THAW CASE BADLY MIXED IN COURTS.

White Plains, June 29.—Judge Mills today adjourned the Thaw case until two weeks from today when the counsel will submit affidavits and arguments on the question of a trial by jury. Thaw was remanded to Poughkeepsie jail for the convenience of his counsel, Mr. Morschauer, who lives in Poughkeepsie. Justice Mills this afternoon said: "I believe it is only a matter of time when this man ought to have a jury trial. I am not prepared to say whether it be now or later." Application Denied. New York June 29.—Justice Dowling today denied the application of Harry Thaw to be removed from Matteawan asylum. His decision says: "If after sufficient observance it is found proper to remove him to some other institution, the state authorities can so act." Justice Dowling's decision further states that Thaw is a dangerously insane person. The decision is not operative for the present as Thaw is in custody under orders.

ELMIRA ITEMS.

Elmira, June 30.—Elmira expects to celebrate the Fourth in grand style. Everybody come and have a good time. Mrs. Barbara Yates and daughter Ruby are home for a few days. They have been in Eastern Oregon for several months. John Johnson and wife from Waco are visiting their nephew, Fred Yates. Mr. Davidson and wife of Stanberry, Missouri, are visiting their brother, J. H. Brown. Mr. Peterson's home caught fire Saturday morning and was considerably damaged, but the bucker bricked the roof on the kitchen being partly burned off. There is going to be a bumper crop of both hay and grain, and gardens are looking fine. Most all the farmers went to Eugene to take in the market day program last Saturday. Invitations have been received to the wedding of William Jeans and Miss Myrtle Lindley of Portland. Both young people are well known around here. Ida Fountain has been quite sick for a few days. Miss Florence Quinn closed a very successful term at school at the Fir Grove school house on last Wednesday. We hope she will come back and teach again. Haakon Langoe, editor of the Pacific Skandinavian, accompanied by his wife, returned to Portland today. To a reporter at the train he stated that a splendid start for a lodge of the Sons of Norway was made at the meeting Sunday. There are now twenty members of the roll, with prospects of many more. Mr. Langoe goes to the grand lodge at Tacoma next week at which time he will present the application of the Eugene lodge for a charter. A deputy will then be sent here to complete the organization. He will probably be the appointee. L. M. Travis of this city, who is a delegate to the Democratic National convention at Denver, this morning received from the Nebraska delegation one beautiful badge with the request that he wear it at the convention. On a button, bearing Bryan's picture, is also a picture of several ears of corn and the inscription, "Two essentials necessary to prosperity."

Dr. Lowe, the optician, will be in his office on July 4 till noon.

BUSY SCENE AT THE ALLEN CANNING PLANT TODAY

The Allen CANNERY started to work on cherries, strawberries and raspberries this morning with a good-sized force, although later on in the week, or perhaps not until next week a larger force will be put on and as many as were employed during the busiest part of last season will be working in very large quantities. The strawberries are not very plentiful for the reason that it is near the end of the season for them. This work is being done for the Lane County Fruit and Vegetable Growers' Association, as stated by The Guard yesterday. After they have completed their pack the cannery company will continue for themselves.

Wool Sales at Orono.

The regular wool sale at Orono did not come off as scheduled, but as a number of buyers were present, several of the growers were well satisfied with the results. It is said the better prices were realized than by the growers who hauled their wool to Heppner and were the following: B. C. L. S. & Co., 100,000 pounds at 14 cents; W. J. Russell, 18,000 pounds, at 13 1/2 cents; Niven Brothers 14 cents; Hoover & Kelsey, 13 1/2 cents. Others who sold at prices ranging from 12 to 14 cents were Alex. Hardie, W. H. Hoover and William Bestie. Boston Wool Market. Boston, June 30.—The wool market, after many months of dullness, at last showed market activity. The principal demand is for washed wools, which are higher. Quotations: California Northern choice, 17 @ 18c; Northern average, 16 @ 17; Middle county, 15 @ 14; Southern, 11 @

WEEKLY REPORT OF EUGENE MARKET

12c; Fall Northern, 11 @ 12c; Fall Southern, 9 @ 10c. Oregon Eastern No. 1 staple, 11 @ 12c; Eastern No. 1 clothing, 11 @ 12c; Eastern average main crop of 10c; Eastern average, 14 @ 15c; Valley No. 1, 17 @ 18c. Portland Livestock. Portland Union Stockyard. With very scant arrivals, the live livestock market showed no improved tone. This is especially true as regards hogs, for the animals in that line were only 40 head for the day and the price has been steadily predicted in the market. Hogs are going as high as \$6.25 today. There is a small demand for feeders which are today quoted in the yards at \$4.50 and \$5.00. While the cattle market has a better tone and all arrivals are picked up at the price quoted, values are showing no disposition to make an early change, although it is quite freely predicted in livestock circles that the market should show an early advance of 25c. While the demand is not slow for cows, the top price is down 25c for the best stuff and it takes a prime fat article to bring 12 today. Medium cows are now selling at \$2.50 @ 2.75. Sheep market is advanced 25c for best wethers, the price rising as high as \$4.00 today. Lambs are unchanged at \$4.50 @ 4.75, although the tone is good. Mixed lots are selling up 25c from the low point. A year ago today all lines were easy at unchanged values. Official yard prices today: Hogs—Best stuff, \$6.25 @ 6.41; China fats, \$5.75 @ 6.00; starkers and feeders, \$4.50 @ 5.00. Cattle—Best eastern Oregon steers, \$1; medium steers \$1.00 @ \$3.75; prime fat cows, \$3; medium cows \$2.50 @ 2.75; bulls and stags, \$2.00 @ 2.50. Sheep—Best wethers \$3.75 @ 4.00; spring lambs \$4.50 @ 4.75; mixed lots, \$3.25 @ 3.00. Portland Quotations. Creamery butter—24c. Eggs—18c. Chickens—11 @ 11 1/2c. Wheat—Valley, 85c; Club 85c. Barley—Per ton, feed, \$24.50. Oats—\$26 @ 26.50. Hay—Timothy, \$15; cheat, \$15. Ordinary—\$12. Grain hay—\$15 @ \$16. Mohair—Choice, 17c @ 18. Wool—Valley, 11c. Hops—Prime, 5 @ 6 1/2c. PORTLAND MARKET REPORT

Portland, Or., July 1.—A party of hop dealers, consisting of Ross Wood, of the Harry L. Hart Company of Portland; James W. Linn and Kola Nola, of Salem, and Julius Wolf, of Silverton, have returned from a three days' automobile tour in the principal hop-growing sections of the state. The trip was made for the purpose of inspecting the condition of the yards and to set at rest the uncertainty that has prevailed as to the probable crop return. This is the first time the hop belt has been jointly inspected in so thorough a manner, and being representative and conservative men their opinion on the subject carries much weight. According to the dealers the crop of the state, as a whole, is in excellent condition, but will probably fall considerably under the yields of the last two years. The shortage is the effect partly of the reduction in acreage, but principally the neglected or indifferently cultivated condition of many of the yards. Growers who gave their property the usual good attention will have big yields per acre. Had the entire acreage been properly cultivated a bumper crop would have been the result. As it is, the yield, according to the hop men in the party, will probably be somewhere between 150,000 and 170,000 bales. Last year Oregon raised nearly 140,000 bales and two years ago 160,000 bales.

Brief Notes of Trade.

While trade in eggs is better, prices are unimproved because buyers refuse to pay more. Chicken market is about 25c lower with larger supplies of California reds. Peach market is better as regards demand but prices are generally ruling between 75c and 90c. Takes some select to go above that. Loganberries are mixed as to price with some dealers offering best quality as low as \$1. String beans are lower with larger supplies from the upper Columbia. California green corn is disappointing and prices are severely cut. Cherry market shows no demand except for something select. Wool Sales at Orono. The regular wool sale at Orono did not come off as scheduled, but as a number of buyers were present, several of the growers were well satisfied with the results. It is said the better prices were realized than by the growers who hauled their wool to Heppner and were the following: B. C. L. S. & Co., 100,000 pounds at 14 cents; W. J. HARRIMAN WILL RESUME WORK ON EXTENSIONS

Omaha, June 30.—Official announcement was made by Vice-President Muhler today, that extension work on the Harriman lines will begin July 1, where it was stopped several months ago because of financial unrest which threatened the country. Work will begin on the Athol Hill cutoff in Colorado, and extension of the branch line up the North Platte River from North Platte to Northport. Large gangs of men have been

sent to both places and will begin work at once.

Work on the Athol-Horte cutoff was 80 per cent completed when work was stopped, but the North Platte extension was only fairly started. Work on both will be completed within a few months.

DRAIN NORMAL ABANDONED BY REGENTS BOARD

After a hot fight at the meeting of the board of normal school regents yesterday, it was decided that the board in its report to the legislature next winter would recommend that the normal school at Drain be abandoned and that appropriations be made only for the schools at Monmouth, Weston and Ashland, says the Salem Statesman. This decision was reached only after the hardest kind of a battle. The vote was five to four on the proposition. The four men who opposed the reduction to three schools were in favor of a reduction to two. These men were Governor Chamberlain, W. B. Ayer, H. J. Maier and E. C. Spence. Mr. Ayer insisting that he will present a minority report to the legislature. Superintendent of Public Instruction Aekerman led the fight for the reduction to three schools. He was supported by E. E. Bray and Stephen Jewell, Secretary of State Benson and Col. E. Hofer also voted for the three-school proposition, after the motion to maintain four schools, which they advocated, had been lost. President Reesler of Monmouth and French of Weston were re-elected. For Ashland, Henry M. Shafer was elected president. He was formerly president of the Washington State Normal. C. I. Starr was elected secretary and E. C. Spence a member of the board for a period of six years. The following were named on the

faculties of the various normals: Monmouth: A. F. Campbell, A. B. Buckham, T. C. Powell, L. A. Roberts, Mrs. E. M. Pennell, May Babbitt, H. Z. Thrapp, Sarah Tutbill. Weston: Miss Clara G. Hill, Miss Anna J. Crayne, Paul H. Wyman, Miss Clara G. French, Wm. P. Mitchell, Miss Agnes Bullfinch, Mrs. Worden, H. K. Shirkland, Miss Carrie Lyddie. Ashland: Wm. Mellinger, Miss Armilda Dougherty, H. H. Wardrip, A. K. Jay, Mrs. Emma B. Wickersham, and Mrs. Catherine Gloan.
