, but as the whole body of people, perhaps 2000, with hats off, sang the wonderful patriotic song the fact was stirred so many millions, a still deeper feeling of thanks and reverence pervaded the whole gathering.

Before the rosters and onlookers gathered on Kincaid field, the "varsity" boys marched to the business part of the city, and headed by the faculty, some of the regents, and President Campbell, paraded to the football field.

President Campbell was the first speaker, and delivered the main address of the evening, full of thought for the future and thanks for the past. Other speakers were Regent S. H. Friendly, Representative Allen Eaton, Professor I. M. Glen and Mayor J. D. Matlock.

While the University victory was prophesied and expected, the relief and joy of the faculty and students is very great, for nearly every individual at the college was depending for future plans to a more or less extent upon the appropriation passing. The fight for the University has lasted from the opening of the legislature last year until last Monday—approximately a year and a half of ceaseless effort and expenditure by faculty, students, alumni and supporters.

Word was received from Seattle last night that J. W. White, of this city, was still very low.
