Portland, Aug. 13.—Receipts of livestock at the local yards this week were heavier than for some time past but there is little or no change in the market from the conditions of last week. For prime stock the demand was strong; to strong in all lines, while common stuff as usual moved with less readiness. The prospect on the whole is for a rather active market the remainder of the week.

Some growers will not pick even at that price. Hop Contract Decision. Salem, Or., Aug. 13.—In dismissing a suit for an injunction and overruling a motion to strike out the findings of fact in a former judgment in the case of T. A. Livesley & Co. against Krebs Bros., late yesterday afternoon, Judge William Galloway of the Circuit Court gave his final decision in a case involving a judgment for \$4000 and costs, and unless Livesley & Co. secure a stay of execution on appeal, Krebs Bros. will ask for an execution of judgment against them for the \$4000 and for costs and interest.

Big Apple Crop. An eastern correspondent in close touch with the apple situation has furnished the California Promotion Committee with a report, according to the California Fruit Grower, regarding the prospects for the season's crop throughout the country. The New England states will have a total crop about equal to last year. In Maine and Connecticut the crop will be lighter, in Massachusetts about the same and in New Hampshire and Vermont heavier. New York promises another good crop.

Butter Advances. The city creameries yesterday advanced their butter prices 2 1/2 cents, making the price of the top grade 30 cents. The advance is the result of the heavy shrinkage in production which always occurs in the midsummer season. While the supply has fallen off, the demand has kept up to its normal proportions and the creameries are finding much difficulty in filling their orders. The Puget Sound markets are also at 30 cents, and the supply there is likewise under the demand. Prices in the East have an upward tendency.

Little Doing in Poultry. Receipts of poultry today were light, and as usual early in the week little business was done. For the present last week's prices prevail. What quotations will be the latter part of the week depends upon the size of the arrivals and the strength of the demand. No line was especially in demand today. Wheat is Firm. An effort to get wheat at 90 cents on the board of trade market yesterday failed. Ninety-four cents asked at the opening brought no response and at the close offers to sell at 92 1/2 were made but not considered. Nothing moved. There was absolutely nothing doing in the barley line. Oats jumped 6 1/2 cents from the opening but this high bid had no effect in bringing out any grain. PORTLAND MARKET QUOTATIONS. Board of Trade Grain Quotations. o Wheat—Track prices: Club, 85c per bushel; forty-fold, 92c; red Hus-stan, 87c; blue-stan, 92c; Valley, 89c. Flour—Patents, \$4.85 per barrel;

Rev. Thomas Handsaker, of Corvallis, is visiting with his sister, Mrs. J. M. Keeney, of Dexter, at present. Miss Vesta Jacobs has returned from Ashland, where she has been attending the summer school. We were indeed glad to see her in her old position in the choir. Mr. Lawrence, of June, who had one of his legs broken about three weeks ago, is improving very nicely. Mr. and Mrs. B. E. Williams start for Kinston Springs Tuesday for a two-weeks' outing. Rev. Husband, of Eugene, preached here Sunday. The Dexter "Stump-Jumper Giants" are still in existence. They play Goshen next. Cruzan brothers are erecting a fine new straw barn. Parvin & Templeman have gone to Goshen with their threshing outfit.

Only a Mask. Many are not being benefited by the summer vacation as they should be. Now, notwithstanding much outdoor life, they are little, if any, stronger than they were. The tan on their faces is darker and makes them look healthier, but it is only a mask. They are still nervous, easily tired, upset by trifles, and they do not eat nor sleep well. What they need is what tones the nerves, perfects digestion, creates appetite, and makes sleep refreshing, and that is Hood's Sarsaparilla. Pupils and teachers generally will find the chief purpose of the vacation best subserved by this great medicine which, as we know, "builds up the whole system."

Six or seven hobos were jailed last night and this morning were turned over to the Booth-Kelly Company and sent to Wendling to work on the new logging railroad. On every train to Wendling nowadays there are a number of men going to work on the road.

HARRISBURG FERRY BOAT SUNK BY CATTLE Harrisburg, Aug. 12.—The county ferryboat here was sunk this forenoon. The ferryman took aboard some beef cattle whose weight caused his boat to go hard aground on the landing. He moved the cattle to the other end of the boat, where they bunched up near one side and sank the boat. No damage was done except the delay at this busy season. It is expected that the boat will make regular trips some time tomorrow.
