

HOUSE WORK

Thousands of American women in our homes are daily sacrificing their lives to duty.

In order to keep the home neat and pretty, the children well dressed and tidy, women overdo. A female weakness or displacement is often brought on and they suffer in silence, drifting along from bad to worse, knowing well that they ought to have help to overcome the pains and aches which daily make life a burden.

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

comes as a boon and a blessing, as it did to Mrs. F. Ellsworth, of Mayville, N. Y., and to Mrs. W. P. Boyd, of Beaver Falls, Pa., who say:

"I was not able to do my own work, owing to the female trouble from which I suffered. Lydia E. Pinkham's Vegetable Compound helped me wonderfully, and I am so well that I can do as big a day's work as I ever did. I wish every sick woman would try it."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness, or nervous prostration. Why don't you try it?

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

UARDAS
LUXURY
A DELIGHTFUL
LIQUID FACE
POWDER

Imparts a pleasing softness and delicacy to the skin, and restrains the ravages of sun, wind and time.

Its continued application eliminates sunburn, tan and freckles and renders imperceptible annoying minor blemishes and sallowness. It possesses a dainty, clinging odor exclusively its own and is in every way a perfect toilet luxury. Price 50 cents. Ask your druggist for it.

TAFT WILLING TO MEET BRYAN SAYS MR. LIXON

Chicago, Sept. 18.—Taft and Bryan will meet at the Chicago Association of Commerce banquet on October 7, according to the announcement made today by Chairman Dixon of the Republican speakers' bureau and it is possible the meeting will be held at Galesburg during same day. Taft accepted an invitation to speak there and Bryan will be invited.

BRYAN INVADERS LITTLE DELAWARE.

Wilmington, Del., Sept. 17.—Carrying his campaign into Delaware after a jump over night and today of 500 miles from Rochester, N. Y., William J. Bryan, democratic candidate for President, twice assailed the Republican party for being, as he charged, in the grasp of the corporations and more particularly the steel trust, which, he for the first time openly announced, was furnishing the funds for the Republican party in the political contest now on, and also denounced the men who, he said, had sold their suffrage in Delaware.

Delivers Two Speeches. His first onslaught was delivered at Harrington, a town of 2500 people, but whose population was augmented by thousands of others who had been attracted there by the presence of the Democratic leader. Tonight he repeated his utterances at Shell Pot Park to a throng which taxed the capacity of the place. While in the city Mr. Bryan was the guest of dinner Judge George Gray. Mr. Bryan will leave in the morning at 6:30 o'clock on his special over the Pennsylvania Railroad for New York, reaching there about 9 o'clock. He will spend the entire day conferring with his party leaders, concluding at night with a speech at Carnegie Hall on "Republican Tendencies."

TODAY'S REPORT OF CAMPAIGN EVENTS

Cincinnati, Sept. 17.—With the strenuous speaking itinerary of Judge Taft decided upon, the time intervening before he leaves on his first trip will be devoted largely to the preparations of the numerous speeches he is to deliver in the west.

BRYAN MAY COME TO PACIFIC COAST.

New York, Sept. 17.—Mr. Bryan and National Chairman Mack will confer tomorrow in this city upon a speaking tour that will carry the candidate through the middle west, possibly as far as the Pacific coast. The tour will practically consume the entire month of October. Bryan will speak only in cities where he has not spoken on previous trips.

BRYAN'S CAMPAIGN IN THE EMPIRE STATE.

Ravenna, N. Y., Sept. 16.—Carrying his campaign into the Empire State, William J. Bryan in several speeches today on the way to Rochester, explained the difference in the performance of the Democratic and Republican parties and severely arraigned both Mr. Taft and President Roosevelt. His first remarks were made at Cornwall, where he spoke for two minutes. At Newburgh, the home of ex-Governor Odell, he denounced the Republican platform and declared he could call Mr. Taft as "Mr. Roosevelt's appointee," and said that the President's endorsement of a political bankrupt, against whom you cannot collect, even if you tried.

At Rochester, N. Y., Sept. 16.—A speech by W. J. Bryan, democratic candidate for President in this city tonight on "Mr. Taft and His Seesaws," and two overflow talks formed the climax of an eventful day in the present campaign.

Arriving here shortly after six o'clock and met by thousands of persons, Democracy's leader was accorded an ovation. Along with him from Syracuse came the new Democratic nominee for Governor of New York, Lewis Stuyvesant Chanler. Among those at the station here to meet him were National Chairman Mack, William J. Conners, chairman of the democratic state committee; Charles F. Murphy, the Tammany chieftain and Daniel F. Coblan.

The principal speech tonight was in Convention hall, which was packed to the doors, with several thousands on the outside unable to gain admittance. Mr. Bryan was accorded a great demonstration from the supporters of Roosevelt and Taft.

was insisted on and when he had got through for the day he had spoken 17 times. He never lost an opportunity to flay both Mr. Roosevelt and Mr. Taft. Mr. Taft, he characterized as "President Roosevelt's appointee," and he declared that Mr. Roosevelt's endorsement of Mr. Taft was "the endorsement of the bankrupt against whom one could not collect."

Utica, the home town of Representative James S. Sherman, Republican nominee for Vice-President, vied with the other places in the greeting of Mr. Bryan and he made a short speech to a crowd at the depot. Ovation at Syracuse. The passage of the train through Washington Street, in Syracuse, a distance of over a mile, was memorable. Bryan and Kern pictures were everywhere displayed, cannon boomed and a surging mass of humanity followed the car until it stopped in the downtown section of the city. Mr. Chanler, who was in an automobile, was wedged in by the crowd, but seeing him, Mr. Bryan and several others reached out and lifted

IRVINE L. LENROOT. La Follette follower who defeated Representative John J. Jenkins for the congressional nomination in the Eleventh Wisconsin district.

him onto the train. Mr. Bryan gracefully put the gubernatorial nominee to the front and announced that before he himself would speak, he wanted to "have the honor and pleasure of introducing to you the next Governor of the State of New York." Mr. Chanler bowed to the throngs amid great applause and then Mr. Bryan paid a glowing tribute to Mr. Chanler.

In addition to the plaudits of the multitudes during the day, the Democratic candidates were showered with bouquets and several campaign contributions of considerable size were handed to him.

CARRIE NATION VISITS JUDGE TAFT.

Cincinnati, Sept. 17.—Mrs. Carrie Nation was a visitor at the Taft residence today and endeavored to induce the candidate to enter into a discussion of the liquor question, which Taft politely declined to do. Mrs. Nation began a characteristic speech on the liquor evil, but Judge Taft backed away, and Mrs. Nation, seemingly somewhat awed by what she was doing, backed her way out of the room and the interview ended.

SUBSCRIBER TELLS OF SIBLAW'S NEEDS.

Editor Guard.—The Sibslaw wants a railroad to take the upper Willamette Valley produce to market. It wants a fruit and vegetable canner to put up its thousands of gallons of berries that go to waste every year.

It wants a good fruit dryer to put up tons of fruit. It wants a good wagon road so people can come and go. It wants more good dairy cows. The cream last month amounted to twenty thousand pounds, all shipped out of Lane County to Portland.

It wants more people to clear more land and raise more produce to send to market.

It wants the bar fixed so that vessels of good size can come and go with heavy loads of lumber and keep the mills running day and night to cut the vast timber resources, to keep business going, so the merchants of Eugene can get their freight on short notice.

A SUBSCRIBER.

S. P. SAWMILLS MAY SOON RESUME CUTTING LUMBER

C. Arnel, a prominent citizen of Marcola, having lived there many years before anyone thought of building a town there, was in the city today on business. To a Guard reporter this morning he stated that the men in charge of the S. P. Co's sawmills at Marcola, have received orders to clean off all the docks of lumber, which, Mr. Arnel thinks, signifies that the company intends to start up the mills again in the near future, ordering the docks cleared to make room for new lumber. Large shipments of railroad ties, which have been on hand since the mills closed last winter are being made every day. The only mill in the vicinity of Marcola that is running now is that of the Sunset Lumber Co., which is operating with a full crew, but the prospects are that a number of others will resume soon.

ACCIDENT TO BROTHER SHOCKS WILBUR WRIGHT

Lemans, France, Sept. 18.—Wilbur Wright was shocked by the accident to his brother's aeroplane, which resulted in the death of Lieutenant Thomas Selfridge, who was sailing with him, and the breaking of several ribs and the thigh of Wright, who is doing well at the hospital today.

The propeller broke mid-air, a piece of it injuring the rudder so that the machine was unmanageable. Wright did his best to right matters but could not regain control and the machine crashed to the ground, burying the two aeronauts in the debris. Selfridge died a few hours later from an injury to the skull and base of the brain.

When the machine fell soldiers and spectators ran across the field to where the aeroplane had fallen and assisted in lifting Mr. Wright and Lieutenant Selfridge from under the tangled mass of machinery, rods, wires and shreds of muslin. Mr. Wright was conscious and said: "Oh, hurry and lift the motor."

Lieutenant Selfridge was unconscious. His head was covered with blood and he was choking when the soldiers extricated him from under machine. Dr. Watters, a New York physician, was one of the first to reach the spot and rendered first aid to the injured men. When their wounds had been bandaged, Mr. Wright and Lieutenant Selfridge were taken to Fort Myer Hospital at the other end of the field. Mr. Wright lapsed into a state of semi-consciousness by the time he reached the hospital, but Lieutenant Selfridge did not regain consciousness at all.

NEW HEAD OF MINING DEPARTMENT AT U. O.

F. L. Barker, A. B., E. M., has been elected as professor of mining engineering at the University of Oregon to take the place of Professor Terrill, who has gone to the University of Idaho.

Professor Barker obtained his A. B. degree from Colgate University and his E. M. (Mining Engineering), degree from the Colorado School of Mines. He has had practical experience as superintendent of mines in Colorado and in experting mines in Montana. He has taught six years. He is one of the best known mining men in the Middle West.

LABOR NOTES.

The building trades department of the American Federation of Labor, the organization of which was authorized and directed by the Norfolk convention, has been duly installed and chartered by the American Federation of Labor. Its offices are at Washington, D. C.

The United Brotherhood of Carpenters and Joiners of America was founded in the convention at Chicago, August 12, 1881. At first it had only twelve local unions and 3,042 members. Now it has grown to number 1,703 local unions in 1,275 cities with more than 161,200 taxpaying members.

The total labor force actually at work on the last day of May on the Panama Canal was 21,036. After a trial of eleven weeks the employment of convicts and local prisoners at highway building in the canal zone is said to have produced revenue exceeding the cost of keeping the prisoners, besides improving their condition.

The Trade Union Congress, in session at Nottingham, England, voted today with the labor party, which is controlled by the Socialists. Two fraternal delegates from the American Federation of Labor, who had come to watch the proceedings, were received by the Congress with great consideration.

The Brotherhood of Locomotive Engineers will spend one million dollars in the construction of permanent headquarters in Cleveland, according to plans just announced by Warren S. Stone, Grand Chief of the organization. This sum includes the cost of the ground required for the structure. The brotherhood will erect its new home and office building at the corner of St. Clair avenue and Ontario Street in that city and contemplate the erection of a skyscraper. The plans will be completed in a few weeks and construction will begin next month.

HARRISBURG NEWS.

(Special Correspondence.) Harrisburg, Sept. 17.—Miss Amy May, daughter of Samuel May of Portland, after a pleasant visit with her many friends, returned to her home Monday.

Calvin Ingram died in this city of consumption the 16th inst.

Miss Amelia May arrived here Wednesday. She will assist in the business of May & Senders until her cousin Bernard Senders recovers from an attack of typhoid fever. She is welcomed here by a wide circle of friends.

Mrs. Mary Edris of Portland made a short visit here Monday while on her way, by automobile to Eugene. She retains her health and vigor to a remarkable degree. Also her old

Catarrh

is a constitutional disease originating in impure blood and requiring constitutional treatment acting through and purifying the blood for its radical and permanent cure. The greatest constitutional remedy is

Hood's Sarsaparilla

In usual liquid form or in chocolate tablets known as Sarsatabs, 100 doses \$1. Nasal and other local forms of catarrh are relieved by Catarrhists, which allay inflammation and deodorize discharge. 50c.

The farmers of this section are closing out their grain very rapidly. They look upon eighty-five cents net per bushel for wheat and forty cents net for oats, as good enough. Messrs May & Senders, warehouse men of this city, inform correspondent that fully three-fourths of the grain has been disposed of.

Quite a block of early hops was sold here this week at seven and one-half cents per pound. This showing of a steady or advancing market gives great encouragement to holders.

The exodus to the state fair continues. Fifty tickets were sold at the station here Thursday for the fair grounds.

The French & Company barn has been given a new foundation and otherwise fixed up. Mr. M. W. Catten has done a good job.

PARENTS MUST SEND CHILDREN TO SCHOOL

Parents are liable to arrest and punishment by fine and imprisonment if they do not send their children to school throughout the school year. The law was changed by last legislature and many do not know that it is much more drastic than it was formerly.

Parents, guardians and others having control of children are charged with the duty of sending every child between the ages of 6 and 14 and all between 14 and 16 who are not regularly engaged in any useful employment, to school. Children who are physically unfit must exhibit to the truant officer a certificate of a competent physician.

The penalty imposed on parents for neglecting to send their children to school is a fine of \$5 to \$25, 2 to 10 days in the city or county jail, or both fine and jail sentence.

Teachers, principals and all school officers are charged by the new law under a penalty of a fine, with reporting to the truant officer all information they have regarding any violation of the school law, and all cases of children who do not attend school. Teachers who fail to obey the law in these respects may be fined from \$5 to \$20 for each offense.

PASS CREEK IN FAVOR NEW COUNTY

(Cottage Grove Leader.) M. C. Stewart, a prominent citizen of Cottage Grove, was transacting business in Cottage Grove Monday. There is strong sentiment in that part of north Douglas in favor of forming a new county out of north Douglas and south Lane. Those people with their extensive timber interests need road and bridge improvements, and they get practically no county aid in this direction. The same may be said of the Divide, Upper Coast Fork, Bohemia mines and Lorane country. The only relief for the neglected sections of Lane and Douglas is the formation of a new county.

Just as the Leader has said many times before, the rapid development of this part of Lane and Douglas counties, their many needs, and requirements and their seats, demand the formation of a new county from the northern and southern sections of these two monster counties, with Cottage Grove as the county seat, in which event the interests of Lorane, Pass Creek, Coast Fork, Row river and Bohemia would be promptly looked after and the development of this favored section hastened and increased a hundred fold.

DIED

Mrs. Mary Garrett, wife of John A. Garrett, died at her home in Brownsville last Monday at the age of 74 years. Deceased was a well-known and highly respected pioneer woman. She was born in Pennsylvania and came to Oregon in 1862.

Her first husband, John A. Heaing died, while crossing the plains, and in 1863, she was married to John A. Garrett. Besides her husband the girl was brought from Lewiston, Ida., to Cottage Grove, and is very ill with typhoid fever.—Western Oregon.

Waterbury, England, Sept. 18.—Major General Charles Edward Luard, retired, whose wife was mysteriously murdered near London August 24, committed suicide today by throwing himself in front of a railroad train. He had been accused in letters of being responsible for his wife's death, and he left a note saying he could no longer stand the strain of the awful accusations.

An expert testified that the bullets which caused the death of Mrs. Luard could not have been fired from any of General Luard's revolvers.

The grandmothers of the old Dutch Dunkard families in Western Pennsylvania have made and used "Hickory Bark Cough Remedy" and raised their families on it for a hundred years. Now you can buy it of your dealers. As for it and use it, because it's pure; because it will stop your cough; because it is the best cough remedy made today. Try it. For sale by Red Cross Drug Company and all dealers everywhere.

The new Central Presbyterian church building will be dedicated on Sunday, Sept. 27.

BIGGEST CROWD IN HISTORY OF OREGON FAIR

Salem, Or., Sept. 16.—This city has never seen such tremendous crowds as are here today to see "Salem day" at the state fair grounds. Thousands had poured in by noon and it is estimated that the attendance by the end of the day will total 22,000.

This is the largest attendance that will ever have been seen at the Oregon State Fair, the biggest day of last year, "Portland Day" there being but 16,000 admitted to the grounds.

Charles D. Takes Big Prize. Joseph Thompson's Charles D. won the 2:08 pace for the Greater Salem purse of \$5,000 this afternoon but contrary to expectations did not lower the northwest record of 2:12 1/2, established by Sperlock Holmes on this track last year. Though this was a pleasant day for spectators, it was a heavy day for a race track, and this may account for the failure to lower the record. It is said, however, that Charles D. can make the mile in four seconds less than his time today, 2:08, but he did not have to do it today. He won in three straight heats, and by more than a length each time. The race was a disappointment to the crowd, not only because the record was not lowered, but also because Charles D., a California horse, won. Tidal Wave and Deliah, Oregon horses, were the favorites, but the stranger was given hearty applause after his victory. Tidal Wave got second place.

The summary of today's events follows: 2:08 pace, \$5,000, three in five—Charles D. first; Tidal Wave, second; Magaldi, third; time 2:08. Two year old trot, \$400—Zombell first; Florodora second; Dr. Jones and Jemima King divided third money; time 2:41 3/4. Three-year-old trot, \$500—Katalina, first; Dr. Ulman, second; Princess Direct, third; time 2:20 1/2. Handicap, one mile running, \$1,000—Melar, first; Redwood second; Arcourt, third; time 1:41 1/2. Running 5-8 mile, \$100—Birdie P., first; Mary Dunn, second; Forest Rose, third; time 1:02.

FINED FOR DUMPING SAWDUST IN CREEK

SILK CREEK LUMBERMAN VIOLATES THE LAW—OTHER NEWS OF COTTAGE GROVE. A. D. Owens, a mill man on Silk Creek was arraigned before Justice Vaughn of this city on Monday to answer the charge of dumping sawdust from his mill into Silk Creek. Mr. Owen pleaded guilty and the minimum fine was given. There was no trial.

Walter Eaton, of Eugene, who holds the position of mining engineer at the mining office of F. J. Hord of Bohemia, had an experience this week which he cares little to repeat. While returning late to the mines, darkness overtook him and he became lost in an unfamiliar country. After wandering about for some time looking for a habitation he gave up and camped on the ground for the night. When morning came he found he was but a short distance from his destination. He has accepted his position under a yearly contract.

The new McKibbin Bros. mill has been running 9-11 blast the past five weeks. They report sufficient orders to keep the machinery humming until Christmas, with plenty in sight. The mill is now complete. The roof has not yet been on the building a week.

Mr. and Mrs. Fred Russell of Dorana, and Mrs. and Mrs. W. B. Dennis of Black Butte, were the guests of F. J. Hord at the Bohemia mine the latter part of last week. They made the trip on horseback and reported a fine time notwithstanding the fact they became drenched in the rain of last Monday.

Dr. Kuykendall of Eugene, was called in consultation with Dr. Kime to attend the 14-year old daughter of Mr. and Mrs. Hendricks. The girl was brought from Lewiston, Ida., to Cottage Grove, and is very ill with typhoid fever.—Western Oregon.

LANE COUNTY AWARDED SECOND PLACE AT THE FAIR

Salem, Sept. 17.—The awards in the county exhibit competition were announced late last evening, and resulted in a tie for Marion, Oswego and Clatsop counties. But as Marion, Oswego to her advantage, enter into competition with the others, the first premium goes to Benton. Lane takes second place on the list. The awards were made by points and the committee to decide the merits of exhibits was composed of Chas. Swainland, F. H. Scribner and A. L. Swainland. The points awarded for each county were as follows: Lane, 100; Marion, 90; Benton, 100; Clatsop, 94; Yamhill, 90; Multnomah, 87; Polk, 84; Columbia, 75; Clatsop, 75.

A traveling man who was at Cottage Grove yesterday took a separator this morning of Mr. Brand, of this firm of Metcalf & Brand of this city, killing a large buck deer a few days ago with each of the horns of the Brand was going along the road, seeing the buck in the brush and trying to get out of the vehicle and plant it up a rock in the road. He was surprised to see it fall to the ground and when he reached it in a vital spot dead. He struck it in a vital spot in the head.

BRITISH GENERAL DRIVEN TO DEATH BY ACCUSATIONS

Waterbury, England, Sept. 18.—Major General Charles Edward Luard, retired, whose wife was mysteriously murdered near London August 24, committed suicide today by throwing himself in front of a railroad train. He had been accused in letters of being responsible for his wife's death, and he left a note saying he could no longer stand the strain of the awful accusations.

An expert testified that the bullets which caused the death of Mrs. Luard could not have been fired from any of General Luard's revolvers.

The grandmothers of the old Dutch Dunkard families in Western Pennsylvania have made and used "Hickory Bark Cough Remedy" and raised their families on it for a hundred years. Now you can buy it of your dealers. As for it and use it, because it's pure; because it will stop your cough; because it is the best cough remedy made today. Try it. For sale by Red Cross Drug Company and all dealers everywhere.

Mrs. S. E. Patterson is building a \$2,000 bunkhouse at East Fifth and Pearl streets. The house has been built there this summer. She is sold to Mrs. D. M. Demaree.

ROSEBURG MAN PROBABLY BOUGHT PART OF RIVER

The Roseburg Review of yesterday prints a story to the effect that James O. Newland of that city, had purchased 1-3-4 acres of school land inside the corporate limits of Eugene for \$15.14, the tract having been overlooked through the fact that the maps available for purchase. The tract is described by lot 8 of section 30, township 17, south of range 12 west, and is a part of the Skinner national land claim, now the Skidder farm, abutting on the Willamette river in the extreme northwest part of the city.

After an examination of the township plat and the ownership maps by several abstractors and County Clerk Lee and Assessor Keesey this morning the land in question was located, but as it lies immediately on the river it is believed that the land has been washed away during the past few years and since the map plat was made, and the Roseburg man, it is believed, bought a part of the river bed instead of a good piece of land, as he probably thought. Several months ago a Eugene resident learned of this tract of school land remaining unsold and took a surveyor there to view it. As he made no purchase, it is concluded that the surveyor found no land there, it having been washed away. Neither the man who intended purchasing the land or the surveyor at present in the city and no information can be had upon the matter.

This Roseburg man probably bought the land from the state school land board without first investigating it, as did Eugene man and as a result while he thinks he has picked up a snip he probably has nothing but an acre and three-quarters of river bed, as the river has cut away a large amount of land in that vicinity during the past few years.

The story in the Roseburg paper is as follows: James C. Newland, the local real estate dealer, is the latest Roseburg to acquire fine property "dirt cheap." Following the action of a few weeks ago of Clamed Kidder, the local abstractor, in filing a home-stead entry on a big slice of waterfront adjoining the city of Marshfield, Mr. Newland has just bought 1 1/2 acres of land inside the corporate limits of the city of Eugene for exactly \$15.14. The sale was made by the state school land board, which acquired the tract under the lien selection law.

The land is particularly described as lot 8 of sec. 30, tp. 17, S. R. 12 W. It abuts the Willamette river and lies immediately west of Skinner's Butte. It was excluded from the official survey of the Skinner donation land claim many years ago, and that it was not acquired by some intending purchaser long ago is probably due to the fact that the maps at Eugene do not show the tract to be available for purchase.

BORN.

South of Eugene, September 15, 1-8, to W. Champion and wife, a daughter.

MOSES WILL HOLD OFFICE IN CORVALLIS.

Corvallis, Or., Sept. 17.—The election contest proceedings filed by ex-County Clerk T. T. Vincent has been dismissed and Victor Moses declared elected Clerk of Benton County. The decision was handed down by Judge L. T. Harris Thursday morning. In reaching his conclusion Judge Harris passed upon the 250 ballots, with the result that the majority of Moses was increased from three to ten votes. The trial developed that there was more or less carelessness on the part of the election clerk and finally on the part of Judge Vincent who was custodian of the ballots, but Judge Harris makes it clear that he found no evidence of any ballots having been tampered with.

This case occupied the court's attention fully two weeks about 20 months ago, and the costs are considerable. These are taxed up against the plaintiff.
