EUGENE HOLDS ITS FIRST BIG MARKET DAY

(From Saturday's Guard.)

Eugene's first market day has been a success and has reflected credit upon the promoters and the business men who have contributed funds to make it the success it has been.

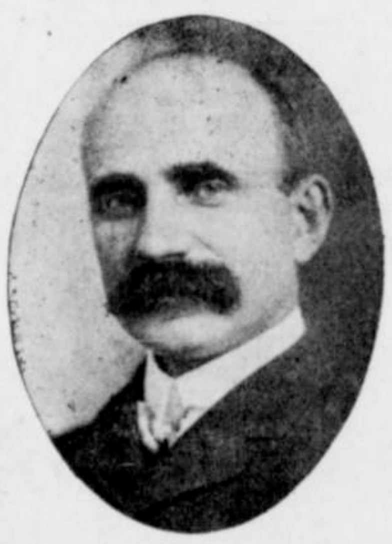
The day dawned bright and clear and it was easily seen that the weather man had been kind to us. A week ago today, the date which was first advertised for market day, was just the opposite—rain fell in torrents all forenoon and it became necessary to postpone it a week. And it is well that the postponement was made. The day has been better advertised and a much larger crowd is in town than would have been last Saturday even if the weather had been good. Several thousand people from the country are here—a regular Fourth of July crowd.

The exercises of the day began with a band concert on the streets by the Eugene military band between 11 and 12 o'clock. At one-thirty this afternoon the big parade was formed at the corner of Fifth and Willamette streets and the line of march extended the length of the business portion of Willamette street and other business thoroughfares. The parade was headed by Mayor Matlock and Mr. Colgate, one of the promoters of the occasion, in a carriage. Then came little Ione Hudson on a beautiful horse, followed by the band. Behind the band were the two couples to be married on the platform in the east park. Then came a large number of citizens in stylish turnouts and they were followed by a long string of blooded horses and cattle.

The Double Wedding.

By the time the parade reached the east park several thousand people had congregated around the platform to see the double wedding that had been announced. After a selection by the band Mayor Matlock delivered a stirring address, followed by Judge Wintermeier, who facetiously passed a few remarks in his own inimitable way. Max Zimmerman, the chief promoter of the day, then announced the wedding.

The first couple married was Edward F. C. Duin and Miss Ella Love, both of this city. Justice of the Peace Bryson pronounced the solemn words that made them one and when the ceremony was completed the



PROF. R. F. ROBINSON,
Retiring president of Western Division of Oregon State Teachers' Association.

crowd sent up a cheer of admiration. The bride is a beautiful girl, recently from California, and the groom is a splendid appearing young man, who resides in this city.

Albert J. Friday of Forest Grove and Miss Ellen N. Beamis of this county, but recently from Lake county, is the other couple that was made happy, and Judge Bryson officiated at this wedding also. The ceremony in this instance was just as solemn and just as impressive as in the first. Mr. Friday and his blushing bride are popular among their associates in their respective communities and come from among the best families of the state.

RUMOR THAT WELCH GETS HIRSCHBERG ALBANY HOLDINGS.

A. Welch of the Willamette Valley Company and H. Hirschberg of Independence are in the city today and had a private conference. It is rumored that Welch has acquired Hirschberg's interests in the First street car line and that construction work will commence at once. The report is apparently on good authority, and the conference between Welch and Hirschberg today lends additional force to the rumor. The acquiring of the Hirschberg holdings here by Welch interests will of course mean the calling off of any injunction proceedings which may have been contemplated by the Hirschberg company against A. Welch and will mean that Mr. Welch will have no opposition from now on in going ahead with the work. The delay in beginning construction on the Welch electric line in this city is said to have been due to the desire of the Welch interests to dispose of all probable impediments which might have been laid in the way had work been commenced with Hirschberg in control of the First street franchise.—Albany Herald.

TAMMANY WILL OPPOSE BRYAN AT DENVER

New York, June 25.—Trouble is ahead for William Jennings Bryan, according to information given out today at Tammany Hall. The ranks of the big organizations are being marshaled against the Nebraskan and a big delegation of delegates and rooters will go to Denver in two special trains to fight against the

CHARLES F. MURPHY.

nomination of Bryan.

It is understood that Tammany will hold out for a conservative platform and fight Bryan's plans on the ground that they are too radical and not of a character to attract the vote of the Nation following the Roosevelt administration.

Leader Charles F. Murphy, it is said, believes that the Democrats will have a better chance to win this year if they come out on a "safe and sane" platform that will gain the support of financial interests and promise industrial prosperity.

It is claimed at Tammany hall that Bryan has not pledged the votes that have been claimed for him. It was not so announced, but it is supposed the Tammany delegation will favor the nomination of Governor Johnson of Minnesota.

William J. Conners of Buffalo, the state chairman, who will be at the head of the up-state delegations, also is opposed to Bryan and says there are half a dozen candidiates who could make a better fight if nominated.

HARRY THAW SECURES ANOTHER CHANCE IN COURT

Poughkeepsie, June 27.—Thaw has obtained a new writ of habeas corpus, returnable before Supreme Judge Mills of White Plains, New York. The writ was obtained in anticipation of Judge Morschauser signing an order today recommitting Thaw to the Matteawan asylum.

Later—District Attorney Mack presented to the judge the formal recommittment to Matteawan which Judge Morschauser promtly signed. Under the new writ, issued earlier in the day by Judge Mills, Thaw must appear in court Monday morning. Charles Morschauser of Poughkeepsie, now that his brother Justice Morschauser, has finally disposed of the case, has been retained by Thaw to conduct the new proceedings.

AUTOS USE ELEVENTH STREET AS SPEEDWAY

During the last ten days, automobiles, mostly out of town machines, having been using East Eleventh street as a speedway. In one or two cases experienced drivers, who have been riding stating that they were going nearly forty miles an hour. There is a city ordinance limiting the speed of autos to six miles an hour on the streets, but we venture the assertion that there is not a single driver that observes it. While a six-mile limit is too low, there should be some restrictions placed on those who are inclined to go as fast as twenty miles an hour and faster.

BOOTH'S TRIAL PROMISES TO BE EXTREMELY LONG

Portland, Or., June 26.—Since the opening statements to the jury, no reference has been made to the $800 check which Frederick A. Kribs, timber speculator, gave James Henry Booth, ex-receiver of the Roseburg land office, and for the acceptance of which Booth was indicted and is now on trial. The check appears to have been lost sight of and buried under a mass of dry and uninteresting evidence, testimony and government hibits, all of a technical character. Not until Kribs himself is placed on the witness stand for the prosecution is there a prospect that the check will come to the surface, and at the present rate of progress there is little hope that Kribs will tell his story in the immediate future. Already a week has been consumed without finishing even the first witness. A jury has been secured, the opening statements made and one witness put on the stand. That is the sum total of results up-to-date. There is no reason to believe that other and more important witnesses will be disposed of more rapidly than J. T. Bridges who is still on the stand. Already the government exhibits have reached "Q" and will run to "Z" and then come, eventually. The government is long on documentary evidence and has introduced the records of the Roseburg Lane Office, for many years together with various copies of papers, rules of conduct, statutes and court decisions.

With this accumulation of material the minds of the jurymen have yet failed to see any evidence of the $800 check but it will come later.

At noon today a telegram was received by T. G. Becker from W. J. Burns, stating positively that the ex detective would come to Portland to testify.

IMPORTANT CONFERENCE AT SAGIMORE HILL.

Oyster Bay, June 27.—Secretary Taft and Luke E. Wright, his successor, arrived here today, earlier than expected, and comparatively few people were at the depot. The visitors were conducted to Sagamore Hill in an automobile, and the secretary will leave Oyster Bay this afternoon.

The conference between the present retiring and incoming secretary of war, will cover a wide range of

LUKE E. WRIGHT.

topics in the department, including the Panama situation, the Philippines and Cuba.

Taft laughingly remarked that politics might be referred to incidentally but said frankly there would be no determination of the chairmanship of the National Committee reached today. Probably it would go over until July 8.

The President had a number of other guests today.

Miss Sarah I. Miller of Oracle, who has been teaching in Douglas county for the past four years, is attending the state teachers' association at Eugene....Tom Kay has returned from Eugene, where he attended the commencement exercises at the University....Editor Jones of the Teachers' Monthly and Superintendent Moores of the Blind School have gone to Eugene to meet with the educators.—Salem Statesman.

Oakland Owl: Alva Wise has sold the Oakland livery stable to D. B. McDonald, a well known horseman of Polk county. While many friends regret the departure of Mr. Wise to Cottage Grove it is consoling to know that he has disposed of his business here to a worthy successor.

Friends of J. P. Campbell, a former sheriff of Ada county and at one time warden of the penitentiary, have received word that he has resigned his position of deputy United States marshal of Alaska which he has held for the last seven years and will make his home at Eugene, Or.—Boise (Idaho) Statesman.

Earl Abbott, a recent graduate of the University, has been appointed forest guard in the Fremont national forest.

Peter G. McGhe was today appointed guardian of Bessie L. Holce, a minor, who owns real property to the value of $250.

Mrs. Stephanie Schuecker left Eugene this morning for her home in Albany.

Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's **Swamp-Root**, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.
