It Is Not Advertising Which Survives; But the Things Which Are Advertised.

The "cleverest advertisement" you ever wrote may be quite forgotten now, even by the best friends it made for you. It may survive only in the bigger store it helped create.

But it is just as certain that the bigger store of the future is to grow out of the advertising of the present as it is that the store as it now stands is the result, in large measure, of your "forgotten" advertisements.

You have preserved the results of advertising. You must create new results through new advertising.

The game of base ball at Halsey last Saturday evening between the Halsey nine and the Chicago ladies' baseball team, was rather a tame affair. There were only four "kicks" in the nine, the others being boys, and none of them were anything extra as ball tossers. They are out for the gate receipts, an are getting them.

The Linn county fair to be held at Seio, Wednesday, Thursday and Friday, September 2, 3 and 4, promises to be a grand success. IRVING GENERAL STORE HAS CHANGED HANDS

(Special Correspondence)
Irving, Aug. 4.—Leda Zumwalt spent a few days in Eugene, returning to Irving Saturday.

W. W. Faulk has sold his stock of merchandise to J. M. Smock and William Kullsmann, of Southern Oregon, who will take possession as soon as the transfer is made. The new firm is known as the Irving Mercantile Company, and we are sure they will be successful in business. Mr. Klussman is here now and will manage the business until Mr. Smock arrives.

The Irving grange met Saturday evening at the hall, and combined business with pleasure. We suppose, as they served ice cream and cake. The society is in a very flourishing condition.

Richard Cook had the misfortune while crossing the railroad track north of town to have his gasoline engine struck by the local freight. It seems that the engine could not or did not stop in time to avoid striking the engine. Mr. Cook says he gave ample signals to cause them to stop before reaching the crossing.

B. Bond spent a couple of days in Portland last week.

Miss Jewel Elmaker is visiting E. W. Zumwalt.

NEWS NOTES FROM LONDON SPRINGS RESORT

(Special Correspondence)
London, Aug. 4.—The visitors who commenced to arrive Saturday evening returned to their homes Sunday refreshed in body and mind.

Mrs. E. Tennis, who has been running a boarding house in Cottage Grove, now has charge of the hotel and grounds here. She and her force have been very busy the last few days getting the house and grounds in shape for a season's run. Mrs. Tennis is a most excellent lady and thoroughly understands the needs and how to supply them of a first-class hotel.

C. B. Hadley and wife, Miss Lulu Snyder and Miss Hattie Canady, of Crow, came up Friday to visit Mrs. Frank Hadley, who is camping here. They returned home Sunday.

Barney Paine and wife returned to Eugene Saturday. After the berry afternoon Mrs. Paine thought it advisable to take Mr. Paine back to civilization. Mr. Paine was pretty badly scared and tore up considerable brush in his flight down the mountain, but managed between acts to fill his bucket. Mr. Paine was a close second and followed on to Eugene Wednesday. It is safe to say the above gentlemen will give London a wide berth in the future.

Wilts Owen has changed his occupation to father confessor of the camp. He confesses his own sins and washes them away—in the bath tub.

Captain Sachs and wife, Mrs. E. to London last Saturday, after three weeks' sojourn here.

J. F. Kirk and wife, of Smithfield, and John Milliron and family, of Junction City, came up last Sunday and pitched their tent, intending to stay a month.

Messrs. Charles and Frank Hadley, of Crow, who have been hunting and fishing on Crescent Lake, came up by London yesterday and escorted their wives home.

A. M. Gilbert and family and A. W. Gilbert, wife and daughter, Mrs. Stryker, of Eugene, camped here Sunday night. Monday morning they went on up the river to Cougar Bend to hunt and fish and gather berries. They will return here later and camp for some time. Look out for a bear story.

The Black Butte mine has closed down for lack of work. They will make a thorough clean-up of the slippy metal before starting up again.

Devlin of Pendleton; great representative to the annual conference at Bridgeport, Conn., L. L. Jacobs of Medford, R. W. Ritter of Pendleton, George W. Orton of Portland. The next great council of Oregon will be held in Portland in 1909.

BEACH IS AFTER BILLY CAKE'S JOB

S. C. Beach, senator from Multnomah county, foremost enemy of Jonathan Bourne, political antagonist of William M. and H. M. Cake, prophet of the anti-Statemore No. 1 proposition and who is bound by the bonds of bread and salt to the camp of Charles W. Fulton, is to be chairman of the Republican state central committee.

William M. Cake is down and out, according to the way the game is being played, and the cards are being stacked to "clean" him and "fatten" Mr. Beach. The joys of harmony are to be fostered and maintained within the ranks of the Republican party, even if, like a college of good surgeons, it is necessary for the state committee to amputate Chairman Cake and graft on a new head in the form of Senator Beach.—Portland Journal.

C. P. Barnard, A. W. Haskell and F. M. Wilkins, appraisers of the estate of A. J. Campbell, deceased, filed their inventory of the property yesterday afternoon. They appraised the property, which consists of lots 3 and 4 in fractional block 1 in Mulligan's donation, at \$4500. The property is at the corner of West Ninth and Olive streets.

BORN.

In Eugene, Aug. 4, 1908, to R. E. Dunn and wife, son.

Miss Betta Wald is home from Newport.

HARRIMAN MAKES NO PROMISES OF NEW RAILROADS

Omaha, Aug. 4.—"What we want is co-operation and rationalism," said E. H. Harriman today.

"When will you begin building operations in the West?" was asked. "Whenever the revenue warrants it. We are ready and anxious just as soon as returns from our present lines warrant the building of new ones. Although our revenue has shown an increase in the last two or three months, it is not to be compared with two or three years ago. We are doing some building in Nebraska and Wyoming, as well as on the Pacific coast."

"How is business in your territory?" "Don't call it my territory," peevishly answered Harriman. "It's all my territory, just as it is any other man's territory. It's all independent."

Harriman was joined here by General Counsel Lovett, of the Harriman lines, who went West with the magnate from here.

At Chicago yesterday Mr. Harriman said:

"The American people ought to be willing to pay the railroads compensation for proper transportation service, such as we are now performing, and for which we are not receiving an adequate return."

"If railroads are to go on extending their lines, improving the ones they now operate, and providing equipment to take care of the business of the country," he continued, "they have got to get more revenue."

Mr. Harriman seemed to favor adjustment of rates rather than a general increase. He is opposed to placing a straight ten per cent increase in transportation charges upon all commodities.

FIRST 1908 WHEAT IS COMING IN

Washburne & Son, the Springfield millers, telephoned The Guard this afternoon that they received the first 1908 wheat this morning, several loads coming in. The wheat is of excellent quality, full weight, and that which has been brought in averaged 20 bushels to the acre. Threshing will be general throughout the county this week, a number of outfits having started up last week. The hot weather of the past two or three weeks has ripened the grain very rapidly, and threshing began on that account a little earlier than usual.

WILLIAM HOWARD TAFT HAS NO PARTICULAR RELIGION

Cincinnati, Aug. 4.—The Rev. A. G. Thayer, of the First Unitarian church, today denied that Judge William H. Taft had no particular religion, as was reported. Mr. Thayer said:

"Judge Taft's mother and Judge Albion Taft and his wife were members of the Unitarian church, and were members of the congregation of which I am pastor. Will Taft attended my church regularly when he lived in Cincinnati. He became a member of the church when he was a young boy."

"I remember that once he took the part of a fairy in a play given by Unitarian church, and he weighed 175 pounds."

"Will Taft is in good company. He will live up to his convictions. It is not for us to claim him—he will have to claim us."

KLAMATH COUNTY PROMISES HARRIMAN MUCH GAME

Klamath Falls, Aug. 4.—The Harriman party is scheduled to arrive here during the early part of this month. It is Mr. Harriman's desire to kill a bear while in this section, and game conditions are such that he should have his wish gratified. More bear have been killed in the mountains of Klamath county this year than for several years previous, and from all parts of the county come the reports that Mr. Bruin is very much in evidence, and pays sheep camps and pleasure seekers visits at times when he is least expected. Deer are much more numerous than they have been for years, and almost every party of hunters that takes to the hills succeeds in bagging one or more. The game laws are being strictly enforced and few deer are being unlawfully killed.

SHIPPERS ALARMED BY RAILROAD ACTION

Chicago, July 29.—The decision of the transcontinental railroads to abandon the export Oriental trade and a large proportion of the import trade has aroused the Chicago Association of commerce to make an investigation of the subject. The management of that organization has secured all of the papers on file before the interstate commerce commission, and is making a careful examination of the arguments advanced by the railroads in support of their action.

It is possible that the investigation may result in an appeal to the commission for a re-hearing or an appeal for aid in preventing the railroads from going out of that business. If the association's officers decide that the railroads are justified, it is possible that the commission will be asked to change its ruling.

C. P. Barnard, A. W. Haskell and F. M. Wilkins, appraisers of the estate of A. J. Campbell, deceased, filed their inventory of the property yesterday afternoon. They appraised the property, which consists of lots 3 and 4 in fractional block 1 in Mulligan's donation, at \$4500. The property is at the corner of West Ninth and Olive streets.

BRING GRAVE CHARGE AGAINST GREAT SINGER

Rome, Aug. 5.—Signor Alfredo Venturini, the renowned base singer, who recently returned to Milan from his triumphs at Convent Garden, has been arrested on a warrant charging him with an offense against the eleven-year-old daughter of a Milaunge family which had accorded him hospitality. The singer stoutly protests his innocence.

Signor Venturini is a widower, forty years of age, and is the father of a boy of sixteen and a girl of fourteen, who are at college in his native town of Ancona. As the authorities absolutely refuse to grant bail, the slowness of justice in Italy renders it to the truth of the famous singer will be constrained to cancel his engagement to sing in New York the coming season.

COMPEERS PAYS HI RESPECTS TO POLITICAL FOES

Washington, July 30.—"The report that I ever said I would not deliver the labor vote to any political party is an infamous lie," said Samuel Gompers today. "Organized labor is not only honest, but intelligent enough to choose the party for its support which best represents its interests." Gompers went on to say that the enemies of organized labor by spreading lies and misrepresentations, may injure him personally, or even cause his dismissal as president of the American Federation of Labor, but that would not affect his course in battling for the principles for which he stands.

He said that he fully expected that some would disagree with him and he does not expect the labor world to accept his conclusions in every instance. He expected to be criticised, but did not believe the criticism would be so unjust and contemptible.

Chairman Hitchcock, of the Republican committee, when asked as to the truth of the report that a personal campaign was to be waged against Gompers, said that "nothing of the kind had been arranged."

MAY FORM VALLEY RACING CIRCUIT

In order that Albany may be properly represented at the convention of horsemen to be held here in August, it is requested that businessmen who are interested in the establishment of a racing circuit, horsemen and others meet in the rooms of the Commercial Club on Friday evening, July 31st, at 7:30 o'clock, when a temporary organization will be effected and a delegate chosen to represent Albany in the convention.

The establishing of an amateur racing circuit, composed of towns situated in the Willamette valley, such as Albany, Salem, Eugene, Seio, Hillsboro, Independence, Canby, McMinnville, in conjunction with Portland, is now regarded as certain. Manager Dasset, of the Commercial Club, in conjunction with D. O. Woodruff, has been in correspondence with the officers of the Riverside Driving Club of Portland, to which organization is due the credit for taking the initiative in establishing the new racing circuit.—Albany Democrat.

SCOTT'S ENGINEER KILLED IN WRECK

Topeka, Kan., July 30.—H. S. Rossett, the engineer who piloted Walter Scott's famous "Death Valley special" from Los Angeles to New York, was instantly killed today when the California limited on the Santa Fe railroad was wrecked near Wakarusa, Kan. Three persons were injured and the heavy through train, which carries the highest class equipment, was wrecked. An open switch caused the wreck and the flyer dashed into it at full speed.

VETERAN WOULD DIE WITH LEPER WIFE

Los Angeles, July 30.—Determined to spend the remaining years of their lives in each other's company, Brigadier-General David K. Wardwell, retired, hero of two wars, and his wife, who is dying of leprosy, are today in hiding in Mexico.

When General Wardwell learned that his wife had leprosy and that she was to be taken from him, he aided her to escape from the contagion ward of the county hospital and took her to a secluded spot in Mexico. The authorities have made attempts to apprehend them, respecting the veteran's wish to live the life of a hermit with the woman he loves.

There is a great deal of complaint that farmers' boys in the vicinity of Irving and at other places are slaughtering young Chinese pheasants. The deputy game warden has been notified and he is now laying for the offenders.

A. C. Jennings and P. J. McPherson, county road viewers, returned last evening from the lower Siuslaw country where they have been viewing out a number of roads. They report the weather extremely hot today that way during their absence.

Mr. and Mrs. Louis McKown, of Los Angeles, have arrived in Eugene after a tour of the coast looking for a place for investment and for a home and they have concluded that Eugene is the best. They have a daughter who will enter the University and one who will attend the high school.

The announcement of the marriage of Miss Cora Cameron, who graduated from the University this year, to Harold Lawrie, who is a mining engineer, employed in the Bohemia district, is made. The wedding will take place at the home of the bride at White Salmon, Wash., tomorrow. They will live at the Bohemia mines for a time.

Archie Zimmer has returned from a trip to Southern Oregon.

GOVERNOR LITTLE IS NERVOUS WRECK

St. Joseph, Mo., July 31.—Governor John S. Little, of Arkansas, has been placed in a sanitarium here. He has a suffering from nervous breakdown since the election, which has developed into acute melancholia.

BRIDGES DISCUSSES PLATFORM OF HEARST'S INDEPENDENCE PARTY

Fairview, July 30.—Although the heat was oppressive, Mr. Bridges was early at work today. After reading the platform of the Independence party he gave out a statement calling attention to the fact that the platform contains a number of planks identical or substantially the same as the Democratic platform, and concluded by saying the question confronting the members of the Independence party is:
