During the period he has spent in jail he has displayed no concern over his probable fate and in court he appeared smiling and unperturbed.

You Can't Cure Constipation by taking the purgatives, salts or other drugs that act harshly or violently upon the stomach or bowels. Ask your doctor, and he will tell you that purgatives of any character distend the bowels and weaken the elastic tissue.

To cure constipation, remove the cause. The cause of constipation is indigestion. If your food is digested it will continue on from the stomach through the bowels, and would be eliminated without effort and with regularity.

Mi-o-na tablets cure constipation by curing your indigestion. It is not a purgative. It is a stomachic. It does more—it tones up, strengthens, invigorates, refreshes and injects new life into the worn out muscles of the stomach, and in a short time makes the stomach hardy enough to digest anything you eat. It is a powerful yet harmless stomachic and its real influence on the stomach is astonishing.

Try Mi-o-na for constipation. One box will cure you of indigestion; two boxes will relieve you of constipation; and best of all, Mi-o-na is such an economical remedy. A large box only costs 50 cents, and then, if you are not satisfied with results, Hull Drug Co. will give you your money back.

Mi-o-na cures all stomach disorders whether acute or chronic, such as dyspepsia, indigestion, flatulence of the night, before, sea or car sickness, stomach sickness of prospective mothers, etc.

Read this from the president of a New York corporation: "I have been a terrible sufferer from dyspepsia and indigestion for two years. The most eminent physicians prescribed for me with no effect. I have been absolutely cured by your Mi-o-na tablets. The first one gave me a relief almost incredible. Very gratefully yours, Herbert H. Taylor, 501 West 143rd Street, New York City."

ESSAY ON EDITORS.

A little boy was given the stunt by his father to write an essay on editors and here is the result: "I don't know how newspapers come to be in the world. I don't think God does for he hasn't got nothing to say about them and editors in the Bible. If the editor makes a mistake folks say he ought to be hung; but if a doctor makes any mistakes he buries them and the newspapers come to be in the world because doctors can read and write Latin. When the editor makes a mistake there is lawsuit, and swearing and a big fuss; but if a doctor makes one there is a funeral, cut flowers and perfect silence. A doctor can use a word yard long without him, or anybody knowing what it means; but if the editor uses one he has to spell it. Any old college can make a doctor or lawyer or preacher; an editor has to be born."

MEETING OF IRISH LEAGUE IN BOSTON

Boston, Mass., Sept. 22.—The convention of the United Irish League of America had a brilliant opening in Faneuil Hall today. President Michael Ryan of Philadelphia called the gathering to order and presided over the session. Archbishop O'Connell delivered the prayer, and welcomes were extended in behalf of the State of Massachusetts and the city of Boston. The honored guests of the occasion were John Redmond and Joseph Devlin, members of Parliament and leaders in the Irish movement. Taxing the capacity of the hall was an attendance of delegates who came from all parts of the United States and Canada.

The present convention will be in session three days. President Ryan, in his address, pointed out that since the last convention of the United States Irish League was held in Philadelphia, the cause of Ireland has made substantial progress in the British Parliament. Among the measures passed were bills providing comfortable cottages with one-acre allotments for 30,000 agricultural laborers, conferring marked benefits on town tenants, and repealing the coercion law, known as the arms act.

The constant agitation of years has resulted also in the practical settlement of the Irish University question and for the first time in three centuries the Catholic youth of Ireland are enabled to enjoy educational facilities on a basis substantially equal to that of their Protestant fellow-countrymen.
