

STATE ELECTION ON PROHIBITION TWO YEARS HENCE

With the vote of four small counties not reported, 25 of the 29 counties of the state in which an election was held this year give a majority of 4,017 for prohibition, 36,665 against prohibition, 31,748. The four counties not included in the foregoing figures are Curry, Klamath, Lake, and Malheur.

With Klamath and Malheur yet to report, 11 of the 13 wet counties that were annexed to the dry territory in the recent election gave a majority of 2,543 for prohibition, the vote being: For prohibition, 14,631; against, 11,088. These eleven counties were: Crook, Douglas, Gilliam, Grant, Jackson, Josephine, Morrow, Polk, Umatilla, Union and Wheeler.

Lincoln Votes Back Saloons Including Lincoln, the only dry county to vote the saloons back in business by a margin of three votes, eight of the nine counties that voted gave a majority of 1,711 against prohibition, the total vote being: For prohibition, 12,207; against, 13,918. Of the list of counties Lake is the only one from which the vote has not been reported.

Six of the seven dry counties that voted to continue prohibition gave the cold water treatment a majority of 2,485. The anti-saloon program was approved by 9,227 voters, while 6,742 expressed a desire to restore the dramshops. This majority will be further increased by the vote in Curry county, which is reported to have given the temperance forces a good margin.

HARRY S. NEW.

Plan for State Campaign Encouraged by their success in carrying the Republican National Convention to Oregon, the twenty-two counties in which county prohibition elections were held, besides numerous precincts in the nine counties that voted wet, the prohibition forces expect two years hence to call an election on state prohibition. Already plans are being formulated for carrying on an aggressive campaign.

WEBER-BUSSEL CANNERY WILL BE ERECTED

C. B. Bussett, president, W. Lair Hill, vice president and general attorney, and J. H. Moran, general superintendent of the Weber-Bussell Canning Company, a big fruit concern with headquarters at Seattle, are in the city negotiating for a site for the company's proposed cannery here.

The company has just completed a cannery at Newberg and one at Free-water, Oregon, and has plants at North Yakima, Sumner and Puyallup, Wash. The one at North Yakima is as large as any on the coast. The one just completed at Newberg has a capacity of between 50,000 and 80,000 cases.

Mr. Bussett stated that the cannery will have a capacity of 30,000 or 40,000 cases of fruit each season, and will employ a large number of persons.

Shaw Blasts Dooliver's Hopes Washington, June 15.—It is stated at the White House today that administration prefers either Dooliver or Cummins for the nomination for the vice presidency.

Chicago, June 15.—There is an appreciable falling off in the talk of Senator Dooliver for the vice presidential nomination. Secretary of the Treasury Shaw sought out Senator Lodge today and made a vigorous remonstrance against further efforts in Dooliver's behalf.

Senator Long is believed to be weakening in his advocacy of the Iowa senator, and it is believed that Dooliver himself will settle the question by declining if the nomination is tendered to him.

The situation in regard to the vice presidency is remarkable in its aspects of complete uncertainty and lack of definite information or decision serving to encourage the managers of the various candidates.

SALEM CONTRACTOR'S BID WAS REJECTED

Washington, D. C., June 15.—The Treasury Department has rejected the bid recently received from a Salem contractor for the construction of the federal building at Eugene, as it exceeded the amount on hand for that purpose.

The Department has advertised for bids for plots of grounds on which to erect the government buildings at Albany, La Grande and Pendleton, Albany.

JULIUS C. BURROWS.

Michigan senator who has been selected to make the keynote speech in the Republican national convention.

Authorized at the recent session of Congress. The bids will be opened on July 16th, and if satisfactory sites are procured, bids for the construction of the building will then be called for.

NEW FEDERAL OFFICERS FOR IDAHO

Washington, June 15.—The president today appointed C. H. Lingefelter United States attorney and Shaddock L. Hodgkin marshal for the district of Idaho in place of Norman M. Ruick and Ruel Founds, removed.

SIXTY-FIVE HUNDRED MEN FOR ENCAMPMENT

Seattle, Wash., June 15.—The largest number of soldiers ever assembled in this part of the country will participate in the maneuvers at American Lake in August. There will be 6500 troops, 3000 of whom will be regulars and 3500 militiamen, and they will come from Washington, Oregon, Idaho, Montana and a few from the Presidio in California.

ANNUAL REPORT OF DIRECTORS OF EUGENE SCHOOLS

(From Monday's Daily Guard.)

The annual meeting of the directors and voters of the Eugene school district is being held this afternoon and the voters are balloting for director, Attorney S. D. Allen being the only candidate for election to fill the place made by the expiration of the term of F. W. Osburn.

Eugene, Oregon, June 15, 1908. To the Taxpayers and Patrons of School District No. 4, Lane County, Oregon:

Financial table with columns: Rec. from special taxes, Rec. from money borrowed, Rec. from tuition, Rec. from miscellaneous sources, Rec. from state apportionment, Rec. from county apportionment, Total.

Disbursed: Ing. Ing. Paid for real estate, Paid for interest on bonds, Paid for furniture, Paid for insurance, Paid for clerk's salary, Paid for incidentals, Paid for tuition returned, Paid for wood, Paid for teachers' salaries, Paid for repairs, Paid for money borrowed, Paid for interest on same, Paid for janitor's salaries, Balance on hand at this time.

The assessed valuation of the property of the district in 1907 was \$3,728,685. The bonded indebtedness at the present time is \$55,400.

In the item of repairs included an enlargement of the heating plant at the Patterson building, an entirely new plant at the Geary school building and a new floor in the same throughout; also the sum of \$808.22 for paving on the east side of the grounds on Willamette street.

In February, 1907, the enumerator returned 1917 children of school age, and in 1908, 2175, an increase of 258. We have had a total registration this year of 1835 pupils, as against 1445 last year, an increase of 390.

During the year three grade teachers and two high school teachers were added to the teaching force, making in all 43 as against 38 the previous year. In the school year 1906-1907 the teachers' monthly payroll was \$2086.72, and for the year 1907-8, \$2585.16.

When completed the capacity of the assembly room will be almost doubled, and five more class-rooms added. It is barely possible to get along another year without the erection of another grade building.

In the recent selection of teachers an average increase in salaries was made of \$5 per month. This does not apply to the superintendent, the principals, the teachers of music and art nor special teachers.

During the year domestic science was introduced for the girls and military drill for the boys, which we consider valuable adjuncts to the schools.

For a comprehensive report of the workings of the schools we would refer you to the report of Superintendent

PLATT WILL NOT ATTEND CHICAGO CONVENTION

When the Republican National Convention meets at Chicago, there will be missing one of the old "war horses" of the party, one of the men who has been a figure in National Conventions for many years.

United States Senator Thomas C. Platt will not go to Chicago. Instead he will remain in his lonely apartments in 110th street, New York, and there will hear of the first important Republican meeting from which he has been absent for years.

Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a Home of Swamp-Root pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers cured.
