FREE RIDES ON THE SOUTHERN PACIFIC

During the last few months the Southern Pacific has permitted tramps to travel without molestation on their trains. While no general order has been given by the management, the sign of free rides has been passed along by trainmen, until many who are able to take a chair car, prefer the cheaper route. It is estimated that the tramp traffic through Eugene, averages twenty-five a day or six or seven hundred a month.

The "underneath" route is the most dangerous in the world to the knowledge of the railroad business. More men are killed beating their way than in all other kinds of railroad accidents. During the year of 1906 nearly 2500 tramps were killed, though no means was at hand to learn all accidents. Slightly over 2500 tramps were maimed for life, though there undoubtedly were innumerable accidents that were not reported.

CLEVELAND'S OLD COMPANION HEARTBROKEN.

Princeton, N. J., June 26.—Cleveland Bacon, on behalf of the family today denied a report that the estate of former President Cleveland had been so depleted that Mrs. Cleveland and the children would be impoverished.

"There will be sufficient to amply provide for the support of the family," declared Bacon.

It is not believed, however, that the estate is at all extensive.

The income which Mr. Cleveland received as trustee of the Equitable Life Assurance society is said to have provided the main source of revenue for living expenses during the last year.

Those who were acquainted with the former president's affairs, say that his investments were of such a character as to insure a satisfactory income for Mrs. Cleveland and the children and they will never be in need.

Tony Leggett of Trenton, who, for many years was the hunting companion of Cleveland, called at the residence today and was permitted to see the body. The old hunter looked pale and weak as he entered the house and when he saw the features of his patron the tears ran down his cheeks and he wept like a child.

The sight was so pathetic that the watchers turned away and after a few minutes beside the coffin Leggett was led away. He was unable to leave the house for an hour afterward.

A SIMPLE QUESTION.

Eugene People are Requested To Honestly Answer This.

Is not the word of a representative citizen of Eugene more convincing than the doubtful utterances of people living elsewhere in the Union? Read this:

Charles Beadle of 333 West Eighth St., Eugene, Ore., says: "I am fully as ready to recommend Doan's Kidney Pills today as I was in 1906 just after using the remedy. As I said in my testimony at that time I had suffered from kidney complaint nearly always since the war. I never knew when to expect an attack. A cold would bring it on or any over-exertion. On several occasions I was helpless. The last severe attack I had was about six months ago when something like lumbago set in and brought on a heavy bearing down pain as if there was a weight over each kidney. I was bent over and could not straighten up to save me. There was such a weakness in the action of the kidneys that I could not control the secretions, and it caused me much annoyance. Having used several remedies, with little, if any benefit, I finally began taking Doan's Kidney Pills. The action of the kidneys and bladder was soon corrected and then the pains and aches disappeared. I was benefitted in every way and what I told in my former testimony about the relief I obtained is true in every respect. Three years have now elapsed since I testified in favor of Doan's Kidney Pills and I have been continually free from kidney complaint. I consider them a wonderful remedy and have recommended Doan's Kidney Pills again and again."
