

TWICE CURED OF SKIN TROUBLES

First Case a Rash Which Itched and Stung—Threatened Ten Years Later With Blood-Poison in Leg—But Both Times the Sufferer's

RELIANCE IN CUTICURA PROVED WELL-FOUNDED

"About twelve or fifteen years ago, while living in West Virginia, I had a breaking-out, and it itched and stung so badly that I could not have any peace because of it. I saw three doctors and they did not agree on what it was, so one of them gave me something that he called medicine, but I called it soda water. I might just as well have washed in rain-water. Then I got some Cuticura Soap, Cuticura Ointment, and Cuticura Resolvent and began to get better right away. They cured me and I have not been troubled with the itching since, to amount to anything. About two years ago I had a grippe and pneumonia which left me with a pain in my side. Treatment with the Cuticura Remedies, I used them three times and cured the breaking-out on my leg. Now I won't be without Cuticura. J. F. Hensen, R. F. D. 3, Milan, Mo., May 13, 1907."

BALDWIN'S NEW ARMY BALOON HAS MADE GOOD

Washington, Aug. 7.—The new military dirigible balloon built by Captain Thomas S. Baldwin for the United States army made a successful flight this week with Captain Baldwin piloting and Glenn H. Curtis handling the motor.

CAPTAIN THOMAS BALDWIN, Balloon expert who has built a new dirigible craft for the government.

At 6:40 o'clock, after a final test of the motor, Captain Baldwin gave the order: "Everybody let go but me—let her go, boys." With the propeller revolving at moderate speed the airship rose slowly to a height of 50 feet. Heading for Arlington cemetery to the southeast, Mr. Curtis increased the speed of the motor. As he did so the speed kept the ship ascending by means of the planes. Captain Baldwin brought it about, head up against the wind. A semi-circle was described to the south and then the ship was brought completely around so that it faced the north, moving with the wind. Passing directly over the starting point, Captain Baldwin made another circuit. The ship was at a height of about 1000 feet. The landing was made within thirty feet of the starting point.
