Heavy Vote in Vermont

White River Junction, Vt., Sept. 1.—All reports indicate that today's vote will be heavier than the average.

CITY COUNCIL HAS A VERY BUSY ADJOURNED SESSION

(From Monday's Daily Guard.) Various matters of interest were discussed and acted upon at the adjourned session of the city council last night. A remonstrance against the proposed sewer in the alley between East Second and East Third streets, from High street to the river was read. Hon. J. J. Walton appeared for the remonstrators and after considerable discussion the matter was referred to the sewer committee. Bids had already been received for the work and M. S. Barker's bid being the lowest, he had been awarded the contract, as the cost to some of the property owners there will be more than the property is worth.

The committee appointed to look into the matter of securing the strip of land on the south side of West Eighth street along the Huddleston property so that the street would be regulated width there, reported that the land would be given to the city if the city would build a cement walk along there, costing about \$400. The report was adopted, but after discussing the matter it was moved and carried that the proposition be reconsidered.

The strip of land belonging to the Stewart heirs in Jefferson street between Eighth and Fifteenth streets was next taken up, and it was reported that the city could get it by paying \$250. The matter is still in the hands of the committee.

Two petitions to have the Warren Construction Company remove its rock crusher and its mixing plant from their present locations as soon as the Park street contracts are completed were read. They precipitated much discussion. J. H. Shewry, superintendent of the plant, stated at the meeting that the company intended to erect a very high wall at the quarry to prevent rocks from being thrown upon residences in that vicinity, also that he would at once place a contrivance over the mixing plant to prevent the terrible dust from being blown into the houses near there. The motion that the prayer of the petitioners be granted was laid on the table until the next meeting. It seemed to be the desire of most of the councilmen to allow the plant to remain where it is during the present year, or until the paving work projected for this fall is finished. If it were moved it would necessitate a great loss of time.

The city attorney was authorized to collect the usual poll tax and it was ordered that he be allowed the usual commission of 15 per cent.

The opening of the alley north and south between Tenth and Eleventh between Charnelton and Lincoln was referred to the city attorney.

The street commissioner was instructed to connect up the Mrs. Bligh property with the sewer and the costs to be taxed up against the property.

The assessment of Mr. Gilbert on East Eleventh street was referred to the street committee for adjustment.

A sewer petition was referred to the proper committee.

An ordinance for grading and graveling West Eleventh street was passed.

An ordinance for improving West Twelfth street between Lawrence and Jefferson by grading and graveling the same was passed.

An ordinance for paving the alley between Sixth and Seventh streets reaching from Willamette street east 160 feet was passed.

An ordinance to pave East Seventh street from Oak to High was passed.

The argument for the vote on the \$500,000 water bonds to be printed in pamphlet form and to be distributed before the election was read and adopted.

The question of reserving the use of one of the county parks for ladies, ladies with gentlemen escorts, and families, barring men alone, was discussed. A motion to instruct the city attorney to prepare an ordinance on the same was lost.

The city clerk was ordered to pay \$1000 of McClain & McArthur for engineering services was taken up and referred to the fire and water committee and city attorney to investigate, and if under the contract they are entitled to the money the bill should be paid.

The bill of Mr. Kennerly for meals served the councilmen and others who went to Ritchey creek was ordered paid.

The council then adjourned until Wednesday at 4:30 p. m.

DIED.

(From Monday's Daily Guard.) John Curran, 92 years of age, a highly respected citizen of south Lane county, died at his home at Cottage Grove at 2 o'clock Sunday of old age. Uncle John, as he was familiarly known, was born in Grayson county, Virginia, March 16, 1816, and moved to Missouri in 1841, where he was married to Miss Margaret Swift in 1843, crossing the plains to Oregon with an ox team in 1853.

He settled on his homestead three miles east of Cottage Grove, where he and his highly esteemed wife, Aunt Margaret, 90 years old, who survives him, have resided continuously since. There were born to them seven children, all of whom are dead except Felix S., with whom they have made their home of late years.

At the Eugene hospital today, Henry Pfeifer, aged 64 years, from Appleby, had been working on a farm on the McKenzie six or eight miles northeast of Eugene when he was suddenly taken ill about a week ago. He was brought to the hospital and remained in an unconscious condition until his death. Little is known of him here.

Advertisements, Like Clocks, Should Keep Running

A store's advertisements tell the people what is "doing" at that store—what is new, what is inviting, why today is a good time to visit the store. People look for the ads to tell them these things just as naturally as they would look at a clock to tell the time.

Sometimes a clock does not run—sometimes a store's ads does not run. A "run-down" clock or ad are about equally unsatisfactory, unserviceable, misleading.

Curious thing about it is that a merchant who would think it absurd to have a run-down" or out-of-repair clock will, sometimes, deliberately let his ads stop running. It's not wise, nor good business, nor defensible on any known grounds—but it is sometimes done.

He wept bitterly and exclaimed between his sobs that he would resign himself to his fate.

NO CHANGE MADE IN APPLE RATE

No change is to be made in the freight rate on apples to the East from any point in the state of Oregon served by the Southern Pacific. Such was the positive statement made by Freight Agent C. A. Malbouef, who arrived in this city Monday morning on one of his regular trips along the line. The rate that will be in force this fall is exactly the same as that of last year, and no change is contemplated. The rates from this section are the same as those that apply from California's points.

The change which has been made

SOMMERVILLE MAY HAVE BEEN FOULY DEALT WITH

(Special Correspondence.)

Harrisburg, Sept. 1.—T. W. Sommerville, nephew of the late Mac Somerville, who went to Los Angeles to look after his uncle's business in that city, has returned. His report seems to be of a very grave character. He says that a large block of the estate is missing. There is, he says, \$10,000, the disbursement of which is not accounted for on the books of the business; also the circumstances of his sickness and death are of a nature to arouse suspicion. The man employed to attend his case had no license or standing as a physician, but when the case was beyond medical relief a regular doctor was called. In the meantime a second cousin of the deceased called to visit Mr. Sommerville and was not informed of his sickness, nor allowed to see him.

CORNELIUS N. BLISS.

howed to go to his room. He was told that Mr. Sommerville was taking his afternoon nap and had left special orders that he must not be disturbed under any pretext. Taking these suspicious circumstances and the missing money into consideration, Mr. Sommerville is deeply impressed with the idea that his uncle has been foully dealt with. In the meantime he has placed the affair in the most expert hands to be found, and will follow it up, without respect to cost, until the facts in the case are laid bare.
