

CHAIRMAN HITCHCOCK NAMES MEMBERS OF ADVISORY COMMITTEE

ELMER DOVER, Secretary of Republican Campaign Advisory Committee

New York, Aug. 22.—Chairman Hitchcock, of the Republican national committee, today announced the appointment of the following members of the advisory committee: Richard A. Ballinger, of the state of Washington; Cornelius N. Bliss, of New York; Powell Clayton, of Arkansas; W. Murray Crane, of Massachusetts; William Nelson Cromwell, of New York; John Hays Hammond, of Massachusetts; Franklin Murphy, of New Jersey; Charles P. Taft, of Ohio; Arthur I. Vorys, of Ohio.

Hitchcock will be chairman and Elmer Dover secretary.

BRYAN PREPARES TO FORCE THE FIGHTING

Chicago, Aug. 22.—Preliminary to the thirty days' speaking tour in which he hopes to force the fighting in the Middle West, Mr. Bryan conferred today with National Chairman Mack and other members of the national committee on the general plan of action which has been outlined by heads of the various bureaus of the national committee.

Bryan's tour through the Middle West will start about the middle of September and carry him through Indiana, Illinois, Ohio and Kentucky, and will include a few places in New York. The national committee is working out the dates for this stumping trip.

Speaking of the outlook and more recent developments of the campaign, Mr. Bryan said:

"The situation is most satisfactory. Reports from the East and West are very pleasing, and excellent progress is being made. The Democrats nominated a strong man in Minnesota and I am glad to see that he has accepted."

MEYER IS OUT FOR GOVERNOR HUGHES

Hot Springs, Aug. 22.—Postmaster General Meyer reached here today from Oyster Bay and Washington for a conference with Judge Taft. He said in an interview:

"Personally I have no doubt but that Governor Hughes will be re-nominated. President Roosevelt, while taking a keen interest in the situation, is leaving the whole matter to be worked out without a suggestion from him, and it will be worked out, in my opinion, by the renomination of the governor."

COUNCIL ORDERS SUIT FILED TO TEST BONDS

The city attorney, Louis E. Bean, was ordered by the city council last night to file suit against the Willamette Valley Company, to enforce specific performance of contract for the purchase of the water plant. Immediately afterward a letter was read by Acting Recorder Bryson from A. C. Woodcock, attorney for the Willamette Valley Company, stating that the company would accept the bonds for the purchase of the plant as soon as they were proved to be legal.

Suit will be begun in the circuit court as soon as the complaint can be made out and filed. To take it to the supreme court, is the intention of the council, so that the highest court in the state will have passed upon the matter.

Timber Cruisers Wanted. The matter of sending a timber cruiser to the Ritehey Creek watershed to learn how much timber there is on the headwaters of the creek provoked some opposition and more discussion.

The council wishes to know, in addition to the amount of timber thereon, the route by which the timber will have to come out, and how it is located in regard to its affecting the flow of the stream.

Councilman Garrett spoke vigorously in favor of the cruiser plan, saying the people wished all the information that could be obtained as to the creek and conditions surrounding it.

"It has been reported," he said, "that there are two hundred million feet of green timber there, but men who know say there is nothing like that amount on the watershed. There may be," he continued, "when you consider sections whose corners overlap the Ritehey creek watershed, but there is not on the watershed itself."

Mayor Matlock added more information to the general fund. He expressed the belief that there was only one considerable body of timber on the watershed, and that it was situated so that it could not affect the supply of water materially. The source of supply for Ritehey creek comes from the cliffs above the timber line, and in no way does the timber protect the springs. Moreover, he said that part of the watershed is in burns, and he thought there was no where near the amount of timber that had been represented.

It was strongly impressed upon the council, too, that what timber is there could not come out by way of the creek.

Councilman Gilbert ridiculed the idea of there being two hundred million feet of timber on Ritehey creek proper. He said that he knew a logger who said there is not over thirty million feet on Ritehey creek thoroughly. He himself, while not claiming to be an authority, had cruised timber, and ventured the opinion that the logger had made a correct estimate.

At the close of the discussion Councilman Garrett moved, Councilman Gilbert, Moon and Williams be appointed as a committee to secure the information, if possible, from the Booth-Kelly Company, but if not to hire a cruiser or cruisers to obtain the facts. The motion passed.

Score the Press Various members of the council reiterated that they wanted to give the people full knowledge of Ritehey creek, and everything that touches the water question. Councilman Moon and Garrett both spoke of the reports that have been sent through the press, accusing them of being colored and perverted. In order to discredit the facts that have been brought out. Both gentlemen asked that fair representation of speeches and facts be afforded.

Councilman Harbaugh spoke along the same line. He said that the council had given up hours both night and day, and that every since he had been a member of the council that body had stood for a better Eugene and the welfare of the city.

"While we have made mistakes," he said, "no paper of our city should jump upon us and berate us."

Routine Business The ordinance for the pavement of Eighth street from the east line of Charleston street west to the west line of Monroe street with bitulitha or other hard surface pavement was referred to a committee for further correction, in order to straighten out the street by accepting a proposition of one of the abutting property owners to deed same land to the city which at present makes a job for the street.

The proposed ordinance to license all wagons and stands at \$10 the quarter and all peddlers with baskets or trays at \$7.50 a quarter was referred to the police committee.

A petition to pave East Seventy street from Oak to High was granted and the city engineer was ordered to prepare specifications. The matter of the crown for the street pavements was brought up and referred to the city engineer for consideration.

Councilman Williams made a motion that the alley around the park streets have specifications drawn for paving. Councilman Garrett offered the alley next to the Mitchell & Garrett building, as an example, stating that they intended to have it paved anyway. The city engineer was ordered to prepare specifications. The alley will slope toward the center instead of the side, and will be ten feet wide.

Councilman Harough presented the joke of the evening. He proposed that all men be prohibited from sitting on the benches of one of the

HITCHCOCK'S CAMPAIGN ADVISERS

HARRIMAN WILL STOP HERE IF HE PASSES THROUGH

Manager Hartog, of the Eugene Commercial Club, has received the following telegram in reply to his invitation to E. H. Harriman to visit Eugene:

"Pelican Bay Lodge, Aug. 22. 'Eugene Commercial Club, Eugene, Oregon. 'Thanks for your kind invitation to visit Eugene. If I go out that way will be glad to stop, but the chances are that I shall not go out that way this time. 'E. H. HARRIMAN.'"

Mr. Hartog replied to this telegram by letter, urging the railroad magnate to come, even if his stay was very limited.

HARRIMAN PROMISES TO GET BUSY NOW

Medford, Aug. 21.—"E. H. Harriman has agreed to act as one of the commissioners I am about to appoint to take charge of the proposed state highway from Medford to Crater Lake and from there to Klamath Falls. He also promised me that he would begin work on the extension of his railroad from the Columbia Southern terminus into Central Oregon at once, in order to handle the grain traffic now in sight," said Governor G. E. Chamberlain upon his arrival here this afternoon from Crater Lake.

MOROCCO'S SULTAN BEATEN IN BATTLE

Tangier, Aug. 22.—It is reported that the army of Adel Aziz, sultan of Morocco, has been routed by the forces of his brother, Mulai Hafid, fifty miles from Morocco City, and the sultan is a prisoner. Another report is that the sultan escaped and has taken refuge in the French zone.

WEEDS SHEEP EAT AND THEIR VALUE

The Minnesota Experiment Station gives the analysis of weeds that sheep eat readily, and their protein content, compared with alfalfa, clover and timothy. The analysis gives timothy an unfavorable showing in comparison.

parks unless accompanied by a woman—a sweetheart or a wife. That the measure is not altogether a joke was shown when it was told that Portland has such rules for the benefit of the fair sex.

The council then adjourned to meet Monday morning to consider the sewer question.

Mrs. Edward Shearer and two children left for San Jose this morning, where they will visit for some time.

MANY NEGROES ACCUSED OF RIOT AND ASSAULT

Springfield, Aug. 22.—Last night passed quietly, not a single alarm being sounded, but there is yet no intimation when the Seventh regiment will be released. The understanding of the officers, however, is that the organization will be kept here well into next week and perhaps longer.

Twenty more indictments, making fifty all told, were returned by the special grand jury of Sangamon county late today. Thirteen negroes are

indicted for alleged connection with the assault upon William E. Bove, chief clerk of the county treasurer, who has been hovering between life and death for a week, and of the assault upon John Wastell, a white citizen, who was shot during the riots. A number of whites were also indicted.

SELLS LARGE FARM NEAR JUNCTION CITY Junction City, Aug. 21.—E. Hartly has sold his 406 acre farm, situated two miles northwest of Junction City, for \$18 per acre.

EX-CONVICT FAILS IN MURDER AND SUICIDE STUNT

San Francisco, Aug. 22.—Harry Wanka, alias Schollenberger, who was released from San Quentin penitentiary, where he served a sentence for burglary on June 15, and two days later married a Miss Smith of Oakland, attempted to murder his bride in their home in this city last night. Leaving her in a dying condition from a beating he went to a room in the neighborhood and took a dose of laudanum with suicidal intent, and was found unconscious today. The prompt application of a stomach pump saved his life.

His wife is lying unconscious at a hospital, and pending the outcome of her injuries no charge has been placed against Wanka.

AUSTRALIANS BEAT BY TARS AT BASEBALL

Sydney, Aug. 22.—(Saturday evening.)—Despite a heavy rain the entertainments for the men of the American battleship fleet were carried out according to program.

A baseball team composed of sailors from the Nebraska defeated the Sydney University 3 to 0.

A team representing the entire fleet defeated the New South Wales team 6 to 4.

In the Rugby football match the New South Wales eleven defeated a team from the fleet by the score of 6 to 3.

Admiral Sperry held a reception at the Connecticut this afternoon.

KLAMATH ROUTE SHORTER THAN THE SISKIYOU

San Francisco, Aug. 19.—Southern Pacific engineers, to the surprise of themselves and officers of the company, have found that the new route now building through Oregon by way of Klamath Falls will really be a much easier grade than the present main line route over the Siskiyou, in addition to being ten miles shorter in a distance of a little more than 300 miles from Dunsmuir up to Eugene, Oregon.

The steepest grade by the new route, between Sisson and Eugene, will be but 79 feet to the mile, as against 174 feet to the mile by the old route over the Siskiyou mountains. Most of the distance along the new route, which uses Odell Pass, the grade will range from 21 to 53 feet to the mile.

The new line will be pushed forward to an ultimate junction with the present line at Natron, Oregon, and then the company will have two good routes into Oregon and will be able to handle over both the steadily increasing business. The Klamath Falls route will be the faster run, because of the shorter distance and a considerable saving in grades.

FRANCHISE REFUSED ELECTRIC COMPANY

Cottage Grove, Aug. 19.—By virtue of the initiative and referendum law the citizens of this city voted on the granting of a new franchise to the Cottage Grove Electric Company today. The measure was defeated by a three to one vote. The initiative petition called for a franchise covering a period of fifteen years. The old franchise had a life of some six years, but the company set up that it wished to enlarge and improve the plant, but did not feel justified unless its franchise was extended.

For Sore Feet. "I have found Buelen's Arnica Salve to be the proper thing to use for sore feet, as well as for healing burns, sores, cuts, and all manner of abrasions," writes Mr. W. Stome, of East Portland, Maine. "It is the proper thing, too, for piles. Try it! Sold under guarantee at W. A. Kuykendall's drug store, 25c."

Frank Caruth, a graduate of the University, is looking up old friends. He has spent the last year at his home in Kansas engaged in newspaper work. During the coming winter he will be a member of the faculty of the Pendleton high school.

Take Kodol whenever you feel that you need it. That is the only time you need to take Kodol. Just when you need it; then you will not be troubled with sour stomach, belching, gas on stomach, etc. Sold by all druggists.

Roseburg Review.—E. L. Parrott, Van Casey, Miss Belle Curry, Miss Rose Parrott and the latter's friend, Miss Mura Richardson, of Eugene, leave Sunday by private conveyance for Crater Lake.

If you take Kodol in the beginning the bad attacks of Dyspepsia will be avoided, but if you allow these attacks to go unheeded it will take Kodol a longer time to put your stomach in good condition again. Get a bottle of Kodol today. Sold by all druggists.

The curbing around the Park street is one foot in thickness. On the corner edge next to the pavement is an iron pipe to protect the concrete from vehicles and horses which are tied there by the farmers.

ALLEGED RIOTER INDICTED UPON SEVERAL COUNTS

Springfield, Aug. 21.—Military rule ceased in Springfield today, the military force being reduced to one regiment, and the task of preserving order was turned over to the civil authorities. The sheriff increased the number of his deputies and the police force is reinforced by special policemen.

The grand jury continues its inquiry, Abraham Ravnor being indicted yesterday on six counts. He stands formally accused of murder, malicious mischief and riot.

The city was again inflamed last night by the report that Holla Keyes, the 17-year-old boy who testified before the grand jury in the case of the assault on Mrs. Hallam, had been shot by friends of George Richardson, the accused negro. Before the rumor had time to spread far, however, it was learned that the shooting was accidental, the wound having been inflicted by a friend of Keyes. The boy may not live. Because of the excitement caused by the rumor, extra precautions were taken by the military to prevent the gathering of crowds.

SHE USED ARSENIC FOR BAKING POWDER

Columbus, Aug. 22.—The mistake of Mrs. Walter Starkey, of Groveport, in using arsenic instead of baking powder in preparing a poppie, cost the lives of her two young children.

Mr. and Mrs. Starkey are in a serious condition.

ORIGON GUARDSMEN WON SIXTH PLACE IN NATIONAL SHOOT

Camp Perry, O., Aug. 22.—With a score of 299 in a field of 277 other contestants, B. F. Shields, of Oregon, has won fourth prize in the president's contest, the closing event in the National Rifle Association's tournament.

Sergeant A. Brest, of the United States Infantry, won first prize, Captain W. F. Allen, of Massachusetts, was second, and third place was given to Lieutenant S. A. Harrie. Brest's score was 304.

The regimental championship rifle shoot of the United States held under the auspices of the National Rifle Association, was won today for the third successive year by the Sixth Regiment, of Massachusetts. By winning for three successive years the Massachusetts team is entitled to permanent possession of the \$500 trophy. The Massachusetts team made a score of 775. The Fifth Regiment team of Maryland was second with a score of 749, and was awarded the silver medal. The Second Ohio was third with 782.

Oregon was sixth with a score of 244 at the 1000 yard range, and a total of 748.

PRESIDENT OF STATE UNIVERSITY WEDS MRS. CHURCH

Guard Special Service. Grand Lake, Col., Aug. 21. P. L. Campbell, president of the University of Oregon, and Mrs. Susan Campbell-Church, of San Francisco, were married here yesterday. The couple will leave for Eugene, Or., in a few days.

DIED.

Mrs. H. C. Inman died this morning at 3 o'clock in Portland. She was the widow of the late J. C. Inman, of Eugene, and had many friends in Eugene and Lane county. Interment will be made in the L. O. O. F. cemetery Monday afternoon. The services will be held at the graveyard, the body being expected on the afternoon train from the north.
