

MAX ZIMMERMAN TELLS OF MARKET DAY

WILL PULL IT OFF, DESPITE OPPOSITION TO HIS PLANS—FARMERS ARE WITH HIM.

To Whom It May Concern:—

During my absence for a few days, I notice a few enquiries through the press regarding the Market Day Celebration, which I am organizing in Eugene for Saturday, June 20. Now, I am surprised at any merchant at this age who is so narrow-minded and for a few paltry dollars which is liable to bring back thousands of dollars, to turn down one of the best business propositions that ever came this way—a proposition to benefit himself, his neighbors, the town and the farmers. Yet nothing surprises me now that takes place in Eugene. I happened to be here on election day, and don't you know that there were people right here who voted against the University appropriation. Think of it! Now, regarding Market Day, one merchant who tried his utmost to turn it down used for his excuse that the merchants should get it up themselves, and he would not subscribe. Now, that's exactly what I ask the merchants to do—get it up themselves and boost it for all it's worth. I am merely here to show them how to get up a Market Day. Then, again, another merchant's excuse for not helping or subscribing was that the commercial club should get it up. Who is there on the commercial club that knows how to get up a Market Day? What merchant in town is going to be patriotic enough to leave his business and work, and advance money to get it up, even if he knew how? That patriotic feeling is not displayed here. However, the subscription list, which I have, I am pleased to state, has been signed by several real estate men. That shows a boost spirit, as they have nothing to sell on Market Day. But when I bring crowds to town every merchant, every hotel, every store, every eating house, every one of them, will be benefited and they should contribute towards the expense and help boost this deal along. My list is open for anybody's inspection. When it comes to anyone insinuating graft, Mr. Colgate and myself are the greatest contributors to the fund. We have but \$250 subscribed at the present time and it will cost at least \$300 to get this up without any premiums and prizes. I went into one jewelry store and asked the proprietor if he would not contribute a cheap wedding ring for the couple who are to wed. Gosh, but the fellow looked wise, when he said, "I guess not!" But I shall buy them a fine ring, and I assure you it will be out of a booster jewelry store. I see by the papers the brewers are going to boycott the farmers who live in a prohibition district by not buying their barley and hops. Don't you see how monthly Market Days will be of advantage to the farmer? He need not look for any one man to buy his stock and produce, but a well organized

Market Day will attract buyers from all over once a month, and create competition, and the farmer is insured the highest market price. Now, it is a fact in La Grande, Pendleton and Baker City, where I was instrumental in installing market days, the Swift and Armour people opened bank accounts for the purchase of live stock from the farmers. Don't that bring money to your town? Think this over, get on your boosting, stop knocking, as the farmers are with me in this deal, and they are going to peg out the knockers. "No use doing nothing for no one, who won't do nothing for you."—Sis Hopkins.

Well, we will have the biggest crowd of market day boosters and their entire families ever seen in Eugene at any one time or the State of Oregon. Mark my words, the farmers are coming from all over. I am asked where do I get my pay. Keep your eye on the Colgate-Zimmerman Commission Co. after you get a regular monthly market day established. Yours truly, MAX ZIMMERMAN.

EASTERN PRUNE DEMAND IS LIGHT

Salem, Or., June 13.—Salem prune packers have thus far had no inquiry from the East for prices on the 1908 crop and they are making no offers. Neither are the packers trying to make contracts with the growers. Both H. S. Gile & Co. and Tillson & Co. take the view that it is worse than useless to quote prices when there is no demand. Eastern buyers are not interested and if we should quote prices now we would have difficulty in raising them later, while the jobbers would expect us to lower them," said H. S. Gile today. "The crop in the Northwest is short, amounting to about one-third, or at the outside one-half of last year's crop. The situation is, therefore, favorable so far as prices are concerned. Of course, so long as we are not selling we cannot buy, and there is no contracting with growers yet." At this time last year over half the prune crop of the Northwest had been sold on contracts made by the growers with packers. Growers this year are content to wait, for their crops the small, anyway, and they do not fear declining values after the market opens. The only condition that appears unfavorable to prune prices is the large crop of other fruits in California that are dried and sold in competition with prunes.

HUSTON BEST SPRINTER ON THE PACIFIC COAST

In speaking of the recent P. N. A. games in Portland upon the return of the Olympic track team, the San Francisco Chronicle said: "Huston, of Oregon, showed great speed and the Olympic men declare he is the best 100-yard man on the coast. He ran the 100 in 19 1-5 seconds in a track which, being new, was badly cut up before the final 100 yards. In the 220-yard dash Gerbeart won handsily, beating Martin, of Spokane, the runner who is credited with covering the distance in 21 1-5 seconds, a time equal to the world's record, held by B. J. Wefers. As Gerbeart's time on Saturday was 22 2-5 seconds, it is probable that the watches at Spokane were not held just right."

JONATHAN BOURNE GIVES UP FIGHT

Chicago, June 13.—Finally abandoning all hope of Roosevelt's nomination, Senator Jonathan Bourne will sail for Europe Wednesday. He did not even come to Chicago. Jonathan Bourne, Oregon's junior senator, has thrown up the sponge, abandoning his second elective term prologanda, forsaken Roosevelt, and on Wednesday will sail for Europe to forget his chagrin in the wonders of the old world. The Chicago convention holds no hope for him, and he is off to recuperate. Word has been received in Portland from Portland people no win the East, telling the story of the senator's loss of hope and his prospective departure for Europe. So absolutely has any hope of success for the second elective term idea deserted Senator Bourne that he did not journey to Chicago, nor will he before he sets sail on Wednesday.

Harrisburg, June 13.—A son of J. Star, residing on the west side of the Willamette, near the city, in a mixup with a bunch grass horse yesterday, was thrown from his buggy. The horse, in its wild flight, came to the river at the ferry landing, plunged into the water and drowned before any one could reach him. SOLDIERS MUST ASK FOR MEDALS

A great many inquiries have been made by senators and representatives by soldiers who served in the Philippines, as to the cause of delay in delivering the bronze medals which were authorized by act of June 16, 1906. Investigation at the war department discloses the fact that these medals are ready for distribution, but are sent out only upon the application of the soldier. They are distributed by the Quarter-master General United States Army, and applications addressed to him at Washington will be promptly honored. The act authorizing the issuance of these medals provided for striking off such medals of bronze, bearing suitable device, "to each of the several officers and enlisted men, and families of such as may be deceased, who, having volunteered and enlisted under the call of the president for the war with Spain, served beyond the term of their enlistment to help suppress the Philippine insurrection, and who subsequently received an honorable discharge from the United States army, or who died prior to such discharge. Those regiments from Oregon, Washington and other western states which served in the Philippines after the close of the Spanish war are entitled to these medals, and application from individual soldiers, with a statement of service coming within the scope of the law, will bring forth medals from the Quarter-master-General's office.
