BARNETT GETS TEN LONG YEARS AT SAN QUENTIN
'San Francisco, July 1.—Walter J. Barnett, formerly vice-president and general counsel of the Western Pacific railroad and vice-president and general counsel of the California Safe Deposit Company, which failed in this city last November for about nine million dollars, was today sentenced to San Quentin penitentiary for ten years by Superior Judge Conley.
Barnett was convicted of having hypothecated bonds and securities to the amount of \$205,000 belonging to the estate of Ellen M. Colton, of which he was special administrator. Barnett's attorneys gave notice of appeal and asked to place client on bail, pending the determination of the appeal. Judge Conley did not immediately decide the motion.
PORTLAND'S GREATEST WHEAT EXPORT YEAR.
Portland's greatest grain-exporting year ended last night. Never before in the history of the Pacific Northwest, has so much been set afloat from the local harbor and the Puget Sound ports as during the calendar year ending June 30. All previous seasons have been left far behind, the greatest prior year being 1905-1906.
Portland's shipment for the year just closed exceed the preceding season by more than 6,000,000 bushels. The great increase shown by the port during the past 12 months is remarkable and insures a prominent place for this city among the leading grain-shipping ports of the world.—Oregonian.
SOLDIER GETS 20 CENTS AFTER FORTY YEARS.
William Young, a Civil War veteran, has checked at the Soldiers' Home, a check for 20 cents from the Treasury Department, the amount of change due him, when 40 years ago, he purchased 5 cents worth of paper, and received no change when he tendered a quarter therefor.
Every since the war the government has been searching for him and finally found him at the Dayton home.—Dayton letter to Columbus Dispatch.
THE REMEDY THAT DOES.
"Dr. King's New Discovery is the remedy that does the healing others promise, but fail to perform," says Mrs. E. R. Pierson, of Auburn Centre, Pa. "It is curing me of throat and lung trouble of long standing, that other treatments relieved only temporarily. New Discovery is doing me as much good that I feel confident its continued use for a reasonable length of time will restore me to perfect health." This renowned cough and cold remedy and throat and lung healer is sold at W. A. Kuykendall's drug store, 50c and \$1.00. Trial bottle free.

PRUNE PACKERS ORGANIZE FOR BETTER PRICES

Salem, Or., June 29.—All the prune packers of the Northwest met here tonight and organized an association for mutual protection and promotion of the interests of their business.
The organization is one that has long been desired by some of the packers, but which could never be effected heretofore for the reason that competition among packers has been too severe. In the season now about to open, the packers will work together for their common interests.
The organization is one that has long been desired by some packers, but which could never be effected heretofore for the reason that competition among packers has been too severe. In the season now about to open, the packers will work together for their common interests. The association will control all the Northwest prune pack.

REDISTRIBUTING NATIONAL FOREST RESERVES OF WEST

(Guard Special Service.)
Washington, July 1.—The second step in the comprehensive plan of redistributing the national forests in the western states has just been made by the president in signing executive orders which will change the names and boundaries of the forests of Oregon. The only other state in which these plans have been completed is Idaho, but it is expected that the work of redistributing in all the national forest states will be finished and the changes announced in the next few days.
No addition to forest area is involved in the plans for redistributing in any of the states of the Northwest. The object of the work is to equalize the areas of administrative units and to arrange their boundaries in a such a manner as to promote the most efficient and practical administration of the forests. It will enable officers of the forest service to give prompt attention to all forest business and further the interests and add to the convenience of stockmen, lumbermen, miners and all other users of settlers in the national forests. The Oregon National Forests which will be effected by this rearrangement in Western Oregon are as follows:
The Fremont National Forest will consist of the southern portion of the old "Fremont," and all of the "Goose Lake" Forests and is located in Lake and Klamath counties. This forest is irregular in outline and is composed of many segregated areas, the total area of which will be 1,236,960 acres. It will continue to be under the administration of Supervisor Guy M. Ingram, with headquarters at Lakeview, Oregon.
The land formerly included in the "Bull Run" and the "Cascade (N)" Forest, except that portion south of the Willamette Valley Cascade Mountain Wagon Road, covering 1,788,320 acres, will be called the Oregon National Forest. This forest is located in Multnomah, Clackamas, Wasco, Marion, Linn, and Crook counties, and will continue under the administration of Supervisor Thos. H. Sherrard with headquarters at Portland, Oregon.
Cascade will continue to be the name of that portion of the old "Cascade" Forest (not included in the Fremont) lying between the Willamette valley and Cascade mountain Wagon Road and the middle fork of the Willamette river and West Deschutes river. This forest has an area of 1,845,120 acres and is located in Lane, Linn, Crook and Klamath counties. It will be administered by Supervisor C. R. Seitz with headquarters at Eugene, Oregon.
The forest now to be known as the Umpqua will embrace 1,698,560 acres and will consist of that part of the "Cascade (S)" National Forest (which has not been included in the Fremont) between the middle fork of the Willamette river and the west Deschutes river and the Rogue river and the South Umpqua river divide, also the southern portion of the old "Umpqua" Forest. It is located in Lane, Klamath, Jackson, Crook and Douglas counties. This forest will continue to be administered by Supervisor S. C. Bartrum with headquarters at Roseburg, Oregon.
The Mazama National Forest will contain 1,106,802 acres and will consist of the southern portion of the old "Cascade (S)" the "Ashland" and a portion of the "Klamath" and "Shakliyon" Forests. It is located in Jackson, Klamath, and Curry counties, Oregon, and Shasta county, California. Acting Supervisor C. A. Buck will administer this forest with headquarters at Medford, Oregon.
All of the old "Tillamook" and "Umpqua" Forests, except the southern portion of the old "Umpqua," embracing 973,918 acres, will be known as the Siuslaw National Forest. This forest is located in Tillamook, Lane, Douglas, Coos, Lincoln, Polk and Yamhill counties. Supervisor A. E. Cohoon will administer this forest with headquarters at Eugene, Oregon.
The Forest Service desires to reduce the area of the average administrative units to approximately 1,000,000 acres. This was not possible in all cases as is shown by the fact that under the plan of redistributing there will be 144 Supervisors in the United States who will administer more than 167,000,000 acres of National Forests.

MUCH SNOW IN BOHEMIA MINING DISTRICT YET

Herbert Leigh, the well-known mining engineer, returned a few days ago from the Bohemia mines where he had been for several weeks looking after his properties in the district to a reporter last evening he stated that he has leased a part of the Noonday boarding house to the Mayflower company who put 15 men to work on the Noonday road, putting it in shape for the summer's travel. The Mayflower people are putting in a saw mill and will install a reduction plant this summer.
Mr. Leigh says the indications are bright for greater activity in the district this summer than for several years past, and several valuable bodies of ore have been uncovered lately. Just before he left the district he heard of a splendid find of milling ore at the Sunrise mine. The company is completing a road to connect their property with the main wagon road.
There is more snow in the district at this time, Mr. Leigh says, than there has been at any previous time this season since he became interested there. Upon leaving Grouse mountain a few days ago, he had to go through three miles of snow along the ridge which was from five to ten feet deep. Generally at this time of the year the snow is nearly all off.

RAILWAY MEN ARE IDLE NO MORE

Chicago, June 30.—Thousands of men who will return to work tomorrow after months of enforced idleness are celebrating the happy occasion today. Happy families are to be seen in all the parks and hundreds of little parties went on excursions. Practically every railroad man in the United States will be at work tomorrow, which has been termed, "reemployment day" by the enthusiasts who are organizing a branch of the National Prosperity League, similar to the one formed at St. Louis. The Illinois Central, which will be among the largest corporations to reemploy men tomorrow, will put 5,500 railroaders into their old positions, after eight months of idleness.

COURT OF APPEALS STANDS BY RUEF.

San Francisco, June 30.—The District Court of Appeals this afternoon referred to Superior Judge James M. Seawell, the matter of passing upon the sureties on bonds offered by Abe Ruef in his effort to secure his release in bail of \$750,000. By the decision in the habeas corpus proceedings the court took the matter of bail out of the hands of Judge Dunne, before whom it was pending.
The court questions the ruling of Judge Dunne in refusing to accept the sureties who could not qualify with San Francisco real estate and also the decision that relatives of Ruef, particularly his father and sister, could not qualify. It is ordered that the matter be referred to Judge Seawell to hear testimony as to the qualifications of sureties; to approve the bonds, if sufficient sureties are produced; and that upon sufficient sureties being approved in the amounts fixed, Ruef be discharged from custody.

FLOOD OF MONEY IS LET LOOSE TODAY

Chicago, July 1.—There will be distributed throughout the United States today a total of \$195,000,000, made up largely of semi-annual payments by public corporations such as railroads, large industrial concerns and banks.
The immense volume of money, cut loose from one end of the country to the other, will, it is believed, start a great business boom. It is expected to lead to widespread investments and general improvements and a large part of the money is gold. The excess reserves in all the largest cities are now the highest in the history of the country. Money rates are exceptionally low for any good collateral and any enterprise that is honest can easily be financed.

HAY CROP GOOD AND PRICES PLEASING

Reports show that the hay crop will be good this year in Lane county in some places the various kinds of grass crops are heavy, and very rarely do reports show that the growth has been bad. Cutting, however, is somewhat later than usual. From the present prospects the prices will be good and steady.
"E. C. DeWitt & Co., Chicago, Ill. Gentlemen—In 1897, I had a disease of the stomach and bowels. In the spring of 1902 I bought a bottle of Kodol and the benefit I received, all the gold in Georgia could not buy. May you live long and prosper. Yours very truly, C. N.
