TWO BURGLARIES AT JUNCTION CITY DURING WEEK

At an early hour Thursday morning the residence of S. L. Moorhead was entered by a burglar, who entered the premises by removing a screen in the sitting room and raising a window. He went upstairs and entered the sleeping room of Mr. and Mrs. Moorhead, and "swiped" Mr. Moorhead's pants, which were found on the back porch. The pockets were rifled, but only money, five dollars in silver, was taken. His gold watch, which he has carried for thirty-five years, was unmoistened, for which the burglar will please accept thanks. When Mr. Moorhead arose he missed his pants from their customary place and surmised at once that the room had been entered. He was apprehensive for fear that his pants had been taken, and wondered how he would get down town. However, they were discovered as stated. It is rather remarkable, too, that he had five dollars.

The residence of Mr. Clayton, Mr. Moorhead's next door neighbor, was also entered by lowering one of the front windows. Mr. Peak, a railroad man who rooms upstairs, could not find his pants when he got up. They were discovered down stairs in the parlor. He lost all the change he had, something over two dollars. A candle had been used by the burglar, as a smoked ladle was found, also numerous greasy spots. The little girl heard the burglar and woke her mother, but she supposed the noise was occasioned by the roomers, who work on the night shift. Nothing else about the premises was disturbed.

Other Notes
George H. Smith, of the S. P. depot force, arrived home Wednesday evening with Mrs. Smith. He was married to Miss Marie Graham, one of Astoria's charming girls. When they received their trunk the next morning it was gaily ornamented with big red hearts, old shoes, little shoes, booties, and other things. They have secured rooms with Mrs. Ben Kaiser.

J. E. Heaton, manager of the Pacific States Telephone Company for Lane county, was in the city Thursday making preparations for rebuilding the system at this place. Some lines have from eight to ten phones, and it is the intention of the company to string additional wires and reduce the number on each line to four. It is claimed that this change will result in much better service.—Times.

SLUGGERS FINED \$30 AND \$20 RESPECTIVELY

NEWMAN COMES TO TOWN AND GIVES HIMSELF UP—HE IS GIVEN THE LARGER FINE.

(From Saturday's Daily.)
Frank Newman, one of the boys who assaulted Homer Henderson, the merry-go-round man the other night, and who skipped when Constable Plank went out to the cherry orchard yesterday to arrest him, came into town last evening and gave himself up to Chief of Police Farrington, after having been unable to find the constable. The chief locked him up in the jail. Newman appeared in the justice court this morning at 9:30 o'clock and entered a plea of guilty. He was fined \$30 and costs. Louis Miller, the other boy mixed up in the affair, was fined \$20 and costs. The reason of the difference in the fines is that Newman seemed to be the principal aggressor in the fight and according to witnesses invited the trouble.

LABOR LEADERS ARE STANDING BY BRYAN

Fairview, Lincoln, July 18.—Bryan's speech last night to the members of the Central Labor Union of Lincoln, in which he emphasized the labor planks of the Denver platform, has resulted in the receipt by him of a large number of telegrams from labor leaders all over the country congratulating him upon his utterances.

A Dispatch from Erie, Pa., quoting President Gompers as denying he sent the cablegram to William R. Hearst, which resulted in the later denouncing the Democratic party, attracted considerable attention at Fairview. There is no disposition to question Gompers' statement, and there is reason to believe that an inquiry has already been set on foot to ascertain if possible the author of the cablegram accredited to Gompers.

Following his declaration to the Baltimore Sun that he had not discussed the Brownsville affair or the question of the appointment of negroes to office, Mr. Bryan announced yesterday that he did not wish to be misunderstood. He said that he did mean to convey the impression that he has never talked about the Brownsville case in any manner, but that he had not discussed it as an issue in the present campaign.

He read an editorial written by him two years ago in which he made the frank assertion that, if the facts were as stated, President Roosevelt was fully justified in his course.

CHAIRMAN HITCHCOCK STARTS FOR COLORADO
Chicago, July 18.—Frank H. Hitchcock, chairman of the Republican national committee, left Chicago today for Colorado Springs to confer with Western Republican leaders on Monday and Tuesday. He was accom-

panied by James T. Williams, Jr., and Fletcher Maddox, solicitor for the international revenue bureau, who is the new national committeeman from Montana. All members of the national committee and all chairmen of state committees from West of the Missouri river, except three, are expected to be present at the conference. A number of prominent Western Republicans have also been invited to attend.

Will Fight for Every State.
In discussing the political situation yesterday Mr. Hitchcock said the hardest battles would have to be fought west of the Missouri river, and that he planned to secure the benefits of political assets never before available, for the reason that state chairmen confined their efforts in the past to their own territory. Mr. Hitchcock will try to bring them together in a matter of getting speakers, and so far as possible wipe out the state lines in carrying on the campaign.

"We want to show the people that we are at work and mean justice," said Mr. Hitchcock. "There is no state that will be neglected, nor a state that will be abandoned to the other party."

Hearst on Bryan.
New York, July 17.—A cablegram has been received from W. R. Hearst in reply to a message transmitted by Mr. Hearst from Samuel Gompers, stating that in view of the Democratic stand it would be "an act of great patriotism for the Independence party to endorse the Democratic platform," and urging him not to run a third ticket, as it would elect Mr. Taft. Mr. Hearst's cablegram follows:

"Paris, July 13.—Tell Mr. Gompers that I am not authorized to speak for the members of the Inde-

pendence party, but according to my personal standards a purer patriotism consists in laboring to establish a new party which will be consistently devoted to the interest of the citizenship, and particularly to the advancement and advancement of the producing classes. I do not think the path of patriotism lies in supporting a discredited and decadent old party which has neither conscientious conviction nor honest intention, or in endorsing chameleon candidates, who change the color of their political opinion with every varying hue of opportunism. I do not think the best benefit of the laboring man lies in supporting that old party because of a sop of false promise when the performance of that party while in power did more to injure labor than all the injunctions ever issued before or since. I have lost faith in the empty professions of an unregenerate Democracy. I have lost confidence in the ability and even in the integrity of its leaders. I do not consider patriotism to pretend to support that which, as a citizen, I distrust and detest, and I earnestly hope the Independence party will give me the opportunity to vote for candidates who are both able and honest, and for a declaration of principles that is both sound and sincere.

"WILLIAM R. HEARST."
DR. OGLESBY VISITS THE BOHEMIA MINES
Dr. Oglesby is home from a trip to the Golden Slipper property in Bohemia, in which he is largely interested, and where he has a crew of men at work taking out ore and laying a car track in the Dewey tunnel. He announces that the camp is stirring in fine shape. He thinks the conditions this season are very favorable throughout the diggings.

He mentioned the work going on at the Mayflower, J. A. Fastabend, of Astoria, manager. He says this company has about thirty men at work, building road, developing and preparing for the installation of the big mill.—Cottage Grove Western Oregon.

Sheridan Breaks Record.
In the final in the discus throw Martin J. Sheridan, Irish-American A. C., was first, 128 feet 8 inches, beating the world's record for discus throw, Greek style.

Unfair Treatment.
Yesterday a serious controversy arose between the American athletes and the British Olympic Association. The American's chief cause of complaint is the arbitrary manner in which their protest against the "flagrantly unfair methods of conducting

the tug-of-war" was dismissed. Every unprejudiced spectator present at the meeting was convinced that the Americans were justified in refusing to go on with that event. The United Kingdom had three teams entered in the tug-of-war, made up of police of the city of London, Liverpool and the Metropolitan forces.

Americans Protest in Vain.
Matthew Halpin, the manager of the American team, immediately entered a protest to the games manager, but he was told that the shoes were those ordinarily worn by the Liverpool police. At first Mr. Halpin made up his mind to take his team off the field without attempting to pull, but finally decided to go on with the first pull in order to show how unfairly the Americans were being treated.

The decision was a wise one, for the spectators in the stands nearby could see that as soon as the United Kingdom men put their weight down the heels of their shoes cut through the turf and gave them a break. The Americans made no effort and were promptly pulled across the line. Mr. Halpin then announced that the American team would not continue until the rule was adhered to, and his protest being ignored, all the men marched off the grounds, one of them proclaiming through a megaphone that the Americans "retired because they have had enough of it."

The facts in the case were reported to the American commission, and James E. Sullivan, the American commissioner, preferred a formal protest to the British Olympic Association, which turned it over to the officials of the Amateur Athletic Association. As these officials had already decided in favor of their own team, the protest, of course, was not allowed.

W. L. BOISE ARRESTED FOR EMBEZZLEMENT

Portland, July 18.—Whitney L. Boise, manager of the Hawthorne estate, a prominent club man, lawyer and politician, was arrested this morning on five warrants charging embezzlement in connection with the Hawthorne estate. The amount involved is said to exceed \$100,000, and may reach \$200,000, and the complaint was sworn to by Mrs. Catherine E. Collins, sister-in-law of Boise and one of the Hawthorne heirs. Boise was arrested at his office and was not taken to prison, but permitted to search for bondsmen, bail

having been fixed at \$20,000 by the municipal court.

The complaints specify in detail a large number of misappropriations of funds belonging to the estate of the late J. C. Hawthorne, valued at several million dollars, and of which Boise has had supervision for years.

Mrs. Boise is a sister of the complainant and daughter of J. C. Hawthorne.

"I cannot make any statement," said Boise, "until I have had a chance to examine the complaints and ascertain what the specific charges are. I am willing to admit that I have had some trouble with certain heirs of the estate, but at no time thought any such action would be taken."

SIXTH NEW BRICK BLOCK FOR COTTAGE GROVE

Nattie H. Martin and Mike Kebbbeck, the former owner of the Lincoln meat market building on the north corner of Main and Fifth streets, and the later, owner of the building occupied by the Cottage Grove Electric Light Company, have plans about completed for a fine modern two-story brick, 50x35 feet, to occupy this slightly corner. Contractors have figured on the work and that there is little doubt but that the contract for this, the sixth brick on Main street since the first of the year, will be let in a short time, on which work will commence on or before September this year. The new building will probably be occupied by Messrs. Martin and Kebbbeck's present tenants. Score another point for Cottage Grove.

VISITORS' DAY AT HONOLULU

Honolulu, July 18.—Today was visitors' day to the Atlantic fleet, and thousands, including Americans, Spaniards, Porto Ricans, native Hawaiians, Filipinos, Portuguese, Japanese and Chinese took advantage of the opportunity to inspect the battleships. Men from the fleet were entertained ashore at all sorts of amusements and a native feast and dances by native girls. This afternoon the officers were taken to Pearl Harbor and tonight there will be a dinner at the Commercial Club.

SEATTLE CONTRACTOR TO BUILD DRY DOCK

Washington, July 18.—C. T. Erickson, of Seattle, was the lowest bidder for the construction of the granite and concrete drydock at the United States navy yard on Puget Sound, for which congress has appropriated \$2,000,000. There were four other bidders, but it is probable that Erickson's bid will be accepted if it conforms to the requirements.

VICTIM WAS A ST. LOUIS WOMAN

St. Louis, July 18.—The body of the woman which was found in the bay at Jackson Park, Chicago, is believed to be that of Miss Mary Schrage, aged 47 years, a maid at the home of Miss Hulda Duestrow, of this city. Miss Schrage disappeared Sunday evening, taking some jewelry and \$75. It is believed she started for Ann Arbor, Mich., to visit Miss Duestrow, and was affected by the heat.
